Dr. E. A. Sutherland Speaks

Part III

Cont. from Sept. 1990 SURVEY

The only thing I could do was to go to old professor Bell, who was the founder of our education system, and take a course in rhetoric and English Literature. I'll not tell you about that, but I had a remarkable experience with that old gentleman. He finally regretted very much because I didn't stay with him longer. I had him as a private tutor and the remark that he made, "I wish I could keep you with me long enough to toll (entice, decoy or draw) you off." That meant that he felt as though I was still rather fresh in English, and I found out that he was right. He had a great influence on my life and was a great teacher.

Then I went back to Iowa and I taught three years in the public schools. Then again, I was stirred up to take the medical course. And I made another attempt, but for some reason or another, as old professor Prescott used to say, "The clock hadn't struck the time yet," and so I couldn't get into it at that time. That was about five years later. Finally things opened so I could go to the Battle Creek College and take a regular course, and did. Then I had been chosen with others to fill departments in the Union College, which was started. My department

was history. I specialized on that, took some post graduate work, did all that I could to prepare myself for it. Just two weeks before the opening of the Union college, at Lincoln, I was called in by the secretary of education. He said that the teacher in Bible had failed up at Battle Creek College and that they had decided that I should take the Bible department. I said, "Professor, I am not prepared for that." I hadn't done any special work along that line. And he said, "We feel as though that you're the best one we can find at the present, and we want you to take it." He didn't give me much choice; he said, "You'd better take it." Because I wasn't old enough to have much to say about what I should do in education, I was obliged to take that particular position, but I did say to him, "Now what are you going to do with me if I should get off the theological track?" "Well," he said, "We'll take our chances on you." I said, "I've taken all the Bible that they've taught in Battle Creek College, but I'm not sure of myself." But he said, "That's where we want you to go."

So I started in with the Old Testament Bible and it was a new experience. I had 80 students. One thing, I promised the Lord that whenever I found anything in the Bible I would try to teach it by living it myself, so that I would have something to back up my teaching. The first thing that we struck that really upset us was in the first

chapter of Genesis, where man was put on a diet. There I was, a new green teacher trying to teach the Bible. We all had taken sort of a vow that whatever we read in the Bible we'd practice. Well we talked about it, we didn't practice it, because the school was serving meat three times a day and we didn't feel as though we were far enough along in our Bible to start any kind of reform, but we struck it again in the 9th chapter of Genesis, that man's life was shortened if he was permitted to have meat--he wouldn't live as long. That started the same thing again. A few of us got quite stirred up, and when we landed in Exodus where the Lord was taking the children of Israel out of Egypt over

into the promised land and put them on a non-flesh diet, things broke loose in the Battle Creek College. Out of those 80 students, there were 50 that wanted beans and lentils in the place of meat. They asked for something with some protein in it, and it happened that the matron was the sister of the president of the school. And we struck a snag, I want to tell you, not only with the matron, but with the president. The president of the board was a man who never had reached the point where he could get along without his meat, although he was a famous Seventh-day-Adventist and they called the board.

Professor Prescott talked to me, and said I ought not to teach those things. But I said, "You know the understanding was that you would let me have my way to teach what the Bible taught. I said, "it's there and it's in the Spirit of Prophecy." "Well," he said, "you ought not to get out of the beaten track." But I said, "You're just the two of you and you are a little too late. I'm already off the track and I can't get back on the track that you want me to get on and I'll have to go this way."

Well, it resulted in a board meeting and I was told not to teach that anymore. Things began to work like yeast and it wasn't but a little while, even though I didn't teach it, because it didn't strike any new place in the Bible, you understand, all I was teaching was the Bible. One hundred and fifty students signed a petition that they wanted something besides meat and we got it. We had quite a reform there. This led to a very serious consideration about my position in the school. To be continued.

TCMC

by Jim Culpepper

Senior Vice-President, TCMC

We all treasure our heritage, whether it is our family, our church, or maybe the organization we work for.

At TCMC, we have a monthly program we call Loaves and Fishes. Employees are invited to enjoy some food and drink during the noon hour and have a spiritual treat as well, by a different department of the hospital each month.

Recently, our chaplain, Colin Morris, had the program and he chose to share with our employees the heritage of Tennessee Christian Medical Center-Madison Rural Sanitarium/Madison College.

We sang some of the old pioneer songs that Drs, Sutherland and Magan sang. Some historical items from the Heritage House were on display as were two large paintings of Dr. Sutherland and Magan from TCMC.

In an interview situation, Chaplain Morris was E.A. Sutherland, the educator and physician. He was interviewed by Frank Cordona, spiritual counselor in our Behavioral program. We heard the familiar story of the river boat "Morning Star" breaking down on the river near the Ferguson-Jenkins farm and Mrs. White telling these two educators that "this is the place."

Chaplain Morris told about the beginnings of health care in 1907, through the years until our two educators decided to become physicians, riding their motorcycles back and forth to Vanderbilt Medical School, while carrying full school responsibilities.

In this interview, we learned about the difficulties and hardships through the years, as well as the successes.

There were 150 employees of TCMC who now have a greater appreciation of the Adventist church and its hospital by attending Loaves and Fishes.

Catch the Vision

by Colin Morris, Chaplain, TCMC

Madison was never intended to be just another college or just another sanitarium. Ellen White gave Drs. Sutherland and Magan a vision of doing a very special work for the Lord that would open up the South to the SDA message.

This was the theme of the TCMC program, "Loaves and Fishes," November 1, 1990.

Madison was the first self-supporting institution organized so that young people could earn their way through college and at the same time learn a usable trade.

The two doctors were almost forced into the health work by God's providence and the insistence of a sick business man from Nashville. Once they caught the vision the work grew and grew into the fine facility it is today, giving the very best in medical care, with up-to-date equipment, but with Christian compassion and love as emphasized in our TCMC mission statement. We must never forget that these are God's institutions founded to do a special work and to inspire those who train here to go out as workers for God in whatever area of ministry He has chosen for them.

Leaving the Ranks

Richard and Pat Sutton have left TCMC for Washington Adventist Hospital in Washington, DC.

Pat will be assuming the same position she held at TCMC, Director of Nursing, and Richard will be the Assistant Director of Engineering.

Pat said, "The decision was difficult to leave TCMC, especially because of the exciting things that are happening with the turnaround plan in progress. We are sorry we won't be a part of the great things that will be happening over the next few months." Cont. Page 3, Col. 1

Richard graduated with a BS from Madison College in 1961 and has worked for Madison Hospital and TCMC 29 years, the last 17 years as head of the Engineering department. Pat graduated from the nursing program at Madison College in 1960 and got her BS in 1961. She has worked for Madison Hospital and TCMC for 25 years.

They have two sons, Michael, 25, who is a mechanic in Nashville, TN and Martin, 18, who is a senior at Highland View Academy in Maryland.

Greg Forman has been appointed Director of Plant Services, replacing Richard, and Lea McKenney has been appointed Director of Nursing on an interim basis, replacing Pat. Lea's husband Clarence Business Education teacher at Madison Academy.

ALSO

Thelma (Hodges) Snoddy has left TCMC. Thelma was married June 30, 1990 to Glenn Hackett, an electrical technician, and has moved to her husband's home in Ballston Lake, NY.

Thelma graduated from the nurses course at Madison College in 1963, and has worked for Madison Hospital and TCMC 27 years, on the nursing and administrative staff.

Glenn has 3 children; a son in the Air Force, a daughter in Washington, DC, and a daughter in NY. Thelma's son, Kirk, lives in Madison. He goes to school and works for an electric company.

Open House

TCMC hosted an Open House Celebration on Sunday, October 28, 1990 for the new Comprehensive Therapy Center. At the ribbon cutting ceremony, Nashville Mayor Bill Boner made a proclamation declaring October 28, 1990 as Tennessee Christian Medical Center Comprehensive Therapy Center Day. Other remarks were made by Sunbelt President Mardian Blair, TCMC Foundation Chairman Jack

Benz, and TCMC President Don Jernigan.

Included in the new facility are a half-court gym, a lap pool, a rehab/therapy pool, a rehab gym, exercise equipment, a kitchen, and craft therapy space. The facility will be used for rehabilitation and behavioral services.

**GOODGE
RETIREES**

Roger Goodge of Little Creek School, Knoxville, TN, retired from the presidency of the Laymen Foundation. He was president from 1967-1990. In his honor, the foundation will give \$5,000 to the ASI Youth Project, 1991.

Roger came to Madison in 1929, graduated from Madison Academy in 1932, and from Madison Collegewith a B.S. in 1937.

In 1941, he went to the Little Creek School where he has been a teacher and administrator.

The Laymen Foundation of Ooltewah, TN, formerly based at Madison, is a holding corporation for institutions such as Little Creek, Laurelbrook, Harbert Hills, and Fletcher. The foundation was founded in 1924 and was a collaborative effort of Mrs. Lida Funk Scott and Dr. E. A. Sutherland.

Goodge will continue to serve on the Board of Trustees as President-Emeritus.

Robert Zollinger, President of Laurelbrook School and Sanitarium in Dayton, TN, has been elected President of the Laymen's Foundation.

CORRECTION

On page 5 of the September, 1990 SURVEY, please change the name William to Gideon Hochstetter.

For those of you who have asked for Jane Fuqua's mountain address, here it is: 756 Cane Creek Rd., Bakersville, NC 28705.

**ALUMNI
NEWS**

**Jo Bengston, N'43
Fayetteville, TN**

Just a "Thank You" for another good "Homecoming." Enjoyed the speakers, the music, good food, fellowship and the comfortable facilities the meetings were held in.

I hope the library can be restored for all of the Madisonites.

**Nancy Estey, N'55
Lacombe, LA**

"I am still doing Public Health Nursing. Our two sons who live her in Lousiana are also in the medical work. Our youngest, Douglas is a paramedic and employed by Priorty Ambulance and is a helicopter pilot of LA National Guard. Our middle son, Dallas has a Masters in nursing and works as a nurse practitioner at Ochner Hospital. Our oldest Son, Dennis lives at Madison and drives for Nashville cab co.

We hope to return to Tennessee when we retire.

When will our class of 1955 be an honor class? Would you kindly send me a list of names and addresses of 1955 graduates"?

(In 1992 the honor classes will be the years ending in 4 and 5, i.e. 1954, 1955. We will be happy to send you a list of 1955 graduates).

**Bernhard Jensen, N'51, Anes.'52
Bryan City, NC**

Dear Bob Sutherland,
"It was really a rewarding experience to be at the Madison Homecoming this year-There was such a good

Cont. Page 4, Col. 1.

spirit-The memories rolled--familiar faces, events of yesteryear.

You have done so much to keep the Madison School spirit alive through the years while you have taken a steady hand in it through the years. We have taken you for granted and not expressed our appreciation to you."

Marion (McCollum) Ollman '41
South Bend, IN

I want to take this opportunity to tell you how grateful I am for attending Madison College from April 1940-June 1941 in the dietetics program. I transferred to a larger college and would have been very discouraged if I had started there. I received my BS degree in 1943.

I am very thankful to have had instructors like Dr. Dittes, and Dr. Webber, they were exceptional. I often think of them.

I have retired. My health is not very good.

Sue (Townsend) Potts, '51 Sec. Sci.
Silver Spring, MD

(Letter to Mable Towery)

Sincere thanks to you and your staff for a most heartwarming Homecoming. Those 40 years since I graduated have flown by. Many wonderful memories of Madison came flooding back as I talked with friends and classmates. I will always be grateful for the training by dedicated teachers and for the friends made during college.

I appreciated the opportunity of greeting you.

Pauline Sanders, '60 Lab
Riverside, CA

Imagine, 30 years since graduation in 1960 as a laboratory technician.

After graduation I went to Palatka, FL for a year, then worked at White Memorial hospital in Los Angeles for 10 years. Since then I have been on compulsory retirement because of poor vision.

At Madison College I worked in the library for Miss Cowdrick, very enjoyable. SAVE THE LIBRARY!

V. L. Schroader '29
Beaver Dam, Kentucky

(Letter to Mable Towery)

It's wonderful how you have worked to keep the spirit of Madison alive. The years I spent at Madison, first as a student and later on the staff, were the most wonderful years of my life. Madison is No More. The powers that be have seen to that but the spirit of old Madison burns bright in many hearts. May the Lord help you in a special way. May those of us still living keep the fires burning until Jesus comes.

Enclosed is a check for alumni dues and the SURVEY.

Mary (Rice) Stuart, N'38, Anes'66
Glendale, CA

"Please find enclosed funds promised toward the new roof on the old college library.

I'm glad Madison was represented at General Conference. It's good to keep the name before the people! Thank you all for the kindness shown me and my husband during our visit there at Homecoming."

**Adrian '41, D.O. &
Evelyn (Marley) '41 Wright**
Luz, FL

Every weekday but Wednesday morning we are at the office (25 miles away) at 8.30 a.m. Wednesdays we stay home a little while to do chores that accumulate through-

out the week. Today we were writing contribution checks and thought we would find out from your office how large the picture is shown in the last SURVEY.

Madison was a good school and we are sorry it dissolved into nothing but a memory. There were a lot of wonderful self-sacrificing people there who did a good work for us students. Most of us are forever glad for our training there.

We especially enjoyed the last SURVEY and will try to get to Homecoming next year. We usually have a medical convention at that time.

LETTERS

Horace Beckner
Knoxville, TN

(The last president
of Madison College.)

"Sincere Christian greetings and many thanks for the September issue of the SURVEY. We read every word of the issue and were very pleased with all the news.

I visited the Madison booth several times at the General Conference and met many friends. I deeply appreciated the Madison badge which I wore, proudly all during the session. I met the people who are conducting the Herbal Medicine Correspondence Course and had my picture taken at the booth. We are still Madisonites and proud to be a part of Madison."

Jean Stewart
Johnson City, TN

Jean wrote giving the alumni office the address of her daughter, Elaine (Stewart) Green. Jean is married to Ervin B. Stewart, BS'49.

Elaine is a 3rd generation Madisonite, and the granddaughter of Elder and Mrs. Robert Stewart.

Elaine's daughter, Melisse Weddler is a 3rd generation graduate of S. C. and teaches at Spaulding Ele. on the Collegedale campus.

OBITUARIES

NELDA FAY (VEST) ACKERMAN

Nelda Fay passed away October 31, 1990.

She began work as a nurse aide at age 15. She taught psychology & history in Gulfport, MS in 1951. She worked as a surgical nurse for 2 years at Madison Hospital, as an anesthetist at Nashville General Hospital, & Baptist Hospital 1965-67. Nelda was an instructor of the anesthesia school and assistant to Bernard Bowen at Madison Hospital in 1967.

At the time of her death Nelda Fay was employed by Middle Tennessee School of Anesthesia at TCMC.

Survivors include her husband R. E., daughter, Deborah Fay Burks, Madison, TN; sons, Richard E. Jr, Madison, TN; and Michael W., Tampa, FL; and mother, Jennie (Idol) Brown.

BAYARD GOODGE, M.D.

Bayard Goodge passed away November 3, 1990. He went to school at Madison from 1929-1933 when he graduated with a B. S. degree.

We were unable to get an obituary, and hope to receive one for the next SURVEY.

BUFORD BOYD JOHNSON

Buford Johnson was born August 22, 1909, in the Cane Ridge community in Davidson County, Tennessee. He was a descendant of Revolutionary War soldier, Issac Johnson, who settled in Cane Ridge in 1800. He grew up on a farm and was himself a farmer for many years. After retiring from farming, he was an employee of Middle Tennessee Mental Health Institute. Survivors include his wife, Lillian (Brown) Johnson; son, Alford Johnson of LaVergne; daughter Wilma J. Wert, of Murfreesboro; and brother, Clarence Johnson, of Ashland City.

JAMES G. MEAD, M.D.

Dr. Mead, who was a physician at Pioneer Valley, died August 4, 1990. He was active in the Pacific Union chapter of ASI, and in Mission Church Builders. He served his medical residency at Madison Hospital.

Survivors include his wife, Ann and two daughters.

MARGARET (HARPER) PIERCE

Margaret Elizabeth Harper was born in Calhoun, Kentucky, October 7, 1913 to her coal miner/farmer father, Mallie, and housewife mother Rosa.

When she was around 19 years old, she was sitting on a swing and a man drove up in a buggy and gave her Bible Readings for the Home Circle. She wrote to the Southern Publishing Association in Nashville, TN for more books and papers. They sent her more literature and gave her name to the church in Pewee Valley, KY. Later Margaret was invited to Pewee Valley Sanitarium and School to teach. While there she became a Seventh-day-Adventist.

Margaret had a desire to become a nurse, so she came to Madison College where she could earn her way while she studied nursing.

While at Madison College she met Emmett Pierce, a premed student at Madison College and they were married on November 3, 1943. The war interrupted Emmett's plans for medical school and he joined the army as a medical technician.

Over the years they lived in several places in Texas, then came back to Madison and in 1957 moved to the Highland community in Portland, TN.

Margaret's greatest joys in life were her family and her church. She considered her life to be very blessed by her many friends in the Highland community over the past 35 years.

Twenty years ago she began to suffer with what eventually developed into Parkinson's disease.

Survivors include her husband Emmett; three daughters, Patricia Jameson, Margaret Rose Rustad, and Catherine Pierce; three brothers, James, R.L. and Joe; and three sisters, Dorothy, Lida, and Marie.

SAMUEL A. RIFFEL

Samuel Riffel passed away October 6, 1990.

Survivors include his wife, Nora; daughter Beverly J. Hall, Madison, TN; two sons, Donald E. Riffel, Orlando, FL and Ronald D. Riffel, Colton, CA.; Three sisters, Ruth Wharton, Vancouver, WA, Lydia Bell, Mcphearson, KS; and Sarah Ann Ames, Ellinwood, KS.

LEONARD H. ROBINSON

Leonard Robinson was born March 14, 1900 in Durant, Indian Territory to James and Nancy Robinson and died August 29, 1990 in Keene, Texas.

Leonard provided a Christian education for himself and assisted his sister, Trevie, in obtaining a Christian education by working as a literature evangelist.

In 1932 Leonard, with his wife Lillian (Byrd), graduated from the nursing program at Madison College. They worked in the city of Chicago many years doing private duty nursing. Lillian preceded Leonard in death in 1963.

In January 1969, Leonard was married to a former fellow nursing student from Madison College who had also been widowed, Emmie Dee (Birdwell) Wallen.

Leonard retired from nursing in 1971 and moved with Emmie Dee back to Keene, where he lived for the last 19 years.

Survivors include his wife, Emmie Dee; one sister, Trevie Griffin of Loma Linda, CA; and two step-daughters, Alfreda (Wallen) Knight of Hamburg, PA and Wanda (Wallen) Beierle of Keene, TX.

GUY SHERRILL

Guy Sherrill passed away September 1990. He was in the 7th grade at Madison from 1928-1929. His first wife was Mildred (Burdick), who preceded him in death.

*Mountain State Academy is developing an agriculture program and would like any type of farm machinery, a three-point hitch attachment or help. Phone: Larry Pahl at 304/659-2743.

HOME COMING

June 21-23 1990

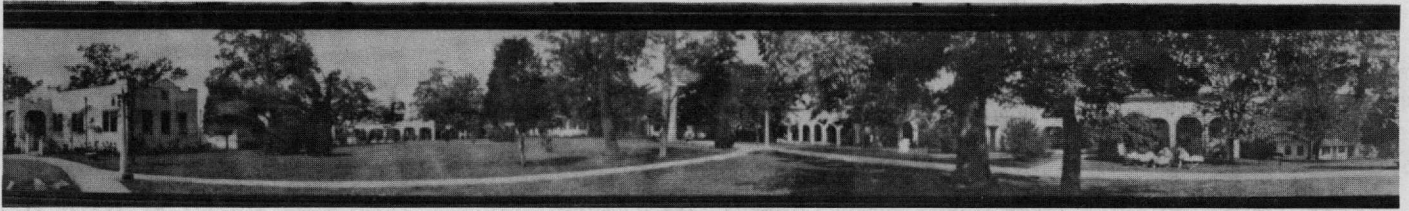

Make your plans NOW to attend YOUR Homecoming.

People, not buildings, make a school.

Get reacquainted with your classmates.

If it is not your honor year, get your class together, anyway, and have a great time. You and your class are special anytime.

MEMORIES

For a donation of \$75 receive this 6 1/2"x50" picture of Madison Hospital, the way it looked before it was torn down.

Receive these two 8 1/2 x 11 aerial views of the Madison campus with the old hospital and the new hospital shown, for a donation of \$25. Good detail.

Receive this 20" x 16" print of the Druillard Library, signed and numbered by the artist, for a donation of \$50.

Why not give these pictures as a Christmas gift, to someone you love and help your alumni association.

Viola S. Knight

Treasurer, MCAA

Natural Remedies

Marjorie Rouse, N'32, writes; On page 19 of the last SURVEY you asked for use of herbs. For infections on hands and fingers there is nothing better than Okra. Take a green okra pod and put it in a soft cloth folded. Pound to a pulp and make a poultice of it. Bind over infection. It will not only heal but take the pain away. Change once a day. Cont. 3rd col.

Many years ago, after World War II, there was a note in the Youth Instructor that said that the government, because of lack of enough donated blood, had been experimenting with plants trying to find one that would take the place of human blood. At the close of the war they had found one in okra. They had gotten far enough that they had given what they had made to dogs and it worked. They went no farther because the war was over.

(Thank you, Marjorie, for this interesting story. Hopefully more of you will contribute to this column for the next SURVEY.

COUPON

1. \$5 for SURVEY, one year _____.
2. Alumni dues (\$10 a year) _____.
3. Sending \$ _____ for Office Help.
4. New Madison book (\$30) _____.
5. My pledge for the library _____.
6. God's Beautiful Farm \$10 _____.
7. Herbal Medicine Correspondence Course Information \$5 _____.
8. Add Acct. # from top of Add. label.
