MADISON COLLEGE HOMECOMING JUNE 17-19, 1983

The Madison College Homecoming is scheduled for June 17-19, 1983. We hope you are planning to come. Graduates, former students and staff, friends of Madison College, Academy, and Hospital are cordially invited to the meetings.

All Homecoming meetings will be held in the Madison Campus Church across from the hospital. On Sabbath a potluck dinner and a supper will be served. The hospital cafeteria does not serve breakfast any day, but will be open on Friday and Sunday for all meals.

Please do notify us if you plan to come, even if you plan to stay with relatives or friends, as it will help in preparing for the two potluck meals on Sabbath. It is suggested that those coming from a distance try to bring some food items, or better yet, donate some money for these two Sabbath meals.

- A good program is being prepared.

HONOR CLASSES this year are 1933 (50 years ago) 1943 (40 years ago), 1958 (25 years ago), paramedical graduates of 1973 (10 years ago). A letter and lists of these classes are being prepared to send out.

(For the telephones and address of the alumni office and secretary see back page. Other numbers: Dorothy Mathews, (615) 865-5350; Edith Johnson, 865-6076; Velma Jeffus, 865-8786; Katherine Marshall, 868-2133.

- There are two motels in Madison — the Madison Motel at 625 Gallatin Road, Tel. (615) 865-2323; and the Madison Square Motel across from Madison Shopping Center at 118 Emmitt Ave., Tel. (615) 865-4203. (Please make your own reservations EARLY, but do let us know if you plan to come.

- There are two KOA's near Madison — one on Elize Miller Road near Opryland, Tel. 889-0282, and one at 708 Dickerson Rd. (Goodlettsville) Tel. 859-0075.

- **HOUSING:** There is a good possibility that rooms will be available for rent at the former nurses dormitory adjacent to the Campus Church. Write early for reservations.

COMING EVENTS

KY.-TN. Campmeeting, May 27 - June 4, 1983

Madison College Homecoming
June 17-19, 1983

L.E.L. Convention, Harbert Hills Academy
Savannah, Tenn., Sept. 29 - Oct. 1, 1983

A.S.I. Convention, Guntersville State Park
Guntersville, Ala., Oct. 18-23, 1983

ADDRESSES WANTED HONOR CLASSES

1933: Frederick J. Reynolds, Alice Sink
Vezaldenas

1943: Delores Quitmeyer

1958: Mary Donesky, Florene (Gant) Bratten,
Robert Earl Hale, Peggy (Dillard)
Jones, Glenda Luzader, Ann Raburn,
Ruth Ann Duncan, William Rasel,
Everett Saulsbury, Jacqueline
Schlotthauer McGee, Jimmy and
Velma Webster, Delores Cross
Wimberly, Vera S. Wright.

Anesthesia 1958: Barbara Eller, Thomas
Linville, Ollie Dennis Maddox, Marjorie
Virginia Williams.

MEDICAL RECORDS, 1958: Tena Rose
Penner, Febe T. Santo Dominga, Virginia
Warner, Lauranelle Tayler White

X-RAY: Adrian Wynn

OTHER ADDRESSES WANTED

Major and Mrs. Tom Minc '57 (last address,
47th General Hospital, APO-FPG, New York
Edward Burnside (Lab '53)

NOTE TO SURVEY READERS

- Until a year or two ago everyone who lived on the Madison school and hospital campus had to go to the Madison branch post office to get their mail. More recently anyone who wishes to put up a mailbox in front of their house may get mail on free rural delivery. The academy was required to put mailboxes in front of their three apartment buildings.

The SURVEY Editor did not choose to have her mail delivered to the apartment, although a few people have used that address. We give it on the back page, merely so anyone who wants to find us will have it. But **PLEASE** do not use house number as a mailing address. The box number is always shorter and safer.

The Miracle of the Madison Farm

Within two weeks the ground will be curling up under the plow as Madison again prepares its soil for planting. As the spring sun warms the fields that have lain fallow for years, small plants of corn, beans, sweet potatoes, tomatoes, greens, onions, and other vegetables will be raising their heads in beautiful long rows. What is happening at Madison?

Frank Judson, known as "Mr. Agriculture" wherever he has been, has joined in the dream of reviving the farm at Madison. We have developed a plan that will unfold in three phases:

1. We will begin this summer by planting 11 acres of vegetables, opening a store, renovation of the barn, and the development of a membership plan.

2. Expansion to 25 acres of vegetables, berry fields, a small orchard.

3. Greenhouses for year-round farming with seedlings, flowers, and shrubbery.

Enclosed you will find our brochure explaining the membership program. Our goal is to receive 1,000 members, giving us the money to begin the program. Each year the memberships will be renewed to allow us to continue in the expansion of the program.

Some may ask how this program, even after completely developed, could not be scrapped later. We have begun a separate Industrial Board that will regulate and control our industries. This board will give stability through administrative changes, making the industries stronger through the support of many interested Madisonites!

We would ask you to please help us make this dream come true. We have the chance now to bring Madison Academy closer to the plan that was ordained for Christian

education. Together we can look forward to meeting the challenges that face us as a church and preparing our children for that great challenge!

Thank you,

Dean Hunt,
Principal of Madison Academy

● Two new industries have just been started at Madison Academy — the cabinet shop and the auto body shop, the latter in addition to the auto mechanics shop.

More on the Madison Farm

This editor is pleased and excited about the projected plan of Madison Academy Principal Dean Hunt and "Mr. Agriculture" Frank Judson to revive "God's Beautiful Farm" (title of Ira Gish's book).

Judson, a graduate of M.C. in 1938, was here 1940 to 1944 as farm manager then was prominent in the Agriculture Department at La Sierra College, farm manager at two California academies, then came back to Madison in 1963 and worked so hard, with others, to prevent closing of the college in 1964.

A few years ago Frank and Velda Judson bought a farm near Bowling Green, Ky., close by daughter Marilyn Carter and family. He has accepted the invitation of his former student, Dean Hunt, to head up the farm program and commute several days a week. He recommended the plan used at Tuskegee Institute in Alabama, which will be used in the first phase.

Frank urges all true-blood Madisonites and friends of Madison to get behind this new program and support it morally and financially, and so do I. See the brochure supplement in this issue, detach the coupon, and use the self-addressed envelope.

(If you wish to use the same envelope to enclose a check for M.C.A.A. and/or the MADISON SURVEY, make a separate check and enclose our coupon inside back page and your gift will be turned over to us by the academy.)

We envision a fourth phase to the farm program—adult education for people wishing to get out of the cities and learn to grow their own food. M.H.T.

From the Booklet *Another Ark to Build*

By W. D. Frazee

"Here is a little tract entitled, *The Nashville Agricultural and Normal Institute*—that's the Madison school—published by the Pacific Press in 1908. It was gotten out by Elder W. C. White. On page eleven Professor Magan says: "At first we felt that the school farm was too large. We had planned, in our own minds, an ideal school farm which should be small, but kept so clean and orderly that it would be a model. . . . When we told

Sister White our objections to the size of the farm, she said that the time would come when many that are now living in the cities, would be forced to leave in order to live the truth, and that we should make the farm a place of refuge where some of these could stop for a while and be taught how to make a living from the soil. Then they would have courage to go out into the country where they could find land, make a home, and educate their children in harmony with God's law."

That is the "ark," friends. There it is! When the storm breaks, when the national Sunday law is passed; when the labor unions are carrying on their oppressive, coercive work; when the Loud Cry is being given, and the saints are being hurried out of Sodom, they will need "a place of refuge." Oh, let's build an ark for these dear people!

Heritage House Acquisitions

Book, "My Son Dan"

A valuable gift book for the Heritage House, "My Son Dan," by Lettie Wheeler Moore, has been received from Dan and Kay (Forrester) Collins. A beautiful picture of Dan and Kay, with her radiant smile, appears on page 8 of this 128-page book, which is out of print.

Kay is a nursing graduate of Madison College (1963). Dan was a student here for a time. The book is a true story of their courtship, and relates how he finally overcame his worldly habits, became a minister, and has been in constant demand as a successful evangelist. Presently both Dan and Kay are connected with Elder Joe Crews and the Amazing Facts program, located in Frederick, Md.

● Dr. O. F. SPEAKER of Ellijay, Ga. sent the following items for the Heritage House: A clipping of the 60th Anniversary of the Madison Campus Church. Graduation programs for 1943 and 1946 and 1947. A Madison College Church bulletin for June 28, 1947. An organ program presented by James G. Rimmer on March 12, 1944. The last number was listed as "The Madison Hymn" (first public presentation sung by the M.C. Church Choir). Mr. Rimmer was listed as author of the hymn, to be sung to the tune, "God of Our Fathers," number 504 in the Church Hymnal. He also sent a Peptimist Crier.

● The JAMES ZEIGLERS of Collegedale, TN., sent the following items: (1) Pinning Ceremony Program, March nursing class of 1960 (April 3, 1960). (2) Capping Program, Madison College Department of Nursing, July 2, 1961. (3) Pinning Ceremony, Madison College School of Nursing, March 30, 1963. (4) Madison College Golden Anniversary Program Oct. 7, 1954. Program of Fifty Golden Years, Oct. 7, 1954, a pageant in three parts, Highlights in the History of Madison College and Sanitarium from its inception to the present day and a MADISON SURVEY, October 1954.

● Bernard Bowen brought several items for the Heritage House such as Minutes of Meetings, etc. Perhaps the most valuable and rarest item was an old Sutherland Bulletin (No. 3, Dec. 1, 1927) given to him by his mother some time ago. His father, Victor Bowen, died in 1948. His mother is in a nursing home in Keene, TX., and was 92 in Feb. 15, 1983.

● Please be on the lookout for other items for the Heritage House, and donate them while still in good condition.

Campus Visitors

Among the campus visitors those who registered in the guest book at Heritage House were Forrest and Margaret Pride, Greeneville, TN; Dr. Bill Palmer and his brother Bob Palmer, Corinth, MS.; Ray and Marie Comstock, Grants Pass, OR.; Mildred Johnson, Madison, TN.; Betty Fleming and Betty Buckley, Hendersonville, N.C.; Kate B. Queen, Portland, TN. (a sister of Rochelle Philmon Kilgore.

● ALMA JEWELL HANSEN of Berrien Springs, MI., and CRYSTAL MORGAN of College Grove, TN., visited their mother, Mollie Morris.

● PAUL & BETTY REMINGTON visited his mother, Mrs. Mildred Durning.

● Dorothy Johnson (wife of the Dr. E. B. Johnson), of Covelo CA., came over from Wildwood, GA., where she was visiting her daughter, Janie Johnson and family. As we reported in the December SURVEY, Dorothy had a book bindery in two places — at her home in Covelo, CA. (address Box 487, Zip 95428), and at Yuchi Pines Institute, Seale, Ala. However, a recent development was moving the latter bindery to Wildwood where it is now being operated by her son-in-law, Don Johnson.

● While Dorothy Johnson was here visiting we latched on to the opportunity to get her to bind the MADISON SURVEY in the larger size 1964 to 1982 (to add to the older smaller set of 1919-63); also she bound THE MADISONIAN (rich in history and pictures) from its beginning in 1952.

● A most delightful surprise guest was LOLITA (Townsend) PUTERBAUGH from Orlando, FL., who was here with a group from AHS—Sunbelt. She is administrative assistant for the Sunbelt, with primary responsibilities for insurance and personnel. Husband Neal works in the engineering department of Florida Hospital. Son Chip is in the ninth grade at Orlando Jr. Academy.

Don't forget Homecoming

June 17-19, 1983

ALUMNI NEWS

1926. VERA G. HUME wrote about a bad fall she had at the retirement home in St. Helena, CA. She was taken by ambulance to St. Helena S-H, having broken bones and in a critical condition. She was in Intensive Care several weeks of the seven and a half week she was hospitalized. At the time she wrote she said, "I'm doing fine for age 89."

• Vera Hume sent two interesting old pictures. One was of Nebraska Cottage, where she and her husband lived. The other was of a whole group of small cottages.

1934. BOB JOHNSTON attended M.C. 1931-4. He has set up air conditioning systems at Fletcher, Hinsdale, Kettering, Florida, and Madison hospitals.

He and his wife Beatrice (Preston) were on the staff of Madison Hospital from 1971-8. After Bob retired from M.H., he and Bea moved to Hopkinsville, Ky., where she was director of nursing service at Pinecrest Nursing Home, and Bob worked part time in maintenance. Presently Bea is evening supervisor at the 135-bed Muhlenberg Community Hospital, Greenville, Ky.

• 1946. Jean (Moore) Ryder, R.M.S., Casselberry, FL., wrote sometime ago regarding a long painful experience with a broken clavicle. After going to several doctors and taking various types of treatment, and much prayer, she finally recovered. She wrote - "God bless you in your wonderful work. . . . I can hardly wait for the next issue of the MADISON SURVEY."

1946. PATRICIA (Liu) LOWE '46 wrote from Camarillo, CA., sending a snapshot of Tairo Shinohara which was very much needed for the college class of 1944 — the only composite class picture missing on the "picture tree" in Heritage House. She gives news of her family. We quote from her letter.

"My husband Edwin did not graduate from Madison but went to school there from 1941-2, and part of 1946, after World War II. We are all well and settled in California. We have seven children: 5 sons and 2 girls. Our oldest son, David, and the third son, Freddy, are M.D.'s. The fourth boy will graduate next June from LLU medical school. Albert our second boy is a civil engineer. Andy, our adopted son is jobbing; does not like school. Our oldest daughter is taking nursing at P.U.C. and the younger daughter is going to LLU taking premed.

"Since I graduated in 1946 I have always wanted to go back to visit the Madison campus. In 1975, on my tour back from South American tour, I did stop at Madison. I was so disappointed. Everything was run down. The only nice buildings left were the hospital and the beautiful church. . . . Thanks so much for sending the MADISON SURVEY to us. So nice to know how things are going on over there."

1950. A most interesting article by Dr. Ralph P. Bailey appeared in the *Adventist Review* of Jan. 20, 1983, titled "University Serves Young People of Eastern Africa."

Bailey graduated from M.C. in 1950. He has served as principal of several academies — Memphis Jr., Louisville, Battle Creek, Grand Ledge, and Bass Memorial. He received his Masters in 1954 from Memphis State University and earned his doctorate in 1964 at the University of Alabama. He was chairman of the Education Department at Southwestern College for several years, and in 1980 was called to the Afro-Mideast Division.

As author of the *Adventist Review* article Dr. Bailey is listed as director of education, Eastern Africa Division. For the nations of Kenya, Somalia, Tanzania, Uganda, Djibouti, and Ethiopia, where there are 230,000 Adventists, an institution of higher learning is greatly needed to train teachers, ministers, and professional lay people. It is located on a 339-acre farm. The planners were especially interested in the work-study concept.

1955. CLARA (Lassiter) CLARK and husband Russell Clark moved from Bradford, Pa., to Madison in 1973. He works in Madison Hospital Maintenance. She worked in surgery at Nashville Memorial Hospital until retirement in 1982. Her son, Douglas Lassiter, lives in Bradford, Pa. He married Ronda Dittman in 1969. They both work at Kendall Oil Refinery where he is an electrician.

1963. CAROL (Taylor) HITE (N '63) of Goodlettsville, TN., recently ordered a nursing pin. The Post Office had indicated that we did not have the right address. After some time we were able to find the correction. She wrote: "I really do appreciate your finding me, and I really enjoy the SURVEY. I have one son named Jack Eric, and he is six years old. This year he started in Greater Nashville Junior Academy in the first grade. . . . I have not been working in the hospital since my pregnancy. I have only worked helping my husband Jack with his business."

1964. RUBY WINTERS (M.R. 1964) and husband Wesley live near Highland Academy, Portland, TN. "Wes" works at Wilks Publications. Ruby is busy with garden and home. Of their four children two are married. Jim heads the computer department and teaches at Volunteer State Community College in Gallatin. His wife Ann is a busy homemaker and mother of three. Jim is a local elder at Madison Campus Church. We appreciate his help each quarter in correcting and addressing labels for the MADISON SURVEY list.

Debby Winters, an M.D., in Radiology, is married to Clyde Marlin, a medical technologist. They have recently moved to Bakersfield, CA., where they are working with a group of doctors. Son Mark, a C.P.A., lives in Loma Linda where he has been working as a G.C. Auditor, and is now an internal auditor at L.L.U. Medical Center. Don Danny is a student at M.T.S.U., Murfreesboro, and will graduate this May.

• Ruby Winters drives down from Portland nearly every week to help in the alumni office, and we appreciate it so much.

SEASON'S GREETINGS

(Christmas and New Year's cards and letters have been received from the following.)

Susan Ard of Chestnut Hill; Jo Bengston of Huntsville, TN; Dot & Glen Bowes of Pomona, CA; Pat & John Bullock of New Port Richey, FL; Mozelle Craig of Nashville, TN; Harry & Carleyn Hartgrove of Portland, TN; Zoetta Hauser of Sheridan, OR; Vera D. Honeycutt of Paris, TN; Freda Huffman (typesetter and "Girl Friday" at Sutton Printing) of Hendersonville, TN; Bob & Orlena Kunau of Madison, TN; Gladys Rabuka of Oronville, WA; Marguerite Roberts, (N '60) Greenbriar, TN; Edith M. Sauer; Catherine Shepard of Loma Linda, CA; Hallie L. Thomas of Okeechobee, FL; Freda & James Zeigler of Collegedale, TN.

• GLENN & DOROTHY BOWES (N '41), Claremont, CA. A Christmas poem from the Bowes tells of a trip to the Holy Land and to Hong Kong during 1982. Son Ron is in his last year of law school, and Richard is still pastoring in La Mesa.

• Mr. & Mrs. JOHN BULLOCK, New Port Richey, FL. For two weeks in Feb. 1982, John & Pat worked at the SDA Valley of the Angels Hospital in Honduras. They also worked one week at the SDA booth at the World's Fair in Knoxville. In July they were off on another mission project for our church in New Mexico for one week. Of their children, Angela is now 12 and in grade 7, John Boy is 9 and in grade 4, Chris is 7 and just began first grade. Pat wrote: "If any of you want to come to sunny Florida to visit us this winter, please do so. We enjoy having company."

• HARRY & CARLEYN HARTGROVE, Portland, TN. We went to Orlando for a 10-day vacation at Thanksgiving. Spent it at the nurses' dorm with Jana, our daughter. She is in SMC's nursing training this semester and will finish up at SMC. Judy is working as unit clerk at West Side Hospital and is sharing an apartment with her grandmother Mock in Madison. Harry is working as Emergency Room nurse 3-11 shift, which he likes real well.

• ZOETTA N. HAUSER (N '29). I have been writing letters for the prison ministry which keeps me busy but I enjoy hearing from those in prison who have found their Saviour. Tomorrow, the Lord willing, I will be going with my youngest sister Mildred and her husband to visit our sister Ruth. I am taking the SURVEY along as she likes to read about what Madison is doing. I hear from several former M.C. students: Marie (Skadsheim) Glanville, Viva Courtney Woods, Delia and Archie Page, Lydia Hoehn Winkler, Margie Goodman Wesson, Mabel Robinson, (her sister Gladys, was in charge of Nashville Treatment rooms, which was connected with

the vegetarian restaurant) Emilie Billingsley, Edna Ward Wilson, Mary Mowry Wilson and Ruth Spurgeon Baughman were all roommates up in assembly hall. What a time we had at Madison!

● **GLADYS & MIKE RABUKA** live in Canada but get their mail across the line at Oroville, WA. I have no new news for the SURVEY. Just hope everyone is reading Louis Walton's books and profiting by them, especially "Decision at the Jordan." The book, "How to Survive the 80's" which he co-authored with H. E. Douglas is tops. We may face 1983 with confidence and comfort as we put our trust in God.

● **CATHERINE SHEPARD**, Loma Linda, CA sent her Holiday Recipe "Christmas by the Cupfull." She claims a heaping cup of happiness with all the caring and sharing would make the world a brighter place to live."

● **HALLIE L. THOMAS** (N '42, BS '59, Anes. '60) Okeechobee, FL. "Just a note to say thank you for your faithful work with the SURVEY. I enjoy the news so much. I have retired but have never been any busier with chickens, gardening, and keeping house as little as I can. I did so want to attend homecoming."

● **MARION SIMMONS '43** sent her letter from Guam listing her year's activities month by month. She has been teaching, traveling, preaching, holding seminars for teachers, etc. She planned to return to the States (Hendersonville, N.C.) around March 15, and attend three Homecomings — AUC, where she finished the two-year Normal Course; Union Springs Academy; and Madison College where she'll be in the Honor Class of 1943.

● **FREDA ZEIGLER**, Collegedale, TN.: "We count it a privilege to have you as a friend, Mable. We hope you take it easier this coming winter. Really, I mean it, for you are a valuable lady to our alumni. We need your talents, so do be careful. We pray that you will receive all the wonderful blessings God has in store for you this coming year.

EDNA EARLE (Lee) **MEYERS** wrote from Hagerstown, Md.: "I have not kept up with the events of Madison since graduation but I'm very much interested in getting with the program! Will you please put me on your mailing list, so I can get back in touch with some of my classmates and Madison."

BERNARD and **DOLLIE BOWEN**, Madison, TN., sent their Christmas letter. They went to Bangkok and Penang and a Cambodian refugee camp to help in 1982. Bernard has been working part time locally in anesthesia. Dollie stays busy at home, is assistant Sabbath School superintendent at the Campus Church, and does volunteer work at Madison Hospital. . . .

We made a trip to Boston for nurse-anesthetist meeting.

RUTH LINGHAM sent Season's Greetings from Inverness, Fla.; the **E. E. SCHLENKERS** from Madison, TN; **MARY** (Jacobsen) **ENGBERTSON**, Van Nuys, CA.; and **VENESSA** (Standish) **FORD** sent her New Year's letter from El Salvador.

● A pretty calendar for 1983 came from Castle Valley Institute, Moab, Utah. Also one from Cliff and Mary Tonsberg, Chiapas, Mexico.

Thelma Hansen Reed (MCA '58)
Kailua, Hawaii

Season's Greeting and best wishes for a very profitable New Year 1983. We are well, happy, busy with many things (as are most retirees it seems), and came through our unusual Hurricane Iwa (Eva) without much damage. I think the news media played it up quite a bit.

Did you know that my dad, Joseph Hansen, was once secretary to Miss DeGraw, and when I was a student at Madison, I, too, "took letters" from her. That was a real inspiration; she was one of my favorite teachers.

I still find a few names in the SURVEY of old-time schoolmates and friends, and enjoy it from cover to cover each time it comes. You do a marvelous job; wish I could be there to help. I sort of miss my work in an office. . . . May God bless you in your many duties there. Aloha.

Madison Hospital News

It has been sometime since we reported changes in personnel at Madison Hospital. Jim Closser is P.R. director of Madison Hospital and editor of *The Pulsimeter*. Among "New Faces," and some not so new, listed and pictured in recent Pulsimeters are the following.

Ken DeWitt, RPT, of Traverse City, Mich., director of Physical Medicine began work at M.H. June, 1982. **Steve Smith** is manager of patient services which includes responsibilities over cashier, financial counselors, admitting, messenger service.

Mrs. Darlene Schmitz, new director of Dietary Service came to M.H. from Hawaii, August, 1982. **Connie Geiger** is director of Medical Records. **Jim Shachno**, DPH, director of Pharmacy, came from Tappahannock, VA. **Terry Owen**, administrative resident, is in his second year of a two-year program for a masters degree in health administration from Loma Linda University.

Kenneth Snider, M.D., Pathologist, came from New England Memorial in Stoneham, Mass., to join **Dr. Wilfred Stuyvesant** in M.H. lab. **Judy C. Silva**, R.N., is a newly appointed vice-president. Areas under her direction include nursing service, surgery, emergency/trauma and patient representative.

Brent Snyder is director of fiscal services. **Jim Carbuccia** is chief accountant.

Elizabeth Watson is director of Social Services. **Elder Herbert Hewitt**, recently retired as pastor of the Ridgetop church, is filling in temporarily as chaplain of Madison Hospital. **Bill Hawkins**, new director of Security, is exercising tighter control both in and outside the hospital outlying buildings. (Better not park in wrong place!)

AUBREY STEPHAN is in charge of the Grounds at Madison Hospital. He and his family came from Kettering, OH. His wife **Hazel** is a ward clerk at the hospital. They have two daughters, **Bonnie** and **Theresa**. They occupy the house back of the Layman Foundation. **Aubrey** also is responsible for the L.F. Grounds. He is president of the Middle Tennessee Professional Grounds Organization which meets once a month in Nashville.

Nurse Extern Program

Six nursing students from SMC came to Madison Hospital for a six-week extern training program during the summer of 1982. This program was the result of cooperative efforts of Madison Hospital with AHS/Sunbelt and Southern College. Purposes were to serve the student enrolled in the associate of science degree nursing program by providing opportunities to increase their skills and to serve the hospital as a recruitment tool for future registered nurses.

Two of the student nurses were **Suzanne Jeffus**, daughter of **Velma Jeffus**, executive committee member of the M.C.A.A.; and **Ken Bidwell**, son of **Penny** and **James Bidwell** on M.H. staff.

Middle Tennessee School of Anesthesia

The School of Nurse-Anesthetists, formerly under the direction of **Bernard Bowen**, is now owned and operated by **Drs. Nevin Downs**, **O. T. Smith**, and **Charles Frazier**. **Mrs. Ikey DeVasher** is director of the school. **Nelda Ackerman**, **Richard Young**, and **Kjell Kristrausea** are also instructors. At present 46 students are enrolled, and 24 are graduated each year.

50th Anniversary of Dr. and Mrs. Cyrus Kendall

About 90 relatives and friends attended the reception in honor of **Cyrus** and **Esther** (Jensen) **Kendall** of Hendersonville, TN. on the occasion of their 50th wedding anniversary. It was held Jan. 2, 1983, at the commodious home of the youngest of their three sons, **Robert** and his wife **Rita**, in Old Hickory, TN. All three sons have M.D. degrees from LLU, and all three were there. **Norman**, the oldest, is a radiologist in Corona, CA. **Douglas** is a pathologist in Murfreesboro, TN., and **Bob**, also a pathologist is associated with him. **Doug's** wife, **Kaye**, and children came with him. **Bob** and **Rita's** two oldest, **Karen** and **Bobby**, were away at Southern College, but the youngest, **Sharon**, was there.

LETTERS

RALPH HAUGSTED, Medina, Ohio

After graduating from Mt. Vernon Academy in 1930 I went to Madison to take pre-med. I left after the second quarter in April, 1932. My father, Jance Haugsted, came south from Iowa about the time Madison and the other units were beginning. Father had stayed at home, after his 11 brothers and sisters had left, to care for his parents until they died. O. R. Staines persuaded my father of the need for self-supporting missionaries in the South. Consequently we moved to Fountain Head in 1920 where dad succeeded Forest West as farm manager.

My mother, Nettie Ashton, and her sister Laura taught public school near Goodlettsville, TN. We had a church school in our home on the "ridge." Mrs. Clara Norton from Nashville was the teacher. Ellen White once visited in our home when I was a baby.

My uncle, Ned Ashton, was president of the Ohio Conference 1920-1928, and later worked in the Southern Union. . . . My first wife, Clara Schwarz, died in 1968. She was a sister of George Schwarz. A year and a half later I married Clarabelle Kistler Wenz, an old schoolmate. She passed away in 1978. . . . I spent 28 years making hospital equipment with my brothers Ray and Roy.

I long to see the Madison system revived again. I also long for Christ's second coming—the glad reunion!

(Ralph's uncle Charles Ashton married Bessie Krisman. They were students here at Madison in the first years the school operated (1905-7). His brother Ray's daughter, Betty Ahnberg, is "Aung Sue" of "Your Story Hour" for children on 600 radio stations.

Charles Van Blaricum, Marietta, GA.

I attended Madison College in 1937, 38, and 39, taking liberal arts and pre-med subjects. I got discouraged and broke, needed clothes, etc. so went to Cincinnati and worked in a machine shop as a tool maker while I went to the University of Cincinnati to study mechanical engineering. Upon finishing I went to work for the General Electric Co. for 20 years (until 1950). I got interested in real estate after teaching high school for 2 years and really enjoyed selling real estate part time while teaching. Consequently I started selling real estate full time until 1973.

We moved to Austin, TX., where I spent my time manufacturing boat trailers until 1978. We really liked Austin but it was so far from the children that we moved back east to Marietta, Ga.

I am not an S.D.A. but belong to the Methodist Church. I have many happy recollections of Madison and still correspond with some of my old friends there.

● GEORGIA (Hoyle) WARNER of Carson, Wash. wrote: "I'm enclosing a check to keep the MADISON SURVEY coming, as I do enjoy the Madison news. I was a nursing student there in 1927-8 but didn't finish the course.

Doctors Everett and Eunice Christensen
Thomasville, GA

(Drs. E. D. and E. M. Christensen, a husband and wife medical team, are regular SURVEY readers and subscribers, although they never attended M.C. She is a cousin of Howard Welch, former dean.)

Although we visited Madison only once (1940) when Dr. David Johnson, a Loma Linda classmate of 1937, was there, we've always had a soft spot for the place and self-supporting work. We practiced medicine 21 years in Iowa, moved to Georgia in 1968, and have a small town practice part time. Everett worked in ER here for 8 years before we "retired" to practice again. Eunice checks Medicaid nursing home residents one day a week.

Keep the SURVEY going. We always read it in detail. You are doing a real favor for all.

Clifford Tonsberg, Chiapas, Mexico

(Clifford Tonsberg '52 sent life dues, a baby announcement, a calendar for 1983, and a list of his activities since leaving Madison.)

Thanks so much for your faithfulness keeping us all together. I do appreciate it. You have been so good to keep my SURVEY coming. Enclosed is an announcement of our baby's birth. Mari and I are so pleased to have our sweet girl, Denise Arliene, born Sept. 1, 1982, and thank God for her. . . .

I received the September SURVEY with report of the 1982 Homecoming, and enjoyed reading what Harry Mayden said on Friday night, also Elder Kenneth Livesay's sermon on Sabbath morning. I wish I could have been there. . . .

Now to answer your question as to what I did after leaving Madison. I finished college in 1952, but was unable to be there for graduation. . . .

I went to Little Creek in September, 1952, to be dean and teacher upon Leland Straw's invitation. I left for one year to live in Punta Gorda, Florida where I adopted my son David. Then back to Little Creek where I taught 7 more years. Next I taught in a Maryland county school while living at Annapolis. My graduate work was taken at Maryland University both in Washington and Baltimore. On weekends and vacations I had worked first as an orderly and later became instructor of their inservice program for orderlies at Washington S-H. I did some special duty and worked in ICU and pediatrics. At the end of the fifth year my son married and was in the Army.

I worked at Yerba Buena Hospital, Chiapas a short time then I started the work in Sabanilla under the local conference charter. In my 13 years at Sabanilla I worked as the sanitary engineer. I built my own water tanks and showed the people how to plant, grow, and use peanuts, okra, and soya. I was instructor in cooking, taught all the classes in English and served as the local pastor. At Sabanilla I established a school and clinic and also a school at Las Salvras close to the Guatemala border.

Here at Linda Vista Academy, Chiapas, Mexico, I started as an English teacher, and headed the industries when they were started. So far I have been able to start a printshop, bakery, fruit orchard, nursery, food industry. . . . I am now making custom cabinets for the new addition to the girl's dorm and am in charge of the grounds.

● I was at M.C. from 1949-52 when I had graduated with a "Religious Ed" major after coming from P.U.C. To pay my way, I milked those 70 cows that Harry Mayden talked about, not just on Sabbath but twice a day on Sabbath and Sunday (3 a.m. and 3 p.m.) and once on school days.

My adopted son David William Tonsberg is a nurse and an anesthetist now living in Tyler, Texas. He is a graduate of Little Creek School also. My mother, Mrs. Mary Caton lives on Madrona Street in Napa, CA. . . . It is too bad I didn't see you at the ASI meeting in California, as I was there. . . . We are happy and working hard. Greetings to all and may God bless you abundantly.

● EDITH M. SAUER (N '32; BS '42) Lemoore, CA. My husband Hiram and I left the college in 1942. Mary Kate Gafford was my husband's proofreader in the print shop. He was head of the print shop until we left in early 1943. I understand that Edith Reich (N '32) was to go to San Francisco and have chemotherapy. She had part of her stomach taken out as it was cancerous. My middle daughter is in Eugene, OR working for the Forestry Department. Martha Lee, oldest daughter, is in Guam as a missionary. She has four children. The youngest girl finished nursing at PUC in June.

Elsie (Thomas) Schippers '42
Vancouver, Wash.

(Elsie (Thomas) Schippers '42 wrote from Vancouver, WA., after Homecoming last year, and sent some color pictures of members of her nursing class, and sponsors Zeiglers and Edna Manzano.)

We spent such a wonderful and inspiring Homecoming weekend at Madison this past June and renewed many old acquaintances, which gave us all much enjoyment. The Madison Campus certainly has had a facelift since my days in training there, and the hospital of course is entirely new.

I took some pictures and two of them turned out real well. I saw some scrapbooks in the Heritage House, maybe these can find a spot in an album so that the class of '42 can be remembered for its 40th year reunion.

I have been very busy with the Community Service Center since returning, but also took another week to go to a reunion in Colorado which is where I came from when I arrived at Madison. Another girl (Christina Guptill) and I rode through with Ray and Wesley Osborne in an old car. It was a long and tiring ride, but it changed the course of my life.

God bless you in your untiring efforts with the Alumni Association. May you stay in health and carry on the great work you are doing.

Elder & Mrs. Tedric Mohr, Topeka, KS

(Life dues were recently received from Elder "Ted" Mohr and his wife, the former Selma Green '59. Mrs. Mohr has a long teaching record, and he has been in conference departmental work. Formerly education director for Ky-Tenn. Conference, he is presently secretary of the (merged) Kansas-Nebraska Adventist Association.)

"My wife and I have many pleasant memories of the three years we spent in the Nashville area. Enclosed is our check for \$50 for life dues. We decided we might as well send it in yearly. We do appreciate so much the wonderful work you are doing there to keep the fires of memory lighted for Madison College. We pray for those who have gone through her doors, and are now out in the farflung reaches of the Lord's vineyard. May our heavenly Father continue to give you health and happiness and peace in your heart as you serve him."

Mary Charles (Jones) Scott, Knoxville, TN.

Homecoming 1982 was really interesting. I enjoyed the Sabbath sermon by Elder Livesay and the afternoon meeting when the Honor classes reported. After seeing the pictures that were shown by Dr. Ramey from Africa I think all of us are much more appreciative of what we have in our country. I was also glad for Bob Sutherland's tribute to his father, Joe Sutherland. Dr. Joe is a person I've always admired.

I really appreciate the tremendous job you are doing as Alumni leader. It is not an easy one. Hopefully, for the last time, the Alumni office will be moved. Is there some way the Alumni could make sure it is a permanent home for the office and Heritage House? May God bless you in what you're doing and may He especially be with you healthwise so that you have the strength and health you need to continue your work.

Oscar Pembroke, Hot Springs, Ar.

The MADISON SURVEY came, and as usual I was happy to get it. There is always news about people and experiences that I have known since 1923. . . .

My heart went bad and about four years ago I went to Houston, TX., for heart surgery, so I don't do much any more. The health of my wife, Addie Allen, also went bad and required constant nursing care, so I had to put her in a convalescent home. We own our own home about a mile from the nursing home, and I go over to see her almost every day.

Arkansas usually has a mild climate, but this winter we surely have had a lot of tornadoes, rain, and floods. Two tornadoes touched down not far from us, but no damage was done at one place. I think this is a warning to let us realize that we are living right down in the last days of this world's history.

You are certainly doing a great work keeping the alumni together and in touch with all the members. I really enjoy the SURVEY.

Irving (Titsworth) Saunders
Reedsport, Ore.

You do not know how much I appreciate the MADISON SURVEY, especially since I have at long last been able to contact my good friends, Chuck & Bonnie MacMillan, who now live in Bothell, WA.

I found them through Bonnie's brother, David Muth, whose address was listed as Bozeman, MT., some time ago in the SURVEY. In every issue I see familiar names. Do you know anything of the whereabouts of Mr. Lee, who was the farm manager in 1960? Was his name Dwight?

We are still hoping and praying for a self-supporting academy in central or southern Oregon, combined with a health retreat similar to Weimar or Wildwood. We would be glad to hear from anyone who is contemplating anything along these lines in Oregon, since we would join the group in a minute if they were true-blue Seventh-day adventists.

There is a possibility that the Oregon Conference might decide to sell Milo Academy at Days Creek, OR. What a wonderful spot for a self-supporting academy. . . . Some months ago there appeared in the May 3, 1982, North Pacific Union Gleaner an ad for Maranatha Ministries, 1783 E. Bilas Road, Central Point, OR. They have been searching for a rural health retreat site of 100 to 500 acres. . . .

My son David (MCA '64) is married, and is now a pediatrician in Sonora, CA.

Ruth Cook, Purdon, TX

I still appreciate Madison. I finished the 12th grade there in 1943. I was there a year and a half. Thank you for all your many duties getting the SURVEY news out.

(Ruth James Cook sent new SURVEY subs for herself, sometime ago; also for brother John James of Suwanee, FL., brother Charley of Bakersfield, CA., and sisters Beth Christian of San Diego, CA., and Maudie Waggoner of Florence, Miss.)

● Ruth's sister, Beth Christian, sent SURVEY renewal recently and wrote. "I really enjoy the SURVEY which my sister, Ruth Cook, sent to me. I didn't know about the paper until it came to me the first time. I came to Madison in 1927 and finished high school there. Thank you so much for the SURVEY. I enjoy all of it, especially hearing about the people I knew when I was there for three years."

Drs. Ernest & Margaret Horsley
Melrose, Mass.

As we picked up a recent copy of the *Atlantic Union Gleaner* we noticed a picture in color of a fine looking couple which turned out to be Dr. Ernest Horsley and his smiling wife, Dr. Margaret (Youngberg) Horsley. On the inside was another color picture of the large Horsley family and an excellent write-up by the *Gleaner* editor, Leon Davis. We wrote Dr. Margaret and suggested she have a brochure reprint made and she liked the idea. We hope to get some for distribution to these Madison friends.

The Doctors Horsley have an EENT clinic in Stoneham, Mass., and are on the staff of New England Memorial Hospital. Several of their children are now M.D.'s. We plan to give more information on the family later.

Dr. Margaret sent a life subscription for the SURVEY, and wrote how happy they were while practicing at Madison Hospital (1950-1958). "We certainly haven't forgotten our eight happy years there." She also expressed great appreciation for the MADISON SURVEY, and said she sent it on to her 92-year-old mother who enjoys it.

Joyce (Christensen) Mayden '55
Staunton, VA.

I hope things are going well there for you and all concerned. I do hope that you have some good help. You certainly are to be commended for the loving work you have done for Madison's alumni. I realize that we don't often express appreciation. . . . What you do is appreciated but probably does not get expressed to you. Please know, that I, for one, do appreciate all the hours you must spend keeping track of people, where they are, and what they are doing.

We did enjoy so much the Homecoming and the privilege of being there. Hope you are keeping well. God bless you, Mable. We are thankful for your dedication.

Deryl Christensen '59, Portland, TN

I'm working in the bindery department of Wilks Publications, Inc. located on the Highland Academy campus. My wife, Violet (Clemons) works at Highland Hospital. Our four daughters are somewhat scattered.

Ruthie (Tidwell) lives in Memphis. She works at a day care center, is taking a couple of classes and hopes for a A.S. degree in June. Her son Randy is a second grader at Memphis Jr. Academy.

Rhonda graduated at Southwestern Adventist College with a major in Biology, then went to Hinsdale for medical technology. She is presently working at Madison Hospital lab.

Cheryl is also a graduate of Keene with an A.S. degree in secretarial. Her husband, Gary Patterson, is the shipping department manager of the Redwood mill at Cedar Lake Academy. They have two daughters.

Carol graduated from SMC in 1981 with a major in accounting, and is presently in the treasury entertaining department of the Far East Division in Singapore. She enjoys the student missionaries when they come to Singapore to renew their visas.

(Deryl Christensen has taught Industrial Arts at Madison College, Campus Academy, and Sunnysdale Academy.)

M.C. Members — ASI Members

● Among the list of members of the A.S.I., we noticed the names of two of our alumni members.

Mr. and Mrs. Robert Law of Ferron, Utah, listed as "Castle View Orchard."

Beatrice (Leach) Stephens of Richmond, CA., is a member of A.S.I., listed under name, "Food Products, Inc., and Air Filter Service." Bea recently sent a gift for the Heritage House in memory of her beloved husband, George Roland Stephens '39 ("Uncle Steve").

Ruth Nestell, Overland Park, KS

I really do enjoy getting the SURVEY. It is always so newsy and informative. It is nice to keep up with the comings and goings of former school friends. It's pretty hard to go anywhere in these United States and not feel at home. The Great Advent Movement has taken care of that. I am still enjoying my retirement, keeping very busy in the Shawnee Mission area of Kansas City, where Cliff, my second son, is the medical librarian at the Shawnee Mission Hospital.

At present I am spending six weeks at my oldest son's home at Arlington, TX, with his two teen-age daughters, while he is on an extended geological field trip to Greece and the surrounding countries, sponsored by the University of Texas, Arlington Campus, and the Smithsonian Institute. My daughter Ann and family are transferring from Loma Linda, V.A. to the ones in Vancouver, WA., and Portland, OR. Her husband is chief of security for the V.A. hospitals. . . . So we continue to move around. God has been and is very good to us and we are forever indebted to Him.

Harry Mayden, Staunton, VA.

(Held over from 1957 Honor Class reports at Homecoming last year.)

Twenty-five years seems like a long time since graduation. After graduating from Madison I received a call to Fletcher to be in charge of the Music Department. However, someone else who had more experience than I was hired. . . .

In June, Dr. Ackerman from Collegedale called me and said that Elder Scriven needed someone to teach Music and Science at Miami Jr. Academy. By the end of the week I had everything finalized and went to Florida where I was to teach the upper three grades. We were in Miami eight years and then went to Jacksonville, where I was principal of Jacksonville Jr. Academy three years.

One day the phone rang. It was the superintendent of education of the Florida Conference. He said, "Harry you won't believe this, but the people of Orlando just voted you to be principal of Orlando Jr. Academy." We spent the next eleven years in Orlando. The first four years I taught Algebra and Physical Science. The next seven years I was full time principal, and the last year I was principal, maintenance man, and a few other things.

My wife Joyce and I knew how to work and made ourselves available so when something needed to be done, and there was no one else to do it, we did it. I may have learned it here at Madison, but I have worked ever since I can remember. When we left Orlando, it took three people to do the work that my wife was doing. . . .

In 1980 I received a call from the Columbia Union to be superintendent of education for the Potomac Conference, and I have spent the past two years there.

We appreciated Madison College and wish it was still around. . . . I'll tell you briefly what our four children are doing.

Audrey is the oldest and was born at Madison Hospital. She graduated from SMC in 1980. Her husband, Roy Campbell, is a graduate student working toward a doctorate in Physics at Florida State University. Audrey teaches grades 5-8 at the Stroud Memorial SDA school in Tallahassee where they live.

Iris was born at Hialeah Hospital. She graduated from SMC in 1981 with a degree in office administration. She worked as a secretary at the Hong Kong Adventist Hospital for 14 months. On Jan. 10, 1983, she began working at the Review & Herald in Hagerstown, MD., as secretary to the general manager.

Maureen also was born at Hialeah, Fla. She is a junior at Southern College, working toward a Communications major. She is associate editor of the ACCENT this semester and is enjoying college life. Our only son Harry is now a senior at Shenandoah Valley Academy.

David Lee, Loma Linda, CA.

I do appreciate very much getting the MADISON SURVEY, as it keeps me up to date on what's important in the self-supporting ministry. I pray the Lord may help you find someone of dedication, vision, and talent to keep the early spirit and methods of Madison alive.

I noticed your announcement concerning "Literature Pertaining to Madison." A number of years ago you wrote offering to announce my books, but at the time I was still involved in writing up the story of Battle Creek and Loma Linda. . . . Now that I am through writing my books, and am working full time, self-employed in home service and repair lines in Loma Linda, I have been impressed that I should at least share one book with you, which you may announce, if you wish. Also I am enclosing a list of the other books for sale which the Lord has helped me to write and get printed.

● **MADISON COLLEGE FOUNDERS' MEMORIAL ALBUM** on Christian Education. a compilation of many pages, excerpted from the series "Impact of Ellen G. White on Adventism," by David J. Lee. Those quoted are educators E. A. Sutherland, P. T. Magan, E. G. White, W. E. Straw, and A. W. Spalding, and others.

At the bottom of the front cover we find these words: "A \$6 contribution will be appreciated to help with reprinting the writings of Adventism's pioneer standard bearers, write David J. Lee, 11064 Evans Drive, Loma Linda, CA., for his price list. He has many valuable reprints and compilations in addition to his M.C. Memorial Album.

M.C. Founders Memorial Album Table of Contents

1. "Running Ahead of the Angel," by E. A. Sutherland.
2. "Warning — Reform Gently," by E. G. White
3. "The Rise of Educational and Medical Work of S.D.A.'s," by W. E. Straw.

4. "Personal observation and Experience in Our Educational Work," by W. E. Straw.

5. "Christian Education," by A. W. Spalding.

6. "Arthur Spalding's Last Will on Education," to L. K. Dickson, May, 1953.

7. "Unpleasant Themes; Our College," by G. I. Butler.

P. T. Magan to W. C. White 3/3/1915
P. T. Magan to W. E. Howell

c. Name Changing

10. Miscellaneous Correspondence underlying the founding principles of Madison College.

Jim Manning, Riverside, CA.

G. C. Risk Management Service ("Gencon" Insurance Agency) has sold its personal auto and homeowner's business to Safe-N-Sure Insurance. Jim Manning, president of Ther-N-Bak Travel Agency owns Safe-N-Sure. He has been handling the G.C. travel needs for the past eight years, and has offices in Riverside, CA., and Takoma Park, D.C.

Jim's grandparents, Joseph LaMonte and Flora Pearl Jones were here at Madison in 1910. His mother was also here as a small girl.

News Regarding Worthington Foods

Soon after Madison College closed in 1964, Madison Foods was sold to Worthington Foods. Equipment and supplies were moved to Worthington, Ohio, in 1965. In 1970 Worthington sold to Miles Laboratories, and on Oct. 15, 1982, became the owner again. Application is being made for membership in the ASI again, of which the company was a charter member. Worthington Foods is dedicated to the philosophy and policies under which it operated for 30 years, from 1940 to 1970.

CORRECTIONS

Our attention was called to several errors in the December, 1982 SURVEY.

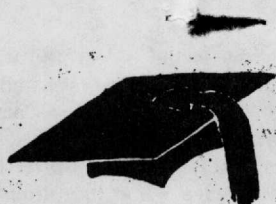

● On page 4 the graduation date from Madison Academy for two sisters, Ellen Low Hammond and Vida Low (Squires) Hosley was given as 1952. It should have been 1932.

● On page 9 there was a transposition of two digits in the year of birth of Carrie Martin Stahl, giving it as 1982 instead of 1892.

● On page 10 in the obituary of Donald MacIntosh, the state for Duluth was given as MI instead of MN. (This editor doesn't like some of those two-letter initials for states, anyway!)

SOYBEANS AND COLLEGE DEGREES

BY ROSS L. HOLMAN

(Reprint from *Forward Magazine*. This sheet was found soon after we moved into the Heritage House. Written by a Presbyterian, it gives a remarkably accurate insight into what Madison College was all about. We have been watching for a chance to reproduce it in the MADISON SURVEY. — Editor)

BACK in the days of fairy godmothers, whenever we wanted to turn a lump of coal into a silk stocking or a can of beans into a doorknob, we worked it by waving a magic wand. Today we call in a scientist and a test tube.

Dr. George W. Carver, a Negro scientist in Alabama, has found 300 uses for the peanut and 120 for the sweet potato. Another scientist is making rayon out of pine trees. One farm wizard is responsible for the statement that there are 10,000 different uses for cotton. If only a few of these new uses work out we needn't let that 18,000,000-bale crop scare the daylights out of the cotton market and drive the price to a starvation level. We can roll those surplus millions up to the door of some laboratory and turn them into a few millions of something else that we are running short of at the time.

With all these tantalizing possibilities in prospect mighty few of them are as yet being worked out on a commercial scale. It remained for a college near Nashville, Tennessee, however, to take soybeans, another farm crop, and not only find a large number of new products into which they might be processed, but actually sell them over the United States in such a volume as to net that institution a large amount of the revenue it needs to operate.

In fact, Madison College is getting almost its entire support from its own 800-acre farm. It grows a large number of crops and processes them for sale and for college consumption. Nearly all of its 400 students earn their tuition, board, clothes, and all personal expenses by growing these crops and preparing them for use.

The most interesting of these processing plants is the soybean factory where these beans are manufactured into thirty different food products which, in addi-

tion to what are consumed at the college, bring the institution a revenue of \$60,000 a year. Among these foods are meat, bread, cheese, breakfast foods, pork and bean products, sweet milk, buttermilk, and coffee. The college has built up a reputation for these foods based on their health value. They say that such foods are more nourishing than the meat or vegetable products for which they are substituted.

Take soybean milk, for instance. You

can't tell it from any cow's milk you ever saw, except when you taste it. You may not like the taste, but many consumers prefer it to that drawn from a cow. The students who are processing it say that it has all the food elements of regular milk and a few more. The coffee does not have in it the caffeine contained in the drink that most of us consume; it has a delicious flavor and is a fine substitute that can be used by those people with whom regular coffee does not agree.

The bread made from soys is baked in loaves of the same size and shape as bread from regular bakeries. This bread is sold in nearly all the grocery stores of Nashville and in other cities.

All these soy foods are sold to grocery chains and are consumed from coast to coast. But Madison College has worked out another unique but helpful method of turning them into a source of college revenue. This is through a sanitarium which it operates on its premises along with the other campus industries. This sanitarium has 100 beds, and patients from all over the country come here for rest and treatment. While they

are being nursed back to health they live mainly on the health foods that are processed from the soybeans grown on the college farm. Girls not only work out their education in this sanitarium, but the training enables them to complete a college course and finish as graduate nurses. Boys who work in the sanitarium are able to take complete premedical courses in line with this service.

Madison College was started 37 years ago by Dr. E. A. Sutherland, who is still its president. He had, for many years, been imbued with the idea that a college for worthy boys and girls, too poor to get an education otherwise, could be made to support itself exclusively from its own earnings. He put every cent of money he had into the first 400 acres of the present tract, got a few teachers to agree to work for practically no salary, and started the first year with eleven registered pupils.

The students have not only been working their way through college but have actually built, with their own hands, the 120 buildings in which the institution and its industries are operating. They not only process the soy foods and serve them to the patients of the sanitarium, but they also constructed the factory and sanitarium buildings in which these foods are made and consumed.

It is interesting to note that Madison College has today some of the finest college equipment in the South, yet it gets no endowment, very little in the way of tuition fees, no gifts, and owes not a dime in the world. It gives courses in nursing, premedical training, agriculture, church and missionary service, and other subjects. Its atmosphere is distinctly religious.

"Fact Book" for Madison Area

Succeeding the former weekly Madison *Community News* after it closed publication a few years ago was the *Madison Messenger* newspaper. This spring a 40-page "Fact Book" came out in addition to the week's paper, published by the Madison TN. Chamber of Commerce in cooperation with the *Madison Messenger*. Titled "Fact Book" 1983, Statistics, Reference and Guide Review and Forecast," it contained reports and lists of schools, churches, hospitals, and many businesses in Madison, which has grown to a city of 50,000. (Metro Nashville is now almost a half million.)

● There are two hospitals in Madison — Nashville Memorial and Madison Hospital. The latter, starting from a humble cottage-type sanitarium of 12 beds, now is a full service hospital of 5 floors with 307 beds. Among the churches in Madison there was a write-up by P. R. Secretary, Naomi Gowan, on the Madison Campus S.D.A. Church. Organized in 1906 with 19 members, it now has 891.

● Nashville is an educational center with 16 major colleges and universities, also a number of vocational schools. Madison Academy and Madison Campus Elementary School were listed among the private schools. Also mentioned was Chadwell Elementary (public) School, of which Vera Jensen is principal (Vera graduated from M.C. in 1946).

● Another graduate of M.C. "Al" Johnson '51 was mentioned in the Fact Book, as general manager of the Madison Suburban Utility District. He has been with the company 37 years. His son Mark is plant manager.

● A colorful history with pictures of old buildings in the town of Madison (including two of old Madison San.), gave interesting facts. Did you ever wonder how the town of Madison got its name? It was named after one of three brothers who came to the area. It was named for Madison Stratton, contractor for the railroad station. This came about when Madison was to be put on the map and needed a name.

From the Editor

As the deadline for copy for this issue draws near, this editor realizes there is not time to prepare copy on a number of items.

● As usual a number of items have to be left out for lack of space. We are still short on help, and longing for some relief. Keep sending news and dues and gifts and renewals.

● **AGRICULTURE SEMINAR at STONE CAVE.** Tapes have been received from this important seminar Feb. 9-12, 1983, at Stonecave Institute, Dunlap, TN., which this editor hoped to attend, but was unable. Some of the interesting topics listed on the program were "Food Processing," by Dr. J. C. Trivett, Wildwood, Ga., "Grain Production," by Madison Survey, March, 1983, p. 9

Melvin Steinke of Wildwood Institute; "Preventive Maintenance for Farm Equipment," by Marlin Zimmerman of Stonecave; "Tree and Vine Crop Management," by Howard Kendall of Fletcher; "Agriculture," by Earl Barham of Columbia, N.C.; "Weed Control" by Steve Meyer of Yuchi Pines Institute; "Small Fruit Management and Marketing," by Roy E. Cooper, Lookout Mountain, Ga., Tim Harley, manager, Stonecave, spoke on "Prayer in Agricuturing" and Dale Morgan, teacher at Stonecave and coordinator of the program spoke on "Agriculture and Evangelism." We plan to summarize the tapes later; copy of the tapes may be available.

MYRTLE (Judd) GOULARD

Mrs. Myrtle Goulard was born Jan. 19, 1894, in Pryant, S.D., and died at Hillhaven Nursing Home in Madison June 9, 1982. We learned of Mrs. Goulard through her granddaughter, Marilyn, wife of Jorge Heyde. (At the time Jorge was vice-president for finance at Madison Hospital, but later transferred to Hialeah Hospital in Florida.) Marilyn gave us a picture of her grandparents, Irvin H. and Myrtle Goulard, standing in front of Matheson Cottage while taking Nursing at Madison in 1915. Myrtle started the course here but finished at Portland S-H, in Oregon. Irwin started the course, but dropped out.

Survivors are a brother Paul Judd of Portland, OR., a daughter, Ila Mae Gile of Reseda, CA., a sister, Myrtle Lindt of College Place, WA., and her granddaughter Marilyn Heyde of Hialeah.

NORMAN WAYNE CLARK

Norman Clark was born in 1933 in Madison, and died Jan. 8, 1983, at age 50. Funeral services were held at Combs Funeral Home in Calhoun, GA, on Jan. 11, 1983. Burial was in the Sugar Valley Cemetery there.

Among survivors are his mother Lois Clark of Madison; his father Clellon L. Clark of Jackson, Mich., his brother, Dr. David Clark of Fresno, CA, brother Donald of Madison; and two children — Barry Wayne Clark and Sherry Dawn Rogers, both of Houston, TX.

ELAINE LESLIE TUCKER

Christmas Day, 1982, was a sad day for the children of Elaine (Leslie) Tucker, as their mother died on that day. She was visiting Pam Horne, her daughter at Ormond Beach, FL. They had their Christmas dinner on Sabbath, were opening their presents in the evening, and Elaine just quietly went to sleep for the last time.

Word came to daughter Penny Bidwell in Madison. She and her husband, James, and two children went to Florida right away, and stayed until Wednesday. The other daughter, Pat Siebert, came from Vernonia, Ore. The funeral was held Wednesday, Dec. 29, in Bradenton, FL, with Elder G. C. Carter officiating. Burial was in Skyway Memorial Gardens, Palmetto, FL., where Elaine's husband, Lt. Col. Edgar Alan Tucker, is buried. Also her father and mother, Royal and Bertha Leslie.

Elaine had a long connection with Madison, and a love for this place. She first came here with her parents, the Leslies, as a small child. Her mother Bertha (Shilling) Leslie is listed as the first person to finish the (short) nursing course in 1912. The Leslies established treatment rooms at Red Boiling Springs, TN., many years ago.

Elaine spent nine years at Madison — 8th grade through college, graduating in 1935. She met her future husband, Alan Tucker, a student here at Madison and they were married in 1937. They went to Los Angeles where she took the medical course, graduating from C.M.E. in 1948, and she took the lab course at White Memorial Hospital. They returned to Madison for a time. He took further medical training at Vanderbilt, and she was in charge of the lab at Madison S-H.

She spent 12 years with her husband traveling overseas while he was in the Army. After his death in 1965, Elaine taught in the West Coast Jr. Academy at Bradenton, FL., ten years. She attended Homecoming several times, and was a valued life member of the M.C.A.A.

Survivors are Elaine, three daughters — Penny Bidwell, an assistant in the P.R. Department of Madison Hospital; Pat (Mrs. Martin Siebert) of Vernonia, Ore. (former Dietary director of M.H.); and Pam Horne of Ormond, Beach, FL; two sisters — Helen Hathis of Bradenton, FL., and Betty June Mashburn, a teacher in Nashville Metro

News Note or Remarks:

system; a brother, Jimmy Gale Leslie, of Chicago, and five grandchildren. Also a nephew, Jerry Mathis, here on campus as a boy while his mother Helen was working at the hospital, and later a graduate of Harbert Hills Academy and assisted them greatly there in their radio station.

JAMES E. BOEHNE

James E. Boehne was born Jan. 7, 1883, in North Loups, NB., and died May 16, 1982, at Loma Linda, CA. After completing nursing at St. Helena S-H, he worked in several medical institutions, including St. Helena, Glendale, and Paradise Valley. He took some further courses at Loma Linda and White Memorial Hospital to prepare for missionary service.

In 1924, he went to Madison, TN, and a year later married Hazel Ard. They served briefly at Washington S-H, Takoma Park, Maryland. Then went as pioneer medical missionaries to Guatemala, where they established the Soloa Medical Mission. In 1933 they left the mission because of the ill health of Hazel and settled in Loma Linda, CA. Here James worked with Loma Linda Foods and developed the process for making soybean milk. He was later employed by Loma Linda S-H until his retirement in 1957.

Survivors include a daughter, Esther Edith Sellers; a sister, Marian Alcorn, and three grandchildren.

(The foregoing obituary appeared in *Adventist Review* of Sept. 30, 1982. Mr. Boehne's wife Hazel died in June, 1980, and he lived on in their Loma Linda home almost two years, dying in May, 1982, just a little short of age 100. It was this editor's privilege to meet and get acquainted with the only surviving child, Mrs. Esther Sellers, of Pomona, CA. Esther is a niece of the late H. H. Ard. Mrs. Susan Ard was entertained royally in her home in August, 1982, and she brought her to the Madison reunion in Loma Linda on August 31, 1982. Esther is an R.N. and until recently was an instructor in the LLU School of Nursing.

WILLIAM ENGBERTSON

(At our request, Mary Jacobsen Engbertson sent the following obituary which gives information on her husband Bill.)

My husband, William Engbertson was born in Upland, CA., on Feb. 13, 1922, and died in Granada Hills, CA., on July 20, 1982. He had lived his entire life within a radius of 60 miles from here with the exception of the years he spent in the Army. He was a survivor of Pearl Harbor, spent the rest of the war in the South Pacific, and was discharged on V-J Day. We were married in 1946.

Bill was a member of the Van Nuys S.D.A. church and was very active in the 5-Day Plan to Stop Smoking. Ironically, he died of lung cancer that had spread from the colon. For 35 years he worked in the photographic laboratories of various movie studios. The last 16 years he was at Disney Studios where he copied all the photographs for all the Disney publications, and shot the pictures of their merchandise, as well as copying slides for their slide presentations.

(Survivors include, in addition to his wife Mary, two daughters — Donna and Doris. Mary is in the Honor Class of 40 years ago this year, and we hope she will attend Homecoming. At that time we plan to give more information on her and her family.)

VIRGIL K. LEWIS

Vergil Lewis died Oct. 20, 1982, at St. Thomas Hospital at age 64.

After teaching 18 years in the Michigan Conference schools he was called to be P. R. director at Madison Hospital in 1970, and held that position until 1978. After that he served as editor of the Nashville Record, a legal, financial and business newspaper, for four years until he became ill.

Mr. Lewis was active in church and community work. He was one of the elders of the Madison Campus Church many years. Through the years at the hospital he held offices in the Madison chapter of the Kiwanis Club. At one time he was president, at another time secretary, also vice-president and program director. In 1976 he was elected "Kiwanian of the Year" of the Madison Chapter.

Funeral services were held in the Madison Campus Church. Interment was at Rose Hill Cemetery, Berrien Springs, Mich. Surviving are his wife Marion of Madison, son Ted of Kettering, Ohio, and two daughters — Madlyn Hamblin of Adrian, Mich., and Diana Hamblin of Tecumseh, Mich.

RUTH LARSON PEEK

Ruth Larson Peek was born in 1894 in Montana and died July 31, 1982, at Wildwood, Ga.

Survivors include her mother Helen Frazee of Wildwood, Ga., husband Archie Peek, and 4 grandchildren.

RICHARD ELWOOD WELCH, M.D.

Dr. Richard Welch was born Nov. 22, 1914, in El Paso, TX, and died July 2, 1982, at Victorville, CA. He graduated from M.C. in 1939, and received his M.D. from C.M.E. in 1944. He practiced medicine at Willits and Hesperia, CA, and spent some time in Montemoreles Hospital, Mexico, as surgeon and administrator.

In referring to his student life at Madison he spoke of the charm and drawing power of the school that was the wholesome spirit of a useful life and comradeship that pervades the campus. Dr. Welch's interest began to grow along the lines of nutrition and natural diet/preventive medicine. He wrote that these ideas were sparked by memories of the principles so clearly outlined at Madison and fanned by the active interest of his wife Frances Yvonne, daughter of Calvin D. (Busch) whom he married in 1943. Survivors include his wife, sons Michael and Anthony; daughters Judith and Deborah Fisher, and six grandchildren.

SANDER RYERSON

Sander Ryerson, husband of Stella Pagowski Ryerson (N '41), died June 8, 1982, in Van Nuys, CA. He was born in Norway 78 years ago.

Surviving are his wife Stella and three children: Sandra Binjour, a nurse, who lives in the Van Nuys area; Karen Bobcock, of Paradise, CA.; and a son Ronald, Thousand Oaks, CA.

STEVEN DERKACH

Mary Engbertson also wrote of the death of her sister Helen's husband, Steven Derkach, who died of a massive heart attack at home in Glendale on Aug. 30, 1982. He was born in Pittsburgh, PA., and was 58 years old. Prior to his death he was an executive engineer at Webster Aircraft.

Surviving are his wife Helen (Jacobsen), former student at Madison, who is in ill health at Glendale, and three children — Cindy, a nurse from LLU; son Jeff, a chiropractic student whose wife is the former Patty Mathisen, daughter of Kathrine White, great-granddaughter of Ellen G. White; and Jim, an electronics engineer student.

HOMER T. CAMPBELL

Homer T. Campbell was born in 1904 in Panola County, Texas, and died Jan. 20, 1983 in Jefferson, TX. (his home town), at the Marion County S.D.A. Hospital in Jefferson. Interment was at the Harris Chapel Cemetery, Becksville, TX.

Survivors are his wife Mary (Garland) who is in the Magnolia Nursing Home, Jefferson, TX.; daughter Marilyn Gundersen '58 of Whites Creek, TN., on the nursing staff of Madison Hospital; and William V. Campbell '53, heading the X-ray department of the hospital.
