## Dovich Elected A.S.M.C. President

### *Board Appoints Bullock to Hospital Administration Post*

Brenton L. Bullock

Mr. Brenton Bullock was appointed assistant administrator of Madison Sanitarium and Hospital at the meeting of the College Board held October 9. He fills the position which was left vacant when Mr. Duane Higgins accepted the call to act as administrator of the Watkins Memorial Hospital at Ellijay, Georgia.

Mr. Bullock has been a student at Madison College for the past two years. He served as vice-president of both the freshman and sophomore classes. In the spring of 1958 the A.S.M.C. elected him president of the student association, which office he filled up to the time of his appointment as assistant hospital administrator.

Mr. Bullock's appointment came as a surprise to the campus, nor had it been anticipated by him. However, for the last two or three months he has been seriously considering the study of hospital administration at some future time.

Because of his heavy responsibilities in his new work, Mr. Bullock has withdrawn from all classes and will receive training under the leadership of Mr. Paul C. Dysinger, hospital administrator. He plans to take classes in Hos-

(Continued on page 2)

### School Picnics at Shelby Park; Academy Wins Ball Game

More than 500 students, teachers, and workers gathered at Shelby Park for the annual school picnic on October 14, a perfect October day.

The day's activities, outlined by the A.S.M.C., furnished plenty of opportunity for making good use of physical energy. Among the activities were ball games, races, and volleyball.

The academy fought and won the college-academy baseball game, while the college girls beat the academy girls in softball. The victory for the academy thus won back for it the honors it had held for four years straight, but lost last year when the college won in the annual picnic game.

Stan Dovich from Canada outran approximately 15 competitors in the half-mile race, taking first place. Billy Wilson, an academy student, came second. Lorraine Fields, Gene Wheeler, Stan Dovich, and Catalina Marzan received the highest number of points for the day's activities.

Dinner and supper were served at the park. Picnickers returned to the campus at 9:00 p.m.

### *Future Events*

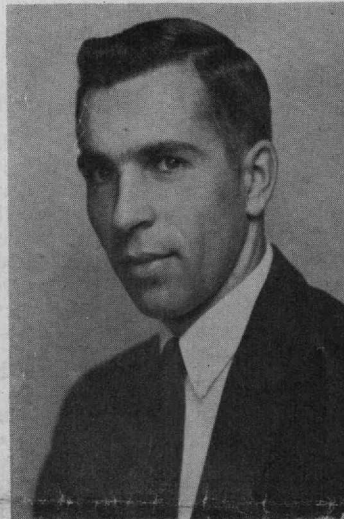

Oct. 24—Vespers, Dr. Sandborn

Oct. 25—Dr. Webber, "Mysteries of the Orient"

Nov. 1—Hard Times Harvest Party

Nov. 7-15—Week of Prayer Baron Brothers, from Texas

Nov. 8—Mike Wilson, "Under the Seas of Ceylon." Film and Lecture (Deep-sea Diving).

John Dovich

### Students Approve New Constitution

At the first regularly scheduled A.S.M.C. meeting of the school year the new constitution was read to the student body and acted upon. It was voted that the body adopt this new constitution as read by Mr. Cossentine, the coordinator of the A.S.M.C.

The need for revising the constitution was first recognized by the former A.S.M.C. president, Jack Gibbons. He and his executive officers felt that the constitution was inadequate in outlining the working functions of the A.S.M.C. Because of Mr. Gibbons' busy program in preparing for State Board examinations and getting his family ready for foreign mission ser-

### Bullock Resigns, Takes Hospital Position

Mr. John Dovich was elected president of the A.S.M.C. at the meeting of the Student-Teacher Council on October 15. The procedure was in accordance with the constitution: Mr. Dovich was appointed by the retiring president, Brenton Bullock, and the appointment passed by the Student-Teacher Council with a two-thirds majority vote.

The appointment followed the resignation of President Brenton Bullock, because of his accepting the position of assistant hospital administrator.

President Dovich, a junior and an Industrial Arts major, is from Kelowna, British Columbia, Canada, where he attended Okanagan Academy.

As a student he has been active in school organizations, having been parliamentarian of the A.S.M.C., a member of the school paper staff, and president of the Wasiota Club.

This past summer he earned a scholarship canvassing, selling \$3000 worth of books in the Mari-time Conference.

vice, he was unable to work on the new constitution. Therefore the responsibility was placed upon the shoulders of the incoming officers.

It is the feeling of the students that the new constitution gives them a clearer and better understanding of the purposes and functions of the A.S.M.C.

### Other A.S.M.C. Officers

Left to right: Mary Peek, secretary; Ruth McClellan, asso.-secretary; Ed Zollinger, treasurer; Richard Sutton, parliamentarian.

### Order out of Chaos

The life of a college student is one of ceaseless activity. Therefore, the following hints may be of help to you who are wondering how order can come out of the chaos in which you now seem engulfed.

First, dispense with such time-consuming habits as spending hours a day in idle conversation. You don't have to become a bore or an anti-social person to do this.

Second, don't waste time running back and forth for papers and books which should have been brought to class in the first place.

Third, make a well-organized schedule and stick to it. Make every minute of every day count to the fullest extent.

If you haven't time to be club officer, belong to the choir or band, teach a Sabbath school class, or engage in other numerous activities which are valuable and broadening educational experiences, then you are missing an important side of student life at Madison College.

Try the above suggestions and soon find that you really have more time than you thought possible. Only then will chaos become order and will you become able to take advantage of the opportunities before you. P.S.

## Delta Nu Zeta

By now everyone is supposedly settled down to the grind of being a college student. On certain days the P&A girls have had a noticeable lack of appetite. Perhaps dissecting a cat so soon before lunch has affected their desire for food. Psychology students are giving free analyses of their classmates. Apparently, if you don't want to be considered as one who hates everyone, you must not wear black.

At last Williams Hall has become a little less like an overstuffed can of vege-sardines and like a respectable girls' dormitory. The new annex has helped living conditions considerably. Many of the girls have had the experience of living in the hall for several days while their rooms get a new complexion. The results are well worth the inconvenience of spending an hour every morning trying to find your toothbrush and digging your best shoes out from under a stack of boxes and suitcases.

Darleen Syvertson is trying to rush the season a little. It's still a little early for "I'll Be Home for Christmas" and "Jingle Bells," but it sounds so nice on her hi-fi that we don't mind.

The girls' hall has elected officers for the fall quarter. Shirley Burk reigns as our president with Mary Lou Ward as our "veep." Mary Peek records our minutes, Lucy Courter handles the finances, and Lila Ring fills the capacity of pastorette. Catalina Marzan is a very effective parliamentarian—even without a baseball bat.

## Wasiota Whispers

Prayer bands are meeting every Wednesday evening in both Gotzian Home and Wasiota Court. Leaders at Gotzian are Gene Wheeler, Ramon Torres, Bill Wilson, Zeno Orso, Robert Hansen, and John Bullock. Down at Wasiota Ronald Boyd, John Dovich, Glenn Ferguson, Rupert Ham Ying, and David Warner are leading out. It is the earnest desire of our prayer band leaders that God will visit our school homes as we dedicate our efforts in our study and prayer band groups.

The lights! The lights! Somebody turn on the lights. There're girls in the hall! You might have thought yourself being attacked by an army in the dark if you had been at Wasiota and Gotzian Monday night, October 12. Just about half the girls from Williams Hall and their two sisters came to our quiet, secluded dorms at 9:30 that evening. Even though you frightened us at first, girls, we really appreciated your thoughtfulness. With the songs you sang and the candy you gave us, hoping it would make us "as sweet as you are," we all slept a little sounder and dreamed pleasanter dreams that night. (Maybe we shouldn't be so romantic—anyway, just "Thanks.")

Groans! Wednesday morning after the picnic. Everyone of us at Wasiota, at least, was ready to stay in his wigwam a few extra hours. The pom-pom was really worth it, though. A picnic day like that just helps us get better acquainted with each other and with ourselves, especially the parts of our anatomy that we use comparatively little. "Oh, my sore arm, hip, or leg!" We know our weak spots, at least.

Say, are you hungry? Just go over to Gerry Kerkhoff's room; he will help you out. Go easy, young man, on the 25 pounds of chocolate chip cookies and brownies you received last week. Just let us know, though, when you need some help with those goodies. David Gunderson, Kurt Ueek, and I myself will be glad to help you out.

There's one thing we men would like to mention to you girls about Monday night. You sang, "I Want to Be a Cowboy's Sweetheart." Especially to you Texans, we want to say we're sorry we just ain't cowboys. Just nurses and lab technicians and Southern farmers. S'pose you could put up with us anyway? Note also that the few cowboys here are already taken!

Anyone passing near Williams Hall last Thursday night would have been justified in thinking we were really a full-fledged group of hillbilly-ets. The dignified damsels were parading about with their hair in all types of pigtails, their dresses on backwards, and two kinds of shoes on their feet. There was a logical explanation for their unique apparel, however. The new club members were being initiated. Refreshments were served in the dining room with Eugene Post, Tom Adams, and Bob Hansen providing some unusual entertainment.

Prayer bands have been organized and meet every Wednesday night. These small groups of girls praying together contribute a great deal to the spiritual tone of a campus. It seems like such a fine way to start the school year off, too. A true education includes development not only of the mental and physical, but of the spiritual as well.

Good-bye until next month, when I'll be back with more news of the feminine factor of the campus.

### ROSTER OF COLLEGE STUDENTS

Students' names and states under which they are listed are as accurate as it was possible to get them from records available. We are sorry for any omissions or inaccuracies.

### THE STAFF

## Music Notes

The academy choir, under the direction of Mrs. Harter, will make its first public appearance on November 1 at the first church service.

All students and faculty members who enjoy listening to good records are invited to make use of the newly prepared listening room located in and operated by the Music Department. The recent purchase of 146 LP records has added much to the record library and includes such well-known selections as "Grand Canyon Suite," by Grafe, "Brass and Percussion," by Gould, "Peer Gynt Suites," by Greig, and "Hungarian Rhapsodies," by Liszt. This room will also be used by members of the music appreciation class, which is in the process of learning what truly constitutes good music.

The first rehearsal of the elementary band on October 16 was well attended. Mrs. Silver reports that the instrumental department is hoping that in the near future the purchase of several much-needed instruments will be made possible. A limited supply of school-owned instruments makes it impossible for those students interested in learning musical instruments to do so at the present time. Donations of either cash or instruments will be welcomed by this department. Especially needed are the following: a B<sub>1</sub> tenor saxophone, E<sub>1</sub> alto saxophone, several E<sub>1</sub> alto or French horns, alto clarinet, bass clarinet, oboe, and bassoon. A number of students who have had playing experience want to join the band but are unable to do so because they do not have instruments.

Mr. Cossentine reports that work continues toward getting the radio station back on the air. Moving to the new radio-control room is in progress at present, and Mr. Richard Rimmer is busy taping programs which it is hoped will soon be able to take to the air. With the awaited-for arrival of some new equipment, extensive broadcasting should be resumed before long. Until then week-end religious services and special devotional music for listening to during the Sabbath hours will be broadcast by Station WGMS.

### Mr. Bullock—from p. 1

pital Administration later on to better qualify himself for his work.

Mr. Bullock, a native of Kansas, was married in May, 1956, to Neva Joyce Seamans, also of Kansas, who has been secretary to the President for the past two years. The Bullocks have a nine-week-old son, Brenton Lee II.

When asked whether he had any definite plans as to how he will carry on the work of assistant administrator, Mr. Bullock answered, "As I am new at this work, I have no certain plans other than this—I know I shall have to work hard."

# Laymen Elect Lorenz 1958-59 President of Extension League

Felix A. Lorenz

Elder Felix A. Lorenz, head of the Department of Religious Education at Madison College, was elected president of the Laymen's Extension League for 1958-59 at the recent convention of Southern self-supporting workers held October 9-13.

As president of the league, Elder Lorenz will be chairman of any regional meetings held during the year, will be on the program-

planning committee, and will be the main chairman at next year's convention.

Edwin Martin, from Lawrenceburg, was elected vice-president, and Miss Florence Fellemende, secretary-treasurer of the Layman's Foundation, is the new secretary of the Laymen's Extension League.

One hundred twenty-five delegates and visitors from about 20 self-supporting institutions participated in the meetings and activities of the Forty-eighth Annual Convention of Self-supporting Workers, which convened on the Madison campus October 9-12.

B. A. Sheffield, from Groveland, Florida, was the main chairman of the 1958 convention.

Highlights of the convention were the morning devotionals by Elder Straw, Elder Wilson, and Elder Marley, Elder Frazee's message Friday evening at vespers, Elder Don Rees's Sabbath morning sermon, the Comstocks' report of the work in Chiapas, Mexico, Dr. Horning's convincing address on the importance of living up to the light given in the Spirit of prophecy on the diet question, and the inspiring reports of progress and God's leading in the units.

## Students Help at Cave Springs on Picnic Day

Eleven Madison students chose to have a different kind of picnic on picnic day on October 14. They arrived at Mrs. Grow's Cave Springs Home for Handicapped Children about eleven o'clock to spend the rest of the day helping with the work there.

They dug on the new pipe line being installed, helped with household chores, harvested all the peanuts—about two and one-half truckloads, and helped with the sweet potatoes.

Mrs. Lorenz sent prepared food for dinner and supper, including 20 loaves of her homemade bread, which made it possible for the group to put in a full day. They reached the campus at 8:30 that night.

Mrs. Grow was both surprised and delighted at the unselfish help she received.

This is not the first time students have decided that the most satisfying kind of recreation for them consists in service for others. Many groups have helped at the Cave Springs Home in constructing buildings and otherwise furthering the progress of this home for handicapped children.

## Academy Girls Organize Village Club

Never let it be said that the girls are the slow ones in the Madison College Academy. The Village girls met on October 6 to organize what is known as the Village Girls' Club.

Ruth Gill was elected president; Carole Culpepper is vice-president. Sylvia Mitzelfelt is secretary. Claudia Kunau is the new treasurer. Mrs. Culpepper, the academy secretary, is sponsor.

The village girls are looking forward to having many happy times together as well as choosing a project to help those less fortunate. So if they come knocking at your door for food for Thanksgiving baskets, you will understand their mission.

Hey, you village boys, you are way behind. Better hurry up and get organized, or the girls may have to have their banquet by themselves.

Those who went to help on picnic day were Laura Young, Clarence and Naomi Twombly and Bruce, Allen Kneller, Dorothy Graham, Fay and Kay Eller, Ross Clark, Grace and Raymond Campbell, and Ronald Boyd.

## 14 Accepted into Fall Nursing Class

Because of the large number of college students planning to enter nursing in March, the decision was made to accept 14 students into nursing immediately.

These 14 are being accepted on the basis of their having met certain basic requirements.

Recently a statement was made by a leader in a Committee on Careers in Nashville that "admissions to nursing schools are lower in the Southern region than in other sections of the country."

However, this is not true at Madison College, for the number of applicants for the March class is larger than it has been for three years.

The following have been accepted into the fall class in nursing: Nancy Currier, Joe Fields, Thelma Hodges, Eva Jenkins, Sylvia Kaldahl, Esther Kowalski, Catalina Marzan, Audrey Meyers, Zeno Orso, Gene Sellers, Sylvia Sellers, Kenneth Sowell, Sue Vestal, Thelma Wilhelmsen.

## Graduate Nurses to Write Exams Oct. 29, 30

Twenty-one nursing graduates from Madison College will write their Board of Nursing examinations on October 29 and 30. The examinations will be given at the Jewish Community Center in Nashville.

Two members of the class, Miss Petra Sukau and Mr. Jack Gibbons, took their tests in another state earlier, because of foreign mission appointments.

## Junior, Senior Nurses Receive Stripes

Ten nursing students received recognition for having completed another year's work at the chapel on October 8.

Miss Maxine Page, clinical instructor, presented junior stripes to eight student nurses and senior stripes to two. Miss Virginia Davidson, clinical instructor, handed the stripes to the students as they came to the front.

Those receiving the junior stripe were Margaret Anaya, June Davidson, Virginia Greenlee, Doris Leatherman, Damaris Rivera, Wilma Smith, Alice Surdahl, and Mrs. Lois Walper.

Those receiving the senior stripe were Margaret Dixon and Alyce Williams. Seniors scheduled to receive stripes at later dates, upon completion of requirements, are Clyde Holland, November 24; Leah Rodriguez, November 28; and Esther Edmonson, January 5.

## Lab Graduates Become Registered Technologists

The Board of Registry of Medical Technologists of the American Society of Clinical Pathologists has announced the returns from the current National Board examination given twice a year. The returns of the examination which was taken earlier this year brought success to the following three students: Ruth Ann Duncan, a graduate of the class of 1958; John Donesky, who has been working up to late in the town of Murfreesboro, Tennessee, and Bill Graves, who graduated from Madison College about a year ago and is now located in El Campo, Texas.

Madison Sanitarium and Hospital School of Laboratory Technique has been qualified as an approved school of the above Registry since 1953. Since that time more than 30 students have qualified and successfully passed the examination for Registered Medical Technologist (ASCP).

## Higgins Family Honored by Associates

The D. A. Higgins family was honored by both present and former business office associates at a pizza-spaghetti supper held at the Alfred Tucker residence on the evening of October 15.

The college and sanitarium office staffs presented a gift to the Higginses in appreciation of their fine work.

At noon on October 16 a large group of teachers and workers gathered in the cafeteria to bid farewell to the family. The Higginses were presented with a farewell gift of sheets and pillowcases.

Mr. Higgins and family left October 16 for Ellijay, Georgia, where he will be hospital administrator of Watkins Memorial Hospital.

## New Arrival

Kristi Louise McDonald, born on October 11, 1958, is the new daughter of Mr. and Mrs. Carlos McDonald. She weighed in at 7 pounds, 11½ ounces. Mr. McDonald is the head technician of the Clinical Laboratory.
