Madison College Homecoming

June 16-18
Last Call

Many letters and phone calls are coming in from Honor classes and others regarding Homecoming at Madison June 16-18, 1989. Honor Classes are 1929, 1939, 1949, 1959, and 1964. The year 1964 (25 years ago) marked the last year the college was in operation. Paramedical classes continued at Madison Hospital for some years in anesthesia, X-ray, and lab. The ten-year-ago paramedical students of 1979 will be honored this year.

We hope you will come early enough on Friday to register at the alumni office in the Heritage House across from the hospital which is now called Tennessee Christian Medical Center.

The first meeting is Friday evening 7:45 at the Madison Campus Church high on the hill. Linden McNeilus and wife Camille (Kendall) will be with us and he will tell about their widely circulated paper of over 5,000 copies, Self-Supporting Worker. They also have opened a Christian Book Store (a branch of the conference ABC), and Linden carries on a Bible Correspondence course under the Minnesota Bible Study Association.

Sabbath School will be conducted by the Nursing Class of 1964, with Esther Sutton as superintendent of the day.

Elder O.J. Mills, former pastor of Madison College Church is the guest speaker for the worship service. He has long experience as pastor and evangelist. although "retired" went to Wichita, KS. to start another church there, called The Three Angels.

DINNER and SUPPER--Two potluck meals will be served--dinner and supper. If those coming from a distance find it hard to bring food, they can make a donation to help on the expense.

Sabbath afternoon there will be a tour through the Heritage House, Honor Class reports, and Vespers. After sundown the business meeting will be held.

On Sunday morning the meeting will continue until noon with discussion on the new Madison type school and other topics.

COMING EVENTS

Fountain View Farms Convention
Lillooet, B.C. Canada, June 16-18

Badersfield Laymen Campmeeting
Havilah, CA, June 21-25
Waldo & Helen Jones, PH:805-831-5257
(res) or 805-867-2304 (Campsite)

Simple Remedies & Preventive Medicine
Seminar.
Eden Valley Inst. Loveland, CO.
June 28-July 1, 1989

Medical Missionary Campmeeting
Pacific Union College
Aug.6-13, 1989

Call Winning Hall for room reservations
PH: 707-965-6313

A.S.I. Convention
Kona, Hawaii, Aug.9-12, 1989

Laymen Extension League Convention
Harbert Hills Academy, Savannah, TN.
Nov. 2-4, 1989

ADDRESSES WANTED

CLASS OF 1929 Bonnie (Miller) Clark,
Goldie (Mc Ilwain) Damion, Bonnie
(Armstrong) Grenz, Delia (Brizendine)
Page.

CLASS OF 1939 Myrtle Whitehead.

CLASS OF 1949 Inez (Mejia) Baron,
MaryBelle (Wentworth) Hurd, Harold
Pervis.

CLASS OF 1959 Jo Bogachoff, Aaron
Dennis, Purvis Orso, Joyce Bowe, Glenda
Brantley, Kathryn Freeland, Georgetta
Garrison, Pat Lollis, Margaret Sledge.

CLASS OF 1964 Marvin Adams, Lee
Arnett, Doug Lackey, Glynda Means,
Angel Jimenez.

CLASS OF 1979 Richard Jones, Sharon
Sagert, Tim Wentland, Edna Wilmoth.

OTHER ADDRESSES WANTED

Norma (Umali) Roxas N'60

DUES ETC

by Bob Sutherland

Dear Alumni and Friends of the SURVEY,
I am writing this letter because I believe an informed constituency can and will be more supportive than one that is not aware of what is happening.

I am certain that most, if not all of you, appreciate and enjoy the SURVEY. Your alumni officers and board members have been thinking of ways to make the SURVEY better. If you have any ideas write to us. What would you like to see in the SURVEY?

Since we are going on computer we are better able to keep track of our business. At a recent board meeting the figures were reviewed and we found 275 of you have been receiving our paper but have not been paying any subscription. 543 of you are behind. There are 279 life memberships and 255 are paid up subscribers. Total-1352.

As responsible officers and board members we have made this decision. No more life memberships will be accepted. A life membership was \$50. You have to admit that this is unrealistic. At the regular subscription price of \$5, ten years will have exhausted the \$50 life membership. We will continue to honor those life memberships, we now have, however we would certainly appreciate your sending \$5 a year for the SURVEY.

Alumni dues are \$10 annually plus \$5 for the SURVEY. You must realize that expenses go up and alumni die so the support base gets smaller. We are so thankful for those of you who have contributed extra for our office help needs.

Now that you are an informed constituency won't you please be supportive by sending in your dues if an alumnus and pay your SURVEY subscription if you haven't been paying.

If you will examine the mailing label you will find numbers which represent the month and year when your subscription should expire. Those labels that have AL and a number are

life members and the number is the year that you became a life member.

Perhaps you don't care to receive the SURVEY. Let us know.

It is our present thinking that after this issue you will have one month in which to respond. If we don't hear from you this may be your last SURVEY.

I urge you to read your labels and respond.

Hoping to see many of you at Homecoming.

Are there any Madison College Alumni chapters out there? If so won't you please send a report.

PALMA

Eastern Division Meeting

by Carolyn Snyder

The Professional Agricultural and Landscape Management Meeting was held at Hartland Institute, Rapidan, VA. Feb.13-14, 1989.

Doug Havens, now of ADRA, gave a synopsis of the special Agriculture Education committee's recommendations to the SDA Board of Higher Education. The purpose of the study group's recommendations was to bring agricultural concerns before the leaders of our educational system.

It was stressed that the Board of Higher Education is an advisory body, and has no power to implement the recommendations in our schools and colleges. SDA agriculturalists must take the lead in reeducating constituents as to the value of this work in our schools and training centers.

Also ADRA's Ken Flemmer discussed the need for agricultural professionals in the world field, and some of the characteristics necessary. Candidates must have excellent business skills, must have higher degrees (for many countries), must be practical and innovative, and must be able to create and implement sustainable programs. An interesting request coming from the world field is for persons skilled in animal husbandry, because animal stewardship is viewed quite different

in the world than in North America.

A report was given about the agriculture training program at Andrews University by Art Brown, horticulturist at Andrews. Many changes are in the making, from an increase in the types of degrees offered, agriculture curriculum development for elementary schools, to organic gardening classes.

Hartland Institute's farm program is growing and changing, according to Tim Harley, head of the Agriculture Department. Gardening classes are part of every student's course of study, and all participate in major planting, harvesting, and campus beautification projects. Hartland boasts a 500-tree apple orchard, and soybean fields. All are organically managed, and the soybeans are sold at very good prices for the tofu market.

The next meeting of PALMA is scheduled for the spring of 1991 at Platte Valley Academy, Shelton, NE.

Report of Agriculture Committee to the GC

by Carolyn Snyder

A special committee was set up in 1987 to review the poor image of agriculture within our church entities, and make a report to the SDA Board of Higher Education of their findings.

Some problems reported are: a lack of philosophical support from church members/image. Perceived lack of job opportunities. Agriculture education linked to the profitability of the school farm. Agriculture education expensive due to decreasing enrollments. Agriculture classes not included in core curriculum alternatives. Nostalgic perception of agriculture. Lack of focus of class offerings. The committee concluded that "the image" of agriculture in the minds of the constituents has changed, and that many do not consider agriculture an essential part of Adventist education.

Because agriculture has a public relations problem it needs to be addressed early in the educational

Continued Page 3

system by making simple agriculture a part of the Science, Biology, or Ecology curriculum in the elementary grades.

It was suggested that the two North American SDA universities complement each other in course work, rather than compete with each other, and emphasize the world outreach of the church. many job opportunities exist in the world field where food production is critical to survival. However, many job opportunities also exist here at home in agribusiness, food production, teaching, science, pest management, landscape technology, organic farming, cut-flower production, fiber and textile production, and many more fields both in the public and private sectors.

Agriculture education must be separated financially from school farm enterprises. The school farm can then be viewed as a laboratory facility, as other majors, such as chemistry, have their laboratories. The committee recommends special financing for agriculture education in the way of scholarships to encourage and support agriculture students. These scholarships would come from endowments by individuals anxious to further the work in this field.

JUNE HAPPENINGS OF THE PAST

JUNE 1904 (85 years ago)

Trip of the boat Morning Star up the Cumberland to Carthage with Mrs. E.G. White, P.T. Magan, and E.A. Sutherland on board. Madison school farm of 412 acres was purchased from Mr. Ferguson.

JUNE 1906 (83 years ago)

A Special board meeting was held in a tent in Nashville at which time it was voted to establish a sanitarium in connection with Madison School.

JUNE 1937 (52 years ago)

The new laundry was completed and in operation.

June 1939 (50 years ago)

Business and Civic leaders of Nashville raised \$15,000 toward construction of Williams Hall (girls' dormitory).

June 21-24, 1946

(43 Years ago) Memorial service on college campus in honor of boys who gave their lives in the service of their country, (Aubrey Alexander, Jay Caldwell, Donald Colbert, Warren Irwin, Dewey Lester, Alexander McKinnon, J.L. Thomas, and John Robert Wilson). From History of Madison College by William C. Sandborn

Geraldine Lawrence Ralls'48
Orange, CA

Both Velma Jeffus and Ann Van Arsdale were my roommates at different times and Dorothy Sutherland was a very dear friend of mine and her home was our hang out. When I come back to Madison and see my friends and we sit around we are young again and the years have not mattered.

My friend Nita and I were in a restaurant, with our husbands, and were talking about our school days and we discovered we had both gone to Madison College, so we talked for two hours about Dr. Dittis, Elder Spaulding, Elder Welch, all our friends, and her husband spoke up and said well, I went to a school with 15,000 people and nobody knew my name there and I didn't know their name. I was just a number. This is the thing I am grateful for, in Madison you were not a number, you were a human being. People knew your name, your family name, where you lived, and they cared about you as an individual.

I still have trouble containing myself from time, and Elder Welch understood me because I got into trouble and he called me in and he said you know I want to give you some advice.... In those days you knew when your elders told you something it was because they cared about you.

Elder Spaulding was an inspiration to me because he conveyed to me the love of literature, the English language, and the importance of keeping the beauty of that language alive and through that I became interested in other languages.

I was out of school, maybe 20 years, went back to the local community college, got my degree in nursing and worked a number of years in that field.

One of the professors at Madison said "You know the things you learn in this college out of books are not the important things, it is your socialization process here, the people you know and the people that know you." I thought as a student my efforts in education had been a total failure, but it was not. I had a good education at Madison College.

HEALTH

HINTS

SURVEY April 2, 1919 p. 3

Work prescriptions for the sick (at Madison Sanitarium) consist of raking the lawn, trimming shrubbery, or digging among the flowers. The benefit is not confined to the physical exercise, for a mind that recognizes the value of the out-of-doors has a wonderful effect on a diseased body.

ALUMNI NEWS

Betty (Phelps) Edwards
Collegedale, TN

Betty has lived in Collegedale over 35 years, and was active in nursing until 1979, after working for 12 years at Earlander Hospital in Chattanooga.

Betty's mother died and she has been taking care of her 93-year-old father, for 13 years.

Sue (Kelly) Littell'48
Monteagle, TN

Sue is working in a nursing home near Monteagle, TN. She gives an update on her children. Vicki is an R.N. and married to Tom Jansen, an R.N. Randy is an optometrist and married, with one child. Cindy is an R.N., married to a vice-president of an art gallery. Steven graduated last June with a degree in Business Administration

Hazel Faudi '36
Waco, TX

Thanks again for a very interesting SURVEY. We always read it cover to cover. Also for the insert for the Madison Book. I know it represents lots of work and we appreciate what each one contributes. Will be enclosing our dues.

We were pleased to read of the honor you received at the A.S.I. in Calgary, Canada August 6th. You were most deserving of it and much more.

Bessie (McCorkle) Callahan '31
Wildwood, GA

I went to Wildwood Sanitarium in 1953, after being at Pisgah Institute, 5 1/2 years. In 1973 we went to Riverside Farm Institute in Zambia, Africa, and returned to Wildwood in 1985.

My husband, Fred Callahan, and I married in 1962. Fred was co-founder of Riverside Farm Institute. He is now maintenance man, and assistant to the vice-president at Wildwood.

John Dovich B.S. '61
Holly, MI

John is employed with Fleet Carrier Corp., delivering new trucks from the factory in Pontiac, MI to all 48 states. His wife, Luvanay (Epp), is church clerk, secretary, and member of the church school board and still a super housewife.

They have five children; Steven, the oldest, was born at Madison, and has his B.S. from Andrews University, and a Masters in Computer Science from Georgia Tech. He is employed in Daytona Beach, FL. Laurel graduated with a B.S. in Engineering, from Walla Walla, and is teaching engineering at West Indies College in Jamaica. Sharon graduated from the Uni. of Michigan with a B.A. in Physical Therapy, and is working at a hospital in Pontiac, MI. Douglas will be going back to Andrews this fall, and Shirley is in the 10th grade, and will be going to school in Jamaica next year.

**HOMECOMING
JUNE 16-18**

Mary (Lillie) Everett
Florence, MS

We always enjoy the SURVEY. It's good to hear news of old friends. I have happy memories of singing in Mrs. Clara Goodge's choir, having classes under Elder Arthur W. Spalding, working for Dr. P.A. Webber and Miss M. Bessie De Graw, getting counsel from Elder Howard Welch--and many more. I graduated B.S. 1945, and came back in 1947 to work as registrar, then in the college business office. In 1948 I married Joel Everett B.S. '50. Later we went to Loma Linda where Joel graduated in the first dental class in 1957. He practiced dentistry for nearly 30 years in Jackson, MS, but we lived in the country. We raised four daughters, and sent them all to Stone Cave Academy and Wildwood. (Those old Madison principles rubbed off.)

The Lord has richly blessed us, and we praise His name continually.

Evelyn (Marley) Wright BS '42
Lutz, FL

Dear Mable,

"You-All" do a good job.

Adrian N'40 practices Internal Medicine & Cardiology and I am the office nurse. We are well and enjoy working so much, and have so many wonderful, grateful patients. We just keep on working.

We saw your cousin Dr. Gish in our Sabbath School class. At Madison we were both in his psychology class. We were glad to see him.

LETTERS

Helen (Bush) vanBoer, Ph.D.
Truckee, Ca

Although we did not graduate from Madison College, we look back at the training and educational opportunities which Madison College provided many students, and it is with nostalgia and regret that now we learn that the library which stood as a symbol of progressive thought and intelligent service to humanity is to be torn down. My brother Calvin and his crew

made many of the concrete blocks for that building and helped in the masonry work as well. Everyone on campus saw it as a dream fulfilled, and I remember with joy the many hours we spent there reading and studying. It was my favorite place on campus, and the center of learning for all disciplines. Hopefully, Mrs. Bertram's paintings will be transferred to a new center which is worthy of them as well.

My husband, Bertil van Boer, served on the faculty at Madison College 1948-50 and we were married at the United Methodist Church in Madison in 1949. We have three sons and two grandsons: Aaron and Alexander.

Our oldest son, Bertil Jr., is a Musicology Professor at Wichita State University and was just chosen to be the recipient of the "Young Scholar of the Year" award there. He earned his doctorate from the University of Uppsala in Sweden and is returning in June to be honored in Stockholm for his transcription of a Kraus opera which is being performed then. Our second son, Eric, is District Manager of Prime Computers in San Francisco, and our youngest son, Kenton is an architect in Long Island.

My husband, Dr. Bertil van Boer (MC Music faculty) is Music Dept. Chair at Sierra Nevada College in Incline Village, Nevada. He is also Conductor-Musical Director of the Paradise Symphony Orchestra that now celebrates its 25th year! Bertil also is Conductor of the Sierra Symphonic Wind Ensemble.

We are always so busy with these musical organizations and in the community as well. I am vice-President of the Tahoe-Truckee School Board and also serve as a Trustee on the Truckee Cemetery Board. I am a consultant for the Napa Unified School District and do personal counseling in the Lake Tahoe region.

Other family news--sister, Frances Bush Welch-Rue helps her husband Dr. Rue, who is editor of the "Lay-Worker". They recently visited the Heritage House, which is now the Alumni Office. The Heritage House is

Continued Page 5

the old Droll house which was next door to the Bush home, which has been torn down and the area made into the hospital parking lot.

Brother, Austin Busch celebrated his 65th birthday in Hesperia, CA. and is retired from Social Welfare work. He is a paraplegic double amputee, but drives out to shop when needs arise.

Brother Calvin Bush III resides in Tucson with his wife Judy and daughter Brooke. He is director of a rehabilitation center there.

(The Bush family arrived on campus from Madison, Wisconsin in 1929. Dad, Calvin D. Bush was interested in health food work and became a member of the food factory force. He became manager of the food factory in 1937. After retiring from the Army as captain, he was in charge of medical cadet training at Madison and Southern Junior College.)

Walter Hass'35
Alexandria, VA

The March 1989 SURVEY evoked memories of a distant past of well over a half century ago. I was under the impression that M.C. had just faded away. I came across my edition of the 50th Anniversary album and sent it to my sister, Lorraine, in Florida, and she sent it to our sister, Esther, in Florida, both of whom attended M.C. in the late thirties. Our brother, Ed, was also there about that time. He was killed in a plane accident 25 years ago. I am in excellent health and in June 1988, two days before my 75th birthday, I was married in Bangkok to a wonderful 39 year old Thai girl.

I have one son, Lt. Cdr. Terry Hass, presently stationed at the Naval Base in Corpus Christi, TX. His mother, Eva (Treece) Hass died in El Paso several years ago. Eva was also a M.C. student in the early thirties. I am, and have been for many years, working at a company that my brother and I started in 1946. Our principal product had been a mercury barometer we developed but the last five years about half our work has been for Goddard Space Flight Center. I hope to retire next year to have time for boating, fishing, sailing, scuba diving, photography and

raising tropical plants.

I came to Madison in October 1931. My first job there was working under Mr. Nivison putting in the plumbing and heating in the building called the Demonstration or high school building. Madison was a bustling place during those years which encompassed most of the great Depression. We worked for ten cents an hour and also were required to work a number of hours without pay for some school charge. We were supposed to have student government and had some stormy times over things like "conspicuous association", if you were seen eating a meal at Kinney Kitchen more than a few times you were guilty.

It would be interesting to know what has happened to some of the "Old timers". The trouble with a reunion is that the people you knew all look so old now--we don't, because the mirror hasn't shown the gradual process.

Florence Burchard'37
Dayton, TN

Dear Mable,

So happy the Lord has preserved your life so you can continue to carry the torch for dear old M.C.

Madison sure gave me a start in life. I graduated at Adelphian academy 1932. I had no prospects for further education as my mother was a widow. When we heard about Madison we wrote for information in 1936. The \$40 entrance fee for Nurses' training sounded enormous. However, mother got me up at four a.m. every morning to pick black berries. We would pick six gallons in my grandfathers' pasture. When our buckets were full I would trudge up the lane to the bus routes with a three gallon bucket in each hand, struggle aboard and then off in a residential area to peddle our blackberries. It took about 3 weeks, 90 gallons at 50 cents a gallon, and 20 days later we had enough money for bus fare and entrance fee to Madison. The most important investment of my life.

Memories of Madison and its high standard in personal living remain

with me to this day.

Involved in so many things I don't get too far from our home base.

Marvin Burris'40
Harrison, Arkansas

I came to Madison in 1938 and worked in the San Kitchen and later in the Broom Shop. Gloria (Silva) came to Madison and we got married in 1940. We worked at a Madison unit for one year, and returned to Madison to finish our education. We worked one year with Gideon B.S.'40 and Flora Hochstetter, at Pine Forest Academy. We went west to northern California, near Weimar, and raised our children.

During most of my working years I was an auto parts counterman and welcomed retirement in 1987. Our home is on four acres of wooded land beside a nice creek. The surrounding area is reminiscent of the Madison we knew 50 years ago.

Elmer Richard King
Longwood, FL

For some time I have been receiving, second hand, the "MADISON SURVEY" from Fred Wedel, who is a member of the Highland Apopka S.D.A. church.

My parents, H.H. and Laura Frances, brought us children, Eleanor, Elton, me (Elmer Richard), and Ruby Ruth to Madison. My mother died one month after we got there. My dad was the brother of Roy B. King, who was the first postmaster at Madison. My dad was the garden manager for several years. I took the first part of my education, elementary there and through the seventh grade, as I remember. In 1926 we moved to Collegedale where I finished my academy and Junior College, graduating in 1932. My sister Eleanor passed away in 1926.

I went to Loma Linda in 1932 where I took two years of medicine and then returned to Madison and studied for several years, I lived with my uncle and aunt Roy and Zona King. My cousin Audrey King passed away several years ago at Meridian MS. From Madison I was called to the school at Lawrence-

Continued Page 6

burg to teach in the academy, A.C. Putnam was there at the time. In 1939 I married Clara Norton, who had been helping with the school, and we moved to Takoma Park, MD. We were there until 1947 when we moved to Texas until 1953. I returned to Loma Linda and took up physical therapy and graduated in 1954. We moved back to Takoma Park where I worked at the Washington San and Hospital. We were there for several years and moved to Virginia where I worked with the Polio etc. We then moved back to Texas for several years and then to Florida in 1961. My dad passed away in 1960 and my wife in 1964.

I retired in 1978 but enjoy doing nature presentations (slides) in the schools of both Orange and Seminole counties and have received many awards for this service, I enjoy this very much.

I am grateful for all the kindness shown me and my family and the education I received while at Madison working for ten cents per hour. In case you would wish to communicate with me I should be very grateful. (If you would like to write to Elmer his address is: P.O. Box 795, Longwood, FL 32750)

P.W. Dysinger, M.D.
Burtonsville, MD

Dr. "Bill" Dysinger sent a change of address and wrote that after 28 years with the School of Health at Loma Linda as headquarters, the family has just moved to Maryland where he is working full-time with ADRA in the General Conference.

Horace R. Beckner
Knoxville, TN

Dear Sister Mable,

Thanks again for all your labor of love for Madison, and your work on the SURVEY. We appreciate all the news, and especially the additional information and pictures for the Madison Book. We thoroughly enjoy the SURVEY and know of your devoted service.

Happy that you were honored at the A.S.I. convention in Calgary. You deserve all that was said.

Enclosed is a check to help in the work you are doing and some for the computer work.

Hazel (Sargent) Gore
Celburne, TX

Hazel renewed her SURVEY subscription and said that she was interested in another Madison type school.

She worked in the old print shop from 1928-32, and helped print and fold many a SURVEY. She said she "loved every minute of it."

Lila Lundquist
Portland, TN

Lila is 86, and was a student a Madison College in 1933. She said she was glad for all the pictures to add to her Madison Book, and that she saw so many people she knew and even one of her mother and daddy and four children, 1922. Roy Drusky gave her an extra copy and she sent it to her baby brother, age 66.

Last summer was busy for her. She filled three big deep freezers and canned about 400 qts. of food. Lila grinds the grain and soya beans and bakes bread the same morning, 15 loaves this week.

Myrtle M. Fuller
Ooltewah, TN

Myrtle sent a gift and said she "hopes there will be many interested people that will swell the fund raising dollars. Thank you for the extra page with pictures and for your interesting book.

Myrtle was a student at Madison College in the fall of 1918, but went home soon after the terrible flu epidemic.

Even though, Myrtle is 89, she can still remember Madison and is so thankful for the training she received and also that her memory of Madison is so clear, and very interesting to recall.

Carol (Cruzen) Schaber '62
Moberly, MO

Carol renewed her SURVEY and said

that she and her husband, Ralph, have been living at Moberly for the past two years. He is in Sonography at the Moberly Regional Medical Center. Carol is doing Volunteer work in the Medical Records Dept.

Wayne, their youngest son, is a senior at Platte Valley Academy. Their son David and daughter, Susan Craig both live in Kansas.

Mrs. L. M. Cantrell
Madison, TN.

Mrs. Cantrell came by the Heritage House, and gave us an update on her family. She has also given a donation for the picture supplement that was in the September 1988 SURVEY.

Their oldest son, Lloyd and his wife, Tracy, have six children, and he worked at Southern Publishing, in Nashville.

Donald graduated at Madison in 1957, and after graduation worked in the print shop, for Carlos Quevedo, then at Preston's Print Shop, in Cleveland, TN. He has four children, and five grandchildren.

Harry & Dorothy (Parfitt) McWilliams
Jones, AL

Dorothy graduated from nursing in 1948 and Harry was a premed student at the same time.

They are both retired from Florida Hospital. Harry was the purchasing agent.

Harry says "continue keeping us all in touch. I know the Lord will continue to bless you."

Bengston's Book
Prairie Odyssey

We received a complimentary copy of the 116-page book, Prairie Odyssey, story of a South Dakota Farm Family, from the author Arnold Bengston (Price \$5). Arnie's wife is Josephine (Mattson)'43. "Jo" is a faithful attendant at Homecoming. She wrote after Homecoming last year, "I enjoyed another wonderful Homecoming. Of our

Continued Page 7

class of '43 there were four others there besides me--Vergie Simmons of Owensboro, Ky., Elfa Edmister of Jasper, TN. and Lucille Tolles of Middleboro, MA.

If you wish to buy the Bengston book the address is Rt. 4 Box 148, Fayetteville, Tn 37334 .

Family Heritage Books

Located at Wildwood, is a new book ministry which is dedicated to scattering the Spirit of Prophecy books "like the leaves of autumn." Family Heritage Books make full length, full message books available in either soft or hard backs which practically sell themselves.

A seven book set contains: Bible Readings, Christ Object Lessons, Desire of Ages, Great Controversy, Ministry of Healing, Patriarchs and Prophets, and Steps to Christ which is retitled: Shelter in the Storm. In hard back a set costs about \$14 plus shipping, on a donation basis. Cost and income of the soft back sets are about one-half that of the hard back sets.

Books and training helps, may be obtained from Family Heritage Books, which is a non-profit organization operated by Henry and Jeannie Cowen and Keith and Melissa Hayden. Contact them at: Family Heritage Books, Box 272, Wildwood, GA 30757. Ph:(404) 820-1662.

* Gleanings from the ALUMNI JOURNAL of the SCHOOL of MEDICINE L.L.U. Nov-Dec. 1988.

William A.Mackintosh,M.D.
Oliver B.C. Canada

William A. Mackintosh, retired, continues to counsel people on diet and lifestyle, gives health talks at the local church, and enjoys reading to broaden his knowledge. He lives in Oliver, B.C. Canada.

J. Wayne McFarland, M.D.
Grand Terrace, CA

J.Wayne McFarland and his wife, Dolly, live in Grand Terrace, Califor-

nia. Among his hobbies is the intense sport of racquetball. Both are active in alumni association activities, and Wayne continues to accept Sabbath speaking appointments and to conduct health seminars and smoking cessation programs.

RECIPES USING BRAN

(These are the first recipes Printed in the SURVEY, used in the June 25, 1919 issue, p.3)

BRAN BREAD-Dissolve 1/2 yeast cakes in 2 T. warm water; add 1 1/2 cups potato water, 2 cups white flour, 1 1/2 t. salt. When this is light, add 2 T. sugar, 1 T. shortening, 2 C. bran, 3 C. white flour. Let this raise again until light; then divide and put in 2 pans. When the loaves have doubled in size, bake 45 min. in hot oven.

BRAN DROP CAKES-2 C.bran, 2 C.flour 1/2 C. shortening, 1 c. raisins, 1 t. salt.

TO STERILIZE BRAN-remove all foreign substances. Make a thick mush of the bran with boiling water. Put this in a deep pan, place in a slow oven, and bake until it becomes dry. Then grind it with an ordinary coffee mill. (If you have a healthful recipe you would like to share, send it to us.)

CAMPUS VISITORS

Grace Ware N'64 came by the Heritage House and bought a book and paid for her SURVEY subscription and dues. Grace lives in Nashville.

Evelyn Boynton and Lil McCorkle B.S.'39, live in Ooltewah, Tn. They paid for the SURVEY and gave a donation for office help. Lil use to sew almost all of Bessie DeGraw's clothes and Evelyn said Miss Mable gave her a wedding shower, they happened to come by on Miss Mable's birthday.

Frances (Bush) Rue came by with her husband Dr. George Rue. They live in Yarnell, AZ and publish the LAY WORKER. She said she used to live in a house, next door to the Heritage House which has been torn down, and now the

Continued Page 8

space is used for the hospital parking lot. Conn Arnold from the A.S.I. in Washington, D.C. visited the Heritage House and then went and visited with Miss Mable at her apartment.

WEDDINGS

SHAW-BARHAM

Earl Barham and Olene Shaw were married by Elder Homer Barrett in the chapel at Wildwood Sanitarium on Feb. 7, 1989. Earl graduated from M.C. in 1951. Olene is the mother of Dr. John Shaw of Greenville, N.C. They are at home in Columbus, N.C., where he has a bee business.

JOHNSON-MARSHALL

Cheryl Joy Johnson, daughter of Nancy Lee (Eusey) and Philip Johnson of Hendersonville, TN., and John Willis Marshall, son of Dr. & Mrs. Willis Marshall, were married by Elder Dean Hunt on May 21, 1989.

OBITUARIES

ROBERT LEON KENDALL M.D.

(Shock and gloom spread over the campus when it was learned that Dr. "Bob" Kendall was killed, struck down in the prime of life at age 47 in an auto accident. His wife Rita's uncle, Elder Jack Martz, furnished us with the following obituary.)

Robert Leon Kendall, was born at Madison Hospital, on May 13, 1941, and died in a tragic auto accident at Pulaski, TN May 11, 1989.

Bob and Rita met at Madison Academy. They were married in Nashville First Church, June 17, 1962.

After graduating from Madison Academy in 1959 Bob attended Peabody College and then went to Medical school at Loma Linda University where he received his medical degree in 1967. His Residency in Pathology was spent at Vanderbilt University. He served two years in the United States Air Force as a physician. For many years he, his brother Doug and father owned and operated their own Laboratory in Murfreesboro, TN until they recently

sold it.

Survivors of Robert are his wife Rita (Martz) and three children; Karen, Robert Leon, Jr. & Sharon; a grandson, Robert Leon Kendall, III; his parents--Dr. Cyrus E. & Esther Kendall; Two brothers, Norman of Collegedale, TN, and Douglas Kendall of Murfreesboro, TN. Also surviving are his Aunt Edna (Kendall) Manzano and uncle, Dr. John Kendall, of Clinton, NC.

ALMA SLATER

Alma Slater was born Aug. 9, 1902 and died Dec. 3, 1988 in Riverside, CA. She and her husband were at Madison in the early days.

Survivors include three sons: Wendell, Arnold and Lee; two brothers, Kenneth Philpott and Ed Philpott; 11 grandchildren and 11 great grandchildren.

JAMES ADDISON EVERSOLL

James Eversoll was born March 11, 1916 and died 1989 in a local hospital in Ardmore where he had lived for the last eight years.

James married Lavelle (Thomas) N'62 in 1938. He was a WWII veteran and an accountant. He worked in the business office at Madison Hospital.

Survivors include his wife, Lavelle, a son, James Darrell, Silverado, CA. a sister Mary Burney, Lockhart, TX. and a grandson.

CLAIRE (NORDYKE) BROWNSBERGER

From the ALUMNI JOURNAL of the School of Medicine, LLU, we learned of the death of Claire Brownsberger, graduate of C.M.E. in 1928. She died at the age of 84 after a short illness. She and Sidney served as medical missionaries in India. After returning from India Claire became a physician in the Los Angeles School system, where she remained for 22 years before retiring in 1961.

Claire's husband, Dr. Sidney Brownsberger (Premed'21 and C.M.E.'23) is the only survivor of the three Browns-

bergers, Sidney, John, and Ethel, who all graduated from Madison. All three became M.D.'s.

MISS EVALYN BULLOCK

We recently received word that Evalyn had died but no information as to when she died. She never attended Madison College but was a true friend and contributed regularly. She lived in Pleasanton, CA. If anyone has further particulars, let us know.

NORMA (LEONARD) BRIZENDINE

We received word that Norma Brizendine passed away and her funeral was Jan. 1989.

Norma's sister Verne was a student at Madison in the mid-twenties. Verne has had mini-strokes and is now living in a care-home in Albuquerque, N.M. If anyone has any particulars let us know.

* We were indeed sorry to hear of the death of Mrs. Elsie Sokol of Willowdale, Ontario, Canada on April 22, 1989. She was a dynamic lecturer on diet and heart. Her brother is Otto Kingsfield B.S.'40 Lab & X-ray'56 of Edgewater, MO.

LUCIAN C. SCOTT

So far as we know Lucian Scott of Bryant, AL. was the oldest living alumnus of Madison until his recent death.

Centenarian's Funeral Gets TV Coverage

Lucian was a faithful, supportive member of the Madison College Alumni Association.

The funeral and burial, carried out according to his wishes, was unique and unusual to say the least. We can do no better than to copy here the article written by Clarice Loehle, which was printed in the Southern Tidings, May, 1989, p.16.

A black horse-drawn carriage provided transportation in a hand-made casket to the hand-dug grave in the local church cemetery for Lucian C.

Scott who, at the age of 101, died on January 23, in the rural community of Bryant in Northeast Alabama. Friends lovingly carried out his wishes that his burial should exemplify the quality which marked his life--simplicity.

Born in Laurens, Iowa, July 10, 1887, he was baptized at the age of 10 by Robert Habenicht, whose grandson, Robert Habenicht, has been Scott's neighbor at Bryant for the past several years.

Scott attended Madison College where he once had the privilege of picking strawberries for Ellen White. It was at Madison that he married Cora Fuller, and together they moved to the Bryant area and established an orphanage. In 1932 the orphanage and their home were blown away by a tornado, so the Scotts moved a few miles to be near the Sand Mountain Junior Academy, predecessor of the present Floral Crest school, where he has lived for most of the years since.

Throughout his life Lucian Scott practiced a simple, healthful life style. He spent a period of time in Guatemala as a volunteer missionary, teaching the fundamentals of farming and fruit production. Last fall, at the age of 101, he could be seen pruning his grapes.

He loved his God and his church and was faithful throughout the years. He and Cora witnessed to their faith and held many Bible studies among the folk in the community. He insisted, to the very end, in walking to church. He was present on the last Sabbath before his death on Monday.

The funeral service was held in the Floral Crest church, then followed a half-mile procession on foot to the church cemetery, led by Pastor Paul E. Clark and officiating church elders, followed by the horse-drawn carriage bearing his casket, then pall bearers and a large group of friends. WRCB Channel 3 from Chattanooga covered the event and later aired it on its news program.

ROBB ROY HICKS

Robb Roy Hicks was born April 18, 1908 at Hazel, KY., and died April 13, 1989 at Loma Linda, CA. He was a chemical engineer and public relations manager for the Warner-Lambart Pharmaceutical Company, a special representative for L.L.U. and a member of the board of counselors.

ROBERT MORRISON WILBUR

(Thelma (Estes) Wilbur wrote of the death of her husband, Robert Wilbur, on April 22, 1988, in Molalla, OR. Wilbur took the cafeteria course at Madison in 1928. Thelma and Wilbur were married June 1, 1939. She is now living at Forest Glen Senior Residence, Canyonville, OR.)

Robert Morrison Wilbur was born July 9, 1903 in Hong Kong. His parents Edwin and Susan Wilbur were the first Adventist missionaries to the Chinese speaking people in the Pakhoi area of China. His father, Elder Edwin Wilbur died about 1917 and was buried in China. His mother's biography was written by Ivan R. Doherty under title Susan Haskell Missionary, and was published as an M.V. Reading Course book for 1959.

WARREN C. WILSON

Warren C. Wilson of Wildwood, Georgia, was born on Feb. 25, 1923, on the prairie in Kiowa County near Eads, CO. He died at his home in Wildwood, GA, May 8, 1989. Warren's early education was obtained in eastern Colorado and western Kansas. He spent one year at Shelton Academy in Nebraska. Later he attended Fountain Head Rural School, near Portland, TN, a self-supporting academy. His graduating class of 1942 included Loretta Greemore, and they were united in marriage on October 22 of the same year. To this union was born one daughter, Rebecca (Wilson) Kaylor.

In his mid-twenties Warren spent several years battling tuberculosis. After being anointed, he experienced a miraculous, slow, complete healing, leaving him two thirds of one lung.

He was co-founder of Wilson Broth-

ers Piano Company in Chattanooga, TN. In the 1960's he became affiliated with Wildwood Sanitarium and Medical Missionary Institute, of which he was made president in 1973. He had a compelling drive to see Seventh-day Adventist laymen circling the earth in various faith ventures, assisting the S.D.A. Church with its gospel commission.

In 1983 he became the first president of Outpost Centers, Inc., established to foster medical missionary projects throughout the world. In this capacity he traveled extensively to co-ordinate and encourage these growing institutions. From 1982 until his death he was a vice-president of ASI International. He served on the Georgia-Cumberland Conference Executive Committee 1982-1985.

Long after his best health interests dictated a change of pace and schedule, he felt obligated and privileged to continue at a sometimes torturous pace because he felt the Lord had raised him up to be a part of His work. A man of unusual discernment and practical counsel, he treasured lasting friendships with people all over the world. He is greatly missed. His memory will ever inspire those who knew him to press the battle to the gates and hasten the resurrection morning. His poems and songs are available through Pioneers Memorial OCI, Wildwood, GA.

He is survived by his wife, Loretta (Greemore) Wilson, his daughter, Rebecca of Mountain Grove; two granddaughters, Kerry Sue and Kimbra Leigh Kaylor; his mother, Elda Wilson, of Trenton, GA; two brothers, Elden Wilson of Trenton, and Lawrence Wilson of Chattanooga, TN. two sisters, Dorothy Lundquist of Portland, TN and Helen Callis of Greenwood, IN.

(The foregoing is a copy of the Wilson obituary submitted by Dona Steensma, secretary of the Stone Cave Farm School board. We have known Warren Wilson as a great leader in self-supporting work, a talented writer, a man of God.)

MARTHA JO WHEELER

Martha Jo (Brooks) Wheeler was born March 4, 1920, and died Dec. 16, 1988, after a short illness. Martha taught elementary school for 25 years in the Seventh-day Adventist educational system.

She is survived by her husband, F. Arthur Wheeler of Parsons, TN., daughter, Judie McLain, and son, Benjamin, five grandchildren, and a sister, Edith Sauer N'32 of Lenore, CA.

PHILIP FAUDI

In January, 1987, Albert Kephart wrote that Philip Faudi was stricken with heart disease and was in a nursing home in West Pervis, Me. Phillip's brother Marvin wrote that Philip died about a year later.

* Also Marvin Faudi wrote that his sister, Esther (Faudi) Gafner, died about two years ago.

Stone Cave Update

At a recent meeting of the Stone Cave board Jim Belizio of Atlanta was elected manager, and at a more recent meeting he was elected president of the project.

The new chairman of the Stone Cave board is Jim Floyd. He and his wife, Dale, and two children have moved from Pullman, MI to the campus. Mr. Floyd comes from Oakhaven where he was manager of the wholesale food business.

Steve Marlow N'64, and wife Dena (Trivett)--have recently moved there from Laurellbrook. She will be involved in the bakery. Steve will be working with the health van and nursing at the hospital in Dunlap.

Harold Lance, new president of O.C.I. and wife have also recently moved there. John Knowles and family have been there for some time working on the farm.

* Directions to "Stone Cave", Dunlap, TN from Nashville. Take I-24 to Jasper, TN, turn left on Highway 28, go 15 miles toward Dunlap. Look for the Sequatchie signs.

PINE FOREST CHANGES

A great change has taken place at the Pine Forest institution at Chunky, MS. The enrollment of the academy had gone down, many of the staff at the school and sanitarium had left, and the institute was badly in debt.

Frank Lang, founder of the AVT Educational Laboratory, came to the rescue. He was elected president and is hard at work with an innovative program of training in remedial reading, speech therapy etc. It is so important that both children and adults know how to read. The U.S. government is concerned and trying to get volunteers to help raise the literacy level.

More on the Pine Forest situation later. A "campmeeting" is planned for the summer. If you wish to call Frank Lang his phone is 601-655-8136.

PURPOSE OF MADISON SANITARIUM IN 1919 to EDUCATE as well as HEAL.

LOST

Alice (Osborne) Hudson and her husband Raymond visted Madison over the weekend. She has lost track of her late brother Forest Osborne's family. She thinks he got married and had two children. Alice has gone to great lengths to find them and she is hoping someone will be able to give her some information.

How to meet Hot Weather
 SURVEY June 11, 1919 p.2

A diet of fruits and vegetables, with a small amount of bread stuffs, will help prevent heat prostration. Highly seasoned foods create a thirst, calling for the use of large quanti-

ties of liquids, which in turn overwork the kidneys. This is a serious cause of constipation for by creating a "greedy bowel" the water passes through the kidneys rather than by the bowel route.

SURVEY, June 11, 1919 p.3
 by Mother D

The eating of less cane sugar will solve many ills.

One never gains strength by eating more food than can be readily digested.

Space does not permit reprinting the whole article. If you would like a copy of any article you see excerpted from the SURVEY printed years ago send \$5 and a long SASE.
