Homecoming 1986 — Bigger and Better Challenge Thrown Out — Start Madison School Again

The weeks since Homecoming June 20-22 have been full of activity and excitement for this editor. We had a great Homecoming — good speakers, big attendance (perhaps the largest ever), two bountiful, delicious meals on Sabbath thanks to Mrs. Opal Brock, Janie Fields, Dorothy Mathews, and their helpers.

At the business meeting on Saturday evening and Sunday morning something remarkable happened — something that this editor had longed for and dreamed of through the years — a movement to start Madison again, somewhere in some shape or form!

John Osborne, Friday Evening

Friday nights speaker at Homecoming was Pastor John Osborne, son of Irene and Wes Osborne of Avon Park, FL. He is speaker for an independent, self-supporting cable and satellite network television program, based in Bonita Springs, FL. He gives the full message, a straight testimony, giving the trumpet a certain sound, and calling people to come out of Babylon. This was his message Friday evening.

A Big Idea — A Big "Amen!"

As usual Mable Towery, executive secretary, had a part on the Friday night meeting, giving a list of Madisonites who died during the past year. When she got up she felt impelled to make a few remarks about the Sunday morning program. She threw out the question, what are we going to do as an alumni association after the new pictorial history book, *A School of Divine Origin*, comes out, and said we should think of starting Madison College again. A loud "Amen" came from John Osborne, speaker of the evening. From then on the idea caught fire.

SABBATH SCHOOL. Marguerite Roberts '60 was the superintendent of the day. Dr. and Mrs. Willis Dick from Iola, KS., to give the mission feature. They spent 20 years in the mission fields in the Orient. He showed slides. Dave Gunderson '61 ably taught the Sabbath School lesson on "The Better Country."

Stanley Harris, Sabbath Morning Sermon "From Broadway to Narrow Way"

Stanley Harris '37 came to Madison as a worldly, wayward young man in a zoot suit at the urging of his praying mother who wanted him to be in a Christian school. He had been a jazz band leader, a "city slicker," with no practical ability. He was put to work on the farm and elsewhere, and finally got to work in the accounting office. He learned much in the work-study program, and feels Madison taught him to be a well-rounded person. He got an education that no other school could have given.

Stanley met and married the lovely Elizabeth Vaughtie Chapman after graduation in 1937. He taught church school for a time, became a pastor-teacher, editor of *These Times* at Southern Pub., then was called to the G.C. Religious Liberty Department as associate editor of the *Liberty Magazine*. Next he was called to be Southwestern Union evangelist and later in same capacity for the North Pacific Union. He also served as local conference evangelist in several places, including the Central California Conference where he "retired" in Cores, CA., in 1977, but they kept calling him back for further service.

- Recognizing God's wonderful leading in his life, Elder Harris had requested that we have this song at the end of his sermon, "No One Ever Cared For Me Like Jesus." Henry "Skip" Cowen sang the solo at the end, with Ralph Pieroni accompanying beautifully at the piano.

Tapes on Two Sermons Available

- We regret not being able to report more extensively on the Friday night sermon of John Osborne and the Sabbath morning sermon of Stanley Harris. However tapes are available from the SURVEY office at \$5.00 for the two sermons, or \$3 for one. Also Pastor Osborne has a newsletter that gives high points of his sermon and tells the story of how he got into the self-supporting television ministry. We have a few extra copies or if you write him he will send you a copy and put you on his mailing list if you are not now getting Prophecy Countdown News (27021 Williams Drive, Bonita Springs, FL. 33923) (Tel. 813-947-1844)

Date of 1987 Homecoming June 19-21, 1987

For information on the next Laymen Extension Convention, see page 10.

TOUR THROUGH HERITAGE HOUSE: After a beautiful potluck dinner many went over to the Heritage House to see the treasures stored there.

HONOR CLASS REPORTS. Reports from Honor Classes 1936, 1946, and 1961 were given Sabbath afternoon. (See elsewhere.)

Those who stayed by for the afternoon were again treated to a delicious meal (supper) in the Fellowship Hall.

VESPERS: Vespers Saturday evening. Speaker was Roy Comstock who told more about Yerba Buena Hospital, Cheapas, Mexico. Music was by Dr. Billy Burks and two of the academy class of 1961 — Joanne (Malmede) France and Malcolm McCrillis.

Is There Need for Another Madison?

We believe there is need for another Madison type school on college level. We see articles and letters in the *Adventist Review* and Union Conference papers expressing concern over the situation that exists in our schools today.

- "The state of S.D.A. Colleges in North America," interview with N. C. Sorenson. The "bottom line" — "If the status quo remains our colleges will be much like battery-operated clocks that soon will grind to a stand still." (A.R. 3-6-86)

- "The Inside Facts on Paying for College." (A.R. 7-10-86)

- "Is Something Wrong in S.D.A. Schools," by Tim McDonald, director of education for Columbia Union Conference (article in *Columbia Union Visitor*, 9-15-86)

Business Meeting Alumni Board Named

At the business meeting Saturday night it was voted to put the same people back in, and Ira Gish was voted to fill the vacancy left by Laurence Bidwell as a member of the board. Then there began a lively discussion regarding starting a new Madison school again, which was continued on Sunday morning. (See back page for names of the executive committee.)

An Idea Whose Time Had Come

A temporary board or committee of five was appointed and soon a telephone conference No. 1 was held when seven members of the board were elected: Bob Sutherland, John Osborne, Julius Piper, Charles Gallimore, Don Rebman, Stanley Harris, and Mable H. Towery. John Osborne was appointed chairman, Don Rebman, secretary-treasurer.

New Madison Institute, Inc.

Finding A Farm

Bob Sutherland had been asked to write a letter to be sent to all on the *MADISON SURVEY* list. You have doubtless received this letter, with enclosures. He told about a property with over 600 acres and many buildings about half-way between Nashville and Chattanooga. It is four miles from Wartrace, TN. The name is Parish Patch Farm and Inn. It was bought by a Mr. Parish who died and it is in the hands of his daughter Martha (Marta) and her brother. She wants to sell it. She is not interested in farming, but her father was always buying land here and there. His wife objected and put pressure on him not to buy more land. After that he saw this farm and said it was only a "patch," and bought it. Pretty bit "patch"! We are praying for the Lord's will and a miracle so we can raise the money and get it.

After Bob Sutherlands' letter went out the self-addressed envelopes began to come in, with donations and pledges from \$2 to \$6000. Also heart warming remarks and letters. We wish we had space to print them all in this *SURVEY*.

So Much Happening So Much to Report

SURVEY readers are doubtless wondering why the September number is so late. This editor has been overwhelmed with the enormity of work lain on her. There was the Homecoming, which was more than a mere event with the dream of a rebirth of Madison becoming a reality. This engendered a lot of extra work — three telephone conferences with the new Madison Institute board. As result of the letter written by M.C.A.A. president Robert Sutherland much mail and money began to come in. We wish we could quote some of these letters this time. They were heart-warming in support, and many good suggestions were made (will give latest reprint on funds received later.)

When the vote to start another Madison College was taken there was a surprise, spontaneous pledge of donations. Three people ac-

tually wrote checks on the spot: Velma Jeffus \$1000; and two couples — Mr. and Mrs. Zane Rusk \$1000; Mr. and Mrs. Albert Hanna \$1500. (It is interesting to note that the wives of the two couples, Lyndell and Lillian, are both members of the M.C.A.A., but the husbands were not. We are "adopting" them.)

After these three pledges were made several more spoke up and pledged \$1000 each — Dorothy Mathews, Bob and Stella Sutherland, Dr. and Mrs. John Wesley Osborne, Mable H. Towery (Mable expects to put in more than \$1000).

• Two other important events occurred which need to be reported — the L.E.L. convention at Wildwood, GA., Sept. 18-20, and the Madison Campus Church dedication on September 27. Then there was the National ASI Convention at Williamsburg, VA. August 6-9. We can touch only the highlights of all these.

Henry Scoggins, Loma Linda, CA

A most meaningful and helpful letter was received from Henry Scoggins (X-ray '61). Henry is a top official of L.L.U. Medical Center (executive vice-president), and his secretary is a Madison girl — Nellie (Campbell) Killion. He sent \$100 and a pledge of \$100 a month for five years — making \$6000 in all!

He spoke of the need for a fund raiser, and the need for a logical, carefully developed plan and development.

"... I believe it to be critically important for success is a carefully defined and well-written mission statement for the purpose of the new Madison Institute. . . . It is an absolute necessity that the purpose and the plans be spelled out in writing so that all who will be contributing will have a clear understanding as to what their money is being used for. . . .

In closing, I would like to say, again, that I am very interested in the project. There is a large number of Madison alumni and friends here in the Loma Linda area whom I would be pleased to call together for a meeting to discuss this project once we have more definite information as to what the future plans are. I look forward to hearing more about it."

Purposes and Objectives of Madison College

Since we have been asked to state the "Mission" of the new Madison school, we quote from page 12 of the Madison College catalog for 1937-1938. We believe we can do no better than to try to carry out these seven "purposes."

Purposes

By tradition . . . prevailing purpose, Madison College is dedicated to the ideals of Christian education. Its outstanding objectives are:

1. To provide opportunity for a broad intellectual and cultural education in a distinctly religious atmosphere.
2. To develop high ideals of Christian character and the ability to discharge wisely the duties of citizenship.
3. To inculcate a keen appreciation of the laws of health.

4. To emphasize the dignity of labor and provide facilities for developing skills in useful manual labor that each may be able to maintain himself and those dependent upon him by some legitimate trade or profession.
5. To afford worthy young men and women who may not be financially able to meet the expense of a college education with cash, an opportunity to work for at least a part of their education.
6. Special courses are arranged for those who wish directly after graduation to engage in teaching, nursing, or homemaking.
7. An immediate aim is to equip lay workers intellectually, socially, and religiously for leadership in self-supporting community center.

Warren Ashworth, Angwin, CA.

Elder Warren Ashworth completed work on his Ph.D. at Andrews University in Feb. 1986. The title of his dissertation was "Edward Alexander Sutherland and Seventh-day Adventist Educational Reform: The Denominational Years, 1890-1904," which he successfully defended on May 6, 1986.

In 1978 Dr. Ashworth shared some of his research with the Alumni of Madison at homecoming under the intriguing title, "E. A. Sutherland, a Sanctified Heretic".

After he learned of the movement to revive Madison again he wrote: "It seems to me that with our colleges closing out their agricultural operations almost completely that 'Madison renewed' might fill an aching void for training of agronomists and agriculturalists for our world field. Indeed, the prospects are exciting."

• In the *Adventist Review* of Oct. 9, 1986, Myron Widmer writes under title, "What I've Learned" [since joining the A. R. staff]. One item caught our attention.

"Agriculture training at our North America Colleges is waning, or is already dead, just when the world field and the Adventist Development and Relief Agency [ADRA] needs trained workers. Colleges say the courses aren't offered due to a lack of demand."

What a shame!

An Indictment on Administrators

"Some do not appreciate the value of agricultural work. These should not plan for our schools; for they will hold everything from advancing in right lines. In the past their influence has been a hindrance." 6T 178

"Study in agricultural lines should be the A, B, and C of the education given in our schools. This is the very first work that should be entered upon." 6T 179

Addresses & Information Wanted

HONOR CLASS 1961: Joyce Elaine Farris, Geneva Owens

MISCELLANEOUS: Mr. & Mrs. Robert Eaton, Lydia Wenzel, Mildred Connell '36, Wilma Steinman '41, Christene Perkins '58, Clyde and Marie Holland, Stella (Stark) Saunders, George Sullivan, David E. Patterson '53.

HONOR CLASS REPORTS

Sabbath Afternoon

Honor Class of 1936

(Fifty Years Ago)

Eleanor (Sutton) Dick (N'36)

Iola, Kansas

I came here really as a visitor but on the way here the folks in the car I was riding in got to talking to me about how wonderful Madison was, and it sparked an interest in me. Then when we got to Madison they said, "Why don't you see if they can take you into Nursing?" I had expressed the idea that I might like to take it. I went to see Miss Florence Dittes and she said, "Oh I'm sorry the class is full." That was all right with me. Then just before the folks that I was riding with left, a messenger came and said a girl had left the nursing class and that Miss Dittes wanted me to come and see her. I went to see her and she said, "There's a vacancy if you want to stay, but you have to stay now and can't go back to get your clothes. So I stayed and my folks sent my clothes.

I can truly say that I have never regretted the decision. I feel that I got a good nurses training here. I was never ashamed to say I graduated from Madison in Tennessee. In fact, the business manager of one of our hospitals where I worked awhile said: "I would rather hire girls from Madison than from my own school of nursing here in my own institution." I thought that was a good recommendation.

Willis Dick and I got married before graduation. We had to go right away to Loma Linda and so they gave me special permission to receive my diploma in absentia. As it was he was there a day late to register. Someone was there ready to take his place if he hadn't been there as soon as he was. We have had an interesting life I can say. I'm sure each one of us can say that.

Willis G. Dick, M.D.

We spent over 20 years in the mission field. After that we came back and I went into practice in my home town, Iola, KS., and decided when I was 70 I would hang up my shingle, so nine more days from today, I'll be retired three years. Our mission service was in Southeast Asia, but we went as a relief to Maluti Hospital last year and that is how I came to have the pictures to show this morning. We have two children, Dorothy, who took nursing from Loma Linda, graduated from there, nursed for about ten years, then took Law, and now she is a practicing attorney in Texas. Our son Glen is working for the government. He is married and has three children.

Marvin Faudi, Waco, TX (N'36)

After we graduated from Madison we went to Hinsdale and were there a year. We were married at Hinsdale and then we moved to Marshalltown, Iowa. Mr. and Mrs. Zimmerman were there. We operated the treatment rooms three years. From Iowa we moved to Waco, TX., and put our roots down. We worked for the V.A. Hospital for 21 years.

Our son Marvin is known as Rooney Faudi, and lives in Dayton, TN. He is in diagnostic image work, and we plan to go from here over there to see them. . . I went into real estate, and enjoyed that too, for a few years. . . We live on 80 acres of land just outside Waco, and I do gardening. My wife has a flower garden. We are having a very enjoyable life.

Hazel McConnell Faudi (N'36)

Waco, TX.

I want to say that we have always appreciated our training from Madison and we look forward to coming every time we can. We don't get here very often but we certainly do appreciate it, and even though Mable Towery wasn't here when we were, I know that she is a real mainstay for our alumni, and we appreciate it.

As Marvin said, we have been active in our church. He was head elder for a long time and treasurer for 33 years. I have filled just about every office too. The church has been our life.

A surprise came to us one Sabbath. When we came to church, there was a big sign that said, "Marvin and Hazel Faudi Day." They had arranged to honor us that day. The mayor of Waco had signed a proclamation that July 21, 1984, was Hazel and Marvin Faudi Day for 36 years of service in their community and their church. It was a complete surprise, and it made me feel very good.

Irene (Kominski) Ambs (N'36)

Orlando, FL

I graduated from nursing in 1936 and I'm thankful that I was able to come here to take my training, otherwise I wouldn't have been able to get any training. I didn't have the money, so I'm thankful that I was able to come to Madison and earn my way through even if it was only for ten cents an hour. I've put in 41 years of nursing and I enjoyed every bit of it.

Since I retired I've been doing some volunteer work in a clinic they have in my home town. We did do blood pressures and different treatments, and also did do some work on the conference van.

Now I'm not doing anything, just taking life easy. I'm taking care of my grandchildren. My husband died 16 years ago. I have two adopted daughters. One of them was killed a year ago, and the other lives in Orlando. So that is my enjoyment. I'm living with two of my bachelor brothers which helps a lot. It is good to have someone around the house. Again I want to thank the Lord that He was able to bring me here to get my education.

Louise (Hoyt) Gish (N'36)

Madison, TN.

I really enjoy these Homecomings. They really do me a lot of good, it's so nice to see schoolmates and other friends. I can't imagine it's been 50 years since I graduated from Nursing here. I wish to publicly thank Mable Towery for all the time and effort she has spent plan-

ning and promoting the Homecoming. My husband Ira and I met here and were married. When I finished nursing, since I like surgery they promised me that if I would stay that I could be the surgery supervisor. . . .

We have been in and out of here to other places where I taught and held administrative positions. Ira has taught most of that time. We have two children, both of them adopted. Wayne our son is the oldest and is in Corvallis, OR, going to school, and we have a daughter Sally in Savannah, TN., who has a son Jason. It's been an inspiration and a joy to be back here where we have known so many people, and can renew old friendships.

Marie (Graham) Comstock (N'36)

Grants Pass, Oregon

We have two children. We lost our son Burton in an accident, our daughter Anita is here with us. After we finished college we were teachers in Costa Rica. On our way back from Costa Rica we saw the needs in Mexico and decided we wanted to go back so we pioneered the work at Yerba Buena, Chiapas, and the work is still going on there. We have enjoyed our life together very much; there has never been a dull moment. I certainly do appreciate what Madison did for me. My parents went to Honduras with Herbert Owen before my birth, so the self supporting blood was really born into me, and it was through the influence of Willie White, Ellen Whites son, that brought me to Madison in the first place.

Lillian May Hannah ('36)

Salem, OH

I graduated from Dietetics here, and I have not been back to Madison until a year and a half ago when my husband had a meeting in Nashville. So we came out here, and needless to say I was shocked and saddened to see everything so changed here. After I left Madison I went to Greenville, TN., and worked as a dietitian there for maybe a year or so, I had a chance to take an internship in Dietetics in Toledo, so I went there and took a job in Salem, Ohio as a dietitian of the hospital. That is where I met my husband. I continued to work there until about six weeks before our first child was born.

I stayed home until our children were pretty much raised, then I changed careers and went into social work. I worked for children's services in Miami, Ohio. My main job for the past 15 years was to find permanent homes for children, and I placed about 400 children for adoption during that time. We have four children of our own. John has his Ph.D. in nuclear physics. Louisa is an elementary teacher with twin girls. Addie Mae has her R.N. and B.S. in Nursing and is a very fine pianist and organist. Her young son is in hospital administration like his father. My husband has been in hospital administration and the health field all his adult life. We have been married for 45 years. I have many many good memories of Madison.

● MILDRED (Gleason) JOHNSON (N '36) attended Homecoming and visited with her classmate, Marie Graham Cantrel. She is living in nearby Hendersonville, TN.

**Alice Goodge Straw '36
Knoxville, TN.**

Alice and Leland Straw were the pioneers who started Little Creek School just out of Knoxville in 1940. After starting out under primitive conditions others of her family (the Goodges) came and later Father and Mother Straw. Both families were talented in music, in teaching, and the Practical arts.

Leland Straw was head of the Little Creek Institution until a few years ago. Alice taught all through the years, edited an interesting newsletter and helped in other capacities. They have two sons. Sanford Straw works at U.T. lab in Knoxville. His wife Janet is a nurse at Little Creek Sanitarium. Son Kenneth succeeded his father as president of the institution. His wife Sharon shares in his duties.

Gradually Little Creek added other buildings for school and sanitarium patients. Recently they determined to start building a new dormitory for the girls, and are in the throes of this undertaking. The girls will live temporarily in the old sanitarium building.

• VIOLET (Jackson) GOODGE '46 came over from Knoxville for part of Homecoming. Her husband, Dr. Boyard Goodge, is in poor health.

**Anna (Pearson) Simpson ('36)
Keene, Texas**

When my father took me to Madison, he said, "You are taking the Dietetics course." We had two nurses in the family, and he didn't want any more nurses. My brother Arthur Pearson had left the week before to go to Loma Linda to take the medical course, so he said, "You will take the dietetics course," I did. . . .

I went to Battle Creek and I got a job with Dr. Kellogg. I had to cook his meal every night and all I remember about it was that I had to puree parsley for him for every meal. That is why he was such a healthy man. After I left Battle Creek Sanitarium I went to Indiana Academy, and was matron there three years. From there I went to Crawford Long Hospital in Atlanta, GA., then I decided I would go to Kettering Hospital and I was there when they opened it up, and was there about four years. At Kettering I had my dietetics course validated and so I became a registered dietitian. Then I heard that they needed someone at Southwestern College in Keene, TX., I've been there for 19 years. I keep retiring but they keep retreading me. I have four sons. The oldest William, is at Glendale Hospital, in charge of the plant engineering. The next son Arthur, is a pharmacist in North Carolina. The next one, Richard, is a nursing home administrator in Texas, and the last one, Martin, is a nurse-anesthetist. They take very good care of me.

**Date of 1987 Homecoming
June 19-21, 1987**

For information on the next Laymen Extension Convention, see page 10.

Honor Class of 1946

**Mary (Siewert) Pereault (N'46)
Davison, Mich.**

After I left Madison I went to the Upper Peninsula of Michigan to a small hospital which was privately owned and had only four beds. I was the chief cook and bottle washer, I spent three and one-half years there, and when I left there were four nurses and sixteen beds.

I went to a hospital in Flint, Mich. that had about 600 beds and I was there five years. Then I decided to go on private duty and did that for eight and a half years. Then I went back to Harley Medical Center, spent over 21 years there, and retired in 1985. I have been traveling a lot since then.

I had six children all married. Son David died when he was 19 years old due to an auto accident in 1976. My husband passed away a year before this in 1975. My youngest is a girl, Marie. I have 14 grandchildren.

I really enjoyed Madison. My training helped me when I went to this little hospital. It really helped me to prepare because I needed to set up surgery, and central supply, everything, so I really got my experience. This is my third time coming back for homecoming. Have been with Ruth Maehre in Orlando, and to Colorado, and I'm really enjoying life.

**Shirley Drury (M'46)
Madison, TN.**

I want to thank Mable Towery for her many years of service to us. . . . I think it's great to be living in these last days. We grew up in the mid 30's in Iowa in the depression years in Iowa, in a family of seven. We learned to be conservative. My sister Gladys and I came to Madison for nursing training in 1942 after she had finished at Oak Park Academy, Nevada, Iowa.

Training days at Madison were the happiest of our lives, although at the time we didn't appreciate or realize that. My sister Gladys expired in 1982 after a two-year battle with cancer and a stroke.

It seemed at Madison we were like brothers and sisters and we were all in it together during those war years. Today my closest and best friends are Madisonites. I remember the kindness and patience of all our instructors and give thanks to them. My favorite one was Margaret Brown. . . .

I have lived around Madison all these years. I've been in my present job for the past 24 years, I worked some in South Carolina, California, and Iowa and have seen many changes. I may be living here when Christ comes, which will be soon, I feel.

**Ethel Mae Overdorf (N'46)
Meridian, Miss.**

I was here at Madison from 1942 to 1946. I remember my first impression of Madison. I was a product of the public school system and I didn't get to do anything but go to school, so when I got to Madison I felt like I had died and gone to heaven. I could associate with everybody else and do what my peers were doing. That was a great blessing to me.

After graduation I went to work for Dr. Fred Cothren in the town of Madison, worked for him for two years and then went back to the University of Pennsylvania and took Anesthesia. From there I went to Meridian, MS., and have been a resident there ever since. I worked for one hospital for 30 years and was head of the department and was doing just fine until we had a change in administration. They didn't have the same thoughts as I did. I was not fired, but was put under much pressure could see the writing on the wall, so at this last date I changed jobs and believe me that was traumatic. I'm still employed, looking forward to retirement. I believe I have two years and 300 days yet. It's not that I don't enjoy work, but I feel that I have worn that coat long enough. It's time to assume another one. As far as family, my mother is with me here today, and I'm grateful for that.

**Amos Coffee (N'46)
Willow Springs, MO.**

It looks like I am the lone male gender in a group of ladies. I think most of you remember me as the lesser half of the Coffee-Bacon clan I have a very warm spot in my heart for Madison. This institution took a poor hillbilly and gave him a chance to get an education. The philosophy of the old Madison was rare at that time and is even rarer today. Here you got an education in whatever you were doing, but you had to work.

Madison is one place where you learn not only to think and use your head but you also learned to use your hands. In the school of nursing you didn't have all the aides, orderlies, housekeeping, and everybody else to do the work for you. You did it yourself and you had to learn how to do it.

I remember one time . . . when due to an accident a young fellow had a severed spinal cord, and the doctor ordered "tidal drainage" for his bladder. Who ever heard of a tidal drainage? We got out the books and couldn't find it, and one of my friends and I went to Vanderbilt and got one of the residents cornered who drew us a picture of what it was supposed to look like. We came back, got out our rubber tubing and glass tubes and some quart IV bottles and proceeded to make one, and it worked!

You had to know why things worked in order to do it, and Madison taught you how to do that. I have been all over the United States and talked with several doctors. Invariably they would say, if they had the choice of a graduate nurse from Madison or from another school they'd take the Madison graduate, because they knew how to work, and would work. I think this is something we can take to heart because Madison did teach us a great deal.

When I left here, I was in the class of 1940, but that was during the war years and we students had to register for the draft, like everybody else, and eventually Uncle Sam caught up with me. My wife Alice and I had already married, and at that time you remember the philosophy of the school was if a student nurse got married she was out. I think my wife and I broke the tradition, when we got married I wrote the administration a pitiful little letter and told them what I had done. They wrote back very

graciously and said due to all the circumstances and the draft registration, that they couldn't quite do away totally with the philosophy they had, so I would have to be out of school for one quarter. We spent that time out in Bordeaux Boys Training School, the boys reformatory, with Faye Litell. They also write from the administration that if I got my draft notice to just write and tell them I was a student nurse and then come on back, and by the time I got here I would be reinstated.

I think the next couple that got married had to be out only a week, and the next couple took the week-end off. So I feel we probably did something in breaking that long standing tradition. After working a few years for Dr. E. P. Johnson, in Old Hickory, I told him I thought I was going to go to med school. Dr. Johnson seemed to be pleased. . . . He was probably my ideal as general practitioner.

I took part of my pre-med at Peabody and transferred to A.U.C. in Massachusetts and finished there. Our first two children were born here before we left. Mike, our oldest one, and Malfalda, our youngest, were born after I got back from service. Malfalda is a strange name. She was named after a little girl that I met over in Italy. Johnny Spencer and I were in the service together in Italy, and we would hitch-hike on Sabbath down to a church. There I met this little girl Malfalda, and she insisted that she would find the scriptures for us so we could read them. . . . We got ready to leave Atlantic Union College.

After graduation at A.U.C. we came back down to Madison again and I worked in the Operating Room as O.R. Supervisor until I found out whether I would be accepted in Loma Linda. . . . Our third child, Martin, was born here about two weeks after we got here. I was accepted in medical school and through the good graces of God and some friends here who lent me some money. I did make it through in 1956. I came back to this area and did my residency at Baptist Hospital in Nashville and worked over two years with Dr. Russ Myers and Dr. Bill Bryant in Woodbury. Since then we have lived in Willow Springs, MO., and I'm still there and in general practice, and we have an enjoyable time. I think most people there have accepted us quite well and we still look back at Madison. Altogether I've been in practice about 30 years.

There is one thing about a Madisonite, wherever you meet him, in the United States or overseas, and it doesn't make any difference if he or she went to school at the same time you did or not, you can just sit down with them and talk about old experiences and really have an enjoyable time. I'm grateful to Madison for the start that I got here, and never cease to think of it and the people I met here.

**Lyndall (Hill) Rusk '46
Keene, TX**

In 1941 when I came here my parents were not Adventists. It was through the graciousness of Luella Dobb that I was able to come. I first learned about Adventists from my first piano teacher who was an Adventist. I stayed here until 1946 and majored in nutrition, but also took lab. I never did really do a lot with my nutrition educa-

tion. I suppose I took nutrition because of Luella. I worked about 13 years as a lab technician. I met my husband Zane at Union College and we went back to Texas. There he attended the University of Texas to be an engineer.

We have three children, the oldest one, Verlynn, is principal of the church school at Loma Linda, her husband is doing a doctorate in biology. Our second child, Larry, finished L.L.U. as a dentist in 1975, and is presently in Midland, TX. Our third son is also a dentist; he finished at Loma Linda in 1980 and he is practicing in Keene where we live.

Madison was just an experience that I don't think you could ever have any place else. This is my first homecoming, I was really kind of crushed yesterday when I toured the campus and I couldn't find anything left, but I guess we all kind of feel that way.

I worked as a lab tech. for 13 years and I went ahead and became a teacher and I taught for 25 years and have been retired a couple of years now. We started working with Maranatha in 1973 and I would like to say if any of you don't have anything to do, get involved! It is a marvelous thing, I saw in our last letter from Maranatha that they plan to help in the restoration of the E. A. Sutherland house in Berrien Springs. There are projects going on all over in many different places.

It's a great experience. I have time in between. I am a genealogy buff, so I have lots of things to do and I'm most thankful for my children, that's probably the best accomplishment I hope we have done. I counted up yesterday and we found that our children were in church school about 55 years, between the three of them, and I'm happy to say that they are all in the church and working as are their children.

We have five grandchildren, all granddaughters. I really thank Madison a great deal for the part it played in my life. Thank you Mable, also If you ever come to Keene, don't miss going to the cafeteria. Anna Simpson is a fabulous person, she puts out the best food you could ever eat.

Edner Felder (N '61), Gainesville, FL

Thanks very much for the notice of the Honor Classes of 1986. I would like very much to be there, but I'm sorry I will not be able to get there. Thanks very much for sending the SURVEY. I enjoy reading it. May God continue to bless you in your work.

Honor Class 1961

**Elenia P. Lancaster (N '61)
Miami, FL**

It was such a joy for John and I to be back at Madison after so many years. Hard to think that I graduated 25 years ago. It was surely nice to see so many former classmates! We were so happy to be part of the reunion.

Sorry our daughters could not come too. Joyce, our oldest, is on summer school vacation, but working full time at Hialeah Hospital pathology department. Joy Lynn, the youngest, is at Andrews University.

**Gene Sellars,
President of the Class of '61**

Gene Sellars (N '61) attended Homecoming. He has been working in Physical Medicine at Kettering Hospital in Ohio. His class gave a lovely gift of a bench sign combination with the words Madison College in big letters. Gene did most of the work himself. It was erected where the sidewalk from the hospital met the sidewalk going to the college. Guess what? After the college closed in 1964, the administrator tore it down!

**Raymond Campbell (Agr. '61)
Worthington, Ohio**

I met and married my wife while I was here. We have one daughter she is an accountant for J. C. Penny Insurance. I've been at Worthington Foods for the past 20 years.

**Velma Robinson Secrist (N'61)
Crestwood, KY**

Madison means a whole lot to me. I was baptized into the Adventist church here in the old chapel, and I met my husband here. I graduated from nursing in 1961, married Darwin Secrist in June, 1962, and in December we left for Honduras. While we were there we joined Dr. Phil and Lilly Cabansag who were also Madisonites in working at the Cuyamel Clinic. We came back to Madison for a time, then we spent time at some other hospitals like Pewee Valley and Highland. For the past six years we have been at Pine Forest Academy and Sanitarium-Hospital. We have two daughters, Nancy and Cindy. Both girls are taking Nursing at Southern College and will graduate this December.

**Carol (Hilgers) Kunau (N '61)
Apopka, FL**

I am sorry that attendance at the reunion is impossible, but find that it conflicts with the Nursing Council of North America in Weimar, CA.

My husband, Richard, is presently beginning work for Adventist Health System in Marketing, a change after teaching for 25 years. I am working as an administrative assistant in nursing administration at Florida Hospital. Terri, our oldest daughter, is completing a degree in accounting while working full time in patients business at Florida Hospital. Pamela will be a sophomore at Forest Lake Academy next year.

We enjoy the Orlando area very much. Can't believe it has been 25 years!

Lucy Butcher '61, Crystal Beach, FL

I'm healthy! I'm working towards a Masters Degree in Counselor Education at the University of South Florida, Tampa Campus. I visited Nashville in the summer of 1985 when the legal secretaries convention was held at Opryland. . . I'm going to the Legal Secretaries Convention in Portland, OR, then on to Expo '86 in Canada. God bless you all.

• **HELEN SMITH (N '61), Ellijay, GA.:** Helen Smith sent us her dues. We understand she retired from working at the hospital in Ellijay.

Elder and Mrs. Stanley Harris
"Stan" and "Vaughtie"

Isabelle (Altenbrun) Hendricks '61
Keene, Texas

Greetings, Nursing Class 1961. It surely would be fun to see everyone again after 25 years. Since I will be unable to, a note is the next best thing.

From Madison I went to Porter Hospital in Denver, and worked several years. While there I married Robert Hendricks in October, 1963. Our daughter Kristal was born in Shawnee Mission Hospital in Kansas in 1966. When she was 14 months old we moved to Georgia. I guess that's the last place Mable had an address for me. Time surely flies. We have been in Texas for the past ten years. Our daughter is a senior accounting student at S.A.C. She plans to graduate in April, 1987.

This area has an abundance of nurses and I'm glad to retire Happy 25th reunion to all.

Joe and Shirley (Zink) Fields

After I graduated from M.C. in 1961 I spent the first two years there at Madison, three years at Pine Forest, two at Wildwood, and two at Eden Valley Institute before connecting with Amazing Facts.

Shirley and I joined the Amazing Facts staff in November of 1981 and have enjoyed our work with this special organization. I serve as office manager and Shirley works in the Bible school and also in the office where our mail is received and batched for processing on the computer.

We have three children. Our oldest, Tamara is married to Leo Schreven and has been living in Lee's Summit, MO., where he was pastoring two churches. They will be joining Amazing Facts as an evangelistic team in the Fall. Our next child, Heidi, served as our executive secretary here in the office for a year, and has just finished a year of schooling at Weimar Institute. Our youngest, Joseph, is still living at home and will be attending Highland View Academy next year in the 10th grade.

Madison holds some of the fondest and most lasting memories for us. We only wish the college were still in existence so that our children could have also enjoyed the great opportunities it offered . . . I am sorry that we will not be able to come to the homecoming program but we will be there in spirit.
With fond memories, Joe and Shirley Fields.

John Dovich, Holly, MI.

Dear Fellow Classmates of 1961: I surely would like to be with you for this 25th year reunion, however our summer plans are taking us to western Canada at the same time. Our oldest daughter is graduating from engineering at Walla Walla College, June 6-8. After graduation at Walla Walla we will be going to British Columbia and Alberta to visit my family. . . We will take the entire month of June to accomplish this.

It doesn't seem possible that 25 years have passed since those college days at good old Madison. Since then, I've taught Industrial Arts for the public school system and our denominational system here in the U.S., in Canada and at Carriibbean Union College in Trinidad. A total of sixteen years of teaching and since 1977 I've been involved in the trucking business. I deliver new trucks from the factory in Pontiac, MI., to dealers in all 48 states.

Our oldest son Steve (who was born at Madison in 1961) is an engineer with G.E. in Daytona Beach, FL. Laurel as I mentioned is graduating this month in civil engineering. Sharon is taking her last year in the physical therapy program at the University of Michigan. Douglas is studying photography at Andrews University and Shirley will be in grade 8 next year. My wife Luvamay is the secretary and clerk at our local Holly Adventist church. That is briefly what my family has accomplished thus far.

I am proud to be part of the alumni of Madison College and am looking forward to seeing each of you at the great homecoming when Jesus soon will return to take His faithful ones home to heaven.

Madison Academy Reunion
Academy Class of 1961 (25 years ago)
Joins with College Homecoming

(John Aitken of Napa, CA., worked long and hard for several months, along with Eva (Campbell) Weesner and Judy (Ball) Pelly to get all the arrangements made so they could have a reunion of the Madison Academy class of 1961 — 25 years ago. They had a great time at Homecoming greeting and visiting each other. They got together at a table for the fellowship dinner, and several academy graduates of other years joined them. On Sabbath afternoon when reports were heard of the college honor classes John Aitken presented the following report for his class.)

JOHN AITKEN — Our class voted for me to tell what everyone of the Madison Academy Class is doing.

An invitation was sent to our principal, Harold W. Keplinger and his wife at Gentry, AR, where he is now principal of Ozark Academy. They were unable to come but wrote and sent for a subscription to the SURVEY.

Eva (Campbell) Weesner is the office manager for a physician in Riverside, CA. Paul Johnson is an E. R. physician in Laguna Beach, CA. Judy (Ball) Pelly is a secretary and homemaker in South Lancaster, MA. Joann (Malmede) France is a homemaker and mother in Goodlettsville, TN. Joan (Aitkin) Martin is a medical transcriptionist in Garland, TX. Malcomb

Macrillis is in the building contracting business, and in an insurance salesman in prepaid legal services.

Pat (Moore) Post is an office and showroom manager for Vanity Fair Lingerie. Ronnie Sullivan is vice-president for Aerotech, an engineering company in Yucaipa, CA. Clinton Hooper is chief engineer for Radio Station WZEZ, 93 FM, Nashville, TN. David Reems is a nurse anesthetist in Avon Park, FL. Claudia (Kunau) Dustin is secretary and phone operator for a Subaru dealer in Freeport, ME. David Martin is a physician and farmer in Mena, AR.

Mary (Summerville) Mansfield is an R.N. at Madison Hospital. Arlene Blackburn is an R.N. at Veterans Hospital in Maryland. Joan Houser is a secretary for a carpet mill at Anadarka, OK. Silvia (Mitzelfelt) Cerrato is a hotel manager and sales person in Dallas, TX. Jim Roberts is a lab technician and building contractor in Orlando, FL.

Leneta (Scoggins) Dawaf, R.N., lives in Greenbelt, MD. Emily Sanders is an R.N. at Keizer Hospital, Fontana, CA. Suzie Valentine is a waitress in Washington, D.C. Donna Chalmers, a missionary to Ethiopia, is now in North Carolina where her husband is pastor of the Silva Church. Tom Young is deceased.

I'm John Aitken, I live in Napa, CA., and work at Marietta Naval Base in Napa, CA., as a pipe fitter.

Others Who Spoke at Homecoming

At the end of the Honor Class Reports, opportunity was given for anyone else who wished to speak.

Dr. and Mrs. Arthur Pearson from Fletcher, N.C. each spoke. He is a brother to Anna Simpson who was in the Honor Class of 1936. The three got together at Homecoming. Both Dr. Pearson and his wife Mary got up and related some interesting experiences. This has been written out from the tape, but has not been edited or recopied, so we decided to hold it over until next issue.

Another one who spoke after Honor Class reports was Ray Comstock, husband of Marie (Graham) Comstock, nursing class of 1936. This also will have to hold over.

Willis and Eleanor (Su)

THEN
Courting at Madison in the 30's.

Alumni News & Letters

Ruby Beard (N'39), Norwood, OH

RUBY BEARD wrote that she is very much better since she had a steel ball implanted in her hip after breaking her femur in a car accident in 1982. She says that she is still a cripple though. "I love our people very much and always look forward to the SURVEY . . . May our precious Lord bless you and yours."

Dr. Orville R. Thompson (B.S. '50), wrote that he retired from active medical practice on July 1, 1985, and moved into a beautiful home park in St. Helena, CA.

1941 LORRAINE (Graham) JOHNSON of Belton, TX., wrote and told us that she and her husband Arnold were planning to be included in a Maranatha Flight to Kauai, Hawaii, in August, and plan to help construct a church in Cerautle, Morelos, Mexico in October. She asked for the addresses of Mary (Hirabayshi) Sakai and her brother, Toshiyuki Hirabayshi, who lives in Kauai, HI.

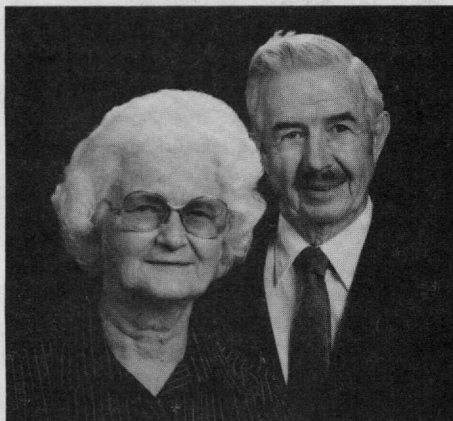

Mrs. A. B. Burdick, Coalmont, TN.

Dear Mable, Although I do not know you personally, I appreciate the hard work and long hours you have spent in behalf of Madison and its Alumni. . . . We moved from Madison in 1945 after being there continuously for 10 or 11 years.

I've discovered that the MADISON SURVEY is still being published. We *must* have a subscription and information regarding the books published about Madison! Enclosed is \$3 for a year's subscription to the SURVEY.

Gladys Duran N '54, B.S. '56 Greenville, N.C.

Gladys Duran is the administrator and president of Takoma Hospital in Greenville, N.C. She has served in many administrative capacities in several S.D.A. hospitals, and just before moving to Greenville, she was serving as administrator and president of Rocky Mountain Hospital in Denver, CO.

n) Dick '36, Iola, KS.

NOW

Dicks at 50th Wedding Anniversary
August 26, 1986

John W. Read '53, Keene, TX.

John Read has accepted a call from the Texas Conference to connect with the Dallas Central Church as associate pastor and minister of music. Dr. Read has served on the staff of Southwestern Adventist College for 18 years as professor of vocal and choral music, and was head of the music departments of both Shenandoah Valley Academy and Collegedale Academy before that.

For most of John's 30 years in denominational work, his wife Aquila has worked by his side as a fellow musician, housewife, and mother of their four children.

Dellah Wheeler, Rogers, AK.

"Dee" (Jordan) Wheeler '55, wrote from Rogers, AK., that she is so grateful for the work-study program at Madison. She says that it taught her the dignity of labor and the satisfaction of a job well done. She is also very grateful for all the kind and helpful people that made Madison such a wonderful place.

"I would like to take this opportunity to apologize to many I worked with and went to class with, for my unkind words and irresponsible actions. I'm sure I was a discouragement to a number of students and others. For this I am very sorry. I wish I could go to each one to ask forgiveness. May God heal the wounds I so carelessly inflicted. . . . God has been so gracious to us. May His soon coming find each of us ready to meet Him."

Leona Marie Logan (N '58) Farmington, MI

(Leona Logan sent us a clipping from the Lake Union Herald that has her picture and tells about the positive parenting seminars that she conducts. She has completed her masters degree and is working on a doctorate in guidance and counseling from the University of Michigan. Her letter follows.)

Dear Mable: I'm always glad to get the SURVEY . . . I went home last November. On the trip I saw Johnny Read and his wife Aquila at Keene, TX, also Arlene Smith Tucker; stopped in Houston, TX., and visited with Thelma Slater. I see Dale and Violet Kendall every year at Michigan campmeeting . . .

My arthritis slows me down a little but I still have the same zest for life I've always had and I try to live each day to the fullest. I teach Sabbath School class, ages 19 to 35. I have 49 regulars. This keeps me as busy as I want to be. Christmas of 1985 I spent three weeks in the Middle East. I believe it was the highlight of my life. Walking where Jesus walked was very inspirational. Ruben and I plan to retire at Woodbury, TN., in the summer of 1988. Much love and prayer.

• JIM CULPEPPER, administrator of Moberly Regional Medical Center was elected trustee at large for the College of Osteopathic Health Care Executives at the annual meeting in March. Culpepper is the president of the Missouri Osteopathic Hospital Association, (M.O.H.A.).

Pastor John Osborne, Homecoming speaker, wife Diane and Johnny.

A beautiful color picture of Tammy Bottsford appeared in the Spring, 1986, Southwestern Adventist College Spotlight. Tammy is a daughter of Elder and Mrs. RONALD BOTTSFORD. Her mother Beverly is a graduate of the Elementary Education course in 1959. Her father is a 1960 graduate of M.C.A., and also took one year of college at Madison. He is presently a pastor in Lancaster, TX. Tammy's grandparents are Dr. and Mrs. Elmer Bottsford of Ridgetop, TN.

STUDENT MISSIONARIES

• In June, 1986, Tammy Bottsford went as a student missionary to Ecuador Adventist Academy. Earlier her sister Tina also went as a student missionary to Thailand.

• Two more student missionaries, reported in the *Adventist Review* a year ago, were Dean Allan Cabansag, son of Dr. and Mrs. Philemon Cabansag, of Santa Anna, TX, who went as a teacher to the Caroline Islands; and Edwin Paul Dysinger, son of Dr. and Mrs. Bill Dysinger, to Khartoum, Sudan, as a health educator. Edwin's father Dr. Paul William Dysinger is chairman of the Department of International Health, LLU School of Health.

Marjorie (Loftin) Hancock Seminole, TX.

Marjorie Hancock (N'62, Anes. '66) wrote her anesthesia teacher, Bernard Bowen, about the death of her husband, Walter Hancock, Jr., on Christmas day, 1986. They are both anesthetists. She took anesthesia at M.C., he at a school in North Carolina. They both worked at Madison S-H for a time, at Hays County Hospital in San Marcos, TX, and at Abbeville Memorial Hospital in Louisiana. Following is part of her letter to Mr. Bowen.

"I am living here in West Texas, the "Dust Bowl," with my son Chuck, He is 18 and going to college in Hobbs, N.M. It is only 30 miles from Seminole. Walter passed away this last Christmas, so we are going in alone and doing very well. The Lord has provided for us beautifully and in so many ways."

RAE ANNA BROWN (Anes. '64), Portland, OR.: "I always enjoy reading the SURVEY. I work as an anesthetist at Emmanuel Hospital."

WEDDINGS

WYCHOFF — KENDALL. Patricia Sue Wychoff and Robert Kendall, Jr. were married in Wightman Chapel, Scarritt College, Nashville on July 13, 1986. "Bobby," a graduate of S.C., works in the business end at the Bio Medical Lab in Murfreesboro, TN. with his father, Dr. Robert Kendall, grandfather, Dr. Cyrus Kendall, and uncle, Dr. Doug Kendall.

LITTELL — DUROCHER. Bonnie Littell and Robert Durocher were married at the First United Church in Hendersonville, TN., on July 12, 1986. Bob is the son of Mr. and Mrs. Kenneth Durocher and Bonnie is the only daughter of Dr. and Mrs. Ned Littell.

California Chapter Meets

We are indebted to Nellie (Campbell) Killian for reporting a meeting of the California Madisonites at Loma Linda on May 17, 1986. While Nellie was here as a student she was one of the best student helpers in the Alumni office. Always smiling and cheerful, a fast typist, willing and cooperative.

Nellie Killian is now executive secretary at LLU Medical Center, Loma Linda, CA. She wrote that her "boss," Henry Scoggins, was elected new president for the California Chapter. Henry holds the high position of executive vice-president of the hospital. He and Nellie are willing and eager to take up the matter of starting another Madison School with the members of their Madison Chapter.

Around 70 people attended the luncheon and meeting. Bob Loder, then president of the chapter, asked each person to stand, introduce himself, and tell what Madison meant to him. This proved to be very informative and interesting. Dr. Claude Randolph had recently visited Madison and shared some of the "Improvements" which had taken place. Elizabeth Bowes Dickinson had also visited Madison recently and shared a number of pictures she had taken of some of the historical landmarks.

Several out-of-town Madisonites who attended were Thelma Slater from Houston, TX., Margaret Jansen from Bay Creek, OR., Mable and Cecil Parker from Inverness, FL., Lucille Tolles from Middleboro, MA., Lyle Marie (Wallace) Stockdale from Pleasant Grove, UT.

Henry Scoggins was unanimously elected as the new president for the Loma Linda Chapter. He is presently executive vice-president of LLU/M.C.

Helen Sandborn, Hendersonville, NC

Mrs. Sandborn wrote to set the record straight about her husband, Dr. William C. Sandborn. She said that he should be listed as a graduate of the college class of 1936, rather than a nursing graduate. She was also kind enough to send us the address of her daughter, Marilyn Sandborn Murdock who lives in Longwood, FL.

Eiseles Pioneering in Brazil

The March, 1986, Self-Supporting Worker has this news on page 6: "A new self-supporting vocational-agricultural school is being pioneered by Bob and Miriam Eisele near Poss Graís in

Brazil, South America. . . . The school farm has 2,800 acres, with soil suitable for growing tropical fruits."

The Eiseles would like to have retired people who are knowledgeable in agriculture to come and help them. Their address is Mr. and Mrs. Bob Eisele, Missoo, Terra de Promisao, C.P. 30, Pose Graís, Brazil, South America.

(Bob Eisele is a son of Dorothy Beebe Eiseles, of Williams, MN. His grandfather, the late Chancey Beebe, graduated from M.C. in 1937.

Education on Madison Campus

MADISON ACADEMY

The academy started with an enrollment of 117 this school year and is in full swing with school activities. No new teachers have been added.

Teachers and staff are as follow: Dean Hunt, principal; Ric Gatling, vice-principal and physical education; George Carpenter, accountant, economics, and business manager; Richard Butterfield, mathematics; Marjorie Coon, English; Bob DuBose, history and library; Judith DuBose, music; Barry Fowler, science; Rod Hartle, auto mechanics and auto shop; Marie Jansen, registrar; Sharna (Johnson) Hassencahl, secretary to the principal.

MADISON CAMPUS ELEMENTARY

• After serving 15 years as principal of the Madison Campus Elementary School at Madison, Edward Rosaasen and family moved to Loma Linda, CA., where he and his brothers are in business.

Madison Campus Elementary School opened August 20 with an enrollment of 180. A new principal and fifth-grade teacher have been added to the faculty. The new principal, William Ruby, comes to Madison from Walker Memorial Junior Academy, in Avon Park, Florida. His wife, Velda Ruby, is the new fifth-grade teacher. The Rubys were in Avon Park for four years. Previously they taught for ten years in Georgia-Cumberland Conference, he as teacher-principal. The two Ruby children, Heather and Chad, are five-and-one-half-year-old twins.

Teachers for the grades follow: Mrs. Frances Dopp, first; Vickie Pedersen, second; Myrna Closser, third; Cindy Davis, fourth; Velda Ruby, fifth; Anna (Adams) Bennett, sixth; Ted Hewlett, seventh; Tim Waterhouse, eighth; Harold Greene, Music, office secretary and accountant; Carolyn Marshall and Karen Simpson, keyboard; Elizabeth Cowdrick and Charles DeArk, in library.

• The Day Care Center in the Campus Church lower level has an enrollment of 120 little ones. Cindy Warner is director.

Anesthesia Grads Hold Homecoming

Middle Tennessee School of Anesthesia held its first homecoming at the Sharon Inn at Nashville, TN., on June 7, 1986. Bernard Bowen had the keynote address of the meeting in which he spent some time reminiscing about old times at the School of Anesthesia. Mary DeVasher talk-

ed about what was going on in the school today and presented the Eager Beaver award. Nelda Ackerman presented the door prizes. Entertainment was provided by David Rose and Richard Young, accompanied by Martin Young. Mary DeVasher is director of M.T.S.A.

Hospital Hosts 34 X-ray Technicians by William V. Campbell, Director of Radiology

On Wednesday, August 20, 1986, Tennessee Christian Medical Center was host to 34 Administrative Radiologic Technologists (including some six spouses) to a dinner in the Plantation Room at the hospital. Hosts at the dinner were Bill Campbell '53 and Larry Campbell, of the hospital X-ray. Other Madison Hospital School of Radiologic Technology graduates at the dinner were Rachel Piper '68, Jerry Shilling '66, and Arthur Clements '65.

These technologists were in Nashville for the 14th Annual Meeting of the American Hospital Radiology Administrators at the Opryland Hotel, August 17-21. Arthur Clements is a past president of the AHRA.

Other Madison graduates in attendance but not able to be present for the dinner were Jim Trivett '65 and Joe Chandler '69.

CAMPUS VISITORS

Among the recent campus visitors was **Opal (Lawry) Vega** of Ooltewah, TN., who came twice with friends who were visiting in the Chattanooga area.

• **PEDRO and ROSA RAMAS** ('59 & '54) from Puerto Rico came to the Heritage House with Opal Vega. Pedro is involved in Ministerial work in Puerto Rico and Rosa works for the Department of Social Service which provides services for families with children in Puerto Rico. They have a 19-year-old son, Eddie Jubal Ramas, who is planning to attend Southern College.

• Three of the J. T. Wheeler children stopped by the Heritage House on their way back to Hendersonville, N.C. Iris Morgan, Fern Anderson, and Ron Wheeler. They had just visited Phaebe Hackworth Clinton in Memphis. While here they visited their aunt, Rachel Wheeler Frank, in Nashville.

• **OTHER VISITORS:** Ruthie Williams Opp of Mansfield, MO., Ila, Elanor, and Other Speaker of Ellijay, GA. Jim and Lavelle Eversoll, Lone Grove, OK. Mr. and Mrs. Sidney Boskind ("Sid" and "Wyn"), parents of Dr. Andrew Boskind.

• Jim Himer and Ray Cornforth of Oklahoma Academy called on the *SURVEY* editor.

• Two couples from Austria stopped by on their way to Castle Valley Institute where they will serve on the staff for a year. Dr. and Mrs. Samuel Minea left their subscription to the *SURVEY*.

• **DORIS (THOMSON) CLOUGH** and **HARRY CLOUGH** came by Madison recently to visit Shirley Drury and others, and included a tour to the Heritage House.

Harry was Madison Hospital Administrator in 1951 and Doris was acting director of the school of nursing from 1961-3.

• We were pleased that BEVERLY JUNE GREGORIUS ("B.J.") of N. Hollywood, CA., stopped by Madison on a trip East. She stayed with her friends, Mr. and Mrs. Max Shoup of Hendersonville, TN., visited the Heritage House and Mable Towery. Max drove us around the campus. She was interested in looking at the old Bartlett house where J. G. White had his studio where she worked on his color glass slides.

Charles & Helen (Lamberton) Reeve '40 Keene, TX.

Dr. & Mrs. Charles Reeve, formerly at St. Helena, CA., called at the alumni office. They are both retired, and now living at Keene, TX., near two of their daughters.

Their daughter Joy Mae Fish, an elementary school teacher, lives in Keene, TX. Joy's husband Jonathan is a foreman for Brandon Kitchens. Daughter Charlene lives in Keene, TX as well, with her husband Dan Masters. She works in the office at Brandon Kitchens, and Dan is a computer operator. Daughter Barbara teaches piano and voice at home. Her husband Douglas Eno is a floor finisher and cabinet maker. They live in Le Center, MN.

Son Donovan L. Reeve and his wife Rosie live in Lincoln, NE., where he has spent the past 12 years working for the Christian Record Braille Foundation. Son Derral Reeve and wife Barbara live in Hutchinson, MN., where he is principal of the Elementary School. He completed a masters program at LLU in June. Son Charles and his wife Susan are both R.N.'s, Charles is taking Optometry in Memphis, TN. Son Harold M. Reeve and his wife Sherrie are teaching at Modesto Academy in California. Son John W. Reeve and his wife Teri live in Berrien Springs, MI. John is working on his Masters of Divinity at Andrews University.

Madison Campus Church Dedication

Services were held Friday night and all day Sabbath, Sept. 26, 27, 1986 in dedication of the Madison Campus Church and Elementary School buildings. Former pastors, Elder Ed Gienger, Bob Hunter, and Harley Schander, and Kimber Johnson participated. Many people came from far and wide. Bernard Bowen, long time elder of the church, helped in providing history of the church, and we hope to include more on this later. At the dedication of the elementary school Susan Ard of Chestnut Hill was present. She is one of the first church school students on the place when she and several others met in Phelps Hall with Miss DeGraw as teacher in 1908.

Campus Church Adds Two Pastors

The Madison Campus Church has recently added two new pastors to their staff. Assisting Elder Gary Rustad are Bill and Barbara Underwood, Dan and Vonda (Morford) Kittle. Vonda was here at Madison as a girl when her father, Al Morford, was a teacher at Madison Academy and assistant principal.

Darrel Manning Frontierstown, Calif.

Darrel Manning called from Frontierstown, CA., a few weeks ago saying that he and several others wished to start another Madison in California. He was asking for literature on Madison to help in the venture. Darrel is a brother of Jim Manning, president of Ther-N-Bak Travel Agency, Riverside, CA. Both Manning brothers tell about their grandparents, Mr. and Mrs. Joseph Lamont Jones, who were students here at Madison in 1910. We haven't received recent news of how the project is coming. Darrel's work has been agriculture oriented, and we are sure agriculture will have a large part in the new school.

Ellen G. White Named For N. H. F. President Award

Darrel Manning sent a clipping from the *Natural Health Directory* of March 1986, which had the headline "Ellen G. White Posthumously Named for the National Health Federation's Presidents Award 1986." Imagine that — a non-Adventist organization giving such recognition to Ellen G. White, whom they called "the number one prophet of the S.D.A. church." Quoting further from the clipping: "Ellen G. White was the foremost leader in the Seventh Day Adventist movement and her writings are still revered today as direct revelations from God. She taught that we should use natural means to achieve health such as herbs, hydrotherapy, rest, sunshine, fasting, fresh air, etc. She was decades ahead of the AMA in condemning the use of tobacco. She spoke out strongly against the use of caffeine in coffee and tea. She taught the proper combinations of food, the elimination of free oils and grease, the reduction of sweets and she promoted fresh fruits and vegetables."

Many brief excerpts from E. G. White's writings on drugs used as medicine versus natural methods of healing were given from both published and unpublished sources. We wish we could quote them all, but will quote only three.

- "Drugs never cure disease. They only change the form and location." — 4SG/34.
- "Institutions should be established for treating the sick without drugs." — MM 229.
- "Light was given me that Seventh-day Adventists should establish health institutions disregarding all these health destroying inventions. Physicians should treat the sick upon hygienic principles." — Letter

(There was also instruction regarding use of herbs and charcoal.)

- Does this make you think of old Madison Rural Sanitarium where patients were treated with natural methods — the use of water (inside and out—drinking, bathing, and hydrotherapy), proper diet, rest, exercise, temperance, sunshine, occupational therapy, health lectures, getting fresh air by just stepping out in the beautiful lawn from their rooms.

- People all over are greatly concerned about their health. You hear it in talk shows a lot. We have so much instruction and information from the Spirit of Prophecy.

Natural Health Directory

Jim Manning, who sent the clipping re the National Health Federation's president award for Ellen White, is a member of the N.H.F. organization, whose headquarters are in Monrovia, CA. 91016 (Box 688).

We also received a copy of the thick *Natural Health Directory*. Contains much information, listing places where health products may be obtained, health food stores, natural health centers. We noticed an announcement of Wildwood's Center for Health and Healing, Wildwood, GA. This directory is free and has over a million circulation.

Madison College — School of Divine Origin When Will It Be Published?

Several have inquired as to when the new pictorial history book on M.C. will be finished. Proofs have been received and checked on 127 pages (about one third). We are waiting for rest of proofs. No one ever thought it would take so long, but also no one ever knew the vast amount of work and painstaking research involved. Editor Ira Gish wants you to know it will be out in time to bring Christmas cheer, but we are hoping it will be in November.

Student Paper *Madisonian* Gets High Journalism Award

Student editor Jeff Grange and sponsor Marjorie Coon have reason to be proud of their school paper this past year. The *Madisonian* received the Award of Distinction for overall excellence of an academy newspaper. The *Madisonian* received the Award of Distinction in three out of the four categories — Composition, Writing, Layout and Design.

The academy journalism awards program is sponsored by the Department of Communication of the Southern Union Conference.

New President for Hospital

The new president of Tennessee Christian Medical Center (formerly Madison Hospital) is William A. Haupt. He came to Madison in July, succeeding Jim Boyle who is now executive vice-president of AHS/Sunbelt in Orlando, FL. In his new position, Boyle will also serve as chairman of the board of managers at T.C.M.C.

Haupt comes to this hospital from a 108-bed hospital in Punta Gorda, FL., where he has served as president for the past three years.

Bob Trimble Transfers to Gorden Hospital

From the Gorden GA., Press we learn that Robert Trimble, former administrator of Madison Hospital, has transferred to Calhoun, GA., where he is new administrator of Gorden Hospital. Mr. Trimble has many years of hospital administration in various places, including Florida and Oklahoma. He came to Calhoun from Barlesur, TX., where he served as an executive vice-president of A.H.S. - Sunbelt. We in the M.C. Alumni Office feel very kindly toward Bob Trimble who furnished us a place at the hospital end of the campus after all the many college buildings had been demolished, and there seemingly was no place to go.

60th Anniversary for John and Lila

John and Lila Lindquist were honored on their 60th wedding anniversary June 8, 1986, in the community room of the Portland, TN. S.D.A. church.

ASI Convention, Williamsburg, Va.

The ASI national convention each year assigns certain projects for the members to contribute to. This year we were very pleased to know that the projects were a much needed "ad" and classroom building at Harbert Hills Academy; and funds from restoration of "Brooknook" — the Sutherland home still standing on the Andrews University campus. Cash and pledges came to \$94,000 to be divided between these two worthy projects.

Help Needed

● Harbert Hills Academy is fortunate to be listed as one of Maranatha Flights projects for the last two weeks in December, 1986. Perhaps others than members of M.F.I. could go Dec. 14-30 to help in this building, too. Harbert Hills Academy is located near Savannah, TN. (Rt. 2, Box 212, Zip 38372. Tel. 901-925-3098)

76th Annual L.E.L. Convention Wildwood, Georgia, Sept. 18-21, 1986

The Southern self-supporting workers have been meeting for 76th time. Until 1964 they met at Madison. After the college closed they rotated from place to place. This year it was at Wildwood Sanitarium in Georgia. We will have to carry over most of the report until next time, except for the election of officers.

Business Meeting, Laymen's Extension League

Wildwood, GA., Sept. 19, 1986

At the business meeting it was voted to have the next L.E.L. convention at Little Creek Academy, Knoxville, TN. Date to be arranged by Little Creek.

ELECTION OF OFFICERS. Kenneth Straw was elected president for the coming year, and Robert Zollinger, vice-president; Norman Peek, treasurer; and Mable H. Towery recording secretary. One change was made in the office of executive secretary when L. L. Dickman was voted in for this office.

● We regret the September *SURVEY* is coming out so late, also regret we had to leave out or carry over many items.

LETTERS

Lawrence Johnson, Loma Linda, CA

My good wife Mildred (Schwartz) and I always enjoy the *SURVEY*. I suppose it is one of the visitors that comes by second class mail of which we read every word; the only

other one being Bernie Sheffield's Poinsettia. Bernie and I enjoyed 10th grade together at Winyah Lake Academy, near Orlando. . . .

In the September issue I noted the name of Karl Erickson with whom I went A.W.O.L. to the Tennessee River Dam at Muscle Shoals. (That was when president F.D.R. was trying to pull our country out of the depression with his public works projects.) . . .

A colporteur Institute convened on the campus in the spring of 1928. . . During the winter months in Tennessee the weather is quite bad for canvassing in the country, therefore I started selling Federal Pure Food Products door to door in Nashville, then back to sell books another season during the spring and summer of 1929. But the depression was too deep or my salesmanship was too tenuous and I was unable to get back in school as I had planned.

While selling door to door in Nashville I ran onto a lady costumer who explained that a nurses picture on her living room was her daughter. She was employed at Vanderbilt Hospital. It turned out that she was the sister and sister-in-law of George and Ann Schwartz; both of whom are retired and longtime workers at Madison Hospital.

Seriously Madison played a profound stabilizing effect on my life as it has on the lives of so many others. I remember with love Bessie DeGraw welcoming me to the campus Jan. 6, 1927, although I had made no formal application previously to go to school.

We worked six weeks and went to school six weeks. Remember? One six weeks period or more I spent at the Union Hill fruit farm with Karl Borgan and Homer Chen pruning and spraying trees. Another stint at Lawrenceburg with the Sargents, working on the farm and the sanitarium there.

Most of my energy however was spent on milking cows morning and evening for Brother Brink (by hand of course) with Elvin B. Johnson who took medicine at Loma Linda, and practiced his profession in and around Pullman, MI. I also worked for L. H. Starr, taking care of 250 baby chicks for fryers.

I suppose Brother W. R. Tollman was my favorite instructor in the classroom, also Mrs. Bertram. He taught mathematics and she taught English, and Art.

Madison has always been the outstanding institution in my life and indeed was my home for two and a half years. My mother died five months prior to my coming to Tennessee and the Dorcas Society put together a trunk full of clothes including my first suit. My father, while trying to care for four younger siblings provided me with a train ticket to the Nashville Agricultural and Normal Institute.

Since those eventful days I finished nursing school at Gartly Ramsay Hospital in Memphis, TN. On Jan. 4, 1933, I married Mildred Schwartz a registered nurse from Mason Memorial Hospital, Murray KY. . . . We have four children. . . .

I finished Physical Therapy with a Bachelors degree in 1954 from Loma Linda at that time it was called the College of Medical Evangelists), and worked for the institution as

chief therapist for eight years. At this point I was asked to establish a Home Care service for the severely handicapped patients that we were treating in the Physical Therapy department. (It was initiated by Dr. Charles Thomas, instructor in the School of P.T.) Thus with their home environments the patients could better care for themselves. This service I carried on until it became the Department of Home Care and a Home Health Agency serving the University Hospital under the Medicare and Medicaid programs. I retired in 1975.

God has been so good to us. We praise Him for His longsuffering and gentle goodness. With Christian love to all who consider themselves a part of the Madison Family.

OBITUARIES

ELDER VONGOETHE LINDSAY

The death of Elder Vongoethe Lindsay was reported by a fellow worker in the *Mid American Outlook* of June, 1986, but no vital statistics were given. Elder Lindsay finished a course in Religious Education at M.C. in 1960. He was a pastor of the Bethel Church in Kansas City for a long time.

CAROLYN (COTHREN) NIEMEYER

Carolyn Niemeyer was born May 18, 1943 and died on July 17, 1986, at age 43 at her home. in Avon Park, FL.

Carolyn finished the Medical Records course at Madison in 1963. After graduating she served as head of the Medical Records Department at Mountain SH, Fletcher, N.C., and in the medical records department at Miller's Clinic in Nashville, Madison Hospital, and Erlanger Hospital in Chattanooga, TN.

In 1967 she went to Wildwood Sanitarium and entered their three-year collegiate course, which she completed in 1970. She spent 1970-71 at Stone Cave Institute in Dunlap, TN, and there married Wayne Niemeyer, in 1971. The young couple served for the next few years in pastoral work at Clarksville, TN, then on to Eden Valley Institute in Loveland, CO., and Wildwood Institute, Wildwood, GA.

In 1980 Carolyn accepted a call to teach nursing on the Orlando Campus of S.M.C. It was there that she was afflicted with "M.S." Near the end of her life, they moved to Avon Park, FL., near Walker Memorial Hospital, where Wayne was one of the pastors of the church there.

She is survived by her husband Wayne Niemeyer and 14 year old twin sons, Matthew and Mark, her father and mother, Dr. and Mrs. Fred Cothren; of Ooltewah, TN, brothers Frederic and Jackson, and two sisters Elizabeth Cothren and Betty Mikk.

● We have received word that Gentile Zollinger, wife of W. R. Zollinger, died in the nursing home at Laurelbrook Sanitarium, but do not yet have date of death and some other particulars. We hope to have an obituary in the next *SURVEY*.

OBITUARIES

CATHERINE FAUSER GRAY

by Lillian (Gray) McKinney, Colegedale, TN

Dear Mable: we are trying to recover from the horrible shock of Cathy Gray's death. I loved her very dearly and considered her my very "best friend" as well as my sister-in-law.

I don't know if anyone has given you any details about her death. She was born in Michigan on May 10, 1928, and died April 11, 1986, in her sleep at Chesnee, S.C. . . . She went to S.M.C. for two years, then canvassed in Kentucky. She taught church school in Kentucky and canvassed in the summers.

She married Leon Gray at Madison in the "San" parlor on Aug. 25, 1951. She taught church school at Madison and was dean of women at Gotzian Home one year. She also taught church school in Florence, AL. and Lawrenceburg, TN. She was loved by everyone and we miss her so much.

Leon is trying to hold together the dairy farm that was in much financial distress at the time of her death and still is. They took her body back to Lawrenceburg for burial as that was what the children called home.

Evidently, from the autopsy report and death certificate she had had rheumatic fever as a child and the valves of her heart were closing. She had a stomach virus with vomiting the day of her death, but had declined to go to a doctor.

She went to bed Thursday night and died in her sleep of cardio-respiratory arrest, multiple valvular fibrosis, and rheumatic heart disease.

ESTELLA "BUNNY" HUNTER

Mrs. Bunny Hunter died July 31, 1986, of cancer at age 41 in Atlanta, GA. Her husband, Elder Bob Hunter, pastored the Madison Campus Church until recently when he was called to be pastor of the Stone Mountain Church near Atlanta. They had three sons.

KASSER KING

(Bertha King wrote of the death of her husband Kasser, and said she had had gallbladder surgery, but was doing fine.)

Kasser King died March 17, 1986, in a hospital at Cottonwood, AZ. He had Parkinson's disease. Memorial services were held March 24th in the Cottonwood SDA church. Kasser was born Dec. 7, 1910 — the first homestead baby born in Havre, Montana.

Survivors include his wife, Bertha, Clarkdale, AZ; son, Arnold and his wife, Donna, Enterprise, OR; daughter, Carole Denmark, Escondido, CA; and five grandchildren, Deanna King Richards, Spokane, WA; Melodie King, Spokane; Darla Mitzelfelt Smith, Farmington, N.M.; Lynne Mitzelfelt Ristow, Stevenville, MI.; and Monte Mitzelfelt, Placitas, N.M.

• In June, 1957, Kasser and Bertha King, and daughter, Carole, moved from Caldwell, Idaho, to the Madison College campus, where they were employed at Madison Hospital. In 1962 they moved to Grand Canyon National Park where Kasser worked for the Park Service until 1976. Then the Kings moved to their retirement

home in Clarkdale, AZ., where Bertha plans to remain.

MORRIS M. BOWEN

Morris M. Bowen died of a heart attack Nov. 11, 1985. He graduated from W.M.C. in 1953, came to Madison and finished Anesthesia in 1954. He was a nurse anesthetist at Empress Zaudita Hospital in Ethiopia, then returned to the States. The last address we had for him was in Fresno, CA. Bernard Bowen was his teacher, but not a relative.

MRS. HELEN FRAZEE

(The following is gleaned from an obituary written by Susan Ard of Chestnut Hill.)

Helen Larson Frazee was born April 4, 1914, in Montana, and died June 8, 1986 at Poland Springs Health Institute, Poland Springs, ME, where she was a patient under Dr. Richard Hanson's care. After completing her high school training at Pacific Union College, she joined her mother, a registered nurse, and younger sister in a medical missionary evangelistic company of volunteers led by W. D. Frazee. The company worked in northern California and in the cities of Utah.

At her youthful age she developed social skills and a real ability to share spiritual truths. In 1933 she married W. D. Frazee. For the next 53 years her talents, united with her husband's, made them one of the most powerful and far-reaching ministries for God and mankind in this generation.

She loved self-supporting work and was one hundred percent committed to it. She and Elder

Frazee, along with Neil Martin and George McClure, founded the Wildwood Sanitarium and Medical Missionary Institute at Wildwood, Georgia, in 1942. Hundreds have been trained to serve the Lord in self-supporting work far and near. More than 80 mission projects dot the globe due to the training received by young people and older ones. The couple's publications and tape recordings can be found in countries all over the world.

She authored several books on nature and the spiritual lessons it teaches, in which the Lord gave her unusual insight. Her published work include: *Hot To Teach Nature In The Home; Through The Seasons With God In Nature; and How To Give Short, Simple Bible Studies.*

Sister Helen was laid to rest in the little Wildwood Cemetery. Surviving, in addition to her husband, are one daughter, Rebekah Cochran of Portland, TN., and two grandchildren.

DONALD A. CLARK

Donald Clark, youngest son of Lois Clark, died July 30, 1986, in Atlanta from injuries sustained in an auto accident. He was born April 20, 1960, and spent most of his life in Madison, TN. His last employment was with the Union 76 Truck Plaza of Adairsville, GA.

Funeral services were held August 1 in the Calhoun, GA., Adventist Church. Interment was in the Sugar Valley Cemetery near Calhoun, GA.

Survivors are his mother, Lois (Chitwood) Clark of Madison, TN.; his father, Clendon L. Clark, of Jackson, MI.; son Shane Withrow, of Madison, TN.; son Christopher and daughter Kelly, of Decatur, AL; and one brother, Dr. David Clark, of Fresno, CA.

COUPON

M. C. ALUMNI ASSOC., Box 6303, M. C. Sta., Madison, Tenn. 37116-6303

I am sending \$ _____ for THE MADISON SURVEY for _____ year(s)
(at \$3.00 a year) (New? _____ Renewal? _____)
(Alumni dues include SURVEY sub. price)

Make checks payable to M. C. Alumni for tax deductible receipt.

1. Are you interested in the establishment of another Madison type school?
2. If so, will you give your support by prayers? _____ Offer of equipment? _____ Offer of help on staff as teacher or worker? _____
3. If you have not already sent money or pledges, what can you do financially?
4. Remarks as to what should be taught, accredited or not, name of school, etc.

NAME and ADDRESS _____

News Note or Remarks:

JULIAN CARROL GANT, M.D.

Dr. J. C. Gant was born in Western Kansas in 1875 and died May 21, 1986, at Loma Linda, CA.

Surviving are his second wife Vivian of Loma Linda and four daughters: Florence Bratton of Madison, TN., Heather Arden of Glendale, CA., Gretchen Simpson of Shreveport, LA., Norma Jean Cruzen of Hinsdale, IL. Also two stepsons Leonard Berdan of Davis, CA., and Don Berdan of San Diego, CA., and one stepdaughter, Darlene Hammerspaugh of LaSierra, CA.

Dr. Gant had a long connection with Madison and many patients who loved him. Ten years ago, in 1976, Bernard Bowen was asked to write something on Dr. Gant for a special occasion, and we quote from that.

Julian Gant had pioneer blood in his veins. . . . The family moved from the Midwest to Tennessee. He used his first earnings plus years of hard work to see him through medical school at Loma Linda. After earning his M.D. he interned at Vanderbilt in Nashville, was an instructor at Colorado University Medical School in Denver, then served 16 years on the staff of Massachusetts General Hospital in Boston. While in Boston he pioneered in the establishment of two sanitariums — Fuller Memorial and Whittier Hill.

He arrived at Madison in 1947 to take the post of Medical Director of Madison San-Hospital. For over 35 years he served the hospital in various capacities and saw the hospital and nursing school attain full accreditation, also established the paramedical schools.

"Without his untiring effort and ceaseless dedication," said Bowen, "Madison Hospital could not have reached the peak that it has today."

"His work didn't stop, though, at the boundaries of Madison Hospital. He went on to establish the Good Samaritan Hospital in Woodbury, TN, and later the Foundation for the Rehabilitation of the Emotionally Handicapped, in Madison.

"Dr. Gant has received many degrees, awards, honors, and thank you's from the com-

munity, from the state, from civic organizations, from his medical colleagues and others, but none of them singly or even collectively can begin to express the deep appreciation we wish to extend today to Dr. Gant for his many contributions to Madison Hospital."

(EDITOR'S NOTE: An article in *Adventist Review* July 31, 1986, "Sowing the Seed in Chile," by Robert G. Wearner, relates how two colporteurs went to Chili to do self-supporting work a few years before the turn of the century. One of the young men was Thomas H. Davis who I believe was the father of Anita Davis, first wife of Dr. J. C. Gant.)

MABEL EDITH ROBINSON

Mabel Robinson was born in Oakland, Iowa, on March 6, 1892, and died in Ukiah, CA., on December 17, 1985, at the age of 93.

Both she and her sister Gladys were registered nurses, and operated a nursing home together from 1944 to 1960 in Durate, CA. She retired in LaSierra, CA. and later moved to Ukiah, CA. to be near her sister Evelyn Davidson.

She leaves two nieces — Maxine Boye of LaJolla, CA., and Kathryn Brown of Medford, OR, both daughters of her brother Glen who preceded her in death. Both her sisters Gladys and Evelyn Davidson also preceded her in death. Also surviving are three nephews — Robert Davidson of Colorado Springs, CO., Kenneth Davidson of Redwood Valley, CA., and Dr. Richard M. Davidson of Berrien Springs, MI.

We thank Mabel's brother-in-law, Howard Davidson of Ukiah, CA., for this obituary.

JEANETTE (DUCKER) CAREY

Jeanette Carey was born in February 1889 and died Dec. 24, 1982. She was buried in Hendersonville, N.C.

After graduating from nursing away back in 1919 she did hospital work and private duty nursing. She nursed Colonel Bangham, the founder of Bangham Military School in Asheville, N.C. The Fletcher Academy bell was donated by him in appreciation of her. She was a nursing supervisor at Fletcher for many years, and considered that institution as her child. In later years she opened the Long View Rest Home in Hendersonville, N.C. After selling due to declining health she lived with her daughter Martha (Summer) until her death. She was very active in the church. She left two children, seven grandchildren and five great grandchildren.

• Jeanette (Ducker) Darey and Ada (Bralliar) Cheek were the first graduates of Madison to take State Board exams in Nashville.

DOROTHY GRAVES PIERCE

Dorothy Helen Graves was born Sept. 10, 1892, to Charles and Ada (Otis) Graves in Highland, MN and died June 9, 1986. Her

Quaker parents joined the Adventist Church in 1897. In 1904 the family moved to Erleyville, TN. In 1909 she attended Nashville Agricultural and Normal Institute, later called Madison College, where she was the youngest student in the dormitory. At the time of her death in 1986 she was thought to be the oldest living student of Madison College.

In 1914 she, with her parents, Charles and Ada Graves, Prof. and Mrs. E. C. Waller, and Mr. and Mrs. William Steinmen, founded Pisgah Industrial Institute, now Mt. Pisgah Academy, near Asheville, N.C.

Mr. Steinman sold his farm to make the down payment on the farm they had found, and Mrs. Pierce's parents sold their farm in Tennessee to pay the balance. They drove across the mountains in a farm wagon and a surrey, bringing their teams and farm implements to the new school and camping along the way.

Dorothy worked that first summer in Asheville, taking care of two little girls, and her wages provided the only cash income for the school. She was the bookkeeper and treasurer, and taught shorthand, typing, and bookkeeping. In 1918 she married one of the older students, Lee F. Pierce, who had come from Jamestown, KY. Together they worked at Pisgah until 1947 when they moved to Forest Lake Academy for three years.

They then moved to Rippley County, Missouri, where they established the Doniphan Adventist Church. After 1967 Mr. and Mrs. Pierce made their home with their daughter, Myrtrude Michaelis, and her family. Dorothy's father, Lee F. Pierce, died in 1969.

Mrs. Pierce is survived by her four children — Myrtrude Michaelis, of Portland, TN, Charles L. Pierce of Lacombe, Alberta, Canada, Helen Moyers of Collegedale, TN, and Bruce A. Pierce of Rohrsersville, MD — 12 grandchildren, and 10 great grandchildren.

(A copy of this obituary was sent by both Myrtrude Michaelis, and Elder Albert Dittes, staff members of Highland Hospital, Portland, TN. Myrtrude also sent a picture of the nursing class of 1912 which she had found in her mother's things. We are using the picture in the new Madison book, in addition to other pictures sent earlier.)

PEARL S. SCHAR

Mrs. Pearl Schar died in 1986, at age 84. (We do not have the exact date of birth or death.) She graduated from Madison College in 1956. The last address we have for her was at Sunnysvale, CA.

From her cards in the Alumni office we learn that she taught at Mountain View Academy for eleven years, and then worked for the G.C. in San Francisco for three years, then accepted a call as a Bible worker, and was still in that work in 1981. She is survived by her son Duane and her daughter Delight Winterberg.
