

The Madison Survey

and ALUMNI NEWS

Vol. 59

March, 1977, Madison, Tenn.

No. 1

Remember Homecoming June 17-19

Graduates, former students and staff, friends of Madison College and Academy are cordially invited to the 1977 Homecoming on June 17-19. This year the honor classes are hospital paramedical classes of 1967 (ten years ago); M.C. classes of 1952 (25 years ago); 1927 (50 years ago); and 1937 (40 years ago). In fact, we'd like to honor any graduate or any "finisher" of 40 or more years ago, no matter what class.

This year to answer a special request we are also honoring Madison Academy class of 1957 (20 years ago).

Of course, all others are welcome, so come if you can. A letter and lists of Honor Classes is being prepared to send out.

The first meeting starts Friday evening, June 19, at 7:30. Try to arrive in time Friday afternoon to register at the alumni office which is now located on the right-hand side of the old Demonstration Building, back of Druillard Library. The "Dem" building, formerly used by both academy and elementary school, is now used only by the latter.

All Homecoming meetings will be held in the Madison Campus Church across from the hospital. On Sabbath a potluck dinner and a supper will be served. The hospital does not serve breakfast, but will be open to visitors on Friday and all day Sunday.

Please do notify us if you plan to come, even if you plan to stay with relatives or friends, as it will help in preparing for the two potluck meals on Sabbath.

At this writing it is uncertain how many rooms on campus will be available, as most of the Nursing dormitory space will be in use. Often people who come have relatives or friends

here, and we hope arrangements can be made for many of those who come.

There are two motels in Madison-- the Madison Motel at 625 Gallatin Pike, Tel. 615-865-2323; and the Madison Square Motel across from Madison Shopping Center at 118 Emmitt Ave., Tel. 615-865-4203. (Please make your own reservations, but do let us know if you plan to come.)

Telephone numbers for the alumni secretary and office are given on the back page of the SURVEY each time.

* In 1969 Madison Academy started to hold their own Homecomings at a separate time. For the past few years they have joined with the college. All former and present academy graduates, students, and staff are invited and welcome to join with the college Homecoming on June 17-19.

* Some extra M.A. annuals are available for 1966, 1967, 1970, 1971, and 1972. If you wish one, send a dollar to cover cost of wrapping and mailing.

Madison Reunion in California Loma Linda, Sept. 25, 1976

The Southern California Chapter of M.C. got together on Sept. 25, 1976, at the Fellowship Hall of the University Church in Loma Linda, with 45 people present. The group enjoyed a potluck supper coordinated by Mrs. Ellen Crowder '54, chapter leader for the past year, and Mrs. Agnes Johnson '50. Dr. and Mrs. Roy Bowes ('46 & '57), of Santa Ana, CA., were elected as leaders for the coming year.

COMING EVENTS

* Youth Medical Missionary Workshop, Yuchi Pines Institute, Seale, Ala., June 5-24, 1977.

Madison College and Academy Homecoming, June 17-19, 1977

A.S.I. Convention, Sheraton Hotel, Gatlinburg, TN. Oct. 26-30, 1977

(The L.E.L. meeting will be held in conjunction with the A.S.I. convention)

Hospital News

Robert Trimble, New Administrator

Robert E. Trimble, former administrator at Hialeah Hospital for the past eleven years, has become executive vice-president at Madison Hospital.

Mr. Trimble succeeded Homer N. Grove who became director of information processing for S.A.H.H.S. (Southern Adventist Health and Hospital System), with headquarters in Orlando. (Donald Welch is president of S.A.H.H.S., and "Billy" Wilson is a vice president.)

Mr. Trimble was active in community and church work in the Miami area before he came to Madison, and has served as a vice-president of A.S.I. His wife, Callie Catherine, is an R.N. They have 3 daughters, Teresa, Tamara, and Toni.

* HERBERT HOPPS '45, who had been serving as assistant administrator at Hialeah Hospital in Florida, has succeeded Robert Trimble as administrator there.

P. M. & R. C. B. Rayburn, formerly head of Physical Medicine at M.H. has transferred to the King Faisal Specialist Hospital and Research Center in Saudi Arabia. Ivan Peacock, former head of Physical Therapy at M.H. and now head of the department at Highland Hospital, has been filling in on a half-time basis at M.H. His wife, the former Martha Soule, graduated from M.C. in 1953.

ADDRESSES WANTED Honor Classes

Information is needed on the following names. Please write the M.C. alumni office if you can give address or other information.

1927: Bertha Morgan Geppert, Roy Hunter, Harold Jeffs, Alfred Okohira.

1937: Harry Lewe, Delbert Liu, Harry and Mary (Pooser) Sorenson, Mary (Asalenko) Carman.

1952: Helen Burg, Retta Wiles Robinson, Alice Furber, Frank Humphries, David Killion, Adolpho Jarmillo, Mervin Rigenback, Charles Wang, Sue Weems.

* Madison Academy, Class of 1957: Patricia Ann Goodman, Gerald Lee Johnsons, Don Meister.

Other Addresses Wanted

* Robert and Patricia Lawry '58.

* We had an inquiry re Rose Naegler, and found that she married Raymond G. Norris in 1948. The SURVEY of Feb. 22, 1955 lists her as a senior nursing student in 1955, but we do not have a card for her in our alumni file, and are seeking information.

* Can anyone help us with information on two Ruth Nelsons who attended M.C. One was Ruth Nelson Solomon, '40 a teacher. The other was Ruth Nichols Nelson, here around 1950, taking pre-nursing.

New Magazine on Country Living

Many of our readers will be interested in a big, beautiful new magazine on country living, titled, Doubletree Country. This new quarterly publication is said to be filled with practical, down-to-earth articles on how to move to the country, and what to do after you get there. Underlying its contents is the basic philosophy of Ellen G. White. Special introductory price is \$5 a year (regular sub. price, \$7.50) Address - Doubletree Country, Box 1321, Walla Walla, Wash. 99362

SMC NURSING COURSE Madison Extension Campus

Seventy-six S.M.C. nursing students are spending the second semester of their freshman year on the Madison Campus. Two of these are young men, the others young women. Because the residence hall is not large enough to accommodate all the girls, nine are living in Annex 1, which was also used the first semester, nine in Annex 2, the former Degraw-Sutherland house which has been transformed into an attractive home, and four in a mobile home owned by SMC. The two men are living in another SMC mobile home. Mrs. Dottie Garner is dean of all the students.

The faculty for the second semester, practically the same as it was the previous semester, is composed of the following: Patricia Scott, coordinator; Ruby Birch, Bobbie Platt Millburn, Caryn Grimaldi, Wayne Bechthold, Paul Lange, clinical instructors; Mrs. Mary Casler, Psychology; Mrs. Elizabeth Watson, Sociology; Mrs. Donna Evans, freshman English; Elder Oliver Maize, religion. Elizabeth Cowdrick is the librarian. Mrs. Dottie Garner, dean of students, is assisted by Donna Donesky in Annex 1, and Carolyn Cothren Niemeyer in Annex 2.

This semester, as has been the case in previous semesters, some of the students' parents are former M.C. students or teachers or have lived in the Madison area.

Among the list of names we noticed the following: Marcianna Crook, daughter of Stewart Crook '57, who is new head of the Music Department at Georgia-Cumberland Academy. Carolyn Cothren Niemeyer (M.R. '63), of Collegedale, TN. Tamara Goggans, daughter of Mr. and Mrs. Noel Goggans (Anes. '58), of Purvis, Miss. Cynthia and Linda Henderson, granddaughters of Carl Henderson, '27, of Lawrenceburg, TN. Carolyn Harris, daughter of Ruth Dysinger Harris of Dalton, Ga. Jeannie Penner, daughter of Elder Bernard Penner, auditor of Southern Union, and granddaughter of the late Myrle Tabler (N'53).

* Two annex houses and a trailer were necessary to provide for all the young

women nursing students for the second semester. One annex is the former E. R. Moore residence across from the hospital. Annex 2 is the former DeGraw-Sutherland home near Drullard Library, which has been remodeled. Nine students and a monitor occupy this house. (We lost out in getting this building for a Heritage House, but we are glad it is being preserved.)

School of Anesthesia News

Among recent Anesthesia graduates at Madison Hospital was BERNARD DEVASHER who received the Agatha Hodgins award for the top Anesthesia student of the year 1976. (Miss Fairra Roddy was the recipient in 1975, and Miss Hazel Bluhm in 1974.)

DeVasher formerly taught Science at Fletcher and Highland Academies, and while taking Anesthesia taught Chemistry to Anesthesia students at M.H. He is now an Anesthetist at Nashville Memorial Hospital. His wife, the former Mary Stover, R.N. from Fletcher, graduated from Anesthesia at M.H. in 1968 and has been an instructor in the School of Anesthesia for several years. The DeVashers have one child Alescia.

* Other graduates in DeVasher's class are GARY BARBER, DAVID SHULTZ, and JAMES KENNEDY. All three are presently working at St. Thomas Hospital in Nashville. The latter is a son of Mr. and Mrs. A. J. Kennedy who have a nursing home in Columbus, N.C., and a grandson of Glenn Klady, former student of Madison. Mrs. James Kennedy (Varenda) works in personnel at M.H. Another son of A. J. Kennedy, Allen, graduated from lab at Madison in 1972. He and his wife are at Etowah, TN., where he is assistant administrator of a hospital.

* Mrs. Ann Wiseman is the new instructor in Chemistry in the School of Anesthesia.

* Madison Hospital Anesthesia students recently scored an average of 27 points higher than the national average, according to Bernard Bowen, educational director of the school. Of 700 anesthesia students thruout the U.S. taking the qualifying exam for nurse-anesthetists the national average score was 180. The average for M.H. students was 207.--Madison Community News, 2-3-77.

Holiday Greetings

(In the Dec. 1976 SURVEY we reported on a few Christmas letters received; at a time only a few had come in. Since then we have received a number of other greetings.)

Herbert & Dana Tarnor, Baltimore, Md.

Herbert and Dana (Slater) Tarnor, have bought a house in Baltimore, Md., where Herbert is teaching 9th grade Chemistry in a city school. They have two daughters--Shana in 5th grade, and Rina in 2nd. Dana (Dale) is working for the North Central Maryland Lung Association. She says, "I take 'Smoking Sam' with me to 5th grades in three counties, and talk on smoking. The children are always attentive. I think they appreciate what I say to them about their lungs."

Herbert and Dana were students at Madison in the early 60's. She worked in the alumni office while attending college, and wrote to this editor on her Christmas card: "It will always be considered a privilege to have worked with such a fine woman as you. I've tried to remember some of your good habits and put them into practice. Thank you for all the wonderful things you have done in my behalf. I hope you are well and happy. We love you."

Dr. & Mrs. John Crowder, Laguna Beach, CA.

Doctors John and Anna Mae Crowder sent a copy of their Christmas letter from Cerritos, CA., but announced that they would be moving in March to Laguna Beach where they are buying a house. They say: "The house is an old one (pre-1929 vintage) located on three-fourths of an acre about 15 minutes walking distance from the ocean. After we get settled down we will welcome everyone who comes our way."

Dr. Anna Mae Crowder finished her residency in ophthalmology at White Memorial Medical Center in June 1976, then took a 10-week basic science course at Stanford University. She is practicing part time in Huntington Beach and Bellflower, CA.

John has an impressive list of degrees and achievements. He teaches medical students and operates the adult inpatient psychiatric service at the University of California Irving Medical Center in Orange, CA. He also does some private practice. Previously was certified in Psychiatry by the American Board of Psychiatry & Neurology, and in 1976 was certified by the American Board of Family Practice. So now he is a Diplomate of two boards.

Marion Simmons '43, Sri Lanka (Ceylon)

After a tour of duty in the Far Eastern Division, with headquarters at Singapore, Marion Simmons, former student and teacher at M.C., "retired" at Hendersonville, N.C. Then she was called back again for one year to teach again at Lakahana Adventist Seminary in Sri Lanka (Ceylon). She wrote the alumni office near the end of the year, just before leaving. However she was not coming back to the States, but was going to Spicer College to help there for three months.

Charles Aebersold '42, Louisville, Ky.

Dr. Aebersold sent a copy of his annual letter and a picture of himself, which we appreciated. He has been traveling again, this time to Iceland, and several countries in Europe. He says: "I have visited 31 countries and 49 states up to now. What a pleasure it would have been to have you along on one or more of these journeys! We can learn so much from our contacts with other people and their lands. . . . Weren't our '1976' celebrations great? We can be so proud to be Americans with so many opportunities, privileges, and freedoms. Each time I return to the U.S.A. I feel good about being an American."

* STANLEY & ELGEVA HALL'S letter told of his retirement Feb. 1, 1977, and their move from Los Altos, CA. to North Fork, CA., near Fresno. They are looking forward to welcoming visitors.

* A Christmas card was received from ANN STORER (N'63). She and husband Gene live in Dayton, Ohio.

* LLOYD & LAURA HAMILTON '62 sent their Christmas letter. They are both working at Battle Creek S-H.

Frank Judson '38, Watsonville, CA.

Velda Judson sent a 2-page duplicated letter from Watsonville, CA., full of news about the Judson travels via "bunk house," and their three daughters and families.

Frank has been superintendent of Agriculture at Monterey Bay Academy since 1970 and plans to officially retire in 1977. This oceanside school at Watsonville, CA. was said to be the largest boarding academy of the denomination with 496 students last year. One unique feature of M.B.A. is that all students are required to work several hours a day. The school has a large dairy

operation. After a long struggle and seemingly endless red tape, they were able to get approval for new dairy facilities in spite of the fact that the school was located in a resort area. Milking began in the new dairy barn on Sept. 19, 1976.

Daughter Jeanette, a dental hygienist married Patrick Moore and lives in Arizona. Donna is married to Ray Washburn, and they live in the old Judson house in southern California. Marilyn, an R.N., is married to Dr. Lee Carter. They live in Orlando where he is taking a residency in Family Practice at Florida Hospital, and she is a part time instructor in S.M.C. School of Nursing, Orlando Campus.

Frank and Velda plan to attend Homecoming in 1978 when his class of forty years ago will be honored.

* Frank Judson's great nephew is Dr. Larry Grimaldi, who is presently practicing dentistry in Madison.

Wilma Gill, Kendu Hospital, Kenya, East Africa

(Wilma Gill '53 wrote her Christmas letter on pretty stationery, with the African motif—wild animals at the side, also a beautiful Kenya stamp to add to our stamp collection. She said she was enjoying the new Kendu Hospital.)

"We have 65 nursing students in our mid-wifery and enrolled nursing classes. They are the work force of our hospital and are doing a great work for God. Our last class of 12 graduated with 7 credits and one distinction. We are proud of all of them.

The Lord's work is closing in many places. In Ethiopia our hospital was taken by the government. In Beirut war has closed our college. What next? We want to place our treasure where it will be safe. . . .

We wish you all God's blessing in the New Year. We really appreciated your gifts in the past. Don't forget us with your gifts of money, clothes, Christmas cards, Guides, Sabbath School supplies, and above all your prayers." Address, Mrs. Wilma Gill, Box 5059, Kendu Bay, Kenya, East Africa.

* ELIZABETH STEEN '45 sent a copy of her annual letter from Blythe, CA., and enclosed a copy of the obituary of her mother, Dr. Ada Crawford, who died Dec. 7, 1976 (see back page). Elizabeth plans to retire at the end of this school year after a long teaching career. She gave news of her three children, all of whom she had visited. Daughter Roberta Brown lives in Colorado Springs. Son Charles lives in Texas City, and has 8-year-old twin boys. Son John is in the Navy in San Diego.

(We were unable to include several talks at the 1976 Homecoming because of lack of space and time to edit. These were recorded on tape, and we hope to present one or more in this and future issues of the SURVEY.)

Dr. Roy R. Bowes, Santa Ana, CA.

I am sure that we have not followed entirely the instruction Ellen G. White gave us many years ago, and consequently we have suffered for it. Our educational and medical work really hasn't been carried to its fullness. And now we are at the grandest time of earth's history to be living as Seventh-day Adventists. . . . It really behooves us to prepare ourselves and to try to prepare the coming leaders to the place where they will think along the line of real missionary, down-to-earth educational work that will really stand for something. . . .

Recently I rode from Lima, Peru, with Archbishop Murray. We talked about educa-

tion, and I told him how at Madison College as a student I was working in the soil with the teachers. He was very much impressed and voiced his opinion that that was real education. That's something that stays with people. It makes them valuable assets in their communities. . . . Thinking people will agree that the nearness of the Lord's return is at hand. . . . They will agree that what we have in this world is really nothing to cling to. If we are not preparing for an eternity of something much better, we really have wasted our time.

I am seeing more and more the importance of health education. It is very important the world over, and health educators are needed. I hope that any plan that has to do with education here or elsewhere will place considerable emphasis on health education, teaching people how to stay well, and not just trying to patch people up after they are half-killed. . . .

Importance of Health Education

Health education is very important. There is nothing better as an entering wedge. The program carried on at LLU now is being sponsored by the American Cancer Society. They have given Loma Linda a million dollars to do this. There are 70,000 SDA's in California enrolled in this health study. It was started about 25 years ago. . . . It was shown to the world that Adventists don't drink or smoke; consequently they have very little cancer of the stomach; and our life span is from 5 to 7 years longer than the general public. And so people are asking, What is it that SDA's do or don't do that makes this difference? . . .

I am a representative for Orange County. . . . We have already sent out one set of questionnaires (the census type) to the family head, who writes about the whole family, and now we have the life-style questionnaire going out. It's an anonymous type of thing, because some of the questions are quite personal. Everyone is given a number, and nothing will be divulged that would embarrass anyone. Now they are really getting down to the nitty-gritty of the situation as to how long a person has been an Adventist. . . . Have they been vegetarians all their lives? Have they ever smoked or used alcohol? Where have they lived? It is very scientific and important. The information will be known to the public, and it will be an entering wedge to talk with folk.

My SDA patients tell me they are glad for the medical knowledge they have received in our schools. Even those who didn't study medical things seem to know more than the average person about health. Mrs. White tells us that if we can give people help about their health problems and have some medical knowledge, they will be willing to listen to us about our religious ideas.

Church Packed Monthly With 5-Day Plan

I have been carrying on a five-day stop smoking program in our church since October of 1970. . . . We held it consistently every month, and have put through about 15,000 people. We have a hall that holds 250 to 300 people, and we have to turn people away every month. Since people may have a hard time trying to remember the date, we hold one the first Monday of every month. The doctors and the health people in the community know that such and such a day at 1325 Durant Street in Santa Ana there will be a stop-smoking clinic. The newspapers give us coverage, as we are particular not to push our religion.

We have many friends. We have 15,000 names who would be interested in something else in this line, if we would let them know. There's a large number of people in Orange County—two million people, so we have a great field to work. People are appro-

when they realize you are giving of your time and effort, with no remuneration. They come and bring their friends. Many come back to the program because their friends told them about it.

Update on Roy Bowes Family

Since we left here in 1963, I might give you a short update of my family. Both of the boys (Bob and Larry) have finished medicine. Robert took one year of college here at Madison before we moved to California. Both finished at PUC, and then went to Loma Linda. They have both finished their specialties—Robert in family medicine, and Larry in ophthalmology. Both of the boys are married, and both of the girls. My oldest daughter, Karen (Getchell) works in my office. My youngest child, Elizabeth, (most of you remember her as "Lil a Bit") has finished the four-year nursing course at LLU. A few weeks ago she married Gary Dickerson.

My wife, Dena, decided a long time ago that she wanted to be a nurse, but never had the opportunity. She had taken up elementary education at Madison and got her B.S. in 1957. After we moved to California, my wife enrolled at LLU and became an R.N. in 1972. I came back here after I finished my Navy work. I had been a physician for about five years, but I lacked a little, so I took some more classwork and got my B.S. here at M.C. in 1946. . . . Madison is our children's home. Three of the children were born right here on the campus, and Bobby was only a year and a half when we came. So the South is their home, and they look to their early schooling at Madison with fond memories. The time may probably come when they want to return to this part of the country for their life work. . . .

I was much impressed with the enthusiasm Elder Tucker has shown. I wonder if I can do half what he is doing when I am 89. I do hope that you who have half the influence and half the energy that Elder Tucker has will work toward reviving the type of education that E. A. Sutherland and Percy T. Magan started here 72 years ago.

Madison has been a spectacle to the world as to how education should be carried on. I feel that the days ahead will be times when this type of education will be more needed and more appreciated, not only by our own people, but by the world at large, and we will be an example to the world.

We have failed to carry out much of the instruction we have had and we have lost thereby, I think of the Kinney treatment. It was known to us as a people long before Sister Kinney. I think of our whole educational setup, it is wonderful. Many got an education, but probably too many run a bit short on true education, and especially on the ABC's. . . . Whether the educational program can be reached at Madison or whether it has just served as a catalyst whereby other schools could be started, I don't know. . . .

I was born in Sioux Falls, S.D. and grew up there. I've had the opportunity of obtaining the academy that was recently closed in South Dakota by our denomination, and it would make a beacon light for our work if something of the Madison plan could be started there. Some of the property is still there. The need is possibly not for property and buildings, but for people who have leadership ability and a dedication and desire to see this type of work go through. I am sure that success lies in inspiring enough people to step out and do it. . . .

We should not be congregating in the big cities and around our institutions. I remember talking to Dr. Sutherland when the college had 500 students. It was larger

than SMC or SWJC, and as large as Union College at that time. I still remember what he said: "Oh, that Madison could be five Madisons with 100 students each, rather than one Madison with 500 students!" So in making plans remember that quality counts most when it comes to true education and the work that can be done in preparing others for a place in God's kingdom.

Marvin Meeker at Homecoming, June, 1976

I spent about ten years on the Madison Campus and I enjoyed it. I am always glad to say a good word for Madison. We left here nearly 40 years ago, and have been witnessing for Madison ever since. Five of us came here first in 1924--my father and his mother, my sister and brother and I. I left in 1926 and came back in the fall of '29, about the time Margaret Coffin (my wife) and her brother, Carlos, came. In the spring of 1931 Margaret graduated from two-year college and I graduated from the academy. There are several of my class here today--Dr. Wayne McFarland and Elaine Leslie Tucker. . . . Stanley Hall's sister, Patricia Black was another. . . .

I took some college work and was also a school worker, we used to call it. I worked in the machine shop, and later had charge of the heating plant. But going back in 1920 I worked in the boiler room at the sanitarium. In those days all the campus was on kerosene lights. The only place they had electricity was in the san. We had a D.C. generator that charged batteries. At night we shut the generator down, and they had what light the batteries produced for the night. . . .

At the present time we live in Lincoln, Arkansas, near the Oklahoma line and Ozark Academy. A branch of Brandon Church Furniture near the Ozark Academy campus furnishes work for students. . . . I met an old acquaintance from Keene there and he said, "Come over and see us." I went over to see him, and since then I have been doing maintenance work at Brannon's. We like Arkansas. We moved there from North Carolina around Asheville. . . . You can hardly tell the difference weatherwise between the two states. I am glad to be here. This is the first Homecoming I've attended.

LETTERS

* A letter from G. EDWIN LUNDQUIST states: "I am a nephew of John Lundquist. I am completing nurse's training at Fletcher, which has many ties with Madison. . . . As of the first of September, my wife and I plan to be at Wildwood Sanitarium and Hospital, Wildwood, Georgia. . . . We attended John and Lila's 50th wedding celebration. May God bless the work of your organization."

Lucian C. Scott, Bryant, Ala.

I am especially thankful for the guiding principles I learned during my short stay at Madison during 1908 and 1909 and the fellowships formed during the yearly conventions. I remember so well the convention of 1909 when Sister White spoke to us briefly on her return trip from Washington to her home in California. I think this was the first convention held. . . . I'm enjoying good health and take pleasure in raising many kinds of fruits on my few acres.

I was very sorry to learn of the disposal of Williams Hall, but was glad you let it be known through the columns of the SURVEY. It seems to me that the con-

stituency of the Southern Union should know what is being done to usable buildings on the Madison Campus. We must learn to press together in fulfilling the gospel commission. . . .

I am pleased with the progress being made with the Wildwood Sanitarium in getting many new places started, and believe this good work will continue to grow.

Gladys C. Rabuka, Armstrong, B.C. Canada

Mrs. M. M. Rabuka '47 sent the address of nephew Eugen Domke, former M.C. student, now employed in the engineering department of Portland Adventist Hospital in Oregon.

She also wrote of her pleasure that there are now two self-supporting schools in British Columbia, Canada. The first was Silver Hills Institute at Vernon, B.C. The second is Earls court Farm Youth Training Center, Lytton, B.C. where Mr. & Mrs. Kwiram are heading up the school. Mrs. Kwiram is the former Elsie Penner, whose sisters Tina and Nettie attended Madison College. Nettie Penner (Kilba) and her sister Tina both graduated from Medical Records in 1958.

* Margaret Eley, Wadsworth, Ohio was a Dietetics student at M.C. for three years. She is now a home instructor for the Akron, Ohio, board of education. She wrote recently to give us the address of Frank Gillin in College Park, Md. and renew her SURVEY sub. She said she enjoyed reading the SURVEY.

Albert Kephart, Lompoc, CA.

Although we are retired, each day challenges us with things to do. . . . Life has been much the same for us. We have slowed up a little. We have met no great tragedies or disasters during the past year, and have had many precious experiences which we treasure. . . . Creaking joints may register the toll of 7 decades, but we rejoice in the promises of Titus 2: 11-13 (N.E.B.), and Desire of Ages, page 356. . . .

Nostalgia nearly overcame me as I read the September, 1976, SURVEY, and saw the names of so many workers and students with whom I was associated when at Madison. . . . What are we doing, each one for God now, and what is our relationship to Christ and His righteousness? These are the important questions to face, every day, not to be yearning for the Madison that was. . . .

Please publish my greetings to all who knew me in producing that enormous crop of sweet potatoes or who helped consume them in 1926 I think it was, and to those who knew me as a worker in the tailor shop from 1926-35; or in the cleaning shop from 1935-42; or at Fort Oglethorpe, 1942; or at Parkview, Madison, as head nurse from 1954-6, or at Chestnut Hill as a substitute for Mrs. Ard 1927-9, or as teacher at Lawrenceburg church school during the summer of 1929 before cotton picking began, or who ever appeared at a before-breakfast working bee with Dr. Sutherland, Mother D., and Mrs. Scott.

I have served in several different capacities here in the Lompoc church -- primary leader in Sabbath School, V.B.S. work, and manager of the school demonstration garden. The produce from two small plots contributed over \$100 towards the school fund. . . .

While attending a workshop for nutrition school instructors at LLU in July, I found the director of the lecturers to be none other than Dr. and Mrs. U. D. Register. They are certainly holding the flame of truth high.

Please extend my greetings to the Ards at Chestnut Hill. Also Mrs. Clara Goodge at Little Creek--what a treat it was to attend her vocal programs, or listen to her solos in church. Her daughter, Alice Straw, said some things reported in the September, 1976, SURVEY that warmed my heart.

Leslie V. Morris, Riverside, CA.

Though neither my wife Doris nor I graduated from M.C., we both did take class-work there and were on the staff for several years. We both feel that we are part of the Madison family and send our greetings, and invite visitors.

We left Madison in 1963 to go to Middle East College in Beirut, Lebanon. Mary, our oldest daughter, graduated from Vincent Hill School in India, took a year's work at Middle East College and returned to the States to attend S.M.C. She is now married and lives in Alma, Mich.

We returned to the States in 1968 and went to Cedar Lake Academy. Ther I taught physics, math, and aviation ground school. Our children David and Sharon both graduated from Cedar Lake Academy and David went on to Andrews to take aviation mechanics. Doris taught secretarial science and English at Cedar Lake and attended A.U. to complete her B.S.

In 1973 we moved to Riverside, CA., where I am employed as a food research chemist for Loma Linda Foods. Sharon graduated from the La Sierra Campus of L.L.U. with an A.A. degree in Medical Secretarial, is married, and works in the registrar's office on Loma Linda Campus. David is working at an airport here in Riverside. He has a commercial pilot's license. . . . Doris works as a secretary in the Southeastern California Conference.

Sylvia Maltby '51, Cheyboygan, Mich.

After spending 15 years on the staff of Little Creek School and 7 years at Geer Memorial Hospital, Caanan, Ct., as secretary to the administrator. Sylvia Maltby '51 has transferred to Cheyboygan, Mich., where she has radically changed her profession from secretarial work to teaching. In September, 1976, she answered the urgent request of missionary-minded Dr. & Mrs. R. F. Snide to come and help in their church school. Most of the children are from non-Adventist homes.

Sylvia was in the Honor Class of 25 years ago last year and attended Homecoming. She wrote: "It surely was a great pleasure being able to attend the Madison Homecoming, and I so much appreciated all the weeks of long hours of work you must have devoted to contacting everyone, getting the program, meals, and housing all arranged. I am very grateful to you, also, for sending the list of all of the graduates in 1951 with their current addresses. You did a marvelous job with the whole affair, and it would not have been without your inspiration and perspiration."

When we learned that Sylvia was about to change jobs, we urged her to come back to the Madison area and give us an assist in the alumni office, where we are in great need of a loyal believer in keeping the Madison spirit alive and the SURVEY going out. She felt the burden, but felt a greater burden to respond to Dr. Snide's call.

After reading the Dec. 1976 SURVEY, Sylvia wrote: "I couldn't stand to have the SURVEY die and there be nothing or no one to replace it and keep the alumni news coming. It almost gave me a lump in my throat to see that picture of Williams Hall, filled with so many memories, and think of its no longer being there, and for no good reason, as you said. You and Elder Tucker surely tried hard enough."

ALUMNI NEWS

Dr. Gertrude Olsen Saxman, Ulen, Minn.

My brother, Humphrey A. Olsen, taught at Madison College about 1931-2. He was there two years I think, and taught in the English department while the regular instructor was at Peabody. Humphrey spent some years in Baptist colleges in the South as a librarian. . . . He is retired now in Williamsburg, Ky. We are grandchildren of Elder O. A. Olsen. Two of my cousins were students at Madison.

Emil Messinger '42, Chunky, Miss.

Mr. & Mrs. Emil Messinger are located in Chunky, Miss., where Emil is teaching in Pine Forest Academy. He took a treatment room course at Madison in 1922, and came back again to finish his B.S. in 1942. His wife, Grace Marie, graduated from the nursing course in 1942.

Emil sent alumni dues & wrote recently: "We hope all is well with you and all the Madisonians. The SURVEY is always a welcome visitor, and we enjoy its contents. Our sanitarium is full to capacity on its main floor."

In answer to a query as to the Messinger's service record, Emil wrote; "Mrs. Messinger finished her nursing course in 1922. In the same year I finished the Treatment Room Course. Then in 1942, I graduated with the B.S. degree. We were at Lawrenceburg two years, Sand Mountain two years, at Pisgah five years, and at Groveland three winters. This is our 7th year at P.F.A. I have only two classes this year, and a daily devotional service at the hospital. . . . I spent 14 years in public school work at Crossville, Tennessee, and nearly thirty in Adventist schools."

Emil Messinger has written and published two small booklets, which he will gladly send to anyone who requests them (address him at Pine Forest Academy, Chunky, Miss., 39323) One is "The Divine Blueprint," a 20-page compilation. The other is "Perfection Required of God's People" (16 pages in outline form).

Gladys Rabuka '47 is a keen student of Adventist doctrine as found in the Bible and Spirit of prophecy. Here is her evaluation of Messinger's booklet "Perfection Required of God's People": "I am 100% in favor of Emil Messinger's booklet. . . . Now that there is greater emphasis on righteousness by faith and perfection, I hope the booklet can be given wide distribution. It is truly sound."

CAMPUS NEWS

* On Dec. 30, 1976, Janet Kramer, daughter of Dr. & Mrs. Lee F. Kramer, and Dale J. Townsend were married in the Boulevard Church. Mr. Townsend is presently teaching English at Madison Academy. Janet is a graduate of Madison Academy and S.M.C. Her father is a physician on the staff of Madison Hospital.

* Oscar Torkelson, M.F.C., American Institute of Family Relations, is now director of Family Services, with headquarters at Sanitarium and Larkin Springs Road. His wife Laura is also certified by the Institute of Family Relations.

The Torkelsons came to Madison from Pittsburg, Pa., where he was principal of the junior academy.

* Mrs. Mary Casler, who has been with Family Services since its beginning, continues with her work and in addition is teaching S.M.C. psychology classes on the Madison Extension Campus.

1915. Earl Kutcher (N'15), age 90 in November, 1976, lives alone in Strasburg, Ohio, after his wife, Anna, died. He sent a gift for the SURVEY, and wrote of his dream for a Madison-type school to be located on his farm and farms nearby. He signed his letter, "An old Madisonite," and would like for other Madisonites to visit him.

1919. George McClure, former student and staff member of Madison College, has been connected with Yuchi Pines Institute, Seale, Alabama, in the teaching program for several years. He wrote recently: "It would be a pleasure to visit Madison again sometime, but at our age we do not travel around very much. We just meet appointments and do our work here, which takes about all of our strength. The Lord has been wonderfully gracious to us to spare us to our present age and enable us to still contribute some to His work. My wife Marie is in her 76th year and I am in my 82nd."

1920. HELEN (Krum) BROWN (N'20) wrote from Beltsville, Md., near Washington, D.C.:

"Although it has been 56 years since I left Madison, I still enjoy reading the SURVEY. Nearly every issue mentions someone I knew back in those days. In 1920 we could hardly have imagined the growth of the medical phase of the Madison institution.

"When I finished the nurses' course given then, we had the opportunity of taking one more year at the Protestant Hospital in Nashville to become registered, but I had other plans. I did however take more work at Washington S-H and got my R.N. I have nursed most of the time through the years here, and in Canada where we lived for 25 years. At present we are helping in our son Merlin's business in Beltsville, Md. Our daughter Dorinda is in Canada."

1934. RUTH (Baker) NESTELL ('34) wrote to give us her new address in Redlands, CA. where she has retired from a long period of service at Hinsdale S-H.

"My son Cliff and family moved to Redlands in June, 1976. He is head of the reference medical library at L.L.U., so I began thinking of California. . . . After a heavy remodeling program in linen service was finished at Hinsdale, I retired as of Nov. 1, 1976. One week after I came here my daughter (Ava Henniger) and husband were transferred from VA hospital in Milwaukee to the new one here at Loma Linda. So I am glad. My oldest son Nerland still teaches at the University of Texas, Arlington. . . . Hope all is well with you, and may God bless."

1934. SHIRLEY (Myers) CUTHBERT (M.C.A.) of New Port Rickey, Fla., recently joined the M.C.A.A. She is a sister of Dr. Russell Myers '40, Woodbury, TN. Her daughter Emily Sue graduated from Medical Records in 1961. She and her husband Darrel Eversoll live in Florida. He is a son of LaVelle Eversoll (N'62).

1936. ANNA (Pearson) SIMPSON '36 wrote from Keene, Texas: "I have been director of food service at SUC for eleven years and have loved every minute of it. And now to add to my duties, I am to be director of dietary at the new Huguley Memorial Hospital a few miles away at Fort Worth. I have four sons, all of whom are married." (Mrs. Pearson is a sister of Dr. Arthur Pearson '32 of Fletcher, N.C.)

After leaving Madison Mrs. Simpson worked at two hospitals in Atlanta, then went to Kettering where she attended Dayton University and earned here A.D.A. Of her four sons, William is an air conditioning technician at Kettering; Arthur is a pharmacist in Brevard, N.C.; Richard is working with Keene Distributors, Keene, TX.; and Martin is an R.N. from Union College, working in Shaddock, OK.

1937. HOWARD and EVELYN DAVIDSON (1937 and 1931) wrote from Glendale, CA. "We are both retired. . . . Evelyn's sister, Mabel Robinson, has already moved to Ukiah into a mobile home, and we will be moving just two spaces from her and four miles from our son, Kenneth, a physical therapist, living in Redwood Valley. We will be happy to be located near him and close to Mabel, who is 84 years old now. God bless you there at Madison."

1938. GERTRUDE CARLETON RUDD (N'38), Spokane, Wash., wrote: "I enjoy reading the SURVEY very much each time it comes, and really enjoyed my special "Hello" through the SURVEY from Ed Cunningham. Madison was a great school and so much nice friendships were formed.

"I have a beautiful auburn-haired granddaughter in California. My daughter Cynthia and husband live at Angwin. My son Roger is graduating from dentistry at Loma Linda December 19.

"I'm doing private duty in a home. The man of the house is diabetic and blind, but nice to care for. His wife is up and about and has had two cataract surgeries. They enjoy talking about spiritual things, and I pray that I can help them. I work through Upjohn Homemakers. My husband is retired now, and I may retire when I finish the case I am on. May God bless good old Madison forever."

1938. Bruce Baird, son of the late Augusta BAIRD (N'38) is taking medicine at McHarry Medical College in Nashville. His wife, the former Beth Adams, an R.N. from S.M.C. is head nurse on I.C.U. at Madison Hospital. Bruce's brother Doug and wife Jeanette live in Nashville where he is in respiratory therapy at V.A. Hospital.

1946. EMOGENE McBRIDE (Home Ec '46) wrote from Dallas, TX. "The year 1976 was extra busy for me. On May 8 I had 25 years service with Sears Roebuck in the accounts payable department. In April I bought a home (a duplex) and moved there. I enjoy my home.

In November, 1975, my mother (Mrs. Thelma Watkins, N'31) had a cataract removed from her left eye. She was able to keep on driving her car from Tyler to Dallas to see the doctor, also to take care of my stepfather. I am grateful for her. . . . If any of my friends are out this way, come to see me.

1947. JAMES K. HERMAN '47, former principal of Greater Miami Academy, is now doing pastoral work in the Arkansas-Louisiana Conference.

1953. LUTHER and EULA THORNTON HILL (N'53) have moved from Napa, CA., to Condon, Ore. They are both life members of M.C.A.A. Luther sent change of address & wrote: "We're both retired now. High and dry here, 1000 population. Even though not working at a regular job, very busy."

* Dorothy Louise Nielsen, daughter of Mr. & Mrs. ALBERT NIELSEN ('53 & '54) of Harbert Hills Academy, and WILLIAM G. MOON son of Mr. & Mrs. ALAN MOON '59 of Wytheville, Va., were married in the Winter Haven Church, Florida on Dec. 19, 1975.

1957. William Barney taught in the elementary school at Madison some years ago, also at Memphis and Orlando. His wife, Vonceil (Anes. 1957) died in 1975. They had two boys - William Barney III and Darryl.

Mr. Barney started a private school of his own in 1963 near Maitland, Fla. At first it was called "Mr. Barney's School" but now goes under the name "Barney Academy, Inc." Located in 10 acres of land, with 24 classrooms, the school takes children from pre-kindergarten through 12th grade. Day care service is offered from 11:00 a.m. until 3:00 p.m.

1960. Nadine Myrick (N'60) and Edna Earle Lee (N'58) came to Madison from North Carolina as result from the late Elder Kistler's influence. Nadine (now Mrs. Robert Aubrey) has worked at several hospitals in the Nashville area including Madison and Baptist, also the Red Cross Bloodmobile, and is now in administration at McHarry. She & her husband Robert live in Goodlettsville. They have one son, Russell.

* The last we heard Edna Earl Lee and husband, Charles Myers were at Jefferson, TX., where he was working in Marion County Hospital and she was teaching in Jefferson Academy.

News of Fuller Family

* Mr. and Mrs. George Fuller have moved from Maitland, Florida, to Collegedale, TN. Their son, Fred W. Fuller, who was born in the Madison Hospital, is in business in Collegedale, and has been serving as the town mayor. Fred's son Fred, grandson of George Fuller, is presently assistant pastor of Madison Boulevard Church. Young Fred and wife Rose are the proud parents of a baby girl, Rebecca, born in Madison Hospital in October. Thus, George Fuller's son Fred and his great granddaughter were both born in M.H.

Your Indulgence, Please

We are sorry that we sometimes slip up in regard to a few items that should be used in the SURVEY, especially when someone writes and sends information. We want you to know that it is not intentional. Also at times we have notes from Homecomings and other meetings that should be used, but time and space forbids, and it is set aside. It may seem to some that THE MADISON SURVEY, which is only a quarterly now wouldn't take much time, but that, added to being a secretary of the M.C.A.A., with little help, is more than a full-time job. We are not able to answer all letters, but do send receipts for \$2 or more, although at times they are late. We do need more help in the office, and we also need your understanding and cooperation.

Please send me the free brochure on Harbert Hills Academy & Nursing Home.

Name _____

Address _____

1961. MARGARET WOODRUFF CARVER (N'61) is head nurse on 2 South (Surgery Wing) at M.H. She has two children—Michael and Cynthia Michele. Her husband, Lloyd, works at Vaughn's Mfg. Company. They live in Hendersonville, TN.

1964. REX R. LEATHERWOOD (Anes. '64) married Donna Rogers of Takoma Park, MA. in December, 1976. Donna has four children: twin boys, Keith and Kenny, who are in college; and two girls, Cindy at Shenandoah Valley Academy and Donna at Campus Elementary School. Rex is doing Anesthesia in the Nashville area. Rex's son Rex is at S.M.C.

1966. BEN SOWERS (X-ray '66) has his own construction company in Madison, specializing in heavy equipment. His wife is the former Hazel Cox. They have 4 children.

1971. Word has been received through Henry Scoggins '61 that Bereket Ogamichael (Anes. '71) is back in this country from Ethiopia for further study.

S.U.C. Nursing Course

"Beginning Sept. 1977, S.U.C. will offer its own 4-year degree in Nursing. This is possible because of affiliation with the newly opened Huguley Memorial Hospital only a few miles from the college.

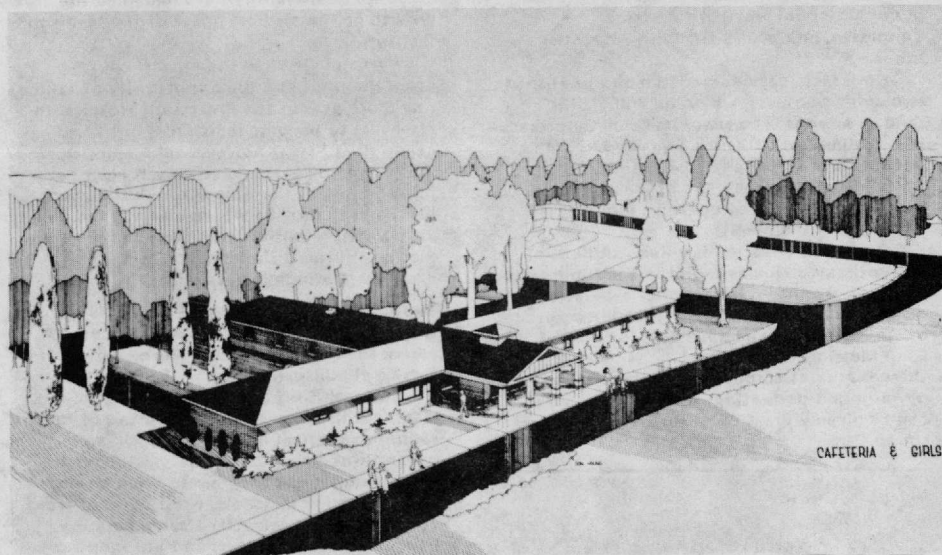

Report on Miss Gafford

Mary Kate Gafford, for many years librarian and teacher at M.C., was taken to Madison Hospital early Thursday A.M., Jan. 26, 1977, after she fell and hemorrhaged at her home on Sanitarium Road. She had had two surgeries. After almost two months in the hospital, and feeling better, she was taken to a nearby nursing home.

Miss Gafford has been working part time in the alumni office since her retirement in the sixties, and has given valuable assistance in typing and working on the SURVEY index. We are so glad she had her long planned bicentennial trip to Washington, D.C., Philadelphia, and Williamsburg, Va., during the summer of 1976, with the A.A.R.P. group before she became ill.

She has received many cards, letters, visitors, and flowers, and we are sure others will want to write. Perhaps it will be best to use her post office address, and her mail will be forwarded; Box 1204, Madison Br., Madison, TN. 37115 (Incidentally her birthdate is easy to remember—July 4. She was 77 on July 4 last year.)

* A big "Thank You" to Mary Moore McConnico, daughter of Everett and Edith Moore '30, for the gift of a Golden Anniversary Album, in response to our appeal for rare items. Mary and her attorney husband, "K. T." live in Nashville. Her mother died in 1973. Her father is still at Hill Haven Convalescent Home near M.H.

HARBERT HILLS ACADEMY

Harbert Hills Academy is one of the institutions that was directly established by the efforts of faculty and alumni from Madison College. The founder, Mr. William E. Patterson, located land in Hardin County in 1952; and a judge, Perry M. Harbert, donated 220 acres to the project.

There were no Seventh-day Adventists in several counties of this part of Tennessee. Also there were no buildings on the property that was donated to the project. By 1957 Harbert Hills Academy opened its doors to five students at the beginning of the school year. With the blessing of God and the dedicated labor of teachers and students, the work has steadily grown and we now have an elementary and academy student body of approximately 55, a 35-bed nursing home, a small agricultural program and an FM radio station with call letters WDNX which broadcasts on 89.1 megahertz and has the ability to serve an audience of 500,000 people. Our church membership in Savannah is about 125, not including the students, and a new church is in the process of construction. When it is finished sometime this spring, the

church will be valued at approximately \$100,000.

Dr. William Sandborn, his wife and family visited Savannah and Harbert Hills Academy and saw the tremendous challenge in this area of the Lord's vineyard. They have now moved to Savannah, and Dr. Sandborn has opened his medical office. At the same time, they are taking a positive part in helping Harbert Hills.

The most pressing need at Harbert Hills Academy at the present time is a girls' dormitory and cafeteria complex. The school is well on its way with the construction of this building, but building costs have gone up tremendously and it will take many friendly donations to finish the building. Of course, any donations that are made are tax deductible. Make them payable to Rural Life Foundation or Harbert Hills Academy, Route 2, Box 212, Savannah, Tenn. 38372.

We would be happy to send you an information brochure on Harbert Hills Academy and Nursing Home. Just write us.

Newsletters from Self-Supporting Units

We receive many Newsletters (printed and mimeo) from various self-supporting units in the U.S., Mexico, and Canada. We try to scan them all, and wish we could include more items of interest from them in the SURVEY. (One "pet peeve" this editor has is that some of the newsletters do not give the name of the editor or indicate who wrote them.)

One little 4-page printed paper that comes regularly, and has been in circulation the longest, with the biggest mailing list is THE POINSETTIA from Groveland Academy, Groveland, Fla. Others received are THE TRAILBLAZER from Laurelbrook School, Dayton, TN.; LITTLE CREEK NEWSLETTER, 1810 Little Creek Lane, Knoxville, TN.; WILDWOOD ECHOES and other publications, Wildwood Sanitarium, Wildwood, Ga. Several Wildwood affiliates have newsletters - - Eden Valley Institute, Loveland, Colo.; Castle Valley Institute, Moab, Utah; Oakhaven, Pullman, Mich.; Stonecave Institute, Dunlap, TN. (Incidentally, Virginia Everett, daughter of Dr. & Mrs. Joel Everett '50, is editor of the latter.)

Yuchi Pines Institute, Seale, Ala. has a newsletter and offers courses in medical missionary work regularly. The newest newsletter is from Life-Line Better Living Center, Rt. 3, Putman Valley, N.Y. One newsletter comes from Canada--Earlscourt Farms Youth Training Center (Box 50, Lytton, B.C. VOK 1 Z0, Canada.)

* The only self-supporting academy in operation out of the Southern Union is Hylandale Academy, Rockland, Wis. Its monthly publication is HIGHLANDALE LIFE.

SOUTH OF THE BORDER. From Mexico there is Yerba Buena News, Yerba Buena Hospital, Chiapas, Mexico; the Sabanilla Project (Clifford Tonsberg), Chiapas, Mexico; and Clinica Valparaiso newsletter (Dr. Harold Graves), La Mesilla, Huehuetenango, Guatemala, C.A.

Sorry if we missed some. We're sure any of these would be glad to put you on their mailing list if you are really interested and request it. Most of them are free, but a donation would be appreciated.

CORRECTION. Our attention has been called to an error in the Sept. 1976, SURVEY, regarding the number of beds at Yerba Buena Hospital, Chiapas, Mexico. The number of beds was said to be 252, which is much too high. We have tried to check this, and believe it should have read that their "25-bed clinic had become a 50-bed hospital."

Madison Family Joins Yerba Buena

* Johnny and Nancy (Brashears) Sellars and children left Madison Thanksgiving Day, 1976, and have arrived at Yerba Buena Mission and Hospital, Chiapas, Mexico. Johnny, a plumber, has charge of maintenance, and Nancy helps in the office and with other work.

* JOHN JENSEN, student and worker at Madison 1936-42, has returned from Riverside Farm Institute in Africa, to be manager of Stonecave Institute, Dunlap, TN.

GLEANINGS

from Alumni Journal, S.M., LLU

(Following are some items gleaned from current and past numbers of the Alumni Journal, School of Medicine, LLU.

Medical-Dental Congress, Southern Union

In reporting the Medical-Dental Congress of the Southern Union held at Gatlinburg, TN., in September, 1976, the L.L.U. JOURNAL said 1500 people attended.

"There are approximately 390 S.D.A. physicians, 155 dentists, and 20 optometrists, living in the Southern Union, which has 14 hospitals run by the church plus another half-dozen operated on a self-supporting basis.

DR. LEW WALLACE '21, described as the oldest practicing physician in Santa Clara County, was featured in the San Jose, CA. Mercury. After observing his 80th birthday he cut down his work week to three days plus some weekends. As to his future he said he planned to keep practicing.

DR. NORMAN KENDALL, (M.C.A. '54) son of Dr. & Mrs. Cyrus Kendall, has been certified by the American Board of Nuclear Medicine. He is in the practice of radiology and nuclear medicine at Hillside Community Hospital, Ukiah, CA.

DR. JOSEPH JOHANNES is under sustentee appointment to serve at Gifford Memorial Hospital in India.

DR. PAUL G. JOHNSON, (M.C.A.'61), is in full-time emergency medicine practice in Orange County, CA. His wife Annette, also an M.D., is beginning pediatric practice in Laguna, Niguel, CA.

DR. DAVID W. RUGGLES '42, formerly with the Reading Institute in Pennsylvania is now connected with the Woodrow Wilson Rehabilitation Center, Fishersville, VA.

DR. LARRY D. BOWES (M.C.A. '64), ophthalmologist, has his office in the California Medical Building in L.A. He completed his residency at Hollywood Presbyterian Hospital in 1976.

OTHER F. SPEAKER ('44) of Redding, CA., will be in American Samoa for the next two years in the department of ophthalmology at the Lyndon B. Johnson Tropical Medical Center in Pago Pago.

DR. U. D. REGISTER, '42, professor of Nutrition at the School of Health, has been named LLU's Distinguished Faculty Lecturer for 1977. He will present his lecture on April 28.

Dr. & Mrs. James Schuler to Thailand

Fulfilling a desire they had had for many years, Dr. and Mrs. JAMES SCHULER left their home in Ardmore, Okla., and are in Thailand, where he is serving at the 35-bed Haad Yai Mission Hospital. Of their 8 children, 2 are also M.D.'s--Joann Hoffer, practicing in Porterville, CA.; and Willard, a resident in neurosurgery at Loma Linda. Daughter Virginia Smith and husband Calvin are missionaries in Tanzania, Africa. Son Darrell, a student missionary with a pilot license, went with his parents to Thailand.

(Dr. Schuler joined the staff at Madison S-H in 1948 as chief surgeon. His wife Ruth, a dietitian, and Agnes Johnson '50 took

over the work of the preschool at Madison in 1949. Mrs. Schuler taught some classes at Madison. She was active in the Ardmore Hospital Auxiliary after they moved to Ardmore, and served as president of the community Service Federation of Southern Oklahoma.)

Dr. & Mrs. Heidinger Go to Africa

Dr. HARVEY HEIDINGER, wife ELIZABETH STUYVESANT (M.C.A. '50) and children are now in Tanzania, Africa, he as consultant to the Ministry of Health for a maternity and child health project. Dr. Heidinger spent 6 years in Mission service (1964-71) at two hospitals in Ethiopia--Empress Zauditu Memorial Hospital, Addes Ababa and Tuffari Makonnen Hospital in Dessie. He then returned to Loma Linda, earned his M.P.H. and took a residency in Public Health.

Tribute to Dr. Bill Dysinger (MCA '45)

* P. H. Coetzu, director of medical work in South Africa wrote in the Oct. 1975, S.M. ALUMNI JOURNAL of L.L.U. re health evangelism as being the greatest need in the mission field. He mentioned Dr. Bill Dysinger, and said: "I was greatly thrilled to see that Dr. William R. Dysinger was sent to Yuka and Mwami Hospitals. What a tragedy that you cannot send out more men like this. They can do a tremendous lot to instruct workers, and to help them develop this side of the work."

MISS LOLA SPEAR

Lola Spear died Nov. 21, 1976, at age 78 in Angwin, CA. A graduate from nursing at Madison in 1917, she was a teacher at Chestnut Hill Farm School, then worked as a nurse at White Memorial Hospital, at the treatment rooms in Nashville, and at St. Helena S-H, also did private duty nursing in Mountain View and Napa, CA.

IRENE BUTLER ENGLEBERT

Irene Butler Englebert, wife of Kenneth Englebert '30, died Aug. 31, 1976, at Port Townsend, Wash., at age 62. She had taught church school in Indiana, New Jersey, Michigan, California, and Hawaii. She was author of many stories for children. She and her husband, also a teacher, had retired in 1973 at Hadlock, Wash. He survives, also a son Frank and a daughter Mrs. John Thompson.

Irene was a daughter of the late Elder William A. Butler, a former secretary in the Home Missionary Department of the G.C., who had succeeded Dr. E. A. Sutherland as secretary of the Commission on Rural Living after Sutherland retired.

NAME AND ADDRESS _____

News Notes or Remarks: _____

Digitized by the Center for Adventist Research

MARY BOND MILLER

Mary (Bond) Miller died at Hanford, CA. on Jan. 4, 1977, at age 74. She and her husband, the late Winfred Miller, were married in 1928. He graduated from nursing in 1927, and died in 1948. Mrs. Miller graduated from the Normal Course in 1928, and taught in several places, retiring in 1969 at Hanford, CA., where she lived with a sister. The Millers had one daughter, Marilyn, who married a dentist, Dr. Frederick Deiss.

Dr. MARY ADA CRAWFORD

Mary Ada Crawford, M.D., born Oct. 28, 1889 in Indianapolis, died Dec. 2, 1976, Blythe, CA. She accepted the Adventist message while teaching in Oregon. Later she took medical training in Indianapolis, graduating in 1906. She was united in marriage with Elvin J. Crawford in 1910 in the home of Elder Phillip Knox in Santa Monica, CA. From there they moved to Oregon. In planning their future as missionaries, and to better work in the medical field, they moved to Loma Linda where Mr. Crawford enrolled in the two-year Medical Missionary Course.

During the second year at the White Memorial Hospital they were giving serious consideration to serve in India, but Elder Willie White visited in their home and turned their attention to the needs of the Southland in the U.S.A. They first went to Madison College for firsthand experience in the self-supporting work, then joined a unit at Sand Springs, Okla. Later they returned to Madison and then went to Pine Forest Sanitarium, Chunky, Miss. where they labored until retirement due to Mr. Crawford's ill health.

Following the death of her husband Dr. Crawford made her home in Gulfport, Miss. for approximately twenty years. In 1965 she moved to California to be near her daughter Mary Elizabeth. It was Dr. Crawford's desire to be cremated and her ashes interred in her husband's grave in the National Military Cemetery, Nashville, Tenn. where he was buried in 1941. Their younger daughter, Ella May, died at age five at Madison and was buried on the school grounds.

Dr. Crawford is survived by her daughter, Elizabeth Steen Underake, three grandchildren and eight great-grandchildren.

VIOLET E. MORGAN

(We are indebted to Alfreda Casterisan of Little Creek for obituary information on Violet Morgan, former English teacher at M.C. By consulting our SURVEY index we turned up a little additional information.)

Miss Violet E. Morgan was born in Newfoundland, Oct. 13, 1895 and died Dec. 9, 1976 at Little Creek Sanitarium, Knoxville, TN. Early in her career Miss Morgan was dean of women at A.U.C. She also taught at S.M.C. and E.M.C.

Miss Morgan is best remembered for the energy, inspiration, and enthusiasm that she put into her lectures. She taught speech & literature in the colleges where she served.

Although her home was in Newfoundland, she spent some years in New York in the '40's when not traveling. Her travels took her around the world.

After her retirement she moved to Knoxville, TN., living out her last years on the campus of Little Creek School & Sanitarium. She was in the sanitarium a little over a year before she passed away at age 81.

IONE JOHNSON BLACKBURN

Ione Johnson Blackburn was born near Elm Creek, Neb. and died Jan. 11, 1977 at Loma Linda, Calif. She served as dean of women at Adelphian Academy in Michigan. She taught Bible and History at M.C. from 1940-42 while her husband was a student here. She was superintendent of nurses at a hospital in Cleburne, TX., while her husband was on the staff at S.W.J.C.; school nurse while he taught P.E. at Rio Linda Academy; night floor supervisor at Washington S-H while he taught Bible at Takoma Academy in 1968.

Survivors are her husband Carleton, son Charles, and two daughters--Sarah Mae and Barbara Ann Warner.

OLIVE SHANNON WHEELER

We regret to report that the last of the original group who came South from EMC to start the N.A.N.I. at Madison in 1904, Olive Shannon Wheeler, died at Pine Forest Sanitarium, Chunky, Miss., on Jan. 17, 1977, at age 93. She and Andrew Wheeler were married in 1916. He died in 1972. They had no children.

Before marriage, Olive was a teacher and worker at EMC. She came to Madison at the same time E. A. Sutherland did. She had charge of the cooking, the milking, the butter making, from 1904-6. Then she went to Oakwood Junior College for two years to be matron, preceptress, and teacher. Next she took the Nursing Course at the Iowa Sanitarium, finishing in the first class. (1910).

After Olive got her R.N. (and M.R.S.), she and Andrew returned to Madison where they spent 20 years on the staff (1916-36). She worked as a nurse in surgery and in Dr. Sutherland's office, also in the lab, the treatment rooms, the laundry, Kinne Kitchen, and took over the food factory for 12 years.

Most of the rest of the Wheeler's long useful lives were spent in self-supporting work. They both taught at Southern Junior College two years (1936-8), and served at Pine Forest twice. They continued their work at P.F.A., until they were incapacitated. They both died there and are buried in the institution cemetery.

Olive Wheeler was a charter member of the church established at Madison in 1906. She and Andrew & his brother, Elder C. E.

Wheeler and wife, attended the 60th anniversary service of the Madison College Church in 1966. When the 65th anniversary was celebrated in 1971 she was the only living charter member, but unable to come because of ill health.

We have little information on survivors. Her sister, Fannie Simpson, spent some time caring for her during her final years. Then she was confined to the hospital. The last we heard, Andrew's brother, Elder Clarence Wheeler, was at Florida Living retirement home near Orlando. His wife died a few years ago.

LINNIE KINSMAN BLACK, D.O.

We heard through Mrs. Howard Bartlett, who was visiting in Florida, that Dr. Linnie Kinsman Black died at age 90 in New Port Ritchey, Florida, on Oct. 9, 1975.

Linnie and her sister Bess (Ashton) and brother Calvin Kinsman were among the early students at Madison, coming from Austin, Minn. She is listed as finishing the one year nursing course in 1915. However a notation was found to the effect that she and her sister Bess and Nellie Crandall were in the first class of nursing in 1910.

According to the SURVEY (10-4-33), Linnie Kinsman was one of the earliest teachers of nursing at Madison, and was director of nurses for 9 years. She married Dr. John Black, another pioneer student at Madison, and later became a doctor herself. They located in Florida, and he died in 1955. They were both Osteopaths. She was a life member of the M.C.A.A.

Information is sketchy as to survivors, but her nephew, Calvin Kinsman, D.O., and family are living in New Port Ritchey. Dr. Calvin is a former student of Madison.

MISS ANNA SORENSON

Word has been received from several of the death of dear Anna Sorenson, on Jan. 4, 1977, in Half Moon Bay, CA. Who can begin to tell of the life of this remarkable woman? The story of her life would fill a book. Sometime ago one of her friends in California wanted to do just that.

Anna was of the class of 1925. She did attend one Homecoming, and wanted to so much be here in 1975 when her class was the Honor Class of 50 years ago, but was unable to come.

Soon after Anna Sorenson finished the nursing course at M.C. in 1925, she went to work at Lawrenceburg S-H. She lost a leg in an auto accident in 1930, and had poor eyesight from birth, but in spite of these serious handicaps carried on with great courage until she retired in 1964 at Half Moon Bay, in a senior housing village.

Anna's heart was always in self-supporting work, but after the tragic loss of her leg she realized she had to get into more favorable working conditions. She went to Chicago for a short time and did private duty, then in 1938 went to California with the Alice Baker family. In 1939 started to work in a convalescent home in Belmont, CA. and spent 22 years there. Altogether she had clocked up 53 years of work, mostly in nursing.

One great joy came to Anna in 1967 when much of her eyesight was restored after surgery in an eye hospital in San Francisco. She wrote frequently to the alumni office, always cheerful and courageous in spite of her wooden leg and stump. She often sent \$10. out of her meager income after she retired.
