TOT Take Annual Trip to Cave Springs

The Teachers of Tomorrow club was host to the church school teachers in the Nashville area and their families on Sabbath, May 9, at Cave Springs Home for Children.

Seventy-five persons gathered for Sabbath school under the direction of Ishmael Combs, vice-president of the club. Mr. Lynn Sauls, principal of the Nashville Junior Academy, spoke at the eleven o'clock service. During the home missionary period Mrs. Grow related some of the miracles God has performed for her this year. She has been chosen by the International Sertoma Club to receive the "Service to Mankind Award," which will be presented next month in Memphis.

Mr. Almon Johnson, an alumnus of Madison College and president of Cumberland Club Sertoma International, wrote the story of her life and of the founding of the Cave Springs School for Handicapped Children.

All services were held in the new schoolroom. On May 16 Elder Ritchie is planning to organize the group into a church.

This is the third such annual gathering of the TOT Club. Two years ago the members presented Mrs. Grow with a gift of \$20, last year \$25, and this year \$46, to which Aaron Dennis promises to add another \$10.

Lunch was served to the group down by the creek.

Choir Spends Busy Weekend

The last tour of the choir for the Spring Quarter began on May 15, when they sang two numbers at the War Memorial Auditorium in Nashville. On Sabbath morning they went to Coalmont, Tennessee, where Charles and Cindy Tremper live, giving a program at the Cumberland Heights Church. In the afternoon they went to Woodbury, the home of June Davidson, and sang at an afternoon concert. Sunday afternoon they left the campus about three o'clock for Lawrenceburg, reaching there in time for supper. They gave their program in the Nazarene Church in Lawrenceburg that evening.

June 8—First Term of Summer Quarter Begins

College Has Part in City-Wide "Crusade for Christ"

Students and teachers are participating in the "It Is Written" follow-up meetings which are being held in the War Memorial Auditorium in Nashville for a period of 22 nights. The purpose of these meetings, which are being conducted by Elder E. L. Chalmers, is to bind off interests that have developed during Elder George E. Vandeman's nine-month telecast over Channel 8 in Nashville.

Last September the college church began a visitation program in cooperation with the three other Seventh-day Adventist churches in the Nashville area, first inviting people to watch the telecast, then making a survey to discover who were watching, and finally enrolling them for the "Take His Word" Bible Study Course.

Those who enrolled in the Bible course were visited from time to time, in an endeavor to encourage and establish the interests created.

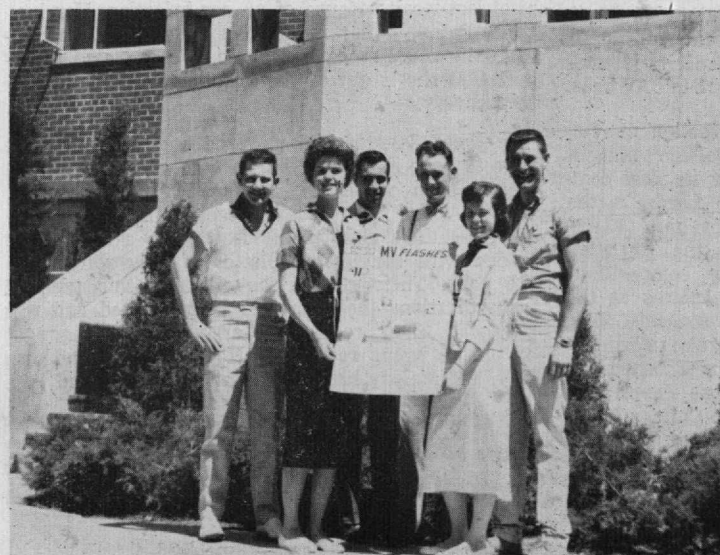

Many of these interested ones are now attending Elder Chalmers' meetings. Church members all over the city are bringing their friends to the auditorium nightly.

A high light of the Crusade was the visit of Elder Vandeman to Nashville on May 13 and 14 and his sermon at the auditorium on the night of May 13. A large group from the various churches, including most of the Madison students, were at the airport to greet him as he arrived on the afternoon of May 13. As he arrived, Mr. Friesen led the large group in singing "Blessed Assurance." Cameramen from TV station WSIX were on hand to record the reception for Elder Vandeman.

Students and teachers are acting as ushers and counselors and are singing in the large choir conducted by Singing Evangelist Jerry Friesen.

The Chalmers-Friesen Evangelistic Team won a place in the hearts of Madisonites last year when they conducted the spring Week of Prayer here.

1959-60 MV Officers Attend First Intercollegiate Workshop

Missionary Volunteer officers for 1959-60 from five colleges—Southwestern Junior, Southern Missionary, Oakwood, Union, and Madison—met in a workshop at Union College April 29-May 2 at the same time the delegates for the student associations were meeting. The MV Workshop was held in the College View Church annex.

In the picture the Madison College delegates are standing in front of the Union College men's dormitory, with a poster headed MV Flashers, which contains all the MV news items that have appeared in the *Madisonian* this year. Left to right are Terry Sweeny, Pat Ricks, John Dovich, Mr. Gulley, Shirley Zinke, James Anderson.

100 Pints of Blood Given to Red Cross

An even 100 pints of blood were given by students and workers on May 18, when the Bloodmobile from the Nashville Chapter of the Red Cross came to the campus.

The Red Cross appreciated the cooperation of the college and was pleased with the results.

The Madison College Band

Set Your Mark High

Often to young people come the questions: What am I accomplishing? Am I fulfilling the plans that the Lord has made for me? Have I developed to the utmost those talents and aptitudes which have been given to me? Sometimes the pathways of life seem difficult and hard, but even heart-breaks and discouragements mustn't keep us from performing our life's task. We have been told in MESSAGES TO YOUNG PEOPLE, p. 99, that "Many whom God has qualified to do excellent work accomplish very little, because they attempt little." Further admonishment states: "Set your mark high, and step by step, even though it be by painful effort, by self-denial and sacrifice, ascend the whole length of the ladder of progress. Let nothing hinder you. Fate has not woven its meshes about any human being so firmly that he need remain helpless and in uncertainty." MYP, pp. 99, 100. P.S.

Alumni News

Former Madison students Aubrey and Lois Thompson announce the arrival on May 4 of Timothy Juel, 10 pounds, 2 ounces. Mrs. Thompson is the former Lois Miller. The Thompsons graduated from Madison College Academy in 1955 and Lois attended Madison College during 1956. Their present address is Star Route, San Andreas, California. Aubrey is office manager of a lumber company in San Andreas.

The Mitzelfelt Choir, under the direction of Vincent Mitzelfelt, former Madison College student (1951 to 1953), has recently released its first commercial recording. "O Sing Unto the Lord," is the title of this album, available in either hi-fi (\$3.98) or stereophonic (\$4.98) records on the Christian Faith Recordings label. Outstanding compositions on this recording include such masterpieces as the "Hallelujah Chorus," from Handel's *Messiah*, "The Omnipotence," by Schubert, and "Break Forth, O Beauteous Heavenly Light," by Bach. Those interested in purchasing one of these albums should contact Mrs. Bob W. Silver of the Madison College Music Department or write directly to Mr. Vincent Mitzelfelt, 4412 E. City Terrace, Los Angeles 63, California. These albums will also be on sale throughout the United States in the very near future.

A letter received from Jack and Nancy Gibbons was read to the student body in chapel recently. In writing to their many friends on the campus they described their trip to South America, as well as their arrival and establishment of a new home. They can be written to at the following address: Central Amazon Mission, Caixa Postal 243, Manaus, Amazonas, Brazil, South America.

Starch and Stripes

Mrs. Leona Gulley (former clinical instructor of Medical Wing) received the corsage on Mother's Day for being the newest mother attending the Crusade for Christ down at the War Memorial Auditorium. Her baby boy was only 16 days old.

The pre-clinical students are happy to have their Nursing Arts instructor, Miss Munn, up and about again after her three weeks of illness. It is good to have her back in the classroom again.

Mrs. Maurice Culpepper (the former Lillian Azevedo, Class of '57) is back after two years of absence. She will be working in OB, and her husband will be working in the pharmacy. Welcome back, folks.

The Nursing Division certainly missed Mrs. Zeigler while she was away last week. She attended the National League for Nursing Convention held in Philadelphia. This convention is a bi-annual meeting held for nurses who are members of the NLN.

Miss Fellemente took a group of physical therapy students to Veterans' Hospital recently. When the students saw the wide uses of physical therapy in that hospital, they left with an increased understanding of the uses for natural remedies in the nursing program.

Two by Two

Strange things happen, even to nurses. One day as Marie Holland looked out the door of her apartment, she saw some naked, wriggling creatures lying in their dog's feeding dish. For a minute she wondered what they could be. Then she knew! Their dog was expecting puppies any time. They must be premature puppies! So she took them inside, where they received plenty of TLC all day, including being fed with a medicine dropper. But sad ending! Raymond Campbell confessed. They were baby rats he had brought up from the barn and placed in the dish as a joke.

Neighbors of Julius Piper have noticed a change as they look at his parking space. Julius is now driving a bigger American car now, a 1955 Studebaker. When he found out he'd have to wait for parts for his little foreign car to come from across the Atlantic, he decided to make the trade.

Virginia Hernandez spent several days in the hospital last week because of an ear infection. Her husband, David, junior nurse, felt quite dissatisfied because he couldn't be her nurse. We are glad to report that she is out of the hospital well on the way to recovery.

In these days of high-powered engines, you don't have to have an automobile to take your family to a picnic, even when it's as far away as Lebanon. Shortly after the juniors reached Lebanon State Park for their class picnic last week, a motorcycle loaded with the Harley Slattery family rolled into the park. Their reason for choosing this type of transportation—their car had been painted and was still wet. Their reason for arriving late—they got off on the wrong road once. However, Harley, Laura May, and Melody had a pleasant and safe round trip.

Summer School—June 8-Aug. 14

First Term—June 8-26

Second term—June 28-July 24

Third term—July 26-Aug 14

Graduation—Aug. 15

Chapter Chatter

College Temperance Society

Temperance Polls

Madison College has been in the news recently as a result of the temperance poll which students made on the streets of Nashville.

On April 26 an article appeared in the *Nashville Tennessean* advertising the project to the public.

On April 27 the campaign was launched, and a two-minute news-reel was made for TV Channel 5.

On April 29 another "poll-taking" was made down town, after which the results were tabulated by Chapter President Charles Tremper and Secretary-treasurer Hazel Griffin.

On May 6 these results made the front page of the *Nashville Banner*.

On May 7 a full report of the project, including these results, was printed in the *Nashville Tennessean*.

These same results are currently being submitted to two journals, which, if accepted, will further show what Madison students are contributing to the cause of temperance.

The following table shows the results of the "poll-taking":

Men	%	Women	%
Do drink	42	Do drink	17
Don't drink	58	Don't drink	83
WHY THEY DRINK

Music Notes

The students of the Music History class recently gave a chapel program which presented the history of the development of the keyboard instruments, which culminated in the invention of the piano. Interesting historical background, illustrated with pictures and recordings, was presented by Eddie Zollinger, Beecher Zollinger, Mrs. Lavetta Dent, and Mrs. Bob W. Silver.

The Madison College Choir, under Professor Francis Cossentine, will present a "Choral Vespers," on Friday evening, May 29, in Helen Funk Assembly Hall. With Mr. Norman Gulley as narrator, the program will feature the musical selections which have been used on the recent choir tours.

Class to Exhibit Projects

Mrs. Simmons' class in Materials and Methods in Nature and Science will hold an exhibit in the Elementary Education classroom, in the Demonstration Building, academy side, on Wednesday afternoon, May 27, from 3:15-5:00.

The exhibit will consist of various projects in flower arrangements, electronics, seed-growing, and others, prepared by the members of the class. The purpose of the project is to foster a greater interest in the natural and physical sciences. The public is invited.

MV to Present Missionaries' Letters

An unusual MV program will be presented Sabbath afternoon, May 30, by faculty members, who will read letters from Madisonites who have recently left the campus and are now in foreign service.

Letters are expected from Mr. and Mrs. Edward Collins in Africa, Mr. and Mrs. Jack Gibbons in South America, Mr. and Mrs. Ray Comstock in Mexico, Drs. George and Margaret Horsley in Puerto Rico, Mr. and Mrs. Duane Houck in Africa, Mr. and Mrs. Theo Williams in Iraq, and Mr. and Mrs. Gerald Turnbull in Africa.

Five Years Ago May, 1954

The Spring Quarter for the college closed on May 19 this year because of the General Conference held in San Francisco May 24-June 5.

Among the sixteen academy seniors who graduated on May 16 were Marilyn Campbell, Janet Jensen, Ronald Schmale, Terry Brown, and Charolette Moore [now Mrs. Charles Clegg].

Miss Leah Sepulveda became the bride of Mr. Jose Rodriguez on May 19. Elder R. E. Stewart conducted the ceremony in Spanish.

Mr. Theo Williams takes over his new position as dean of men on June 1.

Students working in the garden, now that school is out, are Larry and Gerald Kelley, Wilbur Reich, and Elaine and Rebecca Culpepper.

The older girls from Williams Hall are moving to Gotzian for the summer. Some tears are being shed as they leave their dormitory.

Elementary Education News

Elementary Education majors will be presented in chapel on Monday, May 25. Dean Byers, head of the Division, will speak. The prospective graduates will also speak, on such subjects as "Why I Chose Teaching as a Profession," "Why I Came to Madison College," and "Why I Accepted My Position."

Pedro Ramos, president of the TOT Club, has been contacted by the Antillian Union president and has been assured of a place in the Inter-American Division upon completion of his school work in August.

Ishmael Combs, TOT vice-president, has been called to connect with the three-teacher church school at Fletcher Academy.

The secretary of the TOT Club, Beverly Hegstad, has accepted a teaching position with the Campus Elementary School.

Robert Eaton plans to connect with the self-supporting unit now established at Lookout Mountain. Robert's brother is leading out in the work there. New plans are in the making for a bigger and a better school.

Salma Mohr, wife of the Kentucky-Tennessee Conference superintendent of education and a former teacher, has been invited to teach grades 1 and 2 at the Boulevard Church School.

Florida has called Helen Twombly, a professional graduate, to teach grades five to eight at Fort Lauderdale.

Aaron Dennis has been invited to teach in his home conference in North Carolina.

Glenn Ferguson has given his word to teach in the grade school at Pine Forest Academy.

Goldie Iles, after completing the two-year course, will further her education while husband Harold completes a double major in Religion and Education in 1960.

Ruby Seibert, a two-year graduate, will go to the Laurelbrook Church School.

Grace and Raymond Campbell have been asked to connect with Laurelbrook also.

In this year's class are six B. S. Majors in Elementary Education and five completing the two-year professional course.

To climax the JMV activities for the year in the church school, an impressive investiture service was held in Assembly Hall on May 19. Fifty-four were invested.

Mr. Barney, former principal of the Campus School, has invited Mrs. Simmons to be the consecration speaker at the Memphis Junior Academy on Friday night, May 22.

Three nursing classes have requested projects in the Fatherland area—the Sophomore A, Junior A, and Junior B classes. These students will engage in public health work for the needy of the area.

On Sabbath morning, May 30, the students will take the entire eleven o'clock service and give a full report of the campaign. Every person who had any part whatever in the meetings is asked to come for an organizational meeting on Sabbath, May 23, at 2:00 p.m. in the chapel.

The MV society wishes to express its appreciation to everyone who helped in the Fatherland campaign. The co-operation was so good that already the new officers for next year are looking forward to repeating this adventure.

Six representatives from our society attended the workshop at Union College. It was thrilling to share with the other colleges the reports on evangelism. On Sabbath afternoon John Dovich, leader for 1959-60, with Mr. Guley, sponsor, went to a down-town Lincoln theater to hear Elder James Chase of the General Conference Radio and TV Department, deliver a dynamic address on the Second Advent, in a Voice of Youth campaign which Union College is sponsoring.

The spirit of evangelism is growing. We as young people want our college and academy to become an increasing influence in presenting salvation to our neighbors.

Ask Janet Jensen: Who spent most of her time in the kitchen?

Juniors

The juniors held their annual picnic at the Cedars of Lebanon State Park on Wednesday, May 13. With them were their sponsor, Mrs. Harter, and the bus driver, Mr. Dickman.

Even though it threatened rain, the weather was ideal for swimming, badminton, shuffleboard, and other picnic sports. Dr. and Mrs. Sandborn joined the picnickers in the afternoon. He even fried the burgers at suppertime.

The group returned in time for those who wished to attend Elder Vandeman's meeting in Nashville.

Sophomores

Although May 14 was cloudy and cold, about 40 sophomores and their families enjoyed the day's picnic at Kentucky Lake.

The cold weather did not stop some brave sophomores from a swim in the lake. Others enjoyed horseback riding, softball, badminton, volleyball, basketball, boating, hiking, and even teeter-tottering—eh, Mrs. Simmons?

Hymns were sung around the fireplace as the day came to a close, and Mr. Keplinger asked God for his protection on the trip home.

Freshmen

The freshman picnic held on May 19 at Kentucky Lake came too late for a full report for this paper. According to the freshmen their picnic was a grand climax to the series of class outings.

Classes Hold Annual Picnics

Twenty-five seniors and their families spent five days boating, swimming, water-skiing, horseback riding, and hiking at Paris Landing, Kentucky Lake, May 6-10. Others, unable to spend all five days, came for Sabbath.

Sabbath hours were spent with God's second book—nature. Under the tall shade trees Sabbath school and church services were conducted. Clyde Holland was Sabbath school superintendent, and Mr. Lynd was the speaker at the after-service. Pedro Ramos furnished instrumental music on his accordion for the singing.

The following questionnaire gives hints about a few of the happenings of the five days:

Who lost her glasses while water-skiing? Ask Maureen Drake. Who almost lost his false teeth during water-skiing? Inquire of Clyde Holland.

Ask the girls in Senior Home why "Bobby" and "Big Brother" were kept out of the kitchen.

Who made her husband move into the tent when the night prowlers came into camp? Ask Leah Rodriguez.

Ask Pedro Ramos these questions: Who was the rainmaker? Who was kept in the rowboat away from his wife with Joyce Bowe and Beverly Hegstad?

Ask Mary Peek: Who had the biggest grin when he saw "Mommy"?

Ask Alyce Williams: Whose bed did Lynds' dog crawl onto?

Ask Albert Isom: Who was the fourth "girl" in the car on the way to Paris (Tennessee)?

Where were you when it was time to pump up the gas stove? Ask Bob Williams.

Who went barefoot to the restaurant? Ask Imogene Shepard.

Ask Shirley Burk: Who rode the Old Gray Mare?

Hi-School Hi-Lites

Senior Sketches

Our neighboring state of Virginia contributed another of our seniors in giving us this petite five-foot-two, brown-haired, green-eyed miss. "Getting to Know Her" is a slow process, but a pleasant and rewarding one.

Lanna McNeal

Favorite food—apple pie.
Pet peeve—people who don't mind their own business.
Hobby—reading
Ambition—secretary

Rachel Pitts

Rachel brings a bit of Florida sunshine to the senior class, coming to us from Panama City. Her blond prettiness contributes that decorative touch and her soft Southern drawl adds interest. She is five

feet, four inches in height and has hazel eyes.

Favorite food—pizza pie
Hobby—swimming
Pet peeve—people who copy her clothes
Ambition—secretary

Ronny gives our class the distinct contrast in adding his clipped New England accent. He is a booster of Middleborough, Massachusetts. Ronny has blue eyes and blond hair, is five feet, six inches tall, and almost always wears a contagious smile.

Ronny Powell

Favorite food—food
Hobby—music (good)
Pet peeve ?
Ambition—anesthetist

Elizabeth-nick named Elly

comes to us from Puerto Rico. Elly has friendly, fun-filled brown eyes and beautiful long, black shining hair. She is five feet, four inches tall and is noted for her special talent of

keeping friends.
Hobby—sports
Favorite food—pasteles (Spanish for pie)
Pet peeve—people that are always teasing
Ambition—teacher

Peggy is from De Queen, Arkansas. She has the quiet, dependable qualities that make the foundation of a good class. She is our honor student, having won the \$400 scholarship for the academy. She has light brown hair and green eyes.

Peggy Rumpf

Favorite food—pie (cherry or lemon)
Pet peeve—people who don't speak
Main interest—Horseback riding
Ambition—secretary

Larry Wassel

Larry was born in California, migrated to Arkansas, and drifted to Tennessee. This midget of a fellow is only six feet, two inches high, and has brown hair (sometimes beard, too), and blue eyes. He has the build of a football fullback, the moods of a Barrymore, and the brain of an Einstein.

Favorite food—potatoes
Pet peeve—people who don't use good sense
Main interest—working with metal
Ambition—mechanic

Larry hails from the state of big potatoes—Boise, Idaho. But what Larry lacks in size, he makes up for in personality, wit, and intellect. His sense of humor has eased many a tight situation. He has blue eyes and (a matter of opinion) hair. He is five feet, seven inches in height.

Favorite food—macaroni and cheese
Pet peeve—people who are late
Hobby—snow-skiing
Ambition—business accountant

Larry Strong

Amboy, Indiana, is Nova's birthplace. She has blue eyes and light brown hair. Nova is another of our quiet seniors and helps to balance some of the over-enthusiastic members of the class.

Nova Weesner

Favorite food—cherry pie
Main interest—plumbing
Pet peeve—tests
Hobby—water skiing
Ambition—lawyer

Campus School Graduation on May 26

Commencement for the eighth grade graduates will be held Tuesday, May 26, at 7:30 p.m. President Sandborn will be the speaker. The graduates have chosen the following aim, motto, and text:

Aim: To Succeed in Christ
Motto: Today's Work Decides Tomorrow's Success.
Text: Phil. 1:6

Miss Elsie Peterson has accepted a call to teach in the Florida Conference next fall. Mrs. Dixie Wilcox will go to the Boulevard Church School to teach. She will teach the Arithmetic Methods class here on the campus during June.

Mr. Baker plans to attend Southern Missionary College this summer, and Mr. Ferris will be working in nearby Nashville. Both men plan to return to the Campus School to teach in September.

Mrs. Lloyd Mauldin will be the teacher of the Demonstration School this summer, beginning June 24. She will specialize in teaching reading to those who need further work to reach their reading level by the opening of the new school year.

Senior Bible Class Goes to Court

The members of the senior Bible class, "Facing Life," made a field trip on Monday, May 11, to the Fourth District Court in Nashville, where Judge Trimble was presiding over a divorce case.

A husband and wife, parents of two children, were asking for a divorce, and the class had the opportunity of listening to both sides of the sad story as the trial progressed.

In a visit with Judge Trimble before the case opened, Mr. Guley explained the nature of the class, "Facing Life," which the seniors are taking. The Judge was pleased to hear that instruction in marriage was being given at Madison. He advises that information concerning marriage and the home should be given to all high school students.

The climax to this particular unit of work which the seniors are studying came on Friday, May 15, when the film, "Yours to Keep," was shown in the large rotunda.
