

The *Complete Heritage* Madison Survey

and ALUMNI NEWS

JAMES WHITE LIBRARY

ANDREWS UNIVERSITY
BERRIEN SPRINGS, MICHIGAN

No. 1

Vol. 58

March, 1976, Madison, Tenn.

Madisonites, Come Home June 18-20, 1976

The date has been set for the 1976 Homecoming weekend. It is June 18-20, the next weekend after the Kentucky-Tennessee campmeeting. All meetings will be held in the new Madison Campus Church across from Madison Hospital, starting Friday evening, continuing all day Sabbath, and on Sunday morning a rural living and gardening workshop.

Meals may be obtained at Madison Hospital cafeteria for Friday evening supper and all day Sunday. A potluck dinner and supper will be provided on Sabbath for out-of-town guests by local alumni. (The hospital does not serve breakfast Sabbath morning.) Since it is difficult to provide enough food for all, it would be appreciated if those coming from out of town would either bring some food or make a donation to be used for this.

Madison is ten miles northeast of Nashville, just off Interstate 65. There are several motels and campgrounds near Madison and Opryland, and two K.O.A. (Kampgrounds of America).

There are two motels in Madison—the Madison Motel at 625 Gallatin Pike, tel. 615-865-2323; and the Madison Square Motel across from Madison Shopping Center at 118 Emmitt Ave., tel. 615-865-4203. (Please make your own reservation.)

A few rooms are usually available at low rent at Williams Hall, which is now being used by Wilderness Living. Also available are about 20 rooms in the new nursing education dormitory used for SMC Extension Campus at Madison. Prices range from \$5 to \$7 a night, depending on whether single or double. If you want to reserve one of these rooms, please write or call early to the M.C. alumni office, Box 1303, Madison, Tenn., 37115. (Tel.

615-865-1615; or 615-868-9979) Motels are crowded on weekends in the Madison area because of Opryland. If you wish to stay in the nurses' dorm, bring bedding, towels, and pillows.

Please do notify us if you plan to come, even if you plan to stay with relatives or friends or in a motel, as it will help in preparing for the two potluck meals on Sabbath.

Honor Classes

Letters and lists are being sent out to the Honor Classes (1926, 1936, 1951). Paramedical courses in Anesthesia, X-ray, and Lab have continued at the hospital, and we have kept a list of these through the years, so we are including paramedical graduates of 1966.

All Madisonites, whether a member of an Honor Class or not, and all Madison friends are urged to come. If you arrive Friday afternoon, come to the alumni office to register. The alumni office is now located on the ground floor of Williams Hall, entrance from parking lot.

Addresses Wanted--Honor Classes

CLASS of 1936: Lillian May, Marie Varonen.

CLASS of 1951: Leo Keimig, Clayton Peters, Harry Wickham.

CLASS of 1951, L.P.N.: Maudie Carter, Juan Hermilla, Bernice La Vallee.

CLASS of 1951, Miscellaneous Courses: Everett Siewert, Preston Rettig, Anna Yun.

PARAMEDICAL COURSES: Caroline Bautista, Lorraine Fields, Eliz Bautista, Beatrice Domingo, Fe Resuello, Melvin M. Smith, Jr.

Nursing Course, Madison Campus

Sixty-five nursing students are here on the Madison Campus of SMC affiliating with Madison Hospital this semester. Forty-nine girls live in the residence hall, four young men occupy the college trailer, and 12 young men and women, including married students, live in the community.

Mrs. Christine Shultz, from the Colledge-dale Campus, is the coordinator on the

HERITAGE ROOM

Madison Campus this semester. Two new instructors have joined the faculty. Miss Patricia Scott, formerly a professor at L.L.U., and most recently from the mission field in Pakistan, holds a master's degree in medical-surgical nursing. Mrs. Anita Schultz, who has recently moved here with her husband and two small children, has a B.S. in medical-surgical nursing from Loma Linda and a master's degree in counseling and guidance from Andrews. Her husband is an accountant in this area.

The 65 students will graduate at Colledge-dale in May, with associate degrees in Nursing. They are then eligible to sit for their State Board examinations, which, when successfully passed, will give them the title R.N. It is expected that the fall semester group coming to this campus will number about 70.

* Among the names of Nursing students presently on the Madison Campus, we note Debbie Ackerman, daughter of Nelda Ackerman (Anes. '64); Gary Brown, son of Newell Brown (Anes. '64); Vicki Midkiff, daughter of Marvin Midkiff; and several Madison Academy graduates.

* Also we saw the name of Barbara Pierson, granddaughter of G.C. president, R. H. Pierson, former president of Kentucky-Tennessee Conference. Barbara's cousins, Jennifer and Martha Pierson, were on our campus briefly as members of the Fletcher Symphony Orchestra. They are daughters of Prof. Robert Pierson, former student and assistant pastor at Madison, who is now on the AU staff, Berrien Springs, Mich.

Fletcher Academy Symphony Orchestra

Madison was honored on March 4 by a visit from the Fletcher Academy Symphony Orchestra. The 93-member orchestra, with Raymond Kuutti conductor, put on an outstanding performance in the Madison Academy gym. Among the names on the program we noticed Billy Sandborn listed under the string bass, and his mother, Marie Sandborn (N '61) listed under first violins. It was our pleasure to meet young Bill after the program, but his mother did not come. His father, Dr. William D. Sandborn, is on the medical staff of Fletcher Hospital.

New Positions and Appointments

* Elder and Mrs. Alvin Stewart are now residents of Madison Campus, occupying the Layman Foundation buildings on the corner across the lawn from the Druiard

Library. Elder Stewart has been appointed executive secretary of the Layman Foundation, and treasurer of the Laymen's Extension League. His wife, Alice, serves as office secretary. Alvin is a son of the late Elder and Mrs. Robert Stewart, and a brother of M.C. graduates Ervin Stewart '49, Violet Lang '50, and Velma Mixon '52. Fred H. Bishop, former secretary of the Layman Foundation, has retired at his home in Knoxville, Tenn. He served at the office from the early sixties to 1975.

* W. Ross Wollard, former book department manager of Pacific Press, is the new manager of SPA, replacing C. L. Paddock, Jr., who has retired.

* P. B. Mitchell, until recently administrator of Takoma Hospital, Greeneville, Tenn., has assumed his duties as assistant administrator at Madison Hospital.

* Arthur Cushman, M.C., a neurosurgeon, joined the M.H. staff in 1975. He is a graduate of LLU and has his office in the Magan Professional Building next to the hospital.

"Bert" Coolidge, President of Fletcher

Herbert Everett Coolidge, Ph.D., has replaced Jack Williams as head of the Fletcher institution, after Elder Williams accepted a call to be treasurer of the Southern Asia Division. The Fletcher complex includes six divisions--the hospital, the school of nursing, the academy, the elementary school, the store, and the farm.

Dr. Coolidge is a graduate of Little Creek and SMC, and earned his Ph.D. at Michigan State University in 1970. At the time of his appointment to Fletcher, he was assistant director of institutional analysis at the University of Virginia, at Charlottesville. As a specialist in the field of education he has served as a consultant to the American Association for Higher Education and the Education Board of the Adventist Church. He is married to the former Carolyn Williams, who was a nursing student at M.C. His parents, Mr. and Mrs. Everett Coolidge, are on the Madison Hospital staff. His brother, William, a teacher at Forest Lake Academy, married Rose Holverstott (N'64).

Advanced Training Program for Self-Supporting Workers at Laurelbrook, Dayton, Tn.

Laurelbrook School, near Dayton, TN., is a "child" of Little Creek, and since Little Creek is a child of Madison, it might be said that Laurelbrook is a "grandchild" of Madison. And now Laurelbrook has a child. About three years ago the 12th grade graduates of Laurelbrook and Robert Zollinger, president of the institution, started a satellite school called "Whispering Pines" at Gruetli, TN., near Altamont.

Through the years Laurelbrook has been strong on a "Junior Worker Program," whereby the young people stayed by and assisted in teaching and carried other responsibilities. More recently, in the summer of 1975 the name of the initial venture that had been called the Junior Worker program was changed to its present name of the Advanced Training Program. Provisions were instituted so as to eventually place this program under the jurisdiction of the Layman Foundation, whose headquarters are at Madison. For this purpose the educational committee selected the following to lead out in this program: Robert Zollinger, director of the program at Laurelbrook; Elder Harold Johnson, registrar and treasurer; Alfreda Costerisan, L.F. educational consultant, chairman of this

committee; and Dr. Carl Anderson, educational coordinator.

The Advanced Training Program is a college-level program, following the early Madison concept for the training of self-supporting institutional workers. Twenty-six students enrolled in September, 1975, in the Advanced Training Program meeting on the campus of Laurelbrook School. From six to nine of these young people have been at various times keeping the Whispering Pines School functioning. Four of the students have been assisting in the overall school program at Pine Forest, Chunky, Miss.

Currently, the big development to be gotten under way on the Laurelbrook campus is the erection of an educational center building for the Advanced Training Program. This is to be constructed by Maranatha Flights International during the last two weeks of April.

The present composition of the student group in the Advanced Training Program includes not only former academy students from Laurelbrook, from SMC, SUC, Stone Cave Institute, but also students from Florida and Oregon not formerly connected with Adventist institutions. Two young men of the Advanced Training Program, Floyd Walterhouse and Rick Williams, are student missionaries in Belize (British Honduras) in the Inter-American Division.

The Advanced Training Program offers two options to its enrollees: (1) Preparatory training for further schooling in an extension program of affiliation with SMC and (2) an on-the-spot training in various vocational, agricultural, and educational lines. These include the Mittleider method in gardening, teacher training, food services, business training, applied music education, and a supervisory training in vocational departments. The purpose of the on-the-spot training is to equip the student by training and experience for entrance into the self-supporting work of the Adventist church. Certain academic subjects in the curriculum are given extension credit or a departmental qualifying test by SMC.

(The foregoing information was furnished by Dr. Carl Anderson.)

CAMPUS VISITORS

* RONALD WERNER (Lab and X-ray '61) visited on campus in January. He is located near Fresno, Calif., where he is lab technician at Valley Children's hospital. He was formerly instructor in X-ray at Madison, and his wife, Cherice, worked in the business office here. Of the Werners' children, Gerry is working in an oil field in Texas; Cheryl is married to Roy Manly; Kathy and Larry are in Fresno Adventist Academy.

* FORREST and MARGARET PRIDE ('47 and '45) stopped by Madison in February on their way back to Greeneville, Tenn., where Forrest is an anesthetist at Takoma Hospital, and until recently Margaret has been director of nursing. The Prides have also served at hospitals in Tallahassee, Hinsdale, and Hiلاه. Daughter Shelley (Mrs. Jack Parker) lives in Greeneville also, and is working in the hospital; son, Steven, is a teacher at Cedar Lake Academy in Michigan.

* Dr. DOROTHY VOSS '59 called at the alumni office in February on her way home from a visit at Yuchi Pines in Alabama. She is in chiropractic practice at Ludington, Mich., where she also gives physical therapy treatments.

* SAM SMALL (Anes. '69), wife Jackie (Kunau), and children visited the campus church. They are located at Jackson, Tenn., where Sam is working with a group of Madison anesthetists (Neil McPherson '71, Edward Lee '72, and Vickie Hines '69.)

* DANA (Dale) and HERBERT (Slator) TARNOR visited Dana's mother, Dorothy Dale, and stopped by the alumni office during the Christmas vacation. Herbert is teaching in a vocational school in Baltimore.

* GLADYS RABUKA '47 visited her daughter, Madilyn Fuqua in Nashville and the alumni office while on a bus trip south from Armstrong, B.C., Canada. One of her stops was at Orlando, where she saw son Mickey and wife, Marinell (both graduates of X-ray '55) and granddaughter.

* GERTRUD SCHRAMM (N '57, Anes. '59) of Paducah, Ky., visited friends on campus.

* H. B. NELSON (MCA '48) of Natchez, Miss., visited the alumni office in March. While a student here, he worked in the food factory. He came to see his sister, Betty Leatherwood (Anes. '61), who is ill.

LETTERS

Elder and Mrs. O. J. Mills, Lancaster, Mass.

We are moving from Philadelphia to Lancaster, Mass., and we wouldn't want to miss getting the MADISON SURVEY. We have been in Philadelphia six years, and God has richly blessed. . . . A Better Living Center has been established, and we know God will continue to direct the work here as we do medical evangelism in the Southern New England Conference with the Radiant Living Teams. We are looking forward to this challenge in the large cities of the East. . . . Our son, Philip, a small lad when we were pastoring there at Madison, graduated from Loma Linda and married Sherrie Sherrard, an R.N. with a public health degree. They have been asked to join us when he finishes his residency in Ohio. Our daughter, Linda, a graduate nurse, and husband, Steve Farley, are serving in Pittsfield, Mass., where he is pastor.

From time to time it is our privilege to meet those we knew while serving in the Madison College church. We cherish many happy memories of our association there, and hope someday to return for a visit, but if time does not permit this, we look forward to the soon coming return of our Lord when there'll be no farewells. . . .

Thank you, Mable Towery, for such a fine paper and keeping such good track of so many of God's children.

James R. Hinson, Loma Linda, Calif.

Although he never attended M.C., James R. Hinson wrote: "I have a deep interest in the work that was done there and would like to see another self-supporting college started with the same goals and principles that were held by Madison College."

When he first wrote, Mr. Hinson was coordinator of Physical Medicine at Florida Hospital, but recently transferred to Loma Linda. While in Orlando, he learned about Madison through Warren Oakes and Miriam Kerr. He sent his subscription for the SURVEY, and said its publication was a revelation to him, and asked for back numbers, which we sent. After reading some of these, he wrote:

"Committees have been formed, much has been said and perhaps some money

spent, but still no new Madison. The question remains--how to do the seemingly impossible. How was it done originally? Not by committees, etc., but by two outstanding leaders (Sutherland and Magan) who had the vision of reform. They tried to promote their convictions on reform within the organized work, but the opposition they encountered so disenchanting them that they decided on the Madison plan. For a most interesting story see The Wisdom Seekers, especially chapters 9, 10, and 11."

[Also read Merlin Neff's For God and CME, or the paperback, The Invincible Irishman--Editor.]

"In addition, a concerted prayer effort should be entered into by all those interested in seeing a new Madison. . . . Your brother in keeping the 'spirit of Madison' alive."

(Our brother has put his finger on the crux of the matter--finding the leadership. It has been said over and over, finding money is not so much a problem as finding one or more leaders willing to step out and start. There are plenty of "bleachers" to sit on the sidelines and cheer, to follow after it is started, and say, "I knew all along it could be done." But to find another Sutherland and Magan, or anyone near approaching them, that is the problem!)

Bernie Sheffield, Groveland, Fla.

Right on! Considering the places which have started with little or nothing but faith, it would be a tragedy if, with all the facilities at your disposal, those with the Madison spirit couldn't re-pioneer an institution stressing Madison's original educational concepts. Many have been praying to this end.

Those who have longed for the resurrection of Mother Madison should be glad to contribute prayers, funds, good will, services, to implement the restoration of a school whose educational goals are still held in high esteem.

Madison College prestige, growing with the years, constitutes a unique asset--a force to be reckoned with. Many parents, especially alumni, yearn to have their children educated on the old Madison grounds. So many good things centered there for over a half-century that it seems impossible that the remaining roots of the school should not send forth vigorous new shoots, with a little tender loving care.

Start with your present facilities, and watch the Lord work in providing for future growth.

James D. Wang,
Knoxville and Galesburg, Ill.

James D. Wang, Ph.D., and wife operate the Good Samaritan Nursing Home at Knoxville, Illinois, and have a Retreat Center and Institute of Purposeful Living at nearby Galesburg, Ill. Dr. Wang has long been a friend of Madison, and was closely associated with E. A. Sutherland while getting his Ph.D. at Peabody. He wrote:

"I read the MADISON SURVEY regularly and especially enjoyed reading the recent issue concerning the future of Madison College. I feel that we cannot have the college resurrected, but we can have many Madison-like schools established in many places. I am thinking of a group of workers who left Wildwood and went to Africa, where they established a good farm school. I recall the work-study school that W. E. Straw established when he was a missionary in Africa many years ago. As long as we want to copy the world and as long as we want to have schools accredited, we cannot receive blessings from the Lord.

"We must have both educational reform and health reform. I feel that our medical work is no longer Adventist. What is the difference between our hospitals and community or governmental hospitals? Are our physicians practicing what the Lord has told them to do? How about our psychiatrists and clinical psychologists? Do they recognize the fact that mental or emotional problems and spiritual problems are one and the same? Why do we not follow the instruction given us through the Ministry of Healing and Medical Ministry?"

Dr. Julius P. Dietrich, McMinnville, TN.

(The following was written by Dr. Dietrich in answer to an inquiry.)

The Faulkner Springs Sanitarium buildings are owned by me and are still standing. All the hospital equipment was donated to the mission station in Haiti. The Southern Union Conference arranged the transfer. The original sanitarium property here in McMinnville, TN. was 55 acres or thereabouts. I recently donated five acres to the local church, and a new \$80,000 school building and gym has been erected on it. The land is out of town a little, 2½ miles from the center. I also own 96 acres across the road on an elevation. The old cannery building still stands as well as two rent houses on the property.

You might be interested to know that Dr. Sutherland and Miss DeGraw came up here when we started, to advise and counsel. Dr. Sutherland even preached in our church here. My motivation for coming here was strictly from Madison training of the 6½ years I had been there. I'm sorry the sanitarium had to close in December, 1968.

I am retired on total disability due to nephrosclerosis, I have no endurance and tire easily. My wife (Elizabeth Vinson), God bless her, keeps things going.

Charles E. Lane, Cleveland, Tenn.

"Dear Editor: The thought came to me as I looked over the pictures in the December, 1975, SURVEY: Would people who receive this paper be interested in a pictorial copy of a book, showing photos of the Madison institution from its beginning until now? You could request gifts of snap and photos in your next issue. A number of high-ranking persons in the denomination and self-supporting work received part or all of their education at Madison, and many like me have pleasant memories of the place and agreed with what they endeavored to do and did accomplish. Financing of such a project might be a problem, of course."

(What do our readers think of the idea? There is the Golden Anniversary Album that has many pictures of buildings, industries, faculty, staff, and all the classes up to 1954; also there is Sandborn's History of Madison College, which has no pictures. The supply of both is almost exhausted. Ira Gish and H. K. Christman have written a manuscript which we hope will be accepted soon by the Review and Herald. It will have some pictures. We do wish that somehow, some way, all the class pictures from the beginning through 1964 could appear in print.--Editor)

Gar Baybrook, Payson, Ariz.

Gar Baybrook and wife of Payson, Arizona, have for years been carrying on a service to help libraries and individuals to obtain rare and out-of-print books. They call this service, Leaves of Autumn Books. Until recently Baybrook was employed in designing satellites and space vehicles, but now he and his wife are spending full time in their book business. They have reproduced some out-of-print books on their A.B. Dick

power mimeo machine, 8½ x 11 size, and use a Velo-Binder. At the suggestion of this editor, he put out an edition of Dr. Carl Anderson's Crises In Adventist Education, and E. M. Cadwallader's History of SDA Education, which contains a chapter on Madison College.

Among leaves of Autumn offerings are Studies In Christian Education, by E. A. Sutherland, and "The Madison School" booklet by E. G. White. We asked Mr. Baybrook if he would mention THE MADISON SURVEY in his list, and this is what he said:

"We have found a very definite trend back to the Madison way all through the denomination. Praise the Lord. We have noted a very healthy interest in a return to the Spirit of Prophecy plan of education in our schools, etc. We have already printed Dr. Cadwallader's book, Principles of Education In The Writings of Ellen G. White. (Price \$12.50 plus 50¢ postage) . . . Now, may we also suggest some further reading of great interest. Sister Mable H. Towery is doing a bang-up job getting out a paper called THE MADISON SURVEY. Anyone interested in our denominational education system and how we bring our 'kids' up, will want this paper. We are not taking orders, but you may obtain a subscription for one dollar by writing: THE MADISON SURVEY, Box 1303, M.C. Station, Madison, Tenn. 37115."

Albert & Rachel Kephart, Lompoc, Calif.

Although retired, each day challenges us with things to do: Rachel corresponds with a large circle of relatives and friends, cares for our pet talkative parakeet, has several types of collections, and cultivates a large number of African violets, some flowering cacti, and other house plants.

Albert gardens and has grown a variety of tasty winter squash and other vegetables. The first fruits of a dwarf apple, a dwarf apricot, and a fig tree have been rewarding. He helps the church school children with a gardening project and does some work on the church grounds. He leads the primary children in the Sabbath School, and helps with crafts in the Vacation Bible School. . . .

Although creaking joints register the toll of seven decades, we rejoice that "the grace of God has dawned upon the world with healing for all mankind; and by it we are disciplined to renounce godless ways and worldly desires, and to live a life of temperance, honesty, and godliness in the present age, looking forward to the happy fulfillment of our hope when the splendor of our great God and Saviour Jesus Christ will appear." Titus 2:11-13, N.E.B. We want this rejoicing to be yours, too.

I am still of the same opinion as I expressed over a year ago concerning reviving Madison. I think several centers operating according to the PLAN would be and are, some of them at least, more practical. I feel that too many people in the 30's, 40's, and perhaps the 20's, forgot the plan and began serving self.

Although I have lots of work to do here, I would like to be working in any one of several centers in the South.

* In our December, 1975, SURVEY, we asked for several addresses, and two people replied re DAISY STRINGER ANDERSON, formerly of Bakersfield, Calif. Mrs. Louis Bascom '31, of Keene, TX., wrote that Daisy, a cousin of her husband, is now Mrs. Walter Hofer, and lives in O'Neals, Calif.

* Thelma Wilbur, wife of Robert Wilbur '28, also wrote and gave information, saying she was a classmate of Daisy in Nursing at Loma Linda in 1931. Daisy came to Madison in 1933, and nearly finished premed here.

Mr. & Mrs. James Aikman, Chattanooga, TN.

We are glad to report that James and Dorothy Aikman are safely back in the States, having returned from beleaguered Beirut, Lebanon, in early 1976. They spent six years at Middle East College, where James, former teacher of printing at M.C. Press, was manager of the Middle East Press; and Dorothy, former assistant to Warren Oakes in the registrar's office, was a secretary in the Afro-Mideast Division office.

Before returning, Mrs. Aikman needed surgery during the heaviest fighting in nearby Beirut, and they drove through the worst bombed-out area to take her to the American University Hospital. She had the surgery. While recovering she could hear tanks rumbling and exploding rockets. There was a shortage of food and clean linen, and some hospital workers could not even get home at night. The war started about a year ago, and is still going on at this writing, between Moslems and Christians.

Mrs. Aikman wrote that the division, Middle East Union, Middle East Press, and Middle East College are all located a short distance out of the city on a hill in a Christian neighborhood. The division had set up temporary offices in Cyprus, and once a week someone went to Cyprus to get the mail.

The Aikmans' daughter, Valerie, came back ahead of them, and is taking Nursing at SMC. Other Madison missionary children from the same division at SMC are Rodney Dykes, son of Robert Dykes, who took X-ray at Madison in 1962 and is now in Ethiopia; and Beth Dennis, son of Aaron Dennis now at Kendu Hospital, East Africa.

The Aikmans are temporarily located near his mother at Rt. 6, Chattanooga. Son Billy is attending Sandefer Gap church school.

Frank Reno, Elverto, Calif.

I was at Madison as a prospective student in 1927. . . . I fully accepted the Madison idea as Dr. Sutherland expressed it and as I understood it. I was also there briefly as a guest the winter of 1928-9. I remember Mr. and Mrs. J. H. Miller who managed the food factory and bakery, Mr. Baker who managed the mill, also Arthur Robie and Mr. Starr. . . .

I knew J. A. Gardner, a student, and Florence Fentzling. Gardner died over a year ago. His son Phillip, a "soybean baby," lives in Yuba City, Calif., and is a mechanic and bus driver and teaches bus driving safety. He tells me his mother lives in Farmington, Wash. I knew Brother Ard--worked for him for about a month at Chestnut Hill. Of course I remember Miss DeGraw, Mrs. Druillard, and Sister Gotzian. . . .

I wonder what denominational history would have been if our leaders had wholeheartedly and enthusiastically followed the advice of Mrs. White. Here is what might have happened. . . . The history of the denomination and the world would have been altogether different since 1873. We would have been the "head and not the tail" in industrial enterprises of every worthwhile kind. We would have led the world in science and education. . . . We, not the Jews, would have been the leaders in the financial world. And so on.

My only hope for the future for myself is to live to see vast changes in denominational policies. I believe and hope that yet we may become the head and not the tail in all manner of science and industry. But I cannot see that happening short of worldwide catastrophe that would practically annihilate civilization. We, as a people, do not believe there will be an all-out atomic war. I wonder if we are right.

When I visited Madison I had about ten years experience in different branches of electrical work and was unemployed on account of Sabbath and union problems. I had graduated from two electrical schools and had power plant experience both in operating and maintenance. It grieved me that the institution should go outside for union electricians. . . .

The N.A.N.I. was founded by God. So was the kingdom that Solomon inherited. So is the S.D.A. Church. But aren't we like Solomon and Hezekiah making the same mistakes? Will we never learn?

It was right for Solomon to receive from the King of Tyre "cedar trees, fir trees, and algum trees, out of Lebanon." But it was wrong for him to ask for "a man cunning to work in gold, and in silver, and in brass, and in iron, and in purple, and in crimson, and blue." It was wrong for him to say, "Behold, my servants shall be with thy servants." (2 Chronicles, 2)

Please read Chapter 4 of Prophets and Kings. Read on page 63: "He could have looked to God in faith for consecrated helpers, to whom would have been granted special skill for doing with exactness the work required. But Solomon lost sight of this opportunity to exercise faith in God. He sent to the king of Tyre for a man. . . ." And please read two paragraphs on page 64, the first of which begins with the words, "Because of his unusual skill, Hiram demanded large wages. . . ." Notice that word "demanded." Does that sound like organized labor today? . . .

If the denominational leaders had given the Madison self-supporting workers the sympathy and help they should have given them, and which the Lord's messenger said they should have had, the strain on E. A. Sutherland, P. T. Magan, Miss DeGraw and others would not have been nearly so great. There would have been LOVE, not a schism, between denominational and the self-supporting workers. . . .

* ELISABETH Stuyvesant HEIDINGER (MCA '50), wife of Dr. H. E. Heidinger, wrote from Loma Linda: "Just a note to say I do enjoy the SURVEY and the opportunity of learning a little about some of the people we knew at Madison."

* LUCIAN C. SCOTT was one of the earliest students at Madison (1908-9). He is one of the group on Sand Mountain in Alabama, growing flowers. He writes: "I'm enjoying good health and now raising small fruits. I'm glad for each issue of the SURVEY, as it gives me news of the work and whereabouts of the former students I have known in the past."

"As I live near Wildwood, Ga., I am much interested in the good work being sponsored by the Wildwood Sanitarium and Institute, which seems to me to be a continuation of the N.A.N.I. program. . . . It seems to me that the Lord is using the Madison plan of self-supporting schools to meet the crisis in our educational system."

* RUTH DARNALL lives in National City, Calif., where she has retired near Paradise Valley S-H. Her son, Jack, is director of the Wilderness Living program, with headquarters here on the campus in Williams Hall. Ruth wrote: "The last SURVEY surely was great. Believe I read nearly every word in it. . . . I'm still holding out quite well--everything considered. Am surely grateful for the Lord's blessings, healthwise and otherwise."

(Mrs. Darnall also mentioned that she saw Dr. & Mrs. Bruce Sanderson there. Bruce took premed at M.C. in 1941, and his wife, Dorothy McIntyre, graduated from Nursing in 1942.)

Christmas Letters and Holiday Greetings

* Howard Davidson (N '37) sent a Christmas letter from Glendale, Calif. His wife, (Evelyn Robinson) had been ill in early 1975. In June they went on a five-week vacation, visiting their three sons and families--Dick (a minister) and Jo Ann at Flagstaff, Ariz.; Bob (a computer programmer) and Carol at Colorado Springs, Colo.; Ken (a physical therapist) and Jan at Redwood Valley, Calif. After working 21 years as a nurse in Verdugo Hills Hospital, Howard retired in August, 1975, but planned to work off and on elsewhere after vacation and rest. Evelyn's sister, Mabel Robinson, accompanied them to Colorado Springs.

John & Bernice Jones, Simi Valley, CA.

(We had not heard from Dr. and Mrs. John O. Jones '37 of Simi Valley, CA, in some time, and recently rejoiced to receive their dues and a copy of their Christmas letter from Mrs. Jones, the former Bernice Simon.)

Thank you so much for sending us the most interesting SURVEY. We always devoured the news when we received one before, and always intended to send a note along with a check, but let the duties at hand crowd out our good intentions.

My husband John is kept extremely busy with his medical practice. Dr. Wesley G. Plinke, who also went to Madison, is his associate, for which we are very happy. He is not only an excellent physician, but is very well liked, and a big help in the church. John uses his spare time overseeing our citrus ranches near Portersville, and keeping the Madera Pistachio Farm Management Co. going. He and Dr. W. E. Brown not only oversee the management of their own Pistachio trees, but the company manages the pistachio farms for about five other owners. (Dr. Brown is a brother of Rae Anna Brown, who took Anesthesia at Madison College in 1964.)

Since our last Christmas letter gives most of the news about our family, I'll send it along. It gives highlights for our year 1975.

In February, our daughter Karyl Beth and husband Steve (Fisher) flew home for three weeks from their mission work on the island of Saipan where Steve is a dentist. Steve spent most of the time at a dental convention. Karyl, John, and I spent a week with son Johnny and wife Carol Ann in Atlanta, where he is taking a residency in Internal Medicine. While there we took a side trip to Lookout Mt. in Chattanooga, and to S.M.C. (John was head of the Chemistry Department there before he took the medical course at Loma Linda.) . . .

Our greatest event of the year occurred on June 1. Steve and Karyl gave us our first grandchild. It was my happy privilege to go to Saigon and help take care of Lisa Michelle for 3 weeks.

The most adventurous highlight began September 15, when John and I, his sister Marie, and husband, Dr. Richard Lukens, of Angwin, CA., flew to London. We spent three days sightseeing, then we flew to Lusaka, Zambia, and the next day to the isolated air strip at Kalabe. Kalabe is at the end of the world, and Yuka, our destination, five miles beyond that. John had promised his nephew and wife, Drs. Rick and Lonna Lukens, he would help them with surgery for three weeks in the mission hospital at Yuka. . . .

We visited a leprosarium, a game park, and Victoria Falls. Then back to Lusaka and a side trip to Riverside Farms, Zambia, 50 miles away, where we were surprised to meet Bessie McCorkle Callahan and John Jensen, whom we had known at Madison during

our college days. The group are doing a tremendous work there, and the Lord is richly blessing.

Oct. 17 we arrived in Blantyre, Malawi, and drove 40 miles to Malamula Mission and Hospital for a week's visit with our former nurse, Rae Anna Brown. . . . We arrived back home Oct. 28.

Nov. 21 I went to Glendale Adventist Hospital for surgery. On Dec. 16 John got a call from the G. C. asking him to go back to Malamula and be director of the hospital and training school. I doubt we can do it.

Mr. & Mrs. Harry Clough, Ardmore, Okla.

A Christmas letter was received from Harriett and Harry Clough from Ardmore, Okla. Harry was connected with Madison in various administrative offices for a number of years. At the time of writing, Harriett was suffering from a collapsed vertebra. They retired in 1972, at Ardmore, Okla. They wrote: "Harry keeps very busy with an abundant garden, which the Lord blesses, so we have plenty to share with others. . . . Harry also keeps busy with selling property for Dr. Schuler, and being treasurer of the church. . . . The highlights of our two and a half years of retirement in Oklahoma have been when our friends and loved ones have come to see us. . . . We shall always be interested in Madison. We meet Madisonites wherever we go. They are the best workers."

Leona Marie Logan

* Leona Marie Logan (N '58), Farmington Hills, Mich., wrote: "Hershel Lee is our star again this year. He's at SMC. Physical education is his minor. Rubin is in his thirteenth year with the company, but can't retire until he is 57. . . .

"I went to Honduras in January with a mission group. I was with a medical team. We treated hundreds of people. I haven't worked that hard in more years than I admit to being old. It was a beautiful experience. . . . I taught a social grades course here at our day academy, and am planning to teach it at Cedar Lake Academy. . . .

At present I'm working towards my Master's at Wayne State. . . . I've been placed as a volunteer at Taylor Intervention Center, which is a Drug Abuse Center. I just love it and am learning a lot. I've been teaching some Red Cross classes, also a psychology and nurse-patient relationship course to a Nurse Aid Class."

Elsie Pietz (1938-9), Naples, Fla.

"Well, we have done it again, moved, that is, only this time it was a double one. Otto and I left our little North Carolina farm for Florida shortly after a flock of wild geese flew overhead. We packed a lot of food as usual, such as canned fruits and vegetables, dried beans, peas, yes, even some dried corn and apples. We had never dried apples before. We used the apple peeler, then the slicer, and put the single slices on a screen between two sheets of cheese cloth, under a plate of glass in the sun. It took only one day to dry the apples.

(Another simple, no-cost way of drying apples or other fruit is told by Dr. Agatha Thrash in her book, "Eat for Strength." Place the fruit in flat pans on the seat of a closed car on a hot summer day. Roll windows down one inch.--Ed.)

"It is nice meeting old friends again here in Naples, having warm, sunny weather and gathering ripe tomatoes and citrus fruit. . . . There are a lot of activities in this area, so we are keeping busy one way or another.

ALUMNI NEWS

1928. VERA G. HUME, R.N. sent check for dues and SURVEY and wrote from Paradise, Calif. "I enjoy the SURVEY, although nearly every name mentioned is strange. But it does keep me posted on those that we knew who have gone to their rest. I was 23 years old when we went to Madison, now nearly 81, and going strong." Vera is the widow of the late Dr. Bruce Hume (Premed. '28)

1929. ELSIE (Sanford) HAMERLY moved from Seattle to Lacey, Wash., to be near her son, Eddie. She wrote: "I plan to be present the next time the 1929 class has a reunion. That I suppose will be 1979 if Jesus doesn't come first. I like it here. There is an active Dorcas, which I enjoy."

1931. LUCILLE RUSHING (MCA, 1931) was among several "pink ladies" honored at the Madison Hospital Volunteers Christmas party in December. She was included in the "This Is Your Life" feature, and given her 4,000-hour award. Mrs. Rushing lives just off the campus on Larkin Springs Road. Her husband, Hershell, died in 1968. Her daughter, Winafred Kelley '57, and husband, George, are employed by Johnny and June Cash, she as a nurse for John Carter Cash, and he taking care of the farm.

1937. J. T. WHEELER (N'32, B.S. '37), sends check for dues and SURVEY. He writes: "Thank you very much for continuing to send the SURVEY. You are doing a wonderful lot of good, and it is appreciated, I am sure, by all Madisonites. I enjoy very much all news items and know it means much work for you, but am sure it is an encouragement to all former students. I know the good work done there under God will mean the salvation of many. You have our prayers and support always.

I am living in semi-retirement now, but appreciate more than ever the divine principles learned during my school days there at Madison. Thank you again, and may God richly bless you as you carry on for us."

(Mr. Wheeler started Pewee Valley S-H in 1924 and remained there until 1945. After "retiring" in 1964, he helped reactivate the Albert Schweitzer Memorial Hospital at Balsam Grove, N.C.)

1937. VIOLA CARLETON (N'37), a life member, retired after many years on the Hinsdale S-H staff, sent a gift of \$10 and wrote: "I enjoy the news from Madison. . . . I am living at Bass Lake near Knox, Indiana. It is nice to be out in the country and enjoy nature. My classmate, Vesta Pifer Bishop, is still at Hinsdale and works part time. I see her when I visit Hinsdale."

1938. Dr. L. J. LARSON, former M.C. teacher and principal of Madison Academy, and more recently academic dean of SUC, has accepted the invitation to become development officer for the college at Keene, Texas. His wife, Mary, also taught at M.C. and presently is completing her doctorate at Texas Women's University. Daughter Elizabeth Ann, on leave from PUC, is also working on her doctorate at the same university. Son Karl is principal of the church school at Peoria, Ill. Dr. and Mrs. Larson

have long been in Adventist educational work in this country and in India, and were prominent members of the M.C. faculty. They were both keenly interested in Madison, and still are.

1940. Elder GIDEON HOCHSTETTER '40 has retired in Salem, Oregon, after 42 years of service for the Adventist church as a teacher and minister. At one time he was connected with Pine Forest Academy, Chunky, Miss. He was ordained in 1946, and served as a pastor in Canada, North and South Dakota, and Oregon. He and his wife (Flora Peterson), a former student at Madison, have two children, Harvey and Darlene.

1942. Dr. and Mrs. WILLIAM A. BRYANT '42 live in Woodbury, Tenn., where he is one of the physicians at Good Samaritan Hospital. Mrs. Bryant (Vest Dunn '42) wrote news of their children who graduated from Madison Academy. Son Gary (MCA '66), an M.D., is also in practice at the Woodbury hospital. His wife is the former Carol Gartman (MA '68). Daughter Nancy (MCA '71) is now Mrs. Durand Wagner. She graduated from East Tennessee State University in 1975, with a B.S. cum laude in Nursing. Her husband also graduated from E.T.S.U. with a B.S. in Nursing. They are both working at the same hospital.

1943. CONNIE Kontra THROCKMORTON (BS '43) sent a check for dues and gift to the worthy student fund, and wrote from Rupert, Idaho: "After 32 years perhaps I should write and say this old Madisonite is alive. I have been living in Idaho for almost 30 years. My husband, Jay, and I own an electronics sales and service store (Jay's TV Corner, with over 25 years in business) which keeps us both busy, and with God's blessing has provided the means to educate our six children in our schools. Judy, our only daughter, is assistant professor of nutrition in the School of Health, L.L.U., was married in Loma Linda at Christmas time. We also have an electronics engineer, a chemist, a welder, and two students in the family. One of these years before I get too ancient, I hope I can make it to Homecoming."

1945. Attorney JAMES HOPPS, son of Herbert and Ivanette Hopps '45, is general counsel for the North Pacific Union. He coordinated a meeting in November, 1975, of the 31 lawyers in the Union, at which law students were also invited. In an interview he stated, "It is almost impossible today for any organization, including the church, to operate without legal counsel."

The Hopps family has been connected with Hialeah Hospital for many years. Herbert Hopps (X-ray '45) is associate administrator of the hospital and son Cecil '58 is the director of E.M. and Trauma Department.

1945. ETHELYN (Jacobsen) REDDIG of Sylmar, Calif., is a life member of M.C.A.A.

1948. HELENE and BILL KNIGHT '48, Boone, N.C.: "We have very fond memories of Madison. So sorry it isn't still Madison College. It did so much for us. I don't believe we could have gone this far in our education had it not been for Madison

College. (Dr. Knight, a Ph.D., has been teaching at Appalachian State University. Mrs. Knight is an elementary teacher.)

1950. HENRY R. KNAPP '50 sent life dues from National City, Calif., and wrote the following friendly letter; "Thank you, Mable Towery, for sending me the MADISON SURVEY. It is like a letter from home. Please keep up the good work. I am still doing anesthesia at Paradise Valley Adventist Hospital in National City, Calif. (near San Diego). I've been here ten years. My wife Pauline (Burke) and I have two children. Our daughter is married--Shirley Baumbach--and they live at Kuna, Idaho. Son David is at home and in his last year at San Diego Academy."

(Henry and Pauline Knapp both got their nurses' course at M.C. but took anesthesia at Norwegian-American Hospital in Chicago.)

1950. ELSIE Stinchfield BROWNLEE (N'50) is on the nursing staff at the Hartsville, Tenn., hospital. Of her four children, John, the eldest, finished SMC's A.D. nursing course on the Madison campus in 1969, and is now taking Anesthesia in North Fork, Va. Jacqueline is married, James is working at an auto company in Nashville, and Judy is enrolled at Volunteer State Community College in Gallatin.

1950. JOYCE Jones MERRIFIELD (N'50) sent for a nursing pin and wrote: "I would like to tell you how much I enjoyed coming back to Madison for our class reunion. I just wish more of our class could have attended. I enjoyed seeing old friends more than I can ever say. A big 'Thank you' to all for such a nice visit."

1952. EDNA Atkin PEPPER '52 wrote in spring, 1975, of four months of illness and a bad fall, doing Ingathering in the dark. She has moved with her daughter in Jonesville, Wis. Keeping house, church work, writing to shut-ins, and making 102 of her own Christmas cards with a typed message has kept her very busy. Her daughter, Marguerite Howard, bought a big house for a children's foster home, "a work she loves," Edna wrote.

1953. Two CHEEVER brothers (Warren and Larry) came to Madison and earned their B.S. in Nursing ('53 and '52). They both graduated from Anesthesia in 1954. Warren's wife, Jewel, graduated from Nursing in 1953; and Larry's wife, Lois, in 1951. Both families live in Winter Park, Fla., where the men are doing Anesthesia.

* The following item appeared in TIDINGS: Karen Sue Cheever, daughter of Mr. and Mrs. Warren Cheever ('53 and '54) became the bride of Dennis Shafter on Aug. 10, 1975. . . . They are making their home at Collegedale, where Dennis continues his theological training, and Karen will complete her X-ray technician course.

1953. Mr. and Mrs. PAUL REMINGTON have accepted a call to Jellico Hospital, Jellico, Tenn. Paul, a former M.C. student, has had his own construction company in the Nashville area and is in charge of maintenance at this new Adventist hospital. His wife (the former Betty Peters, N'51) is director of nursing. For the past three years she has been working in Tennessee State Department of Public Health. The Remingtons recently moved to the Frances Dittes house on campus after Dr. Dittes moved to Mt. Juliet area.

1955. AMOS C. SELF (N '54, Anes. '55): "We really enjoy reading the SURVEY and catching up on all the news of Madison. We are living in Mobile, Ala. I work with an Anesthesia group at the University of South Alabama Medical Center. We run a School of Anesthesia and I am an instructor with the school. At present, we have 18 students in our school.

"Our oldest son, Charles, is a Ph.D., teaching Journalism at the University of Alabama in Tuscaloosa. Bob is a minister in the Carolina Conference. Don has been the manager of Radio Station WSMC-FM, Collegedale, until recently. He is now on leave attending Ohio University, working toward a Master's degree. Our daughter, Lisa, is in the 9th grade, and will be attending Bass Academy next year. My wife, Hervey, was a secretary in the School of Nursing when we were at Madison. She is at home, caring for her 94-year-old mother."

1957. LAVETA (Herber) GRAVES (N '57) has moved from Jefferson, Texas, to the Orlando area, where she is director of nursing at Florida North Hospital.

1958. Olga Howard, wife of BILL HOWARD (Anes. '58) sends news of three anesthesiologists in Loveland, Colo. Bill and Bob Williams (Anes. '67) are working together in anesthesia at Loveland Hospital and send greetings to their Madison friends. Just recently Robert Reynolds (Anes. '57) has moved to nearby Estes Park. Olga wrote that she and Bill hope to get to one of the Madison reunions.

1958. PAUL A. NIELSON sent dues from Hawaii, where he is an anesthesiologist at Castle Memorial Hospital. He and his wife, Phyllis, have three children--Doyle, Edie, and Rickie.

1958. LAURA D. AKERS (Anes. '58) of Titusville, Fla., did anesthesia until 1965. Her husband, Dr. Charles M. Akers, is a surgeon. They have three sons--Charles, who attends Memphis State University, taking medicine; Anthony, also at Memphis State; and Greg, in school at home.

1958. ORREAN ("Pat") GILL has moved from St. Cloud, Florida, to Costa Rica in Central America. He wrote: "I am retiring and moving to Costa Rica, the land of eternal spring. We want to continue to receive the SURVEY, but it will have to be sent air mail or we will never get it. It is good to read the SURVEY and keep up with classmates. I am a life member, but am enclosing \$5 for extra postage so you can air mail the SURVEY to me. I feel the end is very near, so I have bought land and will be where I can raise most everything we eat. I believe it is time to get out of the cities and get a place where we can live off the land. . . . We would welcome visitors if any of our friends are down this way."

1959. According to the REVIEW of 10-23-75, ALFRED TUCKER, formerly chief accountant at Portland Adventist Hospital in Oregon, has been given new responsibilities as assistant to the controller. While at Madison in the 60's, Alfred was chief accountant for M.C. His wife, Shirley (Weesner) graduated from nursing in 1959.

1960. MAUREEN DRAKE WATSON (N '60) is clinical instructor in the A.D. Nursing program at Odessa College, Texas, and is working on her Master's in Nursing (Med-Surg.) at Texas Women's University. Her son Wesley is in the first grade. She wrote: "The SURVEYS finally caught up with me and I sat down immediately and

read them all from cover to cover. I saw many names of people I know and love. . . . I'm looking forward to seeing many friends in the Kingdom, if not at one of the Madison Homecomings."

1962. LLOYD and LAURA HAMILTON (both '62) have moved from Plainwell, Mich., to Battle Creek. They are both working at Battle Creek Sanitarium, and their two boys are in the church school there. Laura's twin sister, Lorna (N '62), and husband, Ralph Meglemre (N '63), are in Osage, Wyoming, where he is working in a community hospital.

1963. ROBERT R. BOWES (MCA '61) took two years of college at Madison. He married Emma Jeanne Thompson and they have a young son, Bobby. He wrote last year in regard to Homecoming: "I'm writing to express regret that we can't be there. I'm finishing a Family Practice residency here at Glendale Adventist Medical Center, and planning to practice with my father, Dr. Roy Bowes, in Santa Ana, CA., temporarily until I can persuade him to move to a rural location. Personally, I'd be happy to go back to the South, maybe a dark county. We also have plans for continuing work in a mission station in Mexico or Central America, depending on how the Lord leads. . . .

"My wife, Emma Jeanne (Thompson), and I are interested in self-supporting mission work and would like to see the principles of Madison College utilized more. . . . Please turn this over to Mable Towery, as she likes to keep up with Madisonites and does a great job with the SURVEY. . . . We enjoy the SURVEY and appreciate her efforts to maintain the communication links among the Madisonites. . . . Hello, and Christian love to all our friends from Madison."

1964. CHARLOTTE Smith CEMER (N '64) sends check for SURVEY and dues. She writes: "I enjoy life in Florida with husband, Jack, and girls Susie and Brenda. Susie now is in the first grade. Brenda is not in school until September." Jack is connected with H & S Citrus Company of Ft. Pierce and handles the delicious Indian River oranges and grapefruit which delight the palates of residents on the Madison campus. Orders are with Mr. & Mrs. Emil Tetz, and profits go to the Elementary School on the Madison campus.

1964. Dr. JOHN E. CROWDER, former M.C. student, has successfully completed examinations for board certification in Psychiatry by the American Board of Psychiatry and Neurology. He is presently chief of the adult inpatient and emergency psychiatric service, Orange County Medical Center, Orange, Calif., and is assistant adjunct professor of Psychiatry and Human Behavior, University of California at Irvine, California College of Medicine. His paper on "Financing of Undergraduate Medical Education," was published in *Western Journal of Medicine*, Sept., 1975. John is a life member of M.C. A.A. and recently

* John sent a life membership for his mother, Ellen Crowder. What a nice gift! Mrs. Crowder is the new president of the Southern California chapter.

1965. BETTYE HEADRICK (Anes. '65) is an Anesthetist at Bedford County Hospital, Shelbyville, TN.

1966. BETTY Clarke LEFORT is staff anesthetist at Faithwest Hospital in St. Louis, Mo. Of her children, Susan is in her last year of the Medical Secretarial Course at a junior college in St. Louis; Peggy is a senior at Sunnydale Academy, and was chosen to be in "Who's Who in U.S. High Schools" last year; Jerry and Sharon are in Hillcrest School in St. Louis.

For Sale

Studies in Christian Education, by E. A. Sutherland and The Madison School, by E. G. White, \$1 postpaid.

(As a service to our readers we list other sources for other books.)

Wild Plants To Eat Workbook: 70 common plants in beautiful full-color photographs. Information includes identification, distribution, nutritional analysis, and delicious recipes. Ideal for schools, Pathfinders, and outdoorsmen. \$2.95. Quantity discounts. Outdoor Eduquip, Box 1283, Madison College, TN. 37115

Bralliar's Gardening Book Reprinted

A large half-page ad in the (Nashville) Tennessean (3-26-75) announces the reprinting of The Southern Gardener, "The Most Helpful Local Gardening Book Ever Written!" This basic book on gardening by Dr. Floyd Bralliar, former professor of Biology, dean, and vice-president of Madison College, and author of many books on nature, was written in 1946, when he was garden editor for the newspaper. It may be ordered from The Tennessean, 1100 Broadway, Nashville, Tenn. 37202. (Price, \$2.35)

ASI Convention, 1976

The next ASI convention is scheduled for September 14-18, 1976, at Portland, Oregon, with side trips to several points in Alaska--Anchorage, Kodiak Island, Dillingham, Nome, and Fairbanks.

For more information on the conventions and other ASI activities, subscribe to ASI News, General Conference, Takoma Park, D.C. 20012 (\$2 a year)

Laymen's Extension League Convention

We don't have the date for the LEL Convention yet, but it will be at Fletcher, probably in October.

Picture Identification

In response to our query re the picture in the December SURVEY of the two women drawing water from the cistern in front of the old Rural Sanitarium, LILA (West) LUNDQUIST wrote that she took the picture and gave it to Elizabeth Windhorst. She couldn't remember the name of one, but said she was a nurse who gave water treatments. Lila did identify Robbie Clator, who was a patient at the time.

"I was so glad for the December SURVEY, but saw the sad news of Alice Rahn's death. We were very close friends when in our teens and twenties. She was a niece of Mrs. E. A. Sutherland, as her father, Dr. Floyd Bralliar, was a brother of Sally Sutherland. Most all of my classmates are now gone. This June John and I will have our golden wedding. How time flies!"

"Wildwood Echoes" Makes Debut

The Wildwood S-H staff has launched Vol. 1, No. 1 of Wildwood Echoes, "A Journal of Healthful Living." Richard A. Hansen, M.D., is the editor; W. D. Frazee and G. A. Gilkes are associate editors; Warren Wilson is one of the assistant editors; Drs. Calvin and Agatha Thrash are consulting editors; Jean Kingry, wife of David Kingry '63 is editorial assistant; and Virginia Everett, daughter of Dr. and Mrs. Joel Everett '50, is art director.

Wildwood Echoes plans to focus on prevention of disease by natural methods.

There is no subscription price for Wildwood Echoes (Wildwood, Ga. 30757). It is supported by freewill contributions.

We Read It in the REVIEW

* Our eye caught an item on page 20 of the Jan. 22, 1976, Review, which was of interest for two reasons: First, it mentioned the Coulter-Knight evangelistic team in Minnesota, and we knew the Knight half of the team was "Eddy," son of Mr. and Mrs. Kenneth Knight '48. Second, the item related that the Coulter-Knight team had recently held an effort in an old church in New London, Minn., which was built in 1904. "The structure was built in 1904 at a cost of \$2400; 71 years later it took more than \$100,000 to remodel it." Note this: The church was built in 1904, the same year that Sutherland and Magan founded Madison, and is still in use. Even though \$100,000 was spent on remodeling, that would be far less than it would take to build a new church. (Read again "Oldies, but Goodies" re the preservation of old buildings in the December, 1975, SURVEY, p. 7.)

* One of the major school buildings at Madison has been demolished (Helen Funk Assembly Hall, built in 1922), and there is a rumor that Williams Hall may go next. Our administrators--conference, school, hospital--need our prayers for divine wisdom in their decisions.

McFarland Memories of E. A. Sutherland

An article, "Memories of E. A. Sutherland," by Dr. Wayne McFarland and daughter, Mary Margaret, appeared in Winter, 1975, Vol. 2, No. 2, of Adventist Heritage, a new magazine of Adventist history, published semi-annually by the Department of Archives and Research, LLU Library, Loma Linda, Calif. (\$4 a year)

The first part of the article was essentially an interview with T. A. McFarland, Wayne's father. We quote from the Editors Stump: "Here is obtained a personal and colorful account of the extraordinary E. A. Sutherland from an old adversary, Tilgham A. "Mac" McFarland."

The SURVEY editor was asked to help in furnishing some facts and pictures for this feature, and gladly cooperated, but was disappointed that so much space was given to a dispute between Sutherland and McFarland, which put the former in a bad light and is contrary to the image many people have of the great reform educator who did so much to build up the educational and medical work in the South. Sutherland died in 1955. T. A. McFarland died in early 1976. We hope to meet them both in the earth made new when all differences will be forgotten.

Incidentally, the same issue of Adventist Heritage carried an article on the late Lora E. Clement, daughter of Melissa Rankin Clement, and a niece of E. A. Sutherland

AUCTION SALE, MADISON ACADEMY. On Nov. 18, 1975, a public auction sale was held at the site of the barn. An accumulation of building and electrical supplies, kitchen and farm equipment, miscellaneous "junk" and some not so "junky" was sold, including the silo. Madison Academy received \$13,000 in profits. Jim Stevens was the auctioneer. Another sale is planned.

A GENTLE REMINDER

ARE YOU BEHIND on your dues or donations for the MADISON SURVEY? Please use the coupon inside back page. You may receive a tax-deductible receipt if you send \$2 or more. As you come in contact with other Madisons, ask them if they are getting the MADISON SURVEY & ALUMNI NEWS. If not, point out they are missing out on the best way to keep in touch with Madison.

* Two more names may be added to those contributing to the Edith Moore Memorial Fund--Anna Sorenson and Ila Mills.

Mary Hunter Moore

Mary Hunter Moore, a retired SPA employee, died in a hospital at Stevenson, Ala., Dec. 21, 1975. She was born in 1889 in Chicago. Her early education was at home because of frail health and deficient eyesight.

In 1907 Mary joined a group of helpers who assisted Elder V. B. Watts in a tent meeting in Siloam Springs, Ark., playing the organ and visiting. She also sold Watchman Magazine, never dreaming that one day she would be helping edit it.

She received her B.A. degree from Union College in 1914, having trained for teaching English. She taught a family church school in Pomona, CA., and for three years she was at Mapplewood Academy, Maple Plain, Minn., as dean of girls, English teacher, and librarian.

In 1920 she received a call to be proof-reader and librarian at Southern Publishing Association in Nashville. She accepted, thinking she would rest awhile from her teaching and then return to it. However, the call turned into a full-time career. Through the years she was approached a number of times concerning work at other places, and in 1929 she received a call to Madison College, but she was so attached to her work at the S.P.A. that she declined each time.

She did assist Madison College in the cataloging of its library, coming out from Nashville every weekend on a voluntary basis. The library at that time consisted of books lying around in boxes in front of what was then the school chapel, or the whole right wing of Helen Funk Assembly Hall. Later after the Drullard Library was finished in 1936 the former library space in the chapel was used for the chapel platform,

mother's room, and pastor's study. As the library grew beyond the time she could give it, she persuaded the administration to secure Mary Kate Gafford, who had some previous library experience in Texas, as their first full-time librarian.

Her older sister Julia made her home with Mary in Nashville for some years after retiring from public school teaching in Chicago. Miss Julia, who had been closely connected with Miss Jane Addams of Hull House fame in Chicago, preceded her in death, also all members of her immediate family. The only survivors known are a niece, Miriam Miracle of Calimesa, CA., and a nephew, Neal Moore of Riverside, CA.

Dr. William H. Lesovsky

Word has been received of the death of Dr. William H. Lesovsky in January, 1976, in Switzerland, while visiting in Europe. Dr. Lesovsky led a very active life, serving in Berlin, Austria, Czechoslovakia, Iran, Iraq and Syria. A native of Austria, he escaped Russian capture after the fall of Germany in World War II. He was resident doctor at Madison Hospital from 1955-6; psychologist at Washington S-H and Cedarcroft, 1956-63; on the staff of Fuller Memorial Sanitarium, South Attleboro, Mass., 1963; professor of education and psychology at AUC from 1963-70; and the last assignment we know of was teacher of German at AU in 1970.

Mrs. Josephine Clark

We are indebted to Betty Clark LeFort for information concerning the death of her mother, Josephine Clark, in September, 1975, of congestive heart failure. Mrs. Clark received her LPN at Madison in 1954, the same year her daughter, Betty, got her R.N. She was living in Lowndes, Mo.

Surviving in addition to Betty LeFort, of St. Louis, Mo., is her son, Ross Clark, of Ashland City, Mo., where he has been teaching school for three years. Ross, a former dean of men at M.C., earned his B.S. here in 1963.

Charles and Nellie Taylor

From the Review (2-19-76) we learn that Charles A. Taylor died at Portland, Ore., on March 4, 1975, at age 81. He and his wife, Nellie Fisher Taylor, who preceded him in death, spent nearly 50 years in educational work for the denomination, teaching in California, Montana, Idaho, Washington, Oregon, Alaska, and North Carolina. Survivors include a daughter, Jean Bruce, and a son, Charles Taylor, Jr.

The Taylors were influential in getting a 10-grade self-supporting school started at Banner Elk, N.C. How Madison and the Layman Foundation helped the Banner Elk school get started was quite a story and was mentioned many times in the SURVEYS of 1927-1953. The Taylors were there from 1927-30. Some years ago Mrs. Taylor did a valuable piece of research on early church

schools, writing to the first teachers of Adventist elementary schools, and compiled a file of letters which were placed with the G. C. Department of Education. At the time she wrote Dr. E. A. Sutherland, who is considered the "father of church schools", and received an interesting answer.

Elder John Brownlee

John Brownlee, 88, died Dec. 5, 1975, at Portland, TN. He was born in Scotland in 1891, and came to America at the age of 21. He attended Mt. Vernon Academy from 1914-1917. In 1918 he married Cornelia Pierce. To this union three children were born. He was ordained to the gospel ministry in 1921. For over twenty years he was engaged in pastoral and evangelistic work in Kentucky, Louisiana, Mississippi, and North Carolina.

In 1944 he connected with Madison College, where he spent twenty years, working in the dairy, bakery, maintenance at the hospital, and superintendent of the food factory. In 1947 he reorganized the food factory and made up formulas for four of Madison foods--Stakelets, Mock Chicken, Sandwich Loaf, and Sandwich Spread. As an elder in the Madison College church, he was active in home missionary and welfare work.

He retired at Portland, TN., in 1965, where he was head elder of the Portland church. After the death of his first wife in 1971, he married Jennie Lee Vest (a graduate nurse from M.C., 1928) a former worker of Madison Hospital.

He is survived by his wife, Jennie Lee; a daughter, Ann Cantrell (N '56) of Miami; two sons--John of Hendersonville, Tenn., and Matthew, of Houston, Texas; a step-daughter, Nelda Ackerman (N '56, Anes. '64.); and 9 grandchildren.

Tilghman A. ("Mac") Mc Farland

T. A. McFarland was born in 1884 in Honey Grove, Texas, and died in Riverdale, Md., Jan. 5, 1976, just after his 92d birthday.

After the loss of his father and mother, Herbert W. Huguley became his guardian for a number of years and left a strong imprint on his life. He went to Union College and became one of the first student colporteurs to win a scholarship. After spending some time at Glendale and Loma Linda, CA., he settled on a ranch in Brawley, where he and his bride, Mabel May Newton, began 63 years of joyous life together. He was a self-educated student of the Word, a penetrating inquisitor, a man of considerable diplomatic skill in dealing with people.

In the early thirties, E. A. Sutherland asked him to come to Madison and connect with Madison Foods. After serving as salesman for a time, he was asked to head the bakery and food factory. In later years he operated a ranch for his beloved friend, Dr. John F. Duge, in Hemet, Calif. His lively wit enhanced his dynamic personality, and even during his last illness his quick repartee brought a smile to those who cared for him.

After the loss of his wife in August, 1975, he found great comfort in relating how, when Jesus comes, he would take her hand and they would go home forever. He was ready for that glad day to come, and night and morning found him kneeling by his bedside in dedication. The "gleams of the golden morning" will be an awakening of delight to this man of hope.

He leaves to rejoice in this blessed hope his son, Dr. J. Wayne McFarland, associate director of the G.C. Department of Health, and two granddaughters Patricia Foll of Kettering, Ohio, and Margaret Benton of Ann Arbor, Mich.

(We are indebted to Mrs. Wayne McFarland for furnishing information on the foregoing obituary of her father-in-law, T. A. McFarland.)

Bessie Parker Weir

Bessie Parker Weir was born in Lebanon, Missouri, in 1907, and died Jan. 14, 1976, at Madison Hospital. Much of her childhood was spent in Kansas. She graduated from Enterprise Academy in Kansas, and received her R.N. from Loma Linda School of Nursing. In 1930 she married Irvin Marshall Weir, who graduated in 1936 from C.M.E.

Mrs. Weir spent the major part of her adult life in the South, serving as a nurse. She spent some time at the Good Samaritan Hospital at Woodbury, Tenn.; and at Florida Hospital in Orlando; but most of her nursing years were spent at Madison Hospital, retiring in 1971. For about 17 of her years at Madison Hospital she was the operating room supervisor.

She was a charter member of the Madison Boulevard Church. Among those that remain who will miss Bessie Weir is her long-time friend, Miss Betty Thorgeson, with whom she shared her home. Survivors include a daughter, Mrs. Ruben Lopez, of Madison, a son, Odie Weir, Angwin, Calif., three sisters, three brothers, and six grandchildren.

Albin Johnson and Martin Johnson

Two Johnson brothers, former students at Madison in the twenties, have passed to their rest. Albin E. Johnson, died Dec. 30, 1974, at Monteagle, Tenn., at age 82. He worked as a colporteur in Tennessee. Surviving are his wife, Irene, of Monteagle, and two daughters. Martin Johnson died Feb. 5, 1976, in a hospital in Weslaco, Texas. Survivors are his wife, Ela, and daughter, Kay, who attended M.C. One of the Johnson sisters, Edith '58, has retired and is living just off the Madison campus after working for 15 years in the diet office of Madison Hospital.

We have recent word of two deaths--Jeshar Gardner (Van Campen) Griswold (N '48, B.S. '50) and Dr. Robert Gallagher '39--but since no one gave us particulars, we could not write obituaries. We do wish someone would notify us at the time.

Jeshar Gardner (Van Campen) Griswold

Mrs. Griswold was at one time director of nursing here at Madison College. She had two daughters, both of whom graduated from M.C. Both are married to doctors, who took premedical at Madison--Uriel, wife of Dr. Maurice Guest '47, Tampa, Fla., and Mary, wife of Dr. O. R. Thompson. The last address we had for Mrs. Griswold was Stockton, Calif.

Robert Gallagher, M.D.

Robert Gallagher finished premed at M.C. in 1939 and became an M.D. at CME in 1951. During World War II he served his country in Burma and China. His wife, Sibyl Smith, graduated from Nursing in 1939 and lives at Whittier, Calif.
