Homecoming and Workshop

April 30 — May 2, 1971

Founders Memorial Ceremony,
2:45 P.M., Sabbath, May 2

An important feature at Homecoming 1971 will be the dedication and unveiling of the Founders Memorial monument on Sabbath afternoon, May 2, at 2:45. The first meeting of the alumni weekend will be Friday evening, 7:30. Meetings will continue all day Sabbath, and a workshop is being arranged for Sunday, May 2, after Homecoming proper is over.

Honor classes this year are class of 1946 (25 years ago), and class of 1961 (10 years ago). Notices are being sent out to members of these classes, and we would also like to include the class of 1931, or 40 years ago.

Although Honor Classes are especially invited each year, all others who have graduated from the college and academy are cordially invited, as well as former faculty, students, and friends of the college, academy, and hospital.

For several years an effort had been made to plan a suitable memorial to the founders of the Madison institution. Soon after Dr. Sutherland died in 1955 the Laymen's Extension League started a fund for a memorial to him and the other founders. This was placed in a savings account by League treasurer, Florence F. Jaspersen. A committee was appointed. The M.C. Alumni and the Druillard Trust were asked to join the project with L.E.L. and Layman Foundation. Various plans and designs were proposed. Time went on and nothing materialized. A new committee was appointed.

In April, 1970, Mrs. Florence Jaspersen wrote the Madison Hospital board for permission to erect the monument at a point below the Layman Foundation office, near the corner of Hospital Drive and Academy Road, and asked for perpetual use of the strip of land. Permission was granted on April 15, 1970.

After a number of attempts and committee meetings a memorial stone of Georgia granite was ordered of Hunt Memorial Company on Gallatin Road in Madison. At first it was estimated the monument would be ready by November of 1970, but there were several delays, and finally the committee decided to combine the Founders Memorial ceremony with the 1971 Homecoming in the spring.

The monument was erected in late February. Landscaping and a sidewalk are yet to be completed. The Madison College seal appears at the top of the monument and below that a bronze plaque contains the names of the seven founders of Madison and its affiliated institutions: E. A. Sutherland, Percy T. Magan, Sally V. Sutherland, Nellie H. Druillard, M. Bessie DeGraw, Ellen G. White, and Mrs. Lida Scott. Truly these seven were men and women of dedication and vision. Below the names these words appear: "Erected to the Memory of the Founders of Madison Hospital, Madison College, and Affiliated Institutions."

Please notify the alumni office if you plan to come, and wish a place to stay. We are not sure how many rooms will be available, but there are two motels nearby in Madison — The Madison Motel at 625 Gallatin Road, Telephone (615) 865-2323; and the Madison Square Motel across from Madison Shopping Center at 118 Emmitt Ave., Telephone (615) 865-4203. If you wish to stay there, please make your own reservations.

Meals may be obtained at Madison Hospital cafeteria. On Sabbath a potluck dinner and supper will be provided by local alumni for out-of-town guests.

Telephone of secretary, Mable H. Towery, is (615) 865-1615; assistant secretary, Dorothy Mathews, 865-5350. The alumni office telephone number is an extension through Madison Hospital, or 865-2373, Ext. 321.

Madison Academy Homecoming

Madison Academy formed its own alumni association in 1968, and will have its third Homecoming on April 23 and 24, one week previous to the Madison College Homecoming. Elder Don Christman secretary of the Texas Conference, will be the speaker at the Sabbath morning church.

California Chapter Meets

Pauline Knapp '41 secretary of the Southern California Chapter, sent a report of a Madison reunion at Clifton's Cafeteria, West Covina, on Feb. 27. Henry Knapp '50, president, was chairman of the meeting. Newly elected officers for 1971-2 are Mr. and Mrs. Harold Jones '39, of Simi, Calif.

A Bit of Post Office History

The Madison campus got its own separate post office in 1936, when it became a fourth class post office. A year later it was promoted to third class. In 1950 it became a second class post office. R. B. King was the first postmaster. The post office was located on the ground floor of the old administration building and remained there until 1963. When the first new wing of the hospital was started it was necessary to move the post office out, and interestingly enough, it was moved to the former home of the first postmaster, R. B. King.

A few years later the old post office was moved again to the new shopping center on Hospital Drive. At that time, in order to prevent confusion between the two post offices — Madison and Madison College — all the Box numbers were upped by 800. The main Madison post office on Gallatin Road retained the lower box numbers. Incidentally, the name of the branch post office is still MADISON COLLEGE (not Madison Academy or Madison Hospital), and that name appears on the front of the building, so the words "Madison College" should still appear in the address.

References to E. R. Doolittle occurred in the SURVEY from time to time. He was postmaster of the town of Madison post office for 30 years, and served the Madison institution well, with pleasant working relations.

The Madison College post office became a branch of the Madison, Tenn., post office in 1956, and a station superintendent was appointed from the main Madison office (S. R. Ritcheson).

With three second class papers being published on the campus for the alumni office, the hospital, and the academy students (MADISON SURVEY, THE PULSE, and THE MADISONIAN), a large modern hospital, an elementary school and academy, classes on the college level, three apartment houses and many dwellings, there is a big volume of mail coming and going through the campus post office.

In spite of the fact that there is no house delivery on the campus and everyone has to go to the post office to get mail, a recent requirement was made by postal authorities that a street number showing location appear on the editorial card of the papers published here. It was difficult to know what address to use for Helen Funk Assembly Hall where the THE SURVEY, is prepared, but 240 Sanitarium Drive, was assigned. The hospital uses 500 Hospital Drive. (Bill Agee is now station superintendent.)

REMINDER. Madisonites and friends, remember to send dues (\$3 a year or \$50 life), and/or SURVEY donations to the alumni office. (Tax deductible.) Note the date by your name where it is addressed on the back, which indicates when you paid last. "A" stands for Alumni in the key.

ALUMNI NEWS

1918

Gertrude Peters (N '18), Glendale, Calif., sent a donation for the Founders Memorial and a copy of her interesting Christmas letter. Daughter Gwen and husband, Dr. Everett Miracle, are also living in Glendale. Of Gwen's children, son John is attending U.C. at Santa Barbara; daughter Carol plans to attend L.L.U. this fall and take nursing.

Mrs. Peters' big news of the year 1970 was a tour to the Orient sponsored by Andrews University. She and Gwen and Dr. Miracle and granddaughter Carol went on the tour, also Dr. and Mrs. Herbert Michals. Mrs. Michals is the former Marilyn Ferciot. Marilyn's father, Herbert Ferciot, was a student at Madison when Gertrude and her late husband, Dr. John Peters, were here. The Ferciot's live at Americus, Georgia, now.

On their tour the group of 30 took in Hawaii, Japan (where they had one day at Expo 70), Taiwan, Hong Kong, the Philippines, Bangkok, Singapore, Djakarta, then on to Australia, New Zealand, Fiji Islands, and Tahiti.

1927

Edna Wilson (N '27) sent dues and wrote from Dunlap, Tenn.: "Just finished reading the new SURVEY, and like every bit of it. We want this little paper to keep on coming as long as we can read . . . I agree with Anna Sorensen about our dear faithful teachers and the poor material they had to work with. Only great patience could endure the strain . . . 'Miss Florence,' as we fondly called her, would often remark: 'Now youngster, that is not just right. Let's try again . . . Among the faithful ones, Mrs. Sally Sutherland and Dr. Blanche Noble were a big help to me. Their ability to make one see what they were talking about was a marvel to me . . ."

"Harry doesn't work in the lab at Sequatchie Valley Hospital, any more, but enjoys making a garden. We have plenty of frozen food, which is a big help with high food prices. As for me, I'm on call, work only when some are sick or want time off. I keep up my registration."

1931

Eloise Whitlock Brizendine (N '31) sends greetings to "dear old Madison." She writes: "Our oldest son Farrel is head of the Physical Education Department at A.U. This is his eighth year there. Our younger son John is a junior in Theology there. Our two daughters are both living near us. Their husbands work for my husband Harvey in his cement contracting business . . . The Lord has blessed us in so many ways. Sometime I'd like to write a book on past experiences that have shown God's love to us. We keep very busy in church and school activities, and are as happy as can be. I have many lovely memories of Madison."

1932

Since leaving Madison, Ruth Calkins Steinkraus (N '32) has taken post work in O.B. at Michael Reece Hospital in Chicago, and has been a charge nurse in various hospitals near her home.

MOUNTAIN MEMOS (Fall, 1970) reports the retirement of Gladys M. Lowder (N '32). She was a member of the first nursing class (1930) at Fletcher, and served for over 20 years as director of nurses at Mountain Sanitarium, Fletcher, N.C.

1934

Dr. Wayne McFarland (premed '34), of the G.C. Health Department is president of the PHASDA (Public Health Association of S.D.A.'s). He attended the 98th convention of the American Public Health Association in Houston, Texas, where the PHASDA had an exhibit and held a meeting.

1936

In the September SURVEY we said Dr. and Mrs. Philip Chen had retired in Loma Linda, but they are in Camarillo, Calif. The Chens are enjoying life there where they have 25 different kinds of fruit trees in their orchard.

1939

Marvin Midkiff, administrator of Castle Memorial Hospital, is the new president of the Hospital Association of Hawaii.

1940

Marjorie Stiles Kendall (N '40) writes from Columbia, Ky., where her husband George is a pastor: "Our daughter Martha received notice of acceptance for L.L.U. Medical School for next fall. We are thrilled. Keeps us scratching to keep up with bills—much of them school bills . . . The oldest boy, George, is in Vietnam now—with the Infantry."

1941

H. W. Sauer '41 writes from Hanford, California: "Mrs. Sauer ('42) is working full time as medicine nurse nights, and I am working part time at Hanford Community Hospital . . . We are all well, and still remember our visit at Homecoming two years ago . . . We have a four-acre place here with a good house, our own well, and can run the place as we please. We have a small orchard, and I built a small greenhouse a couple years ago to play in. Some of the patients in the hospital felt the recent earthquake. I didn't because I was asleep. Our youngest daughter is a senior at PUC this year . . ."

"How thankful we are for Madison College. We never would have been able to finish college if it were not for Madison. I received my M.A. at PUC in Education in 1950, after the conference gave me a scholarship . . . I enjoy reading the SURVEY and remember when I was in charge of the printshop and we ran the SURVEY about every week."

Miss Belle O'Neil, who took pre-nursing at M.C. in 1940-1 is now director of nursing service at Porter Memorial Hospital in Denver. Previously she had the same position at Branson S-H in Canada. After leaving Madison she earned her R.N. at Portland S-H, and her Masters in Nursing at WWC.

1942

Dr. U. D. Register '42, professor of Nutrition in LLU School of Health was one of seven LLU faculty members selected for the 1970 edition of "Outstanding Education of America."

1943

Mary Weeks (Diet '43) is a dietitian at South Fulton Hospital in Decatur, Ga. She writes: "We hope it will be possible to attend the Homecoming this year. Also I do want to say we are enjoying the Madison SURVEY."

1944

Cmdr. Robert L. Mole was invited to offer prayer during a White House Thanksgiving given by the President for a group of servicemen. This was the first time an Adventist chaplain had performed this service.

1945

Viola Meador Wright (N '45), Benton, Ark., wrote Mr. and Mrs. E. R. Moore, whom she thanked for being such wonderful friends to all, and lovely Christians. "I have been nursing most of the time since graduation. I'm working with the acutely ill alcoholic patients and trying to help them to rehabilitate themselves and live a useful life. The treatment center has helped several. In fact, we have four working on our ward who have quit drinking. This is a most

interesting service . . . Our daughter has grown up and is married. Her husband is in the service."

1948

H. C. Alexander '48 and wife Irvella are living in Portland Ore., where he works in the lab at Portland Adventist Hospital, and she works as a nurse. Formerly they spent 25 years in mission service in India and Pakistan.

Dr. and Mrs. L. J. Bull (N '49) have moved from Tempe, Arizona, to Plainview, Ark. Lois wrote Mrs. E. R. Moore: "Our apartment and the medical building (Plainview Clinic) are together, but we have three bedrooms and plenty of room for our friends to visit us . . . L. J. is quite busy. He is the only physician in a town of nearly a thousand . . . Our 13-year-old daughter has joined the Pathfinder club in Little Rock, and enjoys going there each Sunday evening."

1950

Dr. Gilbert Johnson's picture appeared in the December LLU Alumni JOURNAL, S.M. He was standing in front of Tokyo S-H where he spent 14 weeks as a relief radiologist. The article was titled, "Mission Service Recommended to Retired Alumni." Dr. Johnson, formerly head of the X-ray Department at Madison S-H for 14 years retired in 1967. He and his wife Agnes '50 are living in Loma Linda where she was awarded a Masters degree in Public Health in 1969.

1951

Dorothy Fox (N '51) has moved from Lawrenceburg, Tenn., to Madison and is evening supervisor at Imperial Manor.

Mary B. Wentworth (N '51), Ridgetop, Tenn., sent in dues and some information about her family. Her husband James '50 is a CPA in partnership with Knight and Davidson. Their son Jon is a theology major in his freshman year at SMC. Nancy is a sophomore at Highland Academy. The two younger children attend church school.

1952

Daisy (Gullett) Byrant (N '52) sent dues and family news, also ordered a nursing pin. She is working in the Coronary Care Unit at the Presbyterian Hospital in Charlotte, N.C. Her husband is project engineer for American Bakeries. Son Michael, is attending Laurelbrook Academy, and Stephen is in church school.

1954

Mary McComas Lester is secretary to two of the departmental men in the Arkansas-Louisiana Conference office.

1957

John J. Donesky (X-ray & Lab '57), is working in the lab at Putnam Memorial Hospital, Palatka, Fla. He writes: "I enjoyed my stay at Madison and am sorry to see the college part being liquidated. Madison College has given many students an education that never could have been afforded at any other place. It would be a happy day to have a college there again. Madison will always have a spot in my heart, for it has equipped me with a life's work and a Christian education."

Van Baldwin Jackson '47 received his Master of Science degree in Biological Science from U.T. at Knoxville in 1967. He is now chairman of the biology department, teaching biology and agriculture at Antillian College in Puerto Rico. Antillian College is a senior college with a student body of 226 on the college level. Mr. Jackson writes that the college has 284 acres of land, and two industries—a modern press and a food factory for canning beans, guavas, coconut, and mangos. Most of the students earn their way by colporteurage.

"I started a farm project in 1969, when I came here. Since then we have planted four acres of grafted orange plants, two acres of bananas, and have grown small quantities of green beans, okra, cucumbers, tomatoes, sweet peppers and

eggplant which have produced well. We had to grow our vegetables in small amounts because all of the work had to be done by hand, including preparing the soil for planting, as we do not have a plow or rototiller.

The first location of the college was in Bartle, Cuba in 1922. Due to the political situation the college was transferred in 1961 to its present location three miles from the center of Mayaguez, Puerto Rico.

1958

Bill Howard's wife Olga, sends a check to catch up on past dues and writes: "We are located at Loveland, Colorado, where Bill (Anes. '58) is giving Anesthesia in the local hospital. We are fortunate to be located near Campion Academy. Our oldest boy is a Junior and Kathy is a Freshman. Our youngest boy, Marvin, is in the 6th grade at our S.D.A. elementary school. We have had some Madison friends stop by during the past year; Rex and Betty Leatherwood (Anes. '64 & '61) and son, and Bill and LaVeta (Herbert) Graves ('51 & '50) and children. We met Petra Sukau (BS & N '58) at Eden Valley, our local self-supporting institution. Cousins of ours, Cline and Charlotte (Jensen) Johnson are missionaries in Peru now . . . We enjoy so much any news we get of Madison as we will always have many fond memories of the school."

Florine Gant Bratton '58 is working as book-keeper and receptionist in her father's clinic at the corner of Larkin Springs and Sanitarium Road.

Petra Sukau (N '58) recently finished her Masters in Public Health at LLU, and is now health coordinator at the clinic of the Doctors Charles Smith in Provo, Utah.

1959

Aaron Dennis and family, formerly at Benghazi, Libya, and at Beirut, Lebanon, have transferred to the Kendu Hospital, Kenya, East Africa, where Aaron oversees the building program and his wife Laura works as an R.N. This is the same hospital where Wilma Gill '53, is located.

Myrtle Bain '59, writes from Bolton, N.C.: "I especially appreciate this SURVEY. I could hardly stop reading to do necessary work. Elder Frazee hit the nail on the head when he said, 'The dear Lord is waiting for us to do exactly what He said!'"

1960

Zoe Cruzen Nelson (N.R. '60) and family are in Germany where her husband Tom is a sergeant in Communications operation in the Army.

Mr. and Mrs. Woodrow Ek '60 are both working at Kettering Hospital in Ohio. They wrote: "We enjoy the SURVEY very much."

Hallie Thomas (Anes. '60) is an anesthetist at Indian River Memorial Hospital at Vero Beach, Fla. She wrote: "I am on 24-hour call and working quite hard. There is only one other S.D.A. worker in this hospital. I miss being in our hospitals, but there doesn't seem to be an opening in one for me at this time. I was so disappointed when the college closed. I loved Madison and am sure had it not been for a place like Madison I'd not have had a Christian education. I am so thankful for my experience in our schools . . . I do enjoy receiving the MADISON SURVEY."

1961

Dr. and Mrs. E. E. Bottsford left Ridgetop, Tenn., on Feb. 2 for a three-month exchange relief assignment at Iskaka Hospital, Uganda, East Africa. Dr. Bottsford is a staff doctor at Madison Hospital. His wife Grace graduated from the nursing course at Madison in 1961.

1962

Duane B. Archer (Anes. '62) is the only anesthetist at the 50-bed Prosser Memorial Hospital, Prosser, Wash. His wife Alice, worked as

an R.N. at Madison when they were here. Presently she is at home taking care of their four daughters. He wrote recently: "When we received the picture of the new hospital two weeks ago we could not imagine such a change in eight short years, even though we have been hearing of its progress. And then when we received, a week later, a picture of the way the hospital looked when we left in 1962, it was even more unbelievable. I have since used the two pictures to graphically illustrate the change that Jesus Christ wants to make in our lives if we will but surrender."

Dr. Earl A. Johnson (Anes. '62) wrote his instructor, Bernard Bowen, in December, 1970, from Montreal, Canada: "I am half way through internship at St. Mary's Hospital here in Montreal. I am on pediatric affiliation at Montreal Children's Hospital, I will be there two months longer, then back to SMH until June 15, 1971. My two boys (seven and nine) are having a lot of fun in the snow. This is their first chance in five years to play in snow because I was in Mexico studying medicine."

1963

From Lebanon, Ohio, Lolita Townsend Puterbaugh (Sec. Sc. '63) writes: "I am working at Kettering Medical Center as procurement clerk in purchasing. I enjoy my work and its challenges . . . Our son (Chip) is going on five now and makes life very interesting. I hear from Judy Ball, who is now Mrs. Lester Pellman. They are at S. Lancaster, and have a son, too. I think of Madison quite often and thoroughly enjoy receiving the SURVEY."

Carolyn Cothren (M.R. '63) has completed three years of training at Wildwood Institute and is now a full time worker at the Wildwood institution.

1964

After our hospital at Benghazi was closed by the Libyan government Rae Anna Brown (Anes. '64) was transferred to Kanye Hospital, Kanye is a 200-bed hospital in Botswana in the southern part of Africa. Miss Brown wrote: "We have two schools of nursing connected with our hospital. Thirteen students are in the regular 3-year course, and ten students in the enrolled school which educates them equal to L.P.N. in the States. Besides these we have ten nurses aides (which we train periodically) . . . We hope to qualify to start a third school, a school of midwifery."

"This was the area that David Livingstone started out on on his first work in Africa . . . They say that Livingstone was referring to Kanye when he said, 'I have seen the smoke of a thousand villages that have not heard the name of Christ.'"

1965

Bettye Headrick (Anes. '65) is an anesthetist at Bedford County Hospital, Shelbyville, Tenn. She took her nurses training at Ft. Sanders Presbyterian Hospital in 1958. She was employed at Harding County Hospital, then supervised O.B. at Lincoln County Hospital in Fayetteville. Recently she wrote: "I was about to join the Air Force, but 'chickened out' after accepted. Guess I like it too well around here."

1968

The Shilling twins, Jim and Jerry, and their wives were students at Madison. Jim Shilling (Anes. '68) is now doing anesthesia at Oneida Mt. Hospital in Kentucky; his wife Carolyn (Johnson), former nursing student at Madison, is working as an R.N. at Oneida Hospital.

Jerry Shilling (X-ray '66) and wife Carol (Shipp) (MR '65), have been working at Hinsdale S-H, but are transferring to Highland Hospital.

Barbara (Johnson) Allen, Carolyn's sister, is with her husband, Wayne Allen, who is in the Army and stationed at West Point, N.Y. (Barbara finished anesthesia at Madison in 1968).

1971

William Tingle (X-ray '71) is now employed in the X-ray department of Tidewater Memorial Hospital in Tappahannock, Va. Other Madisontes there are Frank Velazquez '69, and Dr. Paul Fisher '30. Bill and his wife (Hazel Legg) were students at M.C. 1963-4.

LETTERS

● Mr. and Mrs. F. G. Wedel, former workers at Madison, are connected with Adelpian Academy in Holly, Michigan. Mrs. Wedel sends a donation for the SURVEY, and gives news of son Eugene, who took X-ray at Madison, and his wife Janice, daughter of Mrs. Doris Thomson of Canaan, Ct. "Janice is a county health nurse in Los Angeles, and Gene has been working in X-ray at White Memorial Hospital. He has recently had a promotion and is assistant chief in charge of X-ray students who come in from Loma Linda . . . We will always remember our years at Madison, and all the friends we made there."

● Mrs. Frances K. Bush wrote from Napa, Calif. "I appreciate the news in the SURVEY. I was really grieved to hear of the deaths of Dr. and Mrs. Karlick. Mrs. Karlick's parents, the Provincines worked many hours in the food factory under my late husband, Capt. Calvin D. Bush . . . My son, Austin E. Bush had to accept his retirement from the V.A. Service, although he had his Master's degree in Social Work. It is very unfortunate for a young man to experience his type of surgery. Both of his legs were amputated because of his spinal cord injury. He has been living here with me for the past four years."

"My daughter, Helen, lives here in Napa, and has taught over 20 years. Her husband, Dr. Bertil H. Van Boer is connected with Napa College. He and Helen both expect their Sabbatical leave in 1971. My daughter Frances, and husband, Dr. R. E. Welch, live at Hesperia, Calif., where he is in medical practice . . ."

"Mrs. Frances Aitkin, son John, and daughter Wanda Martin, who formerly lived and worked at Madison, are now living at Angwin, and we often visit . . . I attended the 50th anniversary of my nursing class in Loma Linda since coming to California."

● Albert E. Kephart is an instructor in in-service training at Porterville State Hospital in California, where there are 2300 mental retarded patients. Formerly he was doing similar work at Modesto State Hospital. Mr. Kephart was at Madison, taking courses in education from 1926-7, and doing clothes pressing and repairing from 1929-1948. The years 1927-9 were spent as a church school teacher at Chestnut Hill and Lawrenceburg. He wrote:

"Mrs. Bertam and I used to work in the same building," he recalls. "She taught art and dress-making. I learned tailoring, repairing, pressing, and dry cleaning . . . Those were happy days. My 15 years at Madison at ten cents or less an hour were 15 years of happiness believing I was doing God's will. If it was a sacrifice, it was a blessed sacrifice."

After completing the nursing course and obtaining his BS at the University of California in 1952, he returned to Madison two years (1954-6), to be head nurse in Parkview. He says, "I believe I am the better for the 17 years I spent at Madison."

Mrs. Kephart, nee Rachel White, is a graduate of Paradise Valley S-H. She worked as a nurse at Madison in West Hall and North Hall. She wrote Mrs. E. R. Moore recently: "My nephew's wife Claudia Mountain, who graduated from the A. B. nursing course two years ago and is now on the nursing staff at the White, was chosen Red Rose Nurse to represent the hospital in that area in their charity drive. She and her husband had an all-expense paid trip to Hawaii as one of their awards."

Hospital News

● Herman T. Roberts of Niles, Mich., has been appointed Madison Hospital Management Coordinator.

● The hospital department formerly known as Social Service has changed its name to Family Life Services, and recently moved from the ground floor of Madison Hospital to the E. R. Moore house across the campus. The Moore home was sold to the hospital after the Moores decided to give up housekeeping and move to nearby Heritage House. The Moores are about as well as usual, get out for walks and often attend church.

● Dr. Harold G. Leland, formerly on the staff of Madison Hospital, is working part time at the El Cajon, Calif., Physicians and Surgeons Center.

FLORENCE FELLEMENDE JASPERSON

The death of Florence Fellemende Jaspersen on Jan. 29, 1971, brought sorrow to the Madison campus, where she had lived so long, and to the leaders of the self-supporting institutions, as well as many others. She died at Madison Hospital after a long illness.

Born in Mt. Vernon, Indiana, Jan. 14, 1899, Mrs. Jaspersen came to Madison in 1930. She was secretary to Mrs. Lida F. Scott, who started the Layman Foundation in 1924 to establish rural educational and medical centers in the South. She graduated from Madison College in 1947, then went to Loma Linda and finished Physical Therapy in 1948 at CME. She remained at Loma Linda for a time as assistant director in the P.T. department.

In 1949 she became secretary-treasurer of the Layman Foundation upon the death of Mrs. Scott and served in that capacity until her death. She was also trustee of eleven self-supporting institutions affiliated with the Foundation in five Southern States and Indiana.

Soon after the death of Dr. E. A. Sutherland in 1955, representatives of the self-supporting institutions formed the Laymen's Extension League (L.E.L.) and Mrs. Jaspersen was elected secretary-treasurer. She served in the capacity of treasurer of the L.E.L. until her death, and was the secretary all this time with the exception of two years. The main purpose of the Laymen's Extension League, formed in 1956 (not to be confused with The Layman Foundation formed in 1924) was to carry on the annual conventions of the Southern self-supporting workers, and hold interim workshops. The annual conventions have been held since 1908.

In addition to her duties in the Layman Foundation and her work as secretary-treasurer of the L.E.L., Mrs. Jaspersen taught Physical Therapy in Madison College during 1958-61. During a shortage of registered physical therapists in 1952 she supervised treatments at the Junior League for Crippled Children in Nashville two days a week. In 1953, she attended the First International Congress of the World Confederation of Physical Therapists in London. At that time she was presented to the Lord Mayor and Lady Mayoress of London. She was listed in Who's Who of American Women in tribute to her humanitarian efforts in behalf of her fellowmen.

She was a member of the Madison College Board of Trustees for a number of years, and a valued member of the M.C. Alumni Association executive committee for the past several years.

In 1967 she was married to Arthur A. Jaspersen, former president of Madison College and former president of the Layman Foundation, who died two years ago.

Funeral services were held in Madison Funeral Home, Monday, February 1. Officiating were Pastor Fred A. Mote of Coalmont, Tennessee, and Pastor Jack W. Clarke of the Madison Campus Church. Burial was in Spring Hill Cemetery.

The obituary was read by Roger Goodge, president of the Layman Foundation, and tribute was given by Charles Martin of El Reposo Sanitarium, Florence, Ala. In behalf of the units he expressed deep feeling that they had suffered a great loss as she was always a true friend and counselor. Elder Fred Mote, a member of the Layman Foundation Board, said her chair would be difficult to fill, but her work must be carried on, and he was confident the self-supporting work would go on and continue with greater success.

She is survived by a sister, Mrs. Joe K. Mann, Nashville, two nieces, Mrs. Kenneth Bunting of of Nashville, and Mrs. Jack Child of West Point, N.Y., who were all present at the funeral, as well as her stepson, Robert Jaspersen, of Glendale, Calif., and all the Goodges of Little Creek who considered her almost a member of their family.

Memorials for Mrs. Jaspersen may be sent through the M.C. Alumni Assoc. Names of donors are listed in our Memorial book, and are used as a scholarship fund.

ADAMS AMS, JR.

Irene Kominsky Ams (N '36) wrote the following in regard to our inquiry concerning her husband's death.

"My husband, Adam, passed away Oct. 5, 1970, after an illness of ten weeks. We moved here to Orlando in 1955 from Akron, Ohio. Adam worked at Florida Hospital for 14 years in the house-keeping department. He was a member of the Sanitarium Church. He really enjoyed his work and loved his church. I have two adopted daughters. Marilyn 19, is working as a nursing assistant here at the hospital, but is thinking of taking nurses course or L.P.N. this fall, and Dione is in the 8th grade in Orlando Junior Academy.

"I'm still working here at the Florida Hospital. I started part time in 1955, and full time in 1957, and am still at it. They say once a nurse, you are always a nurse. I love it."

VIRGINIA MAY

We also asked Mrs. Ams about Miss Virginia May, who graduated from the nurses course at Madison in 1935, and had been working at Florida S-H for 16 years. She wrote: "Virginia May passed away June 24, 1970 in Troy, Ohio. She went there to be with her sister Lillian."

Campus Visitors

● James M. Miyake of Tokyo visited the Yoshimuras in January. Mr. Miyake was a student at Madison from 1939-43. He did not graduate because he had to go back to Japan on an exchange boat. He is now the managing director of an export company, Princess Enterprises, Inc. in Tokyo. His son Paul is a student at L.L.U.

● Donald Owsley is now chief pharmacist at New England Memorial Hospital, and his wife (Sue Devan, class of '52) is working part time in the dietary department there. Don was on campus a few days in January. He came to be with his mother who was with her husband, Elder E. L. Marley, Sr., a patient in Madison Hospital, who later died.

Elder E. L. Marley '42, president of Iowa Conference, and his sister, Mrs. Luther Watson, of Hopkinsville, Ky., visited their father at the same time.

A.A.C.P.A. (Adventist Association of C.P.A.'s)

Wallace (Buddy) Blair '50 is the president of A.A.C.P.A. His wife Alice is executive secretary, and Viola Knight '45 is news editor. Buddy, son of Mr. and Mrs. James Blair, moved to Madison when he was six years old. He was in school here from the first grade through junior college. He lives in Ooltewah and his business in Chattanooga. Associated with him as partners are Kenneth Straw and Benny Moore. Accompanying the AACPA newsletter received in the SURVEY office was a list of 81 known Adventist C.P.A.'s

ASI Changes Name but not Initials

The initials ASI, which formerly stood for Association of S.D.A. Self-supporting Institutions, now stands for "Association of Privately Owned S.D.A. Services and Industries." The change of name was made official at the A.S.I. convention in San Diego on Nov. 24-28, 1970. We regret to see the change of emphasis shifted from the original concept of the A.S.I., which was started in 1947 by Drs. E. A. Sutherland and Wayne McFarland and Elder N. C. Wilson, then vice-president of the G. C. for North America. We are sorry to see the change in wording, but glad the initials A.S.I. are retained.

Wilderness Survival

At the 1970 Fall Council in Takoma Park, the General Conference voted to look with favor upon the program of the International Wilderness Club. It was also voted that a member of the G.C. M.V. staff be appointed to the I.W.C. foundation board in a counseling capacity. Subsequently Elder Leo Ranzolin was appointed as this coordinator.

Jack Darnall, executive director of I.W.C. is on leave of absence from the Kentucky-Tennessee Conference, and lives at Portland, Tenn. (Address, Rt.3). The organization believes in the importance of agriculture and plans to promote gardening and farming. Bill Sager, administrator of Highland Hospital, is on the board and was recently named director of the Adventist Agriculture Association. Williams Hall at Madison has been rented for Wilderness Survival activities.
