69th L.E.L. Convention at Laurelbrook, Sept. 27-29

Slogan for the meeting, "Jesus Is Coming," was proclaimed in a huge banner above the platform as southern self-supporting workers met for their 69th convention on Sept. 27, 1979. This time it was at Madison's granddaughter, Laurelbrook School and Sanitarium, near Dayton, TN. These conventions started at Madison College in 1908. In more recent years the name Laymen's Extension League (L.E.L.) has been used.

In addition to Laurelbrook staff and students, representatives were present from Fletcher, Harbert Hills, Little Creek, Pine Forest, Pine Hill, Cave Springs, Stone Cave, The Layman Foundation, Wildwood, and Whispering Pines.

On Thursday evening Elder W. D. Frazee of Wildwood Sanitarium gave the keynote address. On Friday, Elder Norman Gulley of SMC gave a series of timely talks titled: "Satan's Push for World Domination," "The Forgotten Part of the Third Angel's Message," and "When will the Thief in the Night Take Place for Adventists?" He also had two talks on Sabbath: "Another Look at the Sabbath" and "Another Look at the Three Angels' Messages."

Reports From the "Units"

Reports from the self-supporting units were heard Friday morning, Friday night, and Saturday night. On Friday morning, speaking for Fletcher Academy was Jesse Cone, principal; for Pine Forest Academy, Jack Harrison, new manager; for Wildwood Sanitarium, Elder W.B. Boykin, chaplain; for Whispering Pines School, Neil Hunt, boys' dean; for Stone Cave Institute, J.L. Risch; for the Layman Foundation, Elder A. J. Stewart, and for Harbert Hills Academy, Frances Duman, treasurer. (Incidentally Harbert Hills is unique in one way—it is the only Adventist

academy that has its own radio station. Mrs. Duman said WDNX is expanding in power and time to cover Memphis and Lawrenceburg, TN., Florence and Jackson, Miss. They air 35 Adventist programs each week.)

The Friday evening meeting brought special music and further reports from three women who always have lots to say, and in an enthusiastic manner. Speaking were Julia Grow of Cave Springs Home, Pegram, TN; Susan Ard of Chestnut Hill, Portland, TN; and Josephine C. Edwards of Laurelbrook School.

A third time for reports from the units came Saturday night. Roger Goodge spoke on Little Creek. Dorothy Santini, R.N., who teams up with husband Bob at Pine Hill Sanitarium, Birmingham, told of missionary work at their 56-bed nursing home. Doctor Anderson, a new physician at Laurelbrook spoke of the plans for health education and medical missionary work there. He will be teaching a health evangelism course and a field school will be held in connection with it. Gladys Wilson, enthusiastic graduate of the Advanced Training School at Laurelbrook is now with the Living Springs group 50 miles from New York City, where Bill Dull is director. She showed slides of the work at this outpost and also of their work in the big city.

Lawrence Zill and wife reported on Belize, C.A., (formerly called British Honduras). They live in Boynton Beach, Florida, but had given a 2000-acre property in Belize for self-supporting work, which they acquired in 1959. It has 100 acres of cleared land with tropical fruits.

SABBATH SCHOOL. Little Creek Academy was in charge of Sabbath School. David Patterson, principal, was the superintendent. Roger Goodge taught the lesson, and students supplied special music and the missions feature.

Elder Pierson Speaks Twice

Elder R. H. Pierson, former G. C. president, had the sermon Sabbath morning and spoke again in the afternoon. He and his wife Dollis came over from Fletcher, N.C. where they have their home. He preached a powerful sermon and cheered his hearers' hearts by his apparent deep interest and belief in the self-supporting work. Elder Pierson was introduced by Dr. Walter Ost, acting director of the Advanced Training School at Laurelbrook.

Elder Pierson's text was Jeremiah 6:16: "Stand ye in the ways and see and ask for the old paths, where is the good way and walk therein, and ye shall find rest for your souls"...

The last two quarters of Sabbath School lessons have been so vital and important . . . Adventists have been afflicted with the "band wagon syndrome," . . . aping the world,—climbing on the band wagon in one way and another after the world leads out in diet, exercise, social service, big community hospitals, etc. Sometimes large fees are paid and experts brought in, but we need not go to the God of Ekron. Counsel and instruction is found in the "red books." We need to go back to the old paths.

When Christ returns the big beautiful churches and other buildings will not be taken to heaven . . . We need to return to primitive godliness. "Ask for the old paths." God's plan of education is the same today,

COMING EVENTS

- Madison Academy Homecoming—
April 8, 1980
- General Conference Session, Dallas, TX.—
April 20-26, 1980
- Madison Academy Graduation—
May 23-25, 1980
- Kentucky-Tennessee Campmeeting—
May 30-June 7, 1980
- Madison College Homecoming—
June 20-22, 1980
- Laymen's Extension League—
Sept. 25-27, 1980 Wildwood, GA.

and the true remedies as listed in *Ministry of Healing* are unchanged. The ideal diet consists of fruits, grains, and vegetables. This we have known before the "Pritiken" diet came along.

Workers must stand as a unit... Pastor Paul and Luke the physician worked together. Medical and ministerial are to complement each other... Coming back to the book Jeremiah, the children of Israel were admonished to "obey my voice,"... "But they hardened not." (Jer. 7:23, 24)

SABBATH AFTERNOON. R. H. Pierson spoke again Sabbath afternoon and had a brief question-and-answer period. Speaking of "the work," he said, It is not the organized and the "disorganized work," but *our work*. Not you and us, but our worldwide work. He has had a burden to write a book on the self-supporting work, and is collecting information. He is trying to think of a suitable title such as "They also Served" or "The Second Mile" or "Partners in Service." We are to work together. There is to be no competition. "They helped every one his neighbor" and every one said to his brother, 'Be of good courage.' " (Isa. 41:6).

Ellen White had much to say about the support and encouragement that should be given to Sutherland and Magan, founders of the Madison school. Quoting from Series B "...Let these brethren understand that they have your confidence and encouragement in the work they are bravely doing." (The Madison School," p. 21)

There is strength in individuality... We are not here to operate community colleges or community hospitals. College presidents and hospital administrators need our prayers... We should study ways and means of enhancing the relationship between the denominational and the self-supporting work.

● One question asked Elder Pierson was about the necessity of the G.C. to promote country living. He said more should be done and a committee had been appointed.

Business Meeting, Sept. 28, 1979 Laymen's Extension League

The L.E.L. business meeting was held Friday afternoon at Laurelbrook, David W. Patterson was chairman.

A brief report on the proposed Heritage House for Madison College Alumni was given by Mable Towery. She also commented on the "giant step" that had been made by the combined efforts of the M.C.A.A. and the Layman Foundation which resulted in nine beautiful sets of bound volumes of THE MADISON SURVEY. This was a huge undertaking of gathering, sorting, collating and xeroxing rare numbers of the SURVEY.

The next giant step would be to complete the index to the SURVEY that was started by Mary Kate Gafford a few years ago. Some work has been done since her illness and death but much remains to be done. An index would make the bound volumes much, much more useful. There was interest in the project, and some discussion as to how to proceed. It was voted to go forward with the task of

completing the index. SMC, AU, and LLU libraries each have a set of bound volumes and it was thought the work might be divided and they be asked to share in the work. (Bob Zollinger and Carmie Nesmith of Laurelbrook are also keenly interested in assisting. It would be much better to have the preliminary work done at the SURVEY office. Editor Towery is looking for help on this project. Please call or write if you have any ideas to suggest.)

The following officers were elected for 1980: President, Robert Santini; 1st vice president, Robert Zollinger; 2nd vice president, Elder W. B. Boykin; executive secretary, Roger F. Goodge; recording secretary, Mable H. Towery; Treasurer, Alvin J. Stewart; assistant secretary and treasurer, Alice C. Stewart.

The 1980 L.E.L. Convention will be held at Wildwood Sanitarium in Wildwood, Georgia on September 25-27, 1980.

MISCELLANEOUS NOTES ON L.E.L. MEETING

● We diligently tried to get tapes on several parts of the L.E.L. program, particularly talks by Elders Pierson and Frazee, but were unable. We did not get to the first part of the meeting, but did take notes on the Pierson Sabbath sermon.

● While at the Laurelbrook meeting the SURVEY editor stayed at the Wellman home. She is treasurer of the institution and he is in charge of the dairy. We learned that the Wellmans sterilize their milk at home, and that all the milk from the dairy is sterilized.

● Ellen G. White believed in sterilizing or boiling milk. See what she says in *Counsels in Diet and Foods*, pages 203, 210, 357, 365.

● Laurelbrook School and Sanitarium is having growing pains. They had 300 student applications this school year, but were unable to take but 82.

Update on "Sutherland College"

In the September SURVEY, Dr. Lee Otto of Beaumont CA., wrote of his great desire to see a Sutherland College established. He asked for people to write him if they were interested and knew of properties available. He has had a good response and sent copies to the SURVEY office of some of the letters.

We will not have time or space to quote from all the correspondence. One letter that cheered Dr. Otto considerably was from Elder W. D. Frazee who gave encouragement. Another was from a doctor-and-nurse team, both graduates of Madison, who said they were tired of the "rat race," and would like to join such an effort. They have a daughter who is a nurse and her husband is also a nurse and teacher, a nurseryman, and they also are interested in missionary work and evangelism from outpost centers.

Much correspondence and interest has been engendered by the Pine Forest Academy Sanitarium group, where there are a number of buildings already in use, and a 380-acre farm out in the country among the Madison Survey, December 1979, p. 2

lovely pine trees. It was established in 1938. The mailing address is Chunky, Miss., and it is near Meridian, Miss. The two Johnson couples, Adolph and Jerusha, Reuben and Betty, have been carrying the burden for years. Dr. R. L. Johnson has been the only physician there and has longed for associates to come in. Now there is promise of a young man, former P.F.A. student, Dr. Jay Neil, son of Elder J. Lee Neil, joining the staff and bringing several other doctors and paramedical people.

Unfortunately for starting a college there is a feeling that they should get a strong medical program going first and make the college wait another year. Jack Harrison is the new general manager at Chunky. He was principal of two different Junior Academies before going to P.F.A., and has done much to build up the place. We include a letter from him written especially for SURVEY readers. (Note what he says about their great need for a new school cafeteria. Those who wish to help, send your contribution through the M.C.A.A., or directly to Pine Forest Academy, Chunky, Miss., 39323. In either case your gift is tax deductible. P.F.A. also needs books for their library. If you can donate books write Jack Harrison, giving list.)

Letter from Pine Forest's New Manager

Dear Friends of Madison:

Madison closed its college doors about the time I was ready to leave Hylandale Academy. Though, because of my age, I was denied being classed as a graduate of Madison, God has allowed me the privilege of working with one of the institutions owned by the Layman Foundation. I have learned to love Pine Forest very much.

Pine Forest was established in 1938 on a 380-acre farm near Meridian, MS. Enrollment has reached as high as 65. This year we have 20 in the academy. Pine Forest also operates a 52-bed hospital, a dairy farm, an orchard, and a gardening program whereby we can freeze or can much of our food.

By faith the workers of Pine Forest are now launching out to include a total health program along with the hospital program. Dr. Jay Neil, a Pine Forest graduate, is now at Weimar Institute preparing this new program. He expects to bring several other doctors back with him this coming summer. In this program patients will be treated, and at the same time taught a new way of life so that the same illness does not return.

While this seems to be a full and busy program, we do not want to shut our doors to any other work our Father might have in store. Should it be God's plan for a Madison-type college to be built and operated at Pine Forest, we say, Praise the Lord that He has so much confidence in us. Because of housing we could hardly get both new programs going at the same time, but we could plan the health program now, and prepare for a college later on.

Many of our buildings are in need of repair. Our greatest need is for a new cafeteria. We

could use approximately ten new homes. Some of these could be mobile homes. Some day soon we will need a new church building. We also need books for our library.

Friends, we can see God's leading day by day. We see His blessings all the time. Pray for Pine Forest. Should you have a chance, please visit us. We would like to show you what God has done, and we do give Him the glory.

Gleanings from other papers

Under title, "Gleaning is not a Lost Art," Paula Hassler wrote in September *Life and Health*. She spoke of "an old World War II slogan." (It's this editor's opinion that it was World War I slogan. However the thought is appropriate at any time, and especially now when we seem to be heading for another depression.)

Here is the slogan: "Use it up, wear it out, make it do, or do without." Another few words quoted were: "Waste not, want not." We see so much waste of electricity, water, etc., around homes and S.D.A. institutions, it is appalling. So many costly changes in remodeling when a new manager or administrator comes, then when his successor comes on the scene, another round of changes to suit his ideas. Even worse, as we read the union papers and *Review* we hear of new buildings going up with price tags of millions of dollars.

Ellen White admonishes us to shun debt, and to erect simple but sound buildings. In all expenditures of funds the thought uppermost in minds of church executives and administrators and laity should be saving and conserving money to help "finish the work" and hasten our Lord's return.

● Another great waste, in this editor's opinion, is in printing promotion circulars, newsletters, and papers for promotion purposes by publishing houses, and various departments and organizations within the church. When a Sabbath is set aside for an offering, great quantities of printed matter and envelopes are sent out to the church pastors, and often much of it is stashed away and forgotten. Furthermore there is duplication by direct mailing to each member.

Work to Be Done in Greater Sacrifice

In the future, our work is to be carried forward in self-denial and self-sacrifice even beyond that which we have seen in past years. God desires us to commit our souls to Him, that He may work through us in Manifold Ways. I feel intensely over these matters. Brethren, let us walk in meekness and lowliness of mind, and put before our associates an example of self-sacrifice. If we do our part in faith, God will open ways before us now undreamed of . . .

If someone proposes something that is not in accordance with self-sacrificing principles on which our work is based, let us remember that one stroke of God's hand can sweep away all seeming benefit because it was not to His name's glory. (Manuscript 12, 1913) 25M 206.

A Second Site for a Madison School

A second site for a school of the Madison type has surfaced as result of Dr. Lee Otto's tentative prospectus on the green sheet supplement in the September SURVEY. This is a property of 235 acres 15 miles from Cleveland, TN owned by Mr. and Mrs. Marvin McColpin of Collegedale, TN.

McColpin, a former student of M.C., told about the property at Homecoming here several years ago, and his desire that it be used for a self-supporting institution. More recently we learned about it again through a young man, Tom Jackson, who called us on the phone. He and the McColpins have been holding meetings with a group of interested people at Collegedale. Another young man, Ed Cox, is involved. Both young men are anxious that the school include training for literature evangelists (colporteurs), and have the blessings of the publishing departments of the Southern Union and G.C.

Thomas Jackson graduated from Fletcher in 1964, then applied to Madison for college and was accepted. But that was the year M.C. closed, so he went to SMC and graduated from Theology with a minor in Communications in 1969. He was in ministerial work in Georgia-Cumberland and Carolina Conferences. He has been involved in radio and temperance work, and has a burden for the youth. The group at Collegedale has had two planning sessions, and Jackson wrote a report for the SURVEY as follows.

Letter from Tom Jackson

It was so good to talk to you on the telephone the other evening concerning an important subject like Christian education. We are so thrilled as we think of the challenge of a school being established similar to Madison College.

We had our second planning session, which lasted about five hours and twenty Adventist laymen were present, which included several who attended Madison or were related to the program at Madison College. Five of the twenty were graduates of Madison or worked at the college, which included Buddy Blair, Bill Tate, Dr. J.C. Trivett, and Professor and Mrs. James Zeigler. Mr. & Mrs. Marvin McColpin, who attended Madison around 1958 to 1961, are the couple who own the farm for the school.

We took the second step toward the start of a school, which will teach agriculture, industrial arts, the home arts, Bible, music, bookkeeping, and other important subjects. Attorney Glen McColpin was the chairman of the meeting. The meeting began with a devotional and prayer by Ed Cox, a former SDA minister, a report on youth ministry by myself, a testimony by Carol Faucett who is a new SDA attending SMC, a report on agriculture by John Pierson and Dr. Trivett. After much discussion on each of these topics the meeting was closed with the formation of a sub-committee to work out some legal details before the next meeting to be held in January of next year. Charles Boyd (plumber & electrician) closed the meeting with prayer.

James D. Wang, Ph.D., Galesburg, IL
(Letter to Dr. Lee Otto)

For a number of years we had consultation and conference from time to time with Gant, Straw, Moore, Lee, Geraty, Towery, and others about the ideal school. Earlier Dr. Sutherland had discussed our educational problems face-to-face with me.

About five years ago Dr. D. E. Rebok made a special trip to see me and asked me to write a simple and workable outline how to establish a S.D.A. college according to the blueprint given us through the Spirit of Prophecy. He disclosed to me with great confidentiality that five million dollars was ready for this proposed college just as what you have envisioned. I told him frankly that we could forget the five million, but we need two or three Adventist educators who are willing to listen to the Master Teacher.

Today I will say the same thing. There are so called "Madison Colleges" in different places such as Edson White College in Alabama, Weimar College in California. My International Institute For Purposeful Living at the Good Samaritan Retreat Center is a well built and established "college," but we face many problems only God knows how to solve . . .

We carry on dialogue with Dr. Colin Standish, dean of Weimar College, about our educational problems. He may be able to give you some suggestions. Please accept my appreciation of what you are trying to do for the finishing of the Lord's work. Everybody seems to be confused and do not know what they should be doing. Jesus is coming soon. We must preach the everlasting gospel through our school of prophets. I am extremely interested in your project. We shall be praying for you.

(The SURVEY editor has received a number of letters from Dr. Wang objecting to the widespread use of the term "health conditioning center." He says the word "conditioning" comes from a Russian psychologist, Ivan Pavlov, as a mind-controlling technique originated by Satan to demand blind obedience. There is "danger in adopting this term to misrepresent the divine health message that has come to us as a people from Heaven." He prefers the term "Better Living Center.")

Where to Write or Phone

We invite readers who are interested in seeing another Madison type college or institute established in the South to contact the SURVEY office. See phone number and address on back page.

● (For those who wish to confer with the group at Collegedale the telephone number of Marvin McColpin is (615) 336-5443, and the address is Box 844, Collegedale, TN. 37315.)

● Dr. Lee Otto's address and telephone: 701 East 14th St., Beaumont, CA 92223. (Tel. 714-845-6760)

● Address and telephone of Jack Harrison, Pine Forest is Chunky, Miss. 39323. Tel. 601-655-8216; or 655-8573.

Request for Extra Copies

After receiving the September SURVEY with the green sheet regarding Dr. Lee Otto's desire to start a "Sutherland College," Mrs. C.A. Squires of Twenty nine Palms, CA., wrote this note:

"If you have any extra copies of the insert about Dr. Lee Otto of Baumont, CA. I would like to have about 10 copies. I am acquainted with several people who would be interested in reading it and perhaps going to such an institution. These people do not take the SURVEY, and know very little about Madison, but believe in what Mrs. White says in the Spirit of Prophecy."

(We were glad to comply with this request. We will supply extra copies of current issues, as well as back numbers, to those who missed receiving them—Editor.)

LETTERS

Lois H. Winters, Garden City, KS.

(We welcome a new member, LOIS (Hanson) WINTERS, of Garden City, KS., who wrote as follows.)

I will always have a warm spot in my heart for Madison, having attended college there in 1954-6. I took the two-year secretarial course and during my freshman year worked as secretary to Dr. E.A. Sutherland and his wife, M. Bessie DeGraw-Sutherland. I believe I learned more from that experience than from the entire course of study. After his death in 1955 I continued to work the following year for Mrs. Sutherland, as she kept up an active correspondence at that time, even though in her 80's . . .

Our first son, David, was born there at Madison in 1959. Dr. Jean Slate was the one who brought him into the world. We thought a lot of her. David will be starting his second year at Union College this fall, and our daughter will also be attending as a freshman this fall.

After taking the two-year secretarial course at Madison, I worked in the conference offices in Florida and Kansas and while living in Lincoln for 11 years I worked as church secretary for 7 years. I haven't worked for the past 9 years—only serving as church communications secretary and typing the church bulletins for our church here. We have an 8-year-old son still at home, so I feel that my place is here with him.

I would like very much to join the M.C.A.A. and am sending \$5. I am very thankful for Madison and would like to attend the next Homecoming . . .

Ken Kretz is working as an anesthetist here in the hospital in Garden City. Our church membership at present is 100. I am the Sabbath School superintendent, and Ken is assistant.

Ken and Elayne Kretz, Garden City, KS

● In the same town where Lois Winters lives, Garden City, KS., we have two other new members—KEN KRETZ and his wife, ELAYNE (Hauck) (Jenks). Kretz finished anesthesia in 1975. Elayne almost finished

the nursing course, but had to transfer to another school in 1964 for her last year because of the closing of M.C.

Lillian Hanna, Troy, Ohio

We had not heard from LILLIAN (May) HANNA for sometime, and were in doubt as to her address. Recently we tried again and were pleased to receive her life dues and the following cordial letter:

"I was pleased to receive the MADISON SURVEY. It was the first I had received in several years. There were many names in it that I knew. I was saddened to read of the passing of Dr. Frances Dittes, even though I know she had a full and rewarding life.

You asked for an update on our children: John S. Hanna is a Ph.D. His wife Nancy is an R.N. Louisa has a Masters degree and is married to Thomas Kniivila. Ada has a B.S. in Nursing and is married to Jerry Zimmerman. Philip S. Hanna has a Masters degree - his wife's name is Kathy.

I have been a Social Worker for Miami County Children's Services Board for 12 years, doing the adoptions and working with parents who need help in making permanent plans for their children. My husband is a hospital administrator and active in many projects on local, State and national level."

David Kingry, National City, Ca.

(David Kingry N'63 sent in a change of address and check for \$100 for life dues and the Heritage House and wrote as follows.)

It is so refreshing to keep in touch with my friends and former schoolmates at Madison by means of the SURVEY. We all appreciate the work you are doing even though we don't always take the time to write and tell you. It's a real inspiration to read the accounts of former Madisonites and their adventures for the Lord.

I am now on the anesthesia staff at Paradise Valley Hospital in National City, CA, and I enjoy my work here very much. After ten years it is good to be working in an Adventist hospital again. As added bonuses we also enjoy the mild climate here and the proximity to my wife's relatives . . . Keep up your good work, and may God richly bless you is my prayer.

Lois Cannon, Washington, D.C.

I was supposed to graduate in the class of 1939, but went out to Loma Linda with my husband, Sidney Lowry, and thought my graduation would come automatically, even though *in absentia*. Twenty years later when I learned I had not graduated, I requested my diploma and sent in my required \$20. So now I'm listed in the class of 1959. I feel a little out of place in that class.

After Dr. Sidney Lowry's tragic death in his airplane crash at age 48, I spent my time bringing up our six children and managing his medical center. The children have done well. Five graduated from Columbia Union College. Malcolm went to Madison and took the X-ray course in 1960. One is a teacher, one a nurse, one does counseling at the Washington Adventist Hospital. She has her Master's from Loma Linda. The twin girls,

Beverly Ludders and Barbara Orr are both physicians, graduates from Loma Linda.

(The Loma Linda Alumni Journal School of Medicine, carried a write-up on Barbara which revealed how much she loves her work, but she doesn't let medicine interfere with her family, working only 20 hours a week. —Ed.)

In 1971 Lois married Dr. John Cannon. He is chairman of the department of Psychology at Columbia Union College and director of guidance. "He should be retired" she writes, but he refuses to quit . . . I enjoy the SURVEY so much. I learned in the last issue where Georgia (Hale) Green is living, and called her. Her husband is an M.D. and their three sons are all physicians.

"God has been very good to us. We are so grateful that Madison prepared us for the realities of life and we look toward the future with trust and fearlessness."

(We're sorry about the mix-up on Lois's year of graduation. We can at least list her in our records as '39 instead of '59.)

Students of '30's Have Reunion

We are indebted to the Schuelers for the following report.)

A small group who were all students together at M.C. in the '30s had a reunion in the Smokies the weekend of October 12-14. Present for reminiscing and updating were: Bayard and Violet (Jackson) Goodge, Leland and Alice (Goodge) Straw, Roger and Genevieve (Alexander) Goodge, all of Little Creek (near Knoxville, Tn.); Ralph and Dorothy (Foote) Davidson, of Woodbury, Tenn.; Kenneth and Nell Dean Tilghman, of Marietta, Ga.; Lester Harris and Nora (Kendrick) Melendy of Nashville; Glenna (Sharpe) Williams, of Franklin, N.C.; Gary and Bernice (Sharpe) Schueler, of Madison, Tn. Prevented from joining the group because of recent surgery were Lucille (Putman) Matthiesen of Bryson City, N.C. and Elaine (Leslie) Tucker, of Bradenton, Fla.

Caslers Go To California

Mr. and Mrs. Paul Casler have moved from Madison to Ukiah, CA., where they are both employed at the Hillside Community Hospital. Paul, formerly head of maintenance at Madison Academy, is administrator of environmental services. Mary, formerly director of Life Services in Madison, is serving as chaplain of the hospital. The hospital has 43 beds, but expects to expand to 100. The administrator is Daniel Ballew, who started the nursing home here at Sanitarium and Larkin Springs, now called "Hillhaven."

● There is much more that we had to leave out this time and will have to hold over to the next quarter, including Alumni News, Christmas Cards and letters.

● We have received many expressions of appreciation for the MADISON SURVEY. We ask again that as you see fellow Madisonites you ask them if they are receiving this publication. Help us find others and get them on the list.

Sara T. Nelson, Humboldt, TN.

Sara Tennessee Nelson sent a donation in memory of her sister, Mary Nelson Lovin, who died 7-3-79. She said; "My mother (Mrs. E.L. Nelson) was a patient of Dr. Sutherland in the early 1900's and I, too, was there under Dr. Julian Gant several times. I grew to love the Madison of the Good Old Days."

Dr. Carl D. Anderson, Duncan, B.C. Canada

(Dr. Carl Anderson, formerly director of the Advanced Training School at Laurelbrook, Dayton, TN, has gone back into ministerial work in Canada. He has been a subscriber to the MADISON SURVEY for sometime.)

How nice to get the SURVEY and all the interesting inserts about Flat Rock and the Brown family, as well as the clippings about my wife's brothers, Louis and Waldo Crane, who were premed graduates of Madison sometime in the 1940's . . .

Although this is the second time I have retired, it is also the second time I have been "retreaded." I am an employee of the British Columbia Conference with duties as pastor of the Duncan church on Vancouver Island. It is a most interesting experience to begin our 45th year of service for our church that we love so much.

My first year of service was spent as a ministerial intern in the Central California Conference; then I taught the next 39 years in our denominational schools in every grade level from one up to and including the Seminary and Graduate School at Andrews, and served one year as an editor at Home Study Institute.

The last four years we have been in the self-supporting work. All these years have been years that the Lord has blessed abundantly. At the recent Hope, B.C., Campmeeting I met 60 former students and 16 former staff members that I knew, mostly from Canadian Union College.

A Plea for the Golden Anniversary Album

RUBY BEARD '39 of Cincinnati wrote recently: "I came to Madison in 1936 to take nursing. I love God's people and Madison. It seems like my home with my family."

Ruby also wrote of her great desire to get a Golden Anniversary Album which was published in 1954, and only a very few are on file in our office. After she learned we had none for sale, she wrote: "Could not some one please reprint more of the 50th Anniversary Annuals? Please! I feel sure that you would sell them all, especially if all the ex-students knew about it."

This is a frequent plea from those who either did not purchase the "50th album," or lost their copy. Can anyone help Ruby by selling their copy? We're sure she'd pay a good price for it.

• What do you think of the idea of reprinting the Golden Anniversary Album? Since it did not include the graduation classes after 1954, another idea would be to include the ten more years through 1964 when M.C. closed. Write the MADISON SURVEY office.

ALUMNI NEWS

1924 and 1926. The Doctors MERLE and MARGARET GODFREY sent their dues and wrote: We live at Paradise, CA. We both retired from the practice of Radiology 5 years ago. We spent about 5 years in Australia 1935-40, and about 1 year in Japan in our institutions. We also worked in Saigon during the war (1973) in the old 3rd Army Hospital there.

1928 & 1932. Dr. DALE PUTMAN wrote from Hendersonville, N.C.: Dorothy and I enjoy the SURVEY very much. You are doing a wonderful job of gathering information and getting it out to all of us. I have retired and only help out at Fletcher S-H when needed. Also, I am a consultant to the VA for an hour or so each week. Keep up the good work which so often is not appreciated.

1937. VIOLA CARLETON sends greetings from Knoxville, Ind., telling of her travels this summer with her sister, Gertrude Rudd, '38. They visited relatives in Okinawa and the Philippines. They also visited Hongkong and Hawaii.

1939 & 1941. Elder Herbert Hewitt '39, formerly a district pastor in Louisville, is now pastor of the Ridgetop Church near Nashville. He and his wife, Vera (Noss) '41 have moved to Ridgetop, TN.

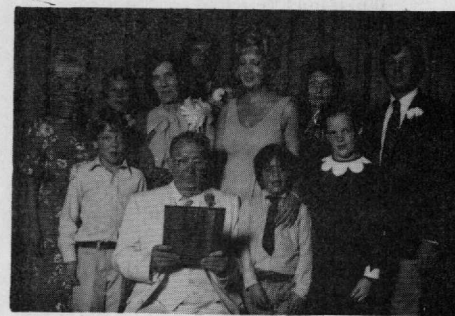

1940 & 1942. GERALDINE (Bond) THOMAS writes from Arcadia, CA., where husband Gene practices E.E.N.T. "We have 4 children. Our son Allen is a lawyer and practices nearby. Our oldest daughter, Gerrie U'Ren, also lives close by. She taught at San Gabriel Academy 4 years. Our second daughter, Susan Pope, teaches at Loma Linda Academy, and our youngest daughter, Lori, is a senior at La Sierra . . . We do enjoy getting the MADISON SURVEY, as we will never forget our years at Madison.

1942. CARL JENNINGS graduated from M.C.A. in 1940 and took 2 years of college. He worked at Madison Hospital lab until recently and is now working in the lab at Nashville Metro Hospital, Bordeau. He and his wife "Luz" live in Madison. His two daughters, Sheila and Judy, are in the Nashville area.

1944. MARIE (Price) BROBST: I am like others from Madison—sorry to see all the changes, but the new hospital is wonderful. I shall always be grateful to Madison for giving me my education.

1948. PAULINA (Lucas) PHILLIPS (N'48): Please change my address from Pardeeville, WI., to Wisconsin Dells, WI. I have moved onto my property now. It wasn't livable last winter so I had to rent. I have retired and sold both places in Illinois, so I'll be a farmer gal the rest of my life or until Jesus comes. Maybe I can accomplish some of the things I've never had time to do before.

My daughter Carol (Trotter) and family have moved to Madison. They couldn't get winter work here and couldn't stand the cold. My daughter Phyllis (Shrock) lost her husband by a heart attack last May.

Frederec B. Cothren Day

Dr. Fred Cothren (sitting), looking at plaque presented to him at reception Oct. 26, 1979, on "Frederec B. Cothren Day" at Madison High School auditorium "in recognition of 33 years of dedicated professional service to Madison Hospital and community."

Standing directly behind Dr. Cothren is his wife Edythe (Stephenson), and behind her is son, Jackson Cothren, M.D. (Jack's wife Peggy is at extreme left.) Standing next to her mother is daughter Elisabeth, and next to the right is her sister, Carolyn (Niemyer), and brother, Frederec Cothren III, D.D.S. Five of the grandchildren are shown in the picture, but Carolyn's twin boys were not present.

Nearly 700 people came to the reception which was arranged by Madison Hospital upon Cothren's retirement. He will continue as medical director of Imperial Manor Convalescent Center in Madison. His wife Edythe, a valued member of the M.C.A.A. is active in music circles and community affairs, and well known as a wedding coordinator. Future plans for the Cothrens include making their home at White Oak Ridge in Collegedale, TN.

Best wishes to all I know. Where can I get a class picture of 1948?

1952 & 1953. GWENDYL J. BROWN and wife, BETTY JO JENNINGS, express their appreciation for the SURVEY and fond memories of Madison. They are living in Carlsbad, N.M.

1953. HERBERT and MABEL SCHMALE ('53 & '62) send dues for a life membership, and he wrote: "We appreciate receiving the MADISON SURVEY. We went on Social Security six years ago, but are working part time at WWC food service where I have been employed for the last 6 years. God continues to bless us both with very good health. We need it, too, for work at our job and in our big garden.

1957. DORIS C. THOMSON '57 wrote from California: "How wonderful that M.C.A.A. will have an alumni center." Thank you for your continued efforts for Madison. You have certainly given far beyond that which is usually expected. May God bless you. My daughter, Janice and her husband, Gene Wedel, and grandson, Greg, are fine. I am still afternoon supervisor at Simi Valley Adventist Hospital, but plan to retire in the spring of 1980 and hope to attend Homecoming."

1957. HARRY MAYDEN '57, formerly principal of Orlando Junior Academy, is now associate superintendent of education in the Florida Conference. His wife, Joyce (Christensen) graduated from M.C. in 1955.

1958. CHARLOTTE MATHIS, formerly on the staff at Cave Springs Home, Pegram, Tn., is now living in Farmington, KY. She was a student at M.C. from 1957-8. She did her student teaching at Ridgetop under Marion Simmons. She has taught church school at Dyersburg, TN., Owensburg, KY., Muncie, Ind., and Pewee Valley, KY., in addition to tutoring at Cave Springs. She also taught for a short time in Guatemala.

1961. HENRY SCOGGINS (X-Ray '61), Administrator of Hackettstown Community Hospital in New Jersey, was appointed president elect of the SDA Hospital Association at a meeting of 80 Adventist hospital administrators in Hinsdale, IL., in August, 1979.

1962. Dr. BEECHER ZOLLINGER is the originator of a radio program, "The Doctor Is in," at Hackettstown, N.J. The Adventist hospital there has now taken over the program.

1969. MARTHA REBMAN (Anes. '69), a life member of M.C.A.A., is doing anesthesia at Nashville Memorial Hospital in Madison. Her husband Donald taught in the nursing school at Fletcher 6 years, and has been teaching Science in Nashville Junior High. Both Martha and Donald were students at M.C. 1950-1. They have one daughter, Renee, who is a secretary at Memorial Hospital.

Gene Sellars Returns from Iran

Gene Sellars '61, wife Virginia (Davidson) '57, sons Coley and Carl, had a joyful reunion at Nashville airport on Thanksgiving Day. He and the family were shown on TV, as Iran was so much in the news.

Gene had been serving as physical therapist at the Adventist clinic in Tehran and health educator for the Iran Mission since 1974. Virginia and Carl came back from Iran several months ago. Coley and Carl are now in school at Little Creek.

Sellars was interviewed in an interesting missions feature at Campus Church Sabbath School Dec. 15.

Bernard Bowen Honored on Dec. 16

Bernard Bowen and wife Dollie were honored at a buffet luncheon at the Heritage House Smorgasbord, Madison. Bowen, who started and directed the School of Anesthesia at Madison Hospital in 1950, retired at the end of 1979. He and Dollie are leaving for Africa in early 1980, where he will assist at Yuka Hospital. Many of his former students came for the occasion to see the unveiling of a portrait of Bowen, which will be hung in Madison Hospital. We plan to include a picture and further details of this event in the next SURVEY.

Honor Classes, 1980 Homecoming

Honor classes for Madison College Homecoming June 20-22, 1980 will be 1930 (50 years ago), 1940 (40 years ago), 1955 (25 years ago), and paramedical classes of ten years ago (1970). We plan to compile lists of names and addresses to send out when time permits.

MADISON ACADEMY HONOR CLASSES. At the urgent request of Pat Batchelor Bullock we are honoring the academy classes of 1959 and 1960, of which she and her husband John were members. Pat would like to include the college class of 1960 (20 years ago). She also gave a long list of teachers, work supervisors, and speakers during her high school and college days that she'd like to see included.

She closed her letter by saying: "It was a wonderful school for students to be able to work their way through and leave without debts. I just finished reading the new book on Madison, and it brought back many memories. I shall never forget Madison and all its people."

Update on Heritage House

We had planned to give a list of those who contributed to the Heritage House, also the names of those who sent in life dues, but time is running short, so we hope to do that in 1980.

There is one major change in the plans, which this editor personally regrets. The alumni committee met twice at the Sutherland House to look it over and see what had to be done. There was plenty to do—roof repair, insulation, shoring up the poor foundation, insect control, and heating. The latter was perhaps the greatest of all the problems. The committee reluctantly voted to give up this house and go back to the other choice—the rock house across from the hospital. Since this cottage was occupied by Dr. and Mrs. George Droll in the early 30's, and Mrs. Lydia (Sutherland) Droll was E. A. Sutherland's sister, one of the committee members pointed out that it could be called a Sutherland house, in a sense.

We now have permission to use the former Droll dwelling as a Heritage House. It is much smaller than the Sutherland house on the main floor, but does have an attic and a basement. It has a good gas heating system in the basement, and seems to be well built. The house was formerly used by Public Relations and the Credit Union.

The bathroom needs a new floor, some painting is needed, carpeting should be put down, and some partitions changed. We are waiting for the hospital to clear the building of the materials stored there, before we can begin to move.

We appreciate so much the gifts and heartwarming letters that have come in. We keep a strict account of this fund, and hope the work of renovating and furnishing the house will soon begin. If you haven't sent your gift, or are behind on your dues and donations to the MADISON SURVEY, please remember us. Also we would remind you about the Memorial Fund.

CAMPUS VISITORS

VIOLET (Stewart) LANG. (N'50) of Berrien Springs, Mich., visited her brother, Elder Alvin Stewart, while her husband, Dr. Harold Lang, was attending an engineering meeting in Nashville. She came to the Alumni office, got several addresses and gave news of several former Madison students:

● MARGARET (Stevens) ROY is secretary to Dr. J.G. Smoot, president of Andrews University.

● Of the LAMBERT twins, Roberta married a lawyer, Richard Huff, and Alberta lives in Jackson, Mich. They graduated from Madison Academy in 1944. We would be glad to get their addresses, also the address of Donna Rae (Waller) that Violet mentioned. She took a dozen extra copies of the September SURVEY back with her and promised to try to get some more subscribers.

● Dr. and Mrs. GLENN BOWES '41 of Claremont, CA visited friends in Madison and Ridgetop on their way to Mexico for a vacation.

● BETTY FLEMING, former M.C. student, visited her sister, Iva Fleming, on Thanksgiving weekend and attended the Campus Church services accompanied by her friend Betty Buckley. Both of them are secretaries in the G.C. Iva, a retired school teacher, is living in Hermitage, TN. The Fleming girls were here in school 1937-40.

● Elder and Mrs. KENNETH M. MATHEWS of Montgomery, Ala. and their two sons and their wives, Dr. K.M. Mathews of Salt Lake City, Utah, and John Mathews, a minister in Ft. Walton Beach, Fla., visited Kenneth's sister, Dorothy, in November. Elder Mathews, former M.C. student, is now trust services director of the Alabama-Mississippi Conference.

● Dr. Ira Gish, former librarian of Weimar Institute in California, stopped over at Madison on a recent weekend. Dr. Gish and Harry Christman co-authored the new book, *Madison—God's Beautiful Farm*. Many expressions of appreciation for the book have come to the notice of this editor.

In visiting with Dr. Gish while he was here, we spoke of the fact that we neither liked the title selected by the publishers, but we do like the subtitle, "The E. A. Sutherland Story." Also we spoke of the acknowledgements in the front of the book where Sharon Johnson Holland is mentioned. This should have been her aunt, Betty (Mrs. R. L.) Johnson (incidentally Mrs. Cothren's name is incorrect. It should have been Edythe Cothren). Also, for some reason, the writer's name on the Epilogue in the back of the book was omitted—Dr. Frank Knittel. Word had come to Gish that it was not the Hotel Roanoke (page 89), but a similar sounding name where some students and faculty lived temporarily in the early days of E.M.C. at Berrien Springs.

HOSPITAL NEWS

● Carol Wickham, daughter of Harry and Ella Wickham '51, is the new administrative secretary for Administrator Robert Trimble. Her parents are teaching the church school at Lawrenceburg, TN. She reports that her brothers Harry and Steve are working at McKee Baking in Collegedale. Her sister Dolly is teaching English and Home Ec at Grand Ledge Academy in Michigan. Her other sister Tamara Barnett, lives near her parents.

● Penny Bidwell, daughter of Elaine Tucker '35, of Bradenton, Fla., is a secretary for P.R. and administrative services.

● Bruce Christian, former administrative assistant in charge of Industrial Medicine and Public Relations, has moved to Wasco, CA., where he is administrator at North Kern Hospital.

● Judy (Brock) Silva is the new director of nursing service at Madison Hospital. Her husband, Dr. Sam Silva, is taking his State Boards in Nashville.

Judy's mother, Opal Brock, lives in Madison, and all her sisters, Barbara Busch, Patricia Woods, and Linda Shelton live in or near Madison, as well as her brothers, Richard and Charles. (Charles is the only child who is not married and at home.) Brother Robert is at Jellico, TN., where he is controller of the Adventist hospital.

OBITUARIES

AUDREY MYERS DUNN

Audrey (Hill) Dunn died Oct. 5, 1979, in Exeter, CA., when her Moped went out of control. She and her husband F. J. Dunn were about to purchase two of these vehicles for use while camping, and she was receiving instruction for its operation. She became confused and instead of applying the brakes, sped up and was hit by an oncoming car.

Her husband wrote that she had just come into a new Christian experience a few months before, and the following covenant was found by him: "My covenant with God. With His direction and sustaining help I am endeavoring to eliminate all harmful foods. I have eaten no meat since April 12, 1979. I have stopped Pepsi. The last ice cream I had was July 16. I have cut down on the use of sugar. I get hungry for all these things, but God is helping me not to break over. I want to be close to Him and to be covered with His righteousness." . . .

"She wrote this July 19, 1979, and I had noted a marked change in her outlook and spiritual life since that time. It certainly behooves each of us to make our covenant with God before it may be too late. Life is so uncertain."

Audrey is survived by her husband, her attorney son, Larry Myers of Miami, Fla., and daughter Linda Smart, of Bellview, Fla.

(We are grateful for the above information which was received in the SURVEY office from Fay J. Dunn who married Audrey in 1970. Audrey graduated twice from Madison—in 1941 and 1961, and worked at Madison Survey, December 1979, p. 7

Madison Hospital as a nurse from 1961 to 1970. After she left Madison, she worked as a nurse at the hospital in Exeter, CA. A short time before her tragic death we received an interesting letter from F.J. Dunn and a generous check of \$200 for his and Audrey's life dues and a gift which we will consider as a memorial to Audrey. We quote from his letter.)

Fay J. Dunn, Exeter, CA.

(Letter written before his wife's death)

I know that the SURVEY does not get printed for ten cents an hour like it did when I printed it! I worked in the printshop for several years and printed all the issues at that time. I took my high school work at Madison and later attended La Sierra College.

"The Powers that be" tried to get the students to go along with the SURVEY as their official paper, but most looked at it as a chance to get more control of the paper. The SURVEY was regarded as more or less a "farm magazine." So the students came out with their own paper, called 'The Peptimist Crier.' I also printed all the issues of that paper for the short life that it had!

My 5 years spent there as a student in high school were some of the happiest. I treasure many happy memories of the place. I lived for many years on and off campus and later worked in Nashville for a printing firm.

For the past 12 years I have been working for the largest printing corporation in the world—Diamond International. I work in a cage about 20 feet square, and do very high risk security work. We have had no problems in our department. A large portion of the material that leaves the cage goes by armored truck. Some goes by the company's private plane. I have enjoyed the trust that the company has placed in me and the fact that nothing has gone amiss under my care. I will be eligible for retirement with full benefits in a little over a year.

About four years ago we bought our first motor home and enjoyed it so much we purchased a larger one this year . . . Last year we traveled to Loveland, CO and visited Dr. and Mrs. Ralph Moore who have since

moved to Texas . . .

After Audrey and I married in 1970 she moved out here and worked in a busy hospital about 10 miles away for 7 years. She took her early retirement over a year ago . . . We have a church here of about 200 members. We have both been active in various capacities from Sabbath School superintendent to telling children's stories. Keep that good "ole" SURVEY coming!

ESTHER (FAIRCHILD) CRAW

ESTHER M. CRAW was born in Mt. Vernon, OH, and died in LaVerkin, UT. She was the wife of Elder Jerold B. Craw, district pastor in southwestern Utah. The Craws have served the church at Madison College, TN., in southwestern Ca., in Michigan, and in recent years in the Nevada-Utah Conference. Survivors include her husband Elder Jerold B. Craw, daughter Verda Westerman, sons Joel and Raymond.

In reporting Esther's death the Pacific Union RECORDER (11-26-78) said she worked unceasingly by the side of her husband Elder J.B. Craw. "She was very active as a pastor's wife and was loved and appreciated wherever she went. Her presence at camp meetings and workers meetings, as well as other meetings, always brought cheer and brightness."

We thank Joel Craw for sending an obituary about his mother's passing. We quote from his letter "Since they have been in Utah they have been able to raise a small group of members and build a sanctuary which is a real witness in this Mormon stronghold. Fortunately, she was able to work by his side up until three weeks prior to her death. The Lord, in his special love, saw to it that she did not suffer and quietly fell asleep. My father will continue his work in Utah.

"I continue with a very busy schedule in the management of several Physician Groups in Loma Linda. Pat's full time position as a housewife and mother keeps her very busy . . . The MADISON SURVEY and your efforts towards its continuance are so much appreciated. We read it completely upon its arrival each quarter."

COUPON

M.C. ALUMNI ASSOC., Box 1303, M.C. Sta., Madison, Tenn. 37115

I am sending \$ _____ for THE MADISON SURVEY for _____ year(s)

NAME and ADDRESS _____

News Note or Remarks: _____

JOHN NORMAN CLAPP

Elder J.N. Clapp died May 24, 1979, at age 93. He taught History at A.U.C. 1923-1933, and was chaplain at Madison Hospital while his wife Doris was director of nurses 1953-8. Later they retired in Takoma Park, Md. He is survived by his wife, Doris (Goldsberry), who wrote us recently as follows. "I lost my dear husband Norman on May 24, 1979. I miss him very much, but he was ready to go. He was a wonderful, kind, and loving husband. We had been married 39 years. The hurt lingers on."

FLORENCE ESTHER SANTINI

Florence Santini died at Sonora, Ca., July 3, 1979, at age 76. She was the wife of Harold Santini '30, one of the Santini boys who attended Madison. In addition to her husband, 5 sons (Joseph, Don, Richard, Norman, Austin), and one daughter (Henrietta Knowles) survive.

WILLIS F. BAUGHMAN, M.D.

Dr. Willis Baughman was born in Loveland, CO., in 1907 and died Nov. 13, 1979, at Weimar Institute in California. He graduated from M.C.A. in 1932, from premed at M.C. in 1935, and received his B.S. in 1941. His wife Ruth (Spurgem) graduated from Nursing at Madison in 1928. He worked 3 years in X-ray here.

Dr. Baughman practiced medicine in Compton, CA for many years and semi-retired a few years ago. Surviving are his wife Ruth, son John, an M.D. at Mammoth, CA, son Bill, an attorney at Palm Springs, CA., daughter Marilyn, P.H.N. in Riverside, CA., two brothers who are ministers—Elder B.F.

Statement of Ownership and Management

MADISON SURVEY and ALUMNI NEWS is a non-profit publication, published quarterly by the Madison College Alumni Association, Madison, Tenn., with headquarters at Madison, Tn.

Name and address of editor: Mable H. Towery, Box 1303, Madison College, Madison, Tenn. 37115.

Name and address of owner: Madison College Alumni Association, Madison, Tenn.

The known bondholders, mortgagees, and other security holders owning 1 percent or more of total amount of bonds, mortgages, or other securities: None. MADISON SURVEY and ALUMNI NEWS carries no advertising.

Baughman and Elder L.A. Baughman. His sister, Hazel Rouse, phoned some of the above information from Cave Springs Home, in Pegram, TN, where she is on the staff.

ROY E. SLATE

Roy Slate died in Asheville, N.C. on June 13, 1979. He worked at the Review and Herald 28 years, and at the Southern Publishing Association in Nashville 5 years. While he worked at the Southern Publishing Association his wife, Dr. Jean Slate, was a staff physician at Madison S-H. After he retired they moved to Asheville, N.C., where she continued in practice. In addition to his wife, three brothers survive. (Joseph, Dr. Herman, and Charles Slate) and four sisters, (Sarah, Lenora, Verna, and Myrtle.)

MILDRED (BURDICK) SHERRILL

(We are indebted to Olga Burdick Speer '47 for sending the following information regarding the death of her aunt, Mildred Sherrill.)

Mildred Burdick Sherrill was born at Farina, IL. in 1897. She became a member of the Adventist Church at age 12. She attended Madison College where she took nurses training in 1919. She was married to William Guy Sherrill in 1920 at Hardy, Ark., and later moved to Jefferson, TX., where she lived for over 40 years. She was a faithful and devoted wife, mother, and church member until her death. After a long illness, she passed away on March 27, 1979. She is survived by her husband, one son, Bruce Sherrill and one daughter, Mrs. Lilly Bessire. She was buried at the Berea Cemetery in Jefferson.

ESTELLE MURPHY STRAW

Mrs. Estelle Straw was born in 1886 and died Sept. 10, 1979, at Little Creek Sanitarium, Knoxville, TN. She was almost 93. Wife of the late Walter E. Straw, she stood by his side through 52 years of service in Adventist educational work. Ten of the 52 were spent in Africa. While in Africa she taught at Bulawayo Mission. The Straws were almost continuously in touch with the Madison School, where Elder Straw was teacher, dean, and for two years president (1948-50) until his health broke. He also served as teacher and dean at E.M.C. for a number of years. Since her husband's death in 1962, Mrs. Straw has been at Little Creek, near her son, Leland, founder of that unit.

Survivors include two daughters, Sylvia Mitzelfelt and Mignon Smith, and two sons, Leland and Ronald, a dentist. (After this obituary was written, we learned that Sylvia Straw Mitzelfelt died Dec. 21, 1979, at the hospital in Berrien Springs, MI. Her obituary will appear later.)

ETHEL M. SHULTZ

Ethel Shultz died Oct. 1, 1979 at age 71. She is survived by her husband Walter R. Shultz of Denison, Iowa, and four children: George Shultz, Elanor Jenson, Janis Walter, and Walter L. Shultz. Her husband Walter graduated from Anesthesia at M.C. in 1953, and son George, of Placerville, Ca., graduated from Anesthesia in 1957.

JOLENE STILES ZERBEE

Jolene (Stiles) Zerbee died July 26, 1979 at Manchester, KY. at age 43. She graduated from Nursing at M.C. in 1958, and is survived by her husband Richard and three children, Johanna, Jonetta, and Ricky, and her parents, Dr. & Mrs. W.W. Stiles, who were missionaries in Ecuador at one time.

Jolene's husband, Richard Zerbee, is a lab technician. They had served in the health field at Avon Park, Fla., Beeville, TX., Ellijay, GA., and Oneida, KY., before connecting with the new hospital at Manchester, KY. Their daughter Johanna took part of her nursing training here at the Madison Extension Campus, S.M.C.

CORBY SUTHERLAND

Corby Sutherland died at age 21 in an auto accident on Sep. 15, 1979 near his home in Lawrenceburg, TN. He was riding with a friend and both were killed instantly. He attended Highland Academy and planned to start Dental Technology at Cleveland College. Corby is the son of Walter Shaen Sutherland '47 and Mavis (Savage) Sutherland (N'50). In addition to his parents, Corby is survived by two brothers, Christopher E. Sutherland of Madison, TN., and Edward A. of Lawrenceburg, and two sisters Yolanda Elkins of Minden, LA., and Heather Butterfield of Lyndon, KY. He was the grandson of Dr. Joe E. Sutherland and the great grandson of the late Dr. E.A. Sutherland.

MELVA LAVERNE WILSON

Melva (Myers) Wilson died Nov. 1, 1979, at Trevecca Health Center in Nashville. Ray Wilson, her husband died May 12, 1977. She is survived by two sons, Walter Wilson of Smyrna, Loyd Arthur Wilson of Nashville; daughter LaVerne Krantz of Madison; brother J. Lester Myers of Modesto, Calif., three sisters—Doris Christonson, Beatrice Winslow, Grace Johnson, all of Ferndale, CA.

Mrs. Wilson's daughter, LaVerne Krantz of Madison, wrote the SURVEY office as follows: "Mother passed away very quietly during a morning nap. She had eaten her breakfast, took her medicine and thought she'd sleep until I arrived at 11:00 A.M. She was ready to go and did not fear death."
